This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

had appeared without Commissions, but had furnished satisfactory evidence of having been duly appointed Commissioners to this Assembly. The Committee recommended that their names be entered on the roll of the Assembly.

The Report of the Special Committee appointed by the last Assembly to attend a Convention on Temperance was presented and referred to the Standing Committee on Bills and Overtures.

The Standing Committee on Ministerial Relief presented their Report, which was accepted, and the Assembly were addressed by the Rev. George Hale, D.D., the Corresponding Secretary of the Board, and others.

The report was adopted and is as follows :

The Assembly's Committee on Ministerial Relief beg leave to report, that they have carefully considered the Annual Report, and found in it much to call for devout gratitude to God, and to stimulate the officers of the same to go on with their work, during the coming year, with vigor and efficiency.

Notwithstanding the stringency of the times and the consequent embarrassment of many of its warmest friends and supporters, no year, since the plan of Relief was inaugurated, has been so signalized by free will offerings as this. One hundred and twenty-eight churches more than in the previous year have contributed to this Cause. Though the contributions of the former number fell off largely, yet, by the aid of new contributing churches, the aggregate sum has exceeded that of the previous year by two hundred dollars. "It seems, indeed," following the language of the Annual Report, "like the response of ancient Israel to the voice of God : 'Bring me an offering ; of every man that giveth it willingly with his heart, shall ye take my offering.'"

The increase in the number of contributing churches is not yet sufficiently great, to supply the Board with adequate means to carry on its work as it should. On account of the cutting off or curtailment of the small means, on which many of our ministers and their families have been subsisting for years, and of the breaking down of health by care, hard work and sickness, sixty-four new cases

have presented their claims during the year. Of these, forty are ministers, twenty-two are widows, and two orphans. It is a state of things that should call out the sympathy, the pecuniary aid and the prayers of the Church. No class of men call for deeper sympathy than ministers who have been laid aside from their work by sickness or old age. They love to preach the gospel and watch for souls, but they are prevented from both by age or illness. It is hard to accept the situation and say, "Thy will be done." Such need not only sympathy, but often material aid. Pride and sensitiveness rebel against the appearance of charity, though the appropriations of the Board are in no sense that. Some of them would rather enter into some secular calling; but they are disqualified for that by their profession, and looked upon with suspicion by the world when they attempt it. Hence, they are shut up to want or the kind aid of the Board of Ministerial Relief. The daily prayers of God's people should be offered for these veterans, laid aside for a time, if not altogether, that they may have grace given them to suffer the will of God.

Of the number on the roll of the Board, twenty during the year entered upon their reward. Eleven of these were ministers, eight widows, and one an orphan. It is gratifying to be able to state, of those who received aid last year, eleven—five ministers and six widows—have not applied for aid this year. It is exceedingly encouraging to the Committee to be told, that eighteen of those now aided will ask for nothing this year. Four ministers have been sufficiently restored to health to re-enter the pulpit. If the Board is blessed only in restoring one or two useful ministers yearly to their work of saving souls, it is answering a noble end.

The whole number of families on the roll of the Board during last year was about four hundred—one hundred and fifty-two ministers, two hundred and nineteen widows, and twenty-two orphans—embracing over one thousand five hundred persons. The Committee regret to find Presbyteries supposed to be wealthy, and known to be large contributors to other objects, drawing more out of the treasury of this Board than they put in. Presbyteries should be urged to see that their churches contribute their full proportion to this needy and worthy Cause.

The permanent fund was increased last year $14,663, of which $10,000 were given by the residuary legatees of the late John C. Green, of New York. The churches contributed $67,513. But what is that among so many? The hungry mouths to be filled are increasing every year. Forty boxes of goods, valued at $6000, were donated by the ladies' associations.

The Board closes its fiscal year with $226 in the treasury; but the Church should not infer from this, that it has all it needed to carry out the work, or that it has not shared in the difficulty of the times.

It has had to cut down its appropriations beyond what is right and just in many cases, but as they do not borrow nor run in debt, they are compelled to do this.

The Committee would recommend to the Assembly the re-election of the Rev. Villeroy D. Reed, D.D., and Thomas J. Shepherd, D.D., *Ministers*, and Messrs. John C. Farr and William G. Crowell, *Elders*, whose terms of service expire during the sittings of this body.

The Committee on Bills and Overtures reported :

Overture No. 1.—From the Presbytery of Philadelphia, requesting a modification of the words "He descended into hell" in the Apostles' Creed ; and recommended that no action be taken.

Pending the consideration of the Report, the Judicial Committee reported in part, as follows :

Judicial Case, No. 1—Being the Appeal of Bancroft, *et al.*, on behalf of Hermon Church, Frankford, Pa., from a decision of the Synod of Philadelphia.

The Committee find the Case in order, and, the appellants and the counsel for the Synod having signified to this Committee their consent to have it referred to a Judicial Commission for decision, it is recommended that it be so referred, and that this Commission consist of nine.

The Committee further recommend that the Commission be instructed to proceed in the Case in the following order, viz.:

1. To read the action of Synod from which the Appeal is taken, with the reasons assigned for the same. 2. To read the Appeal with reasons. 3. To hear the appellant. 4. To hear the counsel for Synod. 5. The further hearing of the parties to be referred to the discretion of the court, giving the appellant the right to close.

Judicial Case, No. 2—Being the Complaint of the Rev. John W. Martin against the Synod of Philadelphia.

The Committee find the papers in order, and, in the absence of the complainant, recommend that Rev. Robert Herron, D.D., be appointed to represent him in the prosecution of the complaint. And, as the decision of this Case depends upon that of Case No. 1, the Committee recommend that it be referred to the Judicial Commission heretofore recommended to be appointed.

Judicial Case, No. 3.—Being the Appeal of the Rev. Isaac M. See from a decision of the Synod of New Jersey. This is in order.

The papers are present in pamphlet form, certified by the Stated Clerk of the Synod to be correct, and accepted by the appellant. A copy of this pamphlet will be furnished to each member of the Assembly, and the Committee recommend that this distribution be in place of reading the Records.

As to procedure, the Committee recommend :

1. That in this Case—and the Committee venture also to hope in every Judicial Case which may come before the Assembly—the consideration will be continuous from beginning to end.

2. That the Assembly hear the appellant, by his counsel, then the Synod by their counsel ; then the appellant, in closing the Case, and no others in the argument. The appellant, in his closing speech, to be restricted to replying to the argument of the Committee defending the Synod.

3. That the time for argument be restricted to three hours, equally divided between the parties.

The report was adopted.

Reports relating to the Boards of the Church excepting Home and Foreign Missions, be limited to one hour in each case.

The Report of the Standing Committee on Publication was presented and accepted.

The Assembly was addressed by the Rev. William E. Schenck, D.D., one of the Secretaries of the Board, and others.

The Report, having been amended, was adopted, and is as follows:

The Committee, to whom was referred the Report of the Board of Publication, having examined said Report, are happy to state to the General Assembly:

That this Board, through their constituted agencies, appear to have prosecuted with diligence, faithfulness, and skill, during the past year, the very important work committed to their care. In view of the continued and severe stringency in the fiscal condition of the country, and the consequent depression of all branches of business, it was to be expected that this Board would find its affairs affected by this cause. And no doubt greater results would have been attained but for this hindrance. Yet the Committee are happy to discover that more progress has been made than, under the circumstances, it would be reasonable to expect. Both in sales of their publications and in contributions from the churches, their resources have fallen short of what, under a different state of things, would have been realized; yet the course of the Board has been onward, and much has been accomplished in the dissemination of truth by means of the printed page. Many new and valuable publications have been added to their already extensive Catalogue. The books and tracts circulated are found all over the land, silent but effective protestants against error, and pleaders for the truth of God.

As the Report of the Board gives, with a minuteness of detail and a fullness and accuracy of figures, a statement of the work of the year, your Committee deem it unnecessary to burden this Report with a full recapitulation of the same. Indeed it has occurred to your Committee, that the Report of the Board is perhaps more detailed and explicit than business wisdom and tact would demand: for this Board competes with other publishing houses in the country; and it may be a question of expediency, to what extent it is wise to lay bare before the business public a statement of all the details of their operations. But the fact that this Board has always done this, is a proof and a pledge of their faithfulness in executing their trust; and in these days of defalcation is worthy of commendation.

The Committee will not detain the Assembly with a rehearsal of the work of the Board, as the members have the Report in their hands; and we will be content with calling the attention of the Assembly to the importanec of the several Departments of the work committed to it.

Its publications consist of volumes, tracts and periodicals. There have been added to the Catalogue, the last year, some twelve new works, and five new tracts have been added. The *Presbyterian at Work*, the *Westminster Lesson Leaf*, the *Sabbath-school Visitor*,

Digitized by Google

the *Sunbeam*, and the *Presbyterian Record* comprise their periodicals. And if the Presbyteries, the pastors and the sessions of our churches, together with the gospel-loving and enterprising men and women of our congregations, would actively co-operate with this Board, no human arithmetic could measure the good which might result. In view of the fact, that "the prince of the power of the air, the spirit that worketh in the children of disobedience" is, at the present day, employing, with peculiar malignity and vigor, the power of the press, in disseminating error in doctrine and the vilest impurity of morals; that his agents are spreading broadcast over the land, through the post-office, through the newsboys on the streets, and in the cars and other places, obscene and debauching prints and publications; and that the family, the counting-room, the workshop, the schools and seminaries are invaded by this instrumentality of evil, stealthily and diligently disseminated, it becomes the Church to counteract this dire evil, by providing and distributing a pure and attractive Christian literature.

The work of the Board is divided into the Departments of Publication, Distribution, Sabbath-school and Missionary Work; and the members of the General Assembly will find, in the Report, full and satisfactory details of the operations of the Board in each Department, all of which are increasing in interest and extent. Your Committee, in view of the fact that this Report will be sent to every minister in our Church, refrain from entering upon details, and, after congratulating the Assembly and the Church at large upon the success and growing power of this arm of the Church's grand forces, present, for the consideration of the General Assembly, the following resolutions:

First. That the pastors, sessions, and people of our several congregations be affectionately and earnestly urged to appreciate the value of the Christian literature supplied by this Board, to procure for their families and Sabbath-schools a supply of the same, and to contribute more liberally to its missionary and colportage funds, so that its publications may be more widely distributed, and the indigent be gratuitously supplied.

Second. That the Assembly recognize with peculiar gratification and approval the Missionary and Sabbath-school work of the Board, and recommend to all our Presbyteries, sessions and people, and especially to our Sabbath-school laborers, to co-operate with the Board in this branch of its work, and with a spirit loyal to our own denomination, to prefer the publications and missionaries of our own to those of other organizations. And the editors of our publications are urged to continue to make them as lively and attractive as those issued by other houses.

Third. That the Assembly approve of the appointment of Rev. James A. Worden, as Superintendent of Sabbath-school work, and anticipate much benefit from the judicious performance of the functions of that office.

Fourth. That it be earnestly requested of the Sabbath-schools of our Church to contribute at least once every year to the Sabbath-school Missionary Department of this Board.

Fifth. That the Assembly solemnly remind the churches in our connection that church discipline, in the Scriptural sense, includes not

Digitized by Google

only the reformation of offenders, and the removal of scandals, but also the prevention of offences by the proper instruction and training of the children of the church in knowledge and godliness; and that to this end it is the duty of the pastor and sessions to take authoritative supervision of the instruction of youth, so far as to see to it that the baptized children of the church are properly educated in the family and the Sabbath-school—so that the Sabbath-school exercises shall be considered a part of church work, and the children be more distinctly recognized and treated as belonging to the congregation of the Lord; and, with a view to this, it is recommended that, in all of our Sabbath-schools, superintendents be chosen or appointed subject to the approval of the church session. That the pastor and session visit, encourage, and, if need be, work in the Sabbath-school, and that, in congregations where the Shorter Catechism is neglected, it be introduced and used with due prominence.

Sixth. That it is recommended, that each Presbytery appoint a Committee or a Presbyterial Superintendent, whose duty it shall be to oversee and encourage, as far as may be, the Sabbath-schools in the bounds of the Presbytery, and especially to take order for collecting and transmitting to the General Superintendent the statistics of each school; and, with a view to this part of the work, the General Superintendent is requested to furnish blank statistical tables.

Seventh. That in pursuance of a resolution of the Board, adopted on the 14th inst., transmitted to this Assembly, and referred to this Committee, it be ordered, that, in view of the fact that the sale of the Psalm and Hymn books, used severally by the two branches of the Church, previous to the reunion, has almost entirely ceased, the Board be authorized to cancel and dispose of the plates from which they have been printed—there being enough of these books on hand to meet any probable call for them.

Eighth. That the operations of this Board for the past year have the cordial approval of this Assembly.

The terms of service of the following members of the Board expire at the rising of the Assembly, viz.:

Ministers—George F. Wiswell, D.D.; John W. Dulles, D.D.; Daniel March, D.D.; H. Augustus Smith, D.D.; Willard M. Rice, D.D.; J. Addison Henry, D.D.; George W. Musgrave, D.D., LL.D.; Matthew Newkirk. *Elders.*—E. A. Rollins; Hon. Joseph Allison, LL.D.; Henry N. Paul, John H. Watt; John D. McCord; Gustavus S. Benson.

The Committee recommend the re-election of all these members of the Board, except Rev. Daniel March, D.D., who has removed from Philadelphia to Massachusetts, in whose stead Rev. William E. Jones, D.D., is recommended. It is also recommended that Messrs. William L. Macteer and T. Charlton Henry be appointed to fill the vacancies occasioned by the deaths of James Ross Snowden, LL.D., and William J. McElroy; and that William Adamson take the place of H. Lenox Hodge, M.D.

The Assembly having referred to this Committee the subject of publishing, by the Board of Publication, in pamphlet form, the statistics and other information in regard to the work among the Germans of this country, the Committee express the opinion, that the

proposed publication ought to be made; but, inasmuch as this work properly belongs to the Board of Home Missions, the Committee recommend, that the Board of Home Missions and the Board of Publication be directed to confer with each other, and be authorized to publish the aforesaid matter at the equal joint expense of the two Boards.

Ninth. That it be enjoined upon the Board of Publication to publish books and tracts in foreign languages, to prevent and cure intemperance in intoxicating drinks, and to increase those on that subject in the English language.

Tenth. That the Board be directed to prepare a brief manual on the Roman Catholic Controversy, for circulation among the Freedmen.

The consideration of the Report of the Standing Committee on Bills and Overtures was resumed, in respect to *Overture* No. 1, from the Presbytery of Philadelphia, asking the Assembly to take the requisite constitutional step to return to the earliest and Scriptural form of the so-called "Apostles' Creed," as found in the Greek language.

The Committee recommended the following action:

That, in view of the explanation given in our book, under the Creed, following the Ten Commandments and the Lord's Prayer, and also in view of the answer to the 50th Question of the Larger Catechism, no action be taken in the case.

It was indefinitely postponed.

They reported, also,

Overture No. 4.—From the Presbytery of Columbus, requesting the Assembly to direct the insertion, in the Minutes of this Assembly, of the exceptions taken by the last Assembly to the Records of the Synods of Cincinnati, Illinois Central, Indiana North, New-Jersey, and Tennessee, as noted on page 580, Minutes of 1877; and farther, to direct the Clerks hereafter carefully to observe the constitutional rules in this respect.

The Committee recommend the following answer:

That while the Assembly does not deem it expedient to order the insertion of the exceptions taken to the Records of the Synods in question, the last year, it calls the particular attention of the Recording Clerks of the General Assembly to the duty of complying with the requirements of the Book of Discipline, Chapter 7, Section 1, Sub-Section 3.

It was adopted.

The Moderator announced the following Commission for the trial of Judicial Cases, Nos. 1 and 2:

The Committee also reported

Judicial Case, No. 5.—Being the Appeal of Mrs. M. J. Browning from a decision of the Synod of Geneva. With the consent of the appellant by her counsel, and, it is also understood, with the consent of the Synod, it is recommended that a Commission of seven be constituted to conclude this Case, following the order laid down in the book; that the Rev. Martin D. Kneeland be admitted to act as counsel for the appellant, and that the Rev. Benjamin M. Goldsmith be appointed to act as counsel for the Synod.

The Committee also reported

Judicial Case, No. 6.—Being the Appeal of the Rev. John Miller from a decision of the Synod of New Jersey. The papers are in order. The whole proceedings of the Synod in the case are in print, certified by the Stated Clerk, and will be distributed among the members of the Assembly.

The Committee recommend that this distribution be in place of the reading of the Records, all parties having consented thereto; that the order of procedure in the argument be as laid down in the book, the appellant having the right to close (but not to introduce new matter); and that the time allowed for argument by the parties do not exceed four hours, to be divided equally.

The report was adopted.

Judicial Case, No. 3, was made the second order of the day for Thursday; and Judicial Case, No. 6, the second order for Friday.

The Standing Committee on Publication presented a report on an Overture from the Synod of Long Island, asking the consideration of the desirableness of an organic separation between the Missionary and Business Departments of the Board of Publication.

The Committee recommended the following answer: As these departments are already practically separated and distinct, and as no part of the Missionary Fund is used in the Business Department, but on the contrary all the expenses of the Missionary Department are more than paid for by the contributions from the Business Department; therefore,

Resolved, That it would be unwise to make any change.

The report was adopted.

The Judicial Committee presented an additional report on Judicial Case, No. 1, recommending that the Commission in that Case be instructed to have all the Records read which pertain to the Case, and that the Hon. Henry W. Williams, of the Synod of Harrisburg, be appointed to assist the appellants.

The Committee also reported

Overture No. 2.—From the Presbytery of Philadelphia on Catechetical Instruction in our Sabbath-school Lessons.

The Committee recommended the adoption of the two propositions in this Overture, namely :

1. That the Board of Publication be recommended to incorporate into its system of Lesson Papers and Question Books, in addition to the plan of Catechetical Instruction already adopted, brief expositions of the Answers of the Shorter Catechism in their consecutive order ; and subsequently topical and compact explanations of the Form of Government, the Directory for Worship, and the benevolent work of our Church.

2. That a Pastoral Letter be sent, urging that the Question Books and Lesson Papers, published by the Board, be used in all the schools in the denomination ; and also urging Sessions to see that, in the schools under their care, due time and attention be given to the study of the doctrinal and governmental truths to which our Church bears witness, and of its modes of worship ; that the importance of it be pressed upon Sabbath-school teachers ; and that parents frequently be reminded of their responsibility in the duty of the religious and denominational nurture of their children.

Morris, D.D., and the Rev. Andrew Ritchie, to represent that body in this and all other Cases with which they may be concerned before this Assembly. The papers are in order.

The Committee recommend that, in case any portion of these be printed and their accuracy be attested, the distribution of such papers shall be instead of reading them; that the order of the Book of Discipline be followed; that the time for argument be not more than three hours; and this Case be made the first order of the day for Monday next.

The Special Committee of the last Assembly on Providing Literature for the Germans presented their Report, which was adopted, and is as follows:

The Committee appointed by the Assembly of 1877 to consider the matter of German books and publications to be recommended for issue to the Board of Publication respectfully report:

That the subject has been at various times considered by them, and that, in view of its great importance, they have taken into counsel the German pastors and elders residing at Newark, N. J., and the vicinity. These brethren at a recent meeting passed the following resolutions:

"*Resolved*, 1. That we, the German Presbyterian Ministers of the East desire to express, through you, to the General Assembly, our heartfelt thanks, because the General Assembly has at last undertaken to provide our German people with suitable German Presbyterian books, or at least are about to do so. We know that our work will more prosper, if we are supported by German Presbyterian publications.

"*Resolved*, 2. That a Committee of three German ministers and two Elders be appointed to consult with Rev. Daniel W. Poor, D.D., on the subject of German publications; of which Committee the President of the Convention is to be the Chairman."

The books which may be thus recommended it is the purpose of the Board carefully to consider before recommending. There is good reason to believe that the expense of stereotyping these books will be borne by gentlemen interested in the matter.

That it has read the decision appealed from, and the reasons assigned for the Appeal, and has heard the parties. They recommend that the General Assembly sustain the Appeal:

1. Because a superior court cannot order an inferior court to rehear a Case already decided when no intimation of additional evidence is given.

2. Because in sending back the Case, the Synod passed by the Presbytery in which the Case had once been adjudicated.

3. Because reference is by a lower to a superior court, and is voluntary, and not subject to the order of a higher court.

WENDNESDAY, May 22d, 2½ o'clock P.M.

The Assembly met, and was opened with prayer.

The Standing Committee on Church Erection presented their Report, which was accepted.

The Assembly was briefly addressed by Rev. Henry R. Wilson, D.D., the Secretary of the Board.

The Report was adopted, and is as follows:

The Standing Committee on Church Erection beg leave respectfully to present the following Report:

There have been referred to your Committee the Minutes of the Board of Church Erection, and also their Eighth Annual Report. The former of these are found on examination to be accurately kept, and we therefore recommend their approval. The latter presents a summary of the operations of the Board during the past year, and elicits our hearty commendation.

An analysis of our work as a Church discloses the urgent need of some agency charged with duties and responsibilities akin to those devolved upon the Board of Church Erection. If the Home Missionary work of the Church is to be prosecuted with vigor and success, there must be some method for supplementing, with material aid for Church Erection, the spiritual organization effected with a view to Church Extension. Many new churches are liable to languish and die, for lack of a suitable sanctuary in which to worship; and, in not a few instances, the money expended for projecting these enterprises would be practically lost to the Church, but for the aid vouchsafed by this Board in giving them "a local habitation" as well as "a name." Between the Board of Home Missions, therefore, and the Board of Church Erection, there is an intimate relationship which your Committee feel should awaken mutual affection, and induce cordial co-operation.

The work of the Board during the past year has been prosecuted in accordance with its previous policy, and has been attended with signal success. Applications for aid have been received from 243 churches asking for appropriations to the amount of $142,500. The lack of funds has compelled the Board to refuse a large number of these requests; but they have, nevertheless, granted liberal aid to 149 churches, under the care of 87 Presbyteries, and scattered over 28 States and Territories. Add to these the 48 churches begun but not completed at the beginning of the fiscal year, and it will be seen, that the Board have helped in the erection of 194 churches since the date of the last Annual Report. In several cases this aid has been given to churches on the very verge of extinction; and in at least a dozen instances has prevented the sale of valuable church property, or has redeemed it after having been sold by the sheriff. The responses given by the churches thus aided have been overflowing with gratitude, and in some cases are couched in language exceedingly tender and touching.

It is a commendable characteristic of the work of this Board, that they never incur debt. The other great agencies of the Church must necessarily operate on a different basis. They have men and women to support, and sometimes families as well. In the nature of the case, therefore, they cannot stop their expenditures, when their receipts begin to decrease. The Board of Church Erection, however, appropriate only the moneys they receive. They have neither loans nor interest to pay. And, in the judgment of your Commitee, their policy in this respect is to be approved.

It is also an excellent feature of the system adopted by this Board that they insist on having insured all the church edifices to whose erection they have contributed. Already there is a total of insur-

ance held by the Board of $522,887; and the experience of the past warrants a continuance of the course thus prescribed and pursued.

There is one other phase of the Board's work which your Committee desire to emphasize and commend. A series of plans and specifications for church edifices has been prepared for the Board under the direction of experienced architects, lithographed copies of which may be procured for five dollars. These plans if furnished afresh would cost from fifty to one hundred dollars. And hence, by availing themselves of the agency of the Board, churches desiring to build a house of worship may save quite a considerable sum of money. Nor is this all. These designs are prepared with a view to architectural taste and effect. They aim to secure for congregations who adopt them church buildings that shall gratify and develop the æsthetic element in their natures. And considering the advantages thus attained this phase of the policy of the Board merits, as your Committee think, the most decided indorsement.

Such, then, is the work which the Board of Church Erection have undertaken to do in behalf of our Church. To its successful accomplishment, however, certain prerequisites are absolutely essential; and these your Committee feel constrained to urge upon the attention of the General Assembly, and through them upon the entire Church.

Beyond all question, there are needed on the part of the whole denomination a more hearty sympathy with, and interest in, the work of the Board, manifesting themselves in the form of a more liberal contribution to their resources. It is a gratifying fact, that all but five Presbyteries, in our entire American connection, have, during the last fiscal year, contributed to the funds of this Board. But it is, on the other hand, an exceedingly painful fact, that only 2040 of our churches have given anything within that period to this Cause, leaving 3020 churches altogether delinquent. Indeed, to such an extent has this delinquency prevailed, that the contributions of the churches during the past twelve months are less by over $7000 than the sum reported a year ago; while some of our large churches have given a mere pittance—as, for example, $1 from a church of 220 members; $2 from a church of 300 members; or $5 from a church of 557 members. There are some scores of churches, and among them several possessed of wealth, who have given nothing of late to the Board, notwithstanding the fact that they received aid in their feeble infancy, and pledged themselves, in accordance with the prescribed conditions of the grant, to take an annual collection in behalf of the Fund. Your Committee recommend that the Presbyteries, within whose limits these churches are, be requested to remind them of their duty in this respect.

It is true, the aggregate receipts of the Board have been greater than last year by $642. But this is due to an increase of legacies received and old lands sold. Had it not been for these sources of income, the Board would have been seriously crippled in their operations. But revenue from such sources is exceedingly unreliable; and the Church owes it to herself to see that by liberal, systematic and universal giving, her servants should be supplied with the requisite funds for prosecuting their work.

The urgency of this demand is increased by two considerations. On the one hand, there is an imperative need, especially in the great West, of suitable church buildings. In the State of Kansas alone, we have about 100 organized churches that have no house of worship. Of course they are in danger of death so long as they remain in this condition. And when we remember that a similar state of things elsewhere prevails—and that we have 480 homeless churches within our bounds—the need of increased effort in this department of our work is exceedingly imperative.

On the other hand, however, the present low prices of labor and materials have stimulated church-building to an almost unprecedented extent; so that, despite the stringency of the times, large numbers of churches that are destitute of a house of worship are putting forth earnest efforts to secure one. Of course, they appeal for aid to the Board; and, since the amount contributed by the churches during the past year is scarcely one third of the sum for which calls have been made, it seems specially necessary that contributions in this direction should more freely flow in.

Scarcely less needed, however, than an increase of contributions, is an enlarged measure of Presbyterial co-operation. The policy of the Board is to act through the agency, and in accordance with the will, of the Presbytery. It is vitally important, therefore, that all our Presbyteries select such men to compose their Committee on Church Erection as shall be qualified for, and interested in, the work assigned them. It is not wise to place men on such Committees simply to give them a mere nominal position. The individuals to whom this work is intrusted should the rather be men, whose judgment is reliable respecting the wisdom of erecting a church edifice in a specific locality; who are qualified to examine the title to the lot on which it is to be reared; who are careful to inquire with reference to the amount subscribed on the part of the church itself; who are ready to testify as to whether there is any incumbrance on the property which either in the letter or spirit vitiates the conditions of the grant; who are competent to give reliable information respecting the sum actually needed from the Board; and who, in a word, will act as agents of the Church Erection Fund with as much candor and interest as if it were a matter of their own individual concern.

In this connection, moreover, it needs to be said that Presbyteries owe it to themselves, to the churches under their care, and to the Board, to make *bona-fide* representations and requests for funds in behalf of church erection. Occasionally, and indeed frequently, Presbyteries make applications for double the sum actually required, expecting that the Board will discount the appeal full fifty per cent. Your Committee are unanimous in the belief, that such a spirit and such relations ought not to prevail between the Presbytery and the Board. And they urgently recommend that, in maintaining Presbyterial co-operation, all our Presbyteries indorse applications for the amount actually needed, and assure the Board with all earnestness that this is the *minimum* sum with which the church can be erected.

In conclusion, your Committee would offer the following resolutions:

Resolved, 1. That, with gratitude to God for the mercies vouch-

Digitized by Google

safed in the past to the Board of Church Erection, this Assembly renew their indorsement of the Board and its work, and cordially commend both the one and the other to the sympathy, the prayers, and the liberality of the churches of our connection.

Resolved, 2. That we heartily recommend churches securing aid from this Board to avail themselves of the architectural plans which the Board provides, believing that by so doing they will be able to secure more economical and at the same time more convenient and tasteful structures.

Resolved, 3. That we hereby enjoin upon all our Presbyteries greater care in recommending churches to the funds of this Board, and specially urge them to constitute, with all due discretion, their Committees having this matter in charge.

Resolved, 4. That the *Ministers*, John Hall, D.D., Samuel D. Alexander, D.D., Erskine N. White, D.D., and Henry M. Booth, and the *Elders*, James Fraser, Benjamin F. Dunning, and Richard H. Laimbeer, be elected members of the Board of Church Erection, to serve for the ensuing three years in place of those whose terms of office have expired.

Since the preparation of the foregoing portion of this Report, there have been referred to your Committee two Overtures—the one from the Synod of Colorado, and the other from the Presbytery of Oregon, requesting the General Assembly to instruct the Board of Church Erection to secure such a change in their Charter and Rules, as that they can afford needed assistance in the erection of school houses, dwellings and chapels, to be known as missionary premises, and used for missionary purposes. Your Committee sympathze with the wants of those presenting these Overtures, and would be glad to further the ends they propose to accomplish. In their judgment, however, there is a more excellent way to realize these results than by a radical change in the constitution of one of the Church Boards. The representatives of the Synod of Colorado affirm, that by appealing to the churches they can secure all the funds that are needed to erect these buildings. What they especially desire is some responsible party to hold the titles thereto. This your Committee believe can be done by the Trustees of the Presbyteries, the Synods, or the General Assembly. And hence they offer the following resolution :

Resolved, That it is inexpedient at this time to make any change in the Charter or Rules of the Board of Church Erection.

The Committee on Reduced Representation reported that the Overtures of the last Assembly on the Reduction of Representation have been answered by the Presbyteries as follows :

From the Presbyteries not recorded in the above lists no replies have been received.

Neither Overture, therefore, has obtained an affirmative vote of a majority of the Presbyteries, and both have consequently been rejected.

The report was adopted.

The Committee farther reported an Overture on the subject of Reduced Representation, to be sent down to the Presbyteries.

The consideration of this part of the Report was made the order of the day for Saturday next at 10 o'clock A.M.

The Assembly proceeded to the order of the day, namely, the reception of Delegates from Corresponding Bodies.

The following Delegates were introduced by the Committee on Correspondence, and severally addressed the Assembly: the Rev. E. T. Jeffers, D.D., the Delegate of the General Assembly of the United Presbyterian Church of North America; and the Rev. Irving Magee, D.D., the Delegate of the General Synod of the Evangelical Lutheran Church in the United States of America.

The Moderator responded to the salutations of the Delegates.

The Judicial Commission, appointed on Case No. 1, submitted the following Report, which was ordered to be recorded as the judgment of the Assembly:

The Judicial Commission to whom was referred Judicial Case, No. 1, being an Appeal of Addison Bancroft and R. W. Stewart, Ruling Elders in the Hermon Presbyterian Church, Frankford, Pa., from an action of the Synod of Philadelphia, present the following Report:

The appellant appealed from the action of the Presbytery of Philadelphia North, in dissolving the Hermon Church, and deciding the field occupied by it a mission station under the care of the Presbytery. The Synod of Philadelphia, at its stated meeting at Chester, Pa., October 19th, 1877, sustained the action of the Presbytery; whereupon the appellants brought their Appeal from said action of the Synod to this General Assembly; and the Case having been, by consent of parties, referred by the General Assembly to this Commission for hearing and decision, and the Commission having thereupon proceeded to issue the Appeal under the order perscribed by the Judicial Committee of General Assembly, and having fully heard the original parties and the members of the inferior judicatory, decided that the said Appeal from the Synod of Philadelphia be not sustained, and for the following reason: It appears, from the Minutes of the General Assembly of 1877, that this Case was brought before said Assembly upon its merits, and that the action of the Synod of Philadelphia and of the Presbytery of Philadelphia North, in the premises, was by the General Assembly reversed, for the reason that Hermon Church had no previous notice of the contemplated action of the Presbytery in dissolving the church, while at the same time regret is expressed as to the necessity of reversing the decision of the Synod of Philadelphia upon a ground which may seem merely technical; whereupon the Presbytery of Philadelphia North did, at a regularly called meeting on June 15th, 1877, proceed anew in the whole matter, and, having served proper notice upon Hermon Church of its purpose to dissolve said church, did dissolve it. After a full hearing of the Case, this Commission is satisfied that the Presbytery of Philadelphia North was fully justified by the facts, and by our Form of Government in the action then taken; and that the Synod of Philadelphia was fully justified in sustaining the Presbytery in its action.

Closed with prayer.

The consideration of the Report of the Standing Committee on Foreign Missions was resumed, and continued in popular addresses to the time of adjournment, when the Assembly adjourned until to-morrow at 9 o'clock A.M.

THURSDAY, May 23d, 9 o'clock A.M.

The Assembly met, and was opened with prayer.

The minutes of yesterday's sessions were read and approved.

A communication was presented from the Board of Inspectors of the Western State Penitentiary, inviting the members of the Assembly to visit that institution at their convenience. The thanks of the Assembly were returned for the invitation.

The Committee on Bills and Overtures reported

Overture No. 5.—From the Presbytery of New Brunswick, asking the Assembly to take action to secure the children of our Church against the evils resulting from the substitution of the Lesson Leaves for complete copies of the Bible in the Sabbath-schools.

The Committee recommended the adoption of the following deliverance:

The attention of pastors, church sessions, and Sabbath-school superintendents and teachers is called to the fact, that the Lesson Leaves, while they are useful as convenient and accessible helps in the study of the Lessons, present the Scriptures only in unconnected fragments, and cannot without serious loss and injury be permitted to take the place of complete copies of the Word of God. And this General Assembly would urge upon them the importance of the possession and use, both by teachers and scholars, of complete copies of the Bible in Sabbath-school classes.

The Committee also reported

Overture No. 7.—A paper on the subject of Intemperance, referred by the Assembly to this Committee. The following action was recommended:

For the purpose of emphasizing their adherence to the principle of Total Abstinence from all intoxicating drinks as a beverage, and to the end of discountenancing to the utmost the manufacture, vending and use of the same, and all complicity therewith, this Assembly would most earnestly reiterate the deliverances and testimonies of former Assemblies on this subject.

The report was adopted.

The Judicial Commission appointed on Cases Nos. 1 and 2 presented the following Report, which was ordered to be recorded as the judgment of the Assembly:

The Judicial Commission to whom was referred Judicial Case, No. 2, being the Complaint of the Rev. John W. Martin against the Synod of Philadelphia, in the matter of the Hermon Church, reported that, after the announcement of their decision on Case No. 1, the complainant by his counsel, the Rev. Robert Herron, D.D., asked leave to withdraw his Complaint, which was granted; and the Commission adjudge that such withdrawal shall have the same effect as if the Complaint had been dismissed.

The Committee on the Records of the Synod of India reported that a certified printed English translation of the Minutes of the Synod had been placed in their hands.

They recommended the approval of the Records, extending from December 27th, 1877, to January 3d, 1878, and farther recommended, that a minute on page 160, entitled "A Report on the Board's Scheme for the Constitution of Foreign Presbyteries and Synods," be referred to the Standing Committee on the Polity of the Church to make report thereupon.

The report was adopted.

The Reception of the Reports of the Standing Committee on Synodical Records was made the second order of the day for Saturday.

It was ordered that the Narrative of the State of Religion be read in connection with the devotional exercises this morning.

The Report of the Standing Committee on Home Missions was recommitted.

The Special Committee appointed by the last Assembly on Sustentation and Home Missions presented their Report, which, having been amended, was adopted, and is as follows:

The Special Committee, appointed by the last Assembly, to whom were referred Overtures from the Presbytery of Elizabeth and from the Synod of Philadelphia, relating to the Sustentation Department of the Board of Home Missions, with instructions "to consider the facts, and recommend what changes or modifications, if any, are desirable," respectfully submit the following Report:

The Committee do not deem it expedient to re-establish Sustentation as a separate scheme in the benevolent work of our Church.

But the ends which the Sustentation scheme was designed to accomplish—viz.: the more general establishment of the pastoral office, and the better support of the ministry—are so important and so precious to the Church, and many of the rules incorporated into that scheme are so well adapted to secure these ends, that, in the unanimous judgment of your Committee, they ought to be more fully engrafted upon the work of Home Missions.

We, therefore, recommend the adoption by the Assembly of the following Instructions to the Board of Home Missions :

I. The separate Departments of the Board shall be discontinued, and the two Treasuries consolidated.

II. The churches receiving aid from the Board shall be divided into two classes, to be called respectively *Sustentation Pastorates* and *Mission Charges.*

III. The conditions necessary to a *Sustentation Pastorate* are as follows :

1. The regular constitution of the pastoral relation according to the Form of Government of the Presbyterian Church.

2. The taking of annual collections for all the Boards, according to some systematic plan.

3. The contribution of not less than $600 in money towards the annual salary of the pastor ; such contribution to average not less than $6.50 for each church member.

4. Upon the agreement of the church to the foregoing conditions, and upon the recommendation of the Presbytery—such recommendation being adopted in accordance with the Report of the Presbyterial Committee on Home Missions, and accompanied, at each renewal, with the certificate that the foregoing conditions on the part of the church have been fulfilled—the Board shall supplement the salary so as to make it at least $900.

Provided, That, in cases where there is a parsonage occupied by the pastor, the annual rent value of it, estimated by the Presbyterial Committee on Home Missions, shall be deducted from the amount paid by the Board ; and

Provided, Also, that no aid shall be granted, if, in the judgment of either the Presbytery or the Board, the constitution or continuance of a Sustentation Pastorate will prevent the grouping of churches which ought to be united in the support of a minister.

5. Two or more contiguous churches may be united in a Sustentation Pastorate upon the same condition—that is to say : the minister must be installed as pastor in each church ; each church shall take annual collections for all the Boards, and together they shall contribute, at the rate of not less than $6.50 per member, toward the annual salary of the pastor ; and the aggregate contributions of the united churches toward the salary shall be not less than $600.

IV. The conditions necessary to a *Mission Charge* are as follows :

1. It may consist of one or more churches.

2. The minister must be a member of the Presbytery to which the church or churches belong.

3. Every church receiving aid shall take annual collections for all the Boards.

4. The application to the Board shall be recommended by the Presbytery, upon the report of its Committee on Home Missions ; and every renewal of the application must be accompanied with a certification that the above conditions have been fulfilled, and that the promises of the people in regard to the support of the minister have been performed.

5. The amount of aid to Mission Charges to be determined, as hitherto, by the Presbytery and the Board.

V. Presbyteries shall require of churches renewing applications

for aid an annual decrease in the amount asked for, whenever such decrease is practicable; and no church shall receive aid, in either of the above classes, for a longer period than five years, except in special cases to be agreed upon by the Presbytery and the Board.

VI. The vote in the Presbytery, on the question of recommending any church for aid, shall be taken by ballot, and the fact that it has been so taken shall be reported to the Board.

VII. The Board of Home Missions shall continue as heretofore to commission missionaries to new and destitute fields where churches have not yet been organized.

In accordance with the recommendation of the Judicial Committee, and by consent of both parties, copies of a printed pamphlet containing the papers in the Case, duly attested by the Stated Clerk of the Synod, were distributed among the members in place of the reading of the Records.

The Appellant, Rev. Isaac M. See, was heard, by his counsel, the Rev. Joshua H. McIlvaine, D.D.

The Rev. Elijah B. Craven, D.D., the original prosecutor, was heard.

The consideration of Judicial Case, No. 3, was resumed; and the Moderator again reminded the Assembly of its responsibilities as a court of Christ.

The Rev. Elijah R. Craven, D.D., one of the orginal parties, farther addressed the Assembly.

The Synod of New Jersey was heard by its counsel, the Rev. William C. Roberts, D.D.

By unanimous consent, additional time was given to the Appellant, and the Rev. Isaac M. See was heard in person by the Assembly.

The members of the Synod of New Jersey were heard in explanation of the grounds of their decision, or of their dissent from it.

The original parties, and all the members of the lower judicatory withdrew from the Assembly.

The calling of the roll was dispensed with; but the roll of the Synods was called, and an opportunity was given to the members of the Assembly to express their opinions on the Case.

The final vote was taken, with the following result:

To sustain the Appeal, 85.
To sustain in part, 71.
Not to sustain, 201.

The result was announced by the Moderator, and it was declared that the Appeal had not been sustained.

It was *Resolved*, That a Committee of seven be appointed, to prepare a minute expressing the judgment of the Assembly in the Case.

FRIDAY, May 24th, 9 o'clock A.M.

The Assembly met, and was opened with prayer.

The minutes of yesterday's sessions were read and approved.

The Standing Committee on Education, in accordance with the order of the day, presented their Report, which was accepted.

The Assembly was addressed by the Rev. Daniel W. Poor, D.D., the Secretary of the Board, and others.

The Report having been amended, was adopted, with the exception of the first paragraph, which was referred to the Committee provided for in the second paragraph of the Report, and is as follows:

Digitized by Google

The very excellent Report, which has been submitted to your Committee on Education, opens with a statement of the number of Candidates aided by the Board, the past year. This number we find to be 436, which is less by 26 than were aided last year.

An interesting feature of the Report, as throwing light upon the diffusive character of the work of the Board, is the table which shows the distribution of the Candidates among the several Institutions. From this it appears that they are distributed among sixteen Theological Seminaries, fifty Colleges or Universities, and eight Academies. Thirty-two Synods are represented out of thirty-seven; one hundred and eleven Presbyteries, out of one hundred and sixty-two, or two thirds of the whole number.

Your Committee would call attention to the fact that the Presbyteries in which Theological Seminaries are located present the largest number of Candidates: *e. g.*, New Brunswick, 20; Chester, 19; Newark, 16; Chicago, 12. The rules of the Board require that the Candidate should enter the Presbytery to which he "would naturally belong." A departure from this rule renders more difficult and uncertain the "constant exercise of parental oversight in spiritual things" by the Presbytery, which is also required in the Rules of the Board. Candidates sometimes place themselves under the care of remote Presbyteries, with the expectation that the scrutiny will be less viligant, and the way to licensure made more easy. We are aware that this practice is not encouraged by the Presbyteries in which these Institutions are located; on the contrary, it is often a ground of complaint, as it greatly adds to the labor and responsibility imposed upon them, and makes these Presbyteries appear to receive a disproportionate share of the funds of the Board.

Your Committee would therefore recommend to the Assembly, to urge upon the Board, to insist upon the regulation above mentioned being complied with, save in very exceptional cases.

The last General Assembly recommended the Board to furnish proper blanks to the officers of the Institutions receiving students aided by the Board, for the purpose of "ascertaining more thoroughly the standing of the students in scholarship, oratorical ability and punctuality of attendance;" also, that "the general Christian character of each student be noticed in the proper place." This recommendaton, we find from the Report, has been complied with.

A new formula for Professors' reports has been made and put in operation. We are happy to learn, from the Report before us that the new plan is working well; for we regard it as a very important step in the right direction. It is calculated to meet and allay the suspicion, which, whether well founded or not, is wide-spread, and working serious injury to this important Cause, viz.: that the students under the care of the Board are, in many instances, without careful inspection as to their standing in their classes, both in Colleges and Seminaries; and that, in the competition which is supposed to exist among these Institutions, not only that students are, in some instances, received without thorough previous preparation, but that they are continued, through their course of study, through money furnished by the Board, without any serious attempt being made at a weeding-out process. Connected with this suspicion is the belief among not a few, that the students who thus slip along

through the College and the Theological Seminary, without any special regard being paid to their standing, are passed through the Presbytery with equal facility, and with little or no knowledge on the part of the Presbytery concerning their previous training, beyond that derived from the frequently short time given to what is called an examination for licensure. Thus it comes to pass, in the belief of many in the Church at large, that not a few students are sent forth, at last, to the sacred work of the ministry, who might better for themselves and the Church have been kindly but firmly dissuaded from entering upon it. Hence follows the expression of opinion, which is growing more emphatic from year to year, to the effect, that "there are too many ministers now in our Church," when, in fact, what is really meant is, that there are too many whose original gifts and previous training were not such as properly to qualify them for the work of the ministry. Your Committee would, therefore, express their great satisfaction derived from reading in the Report of the Board the following words: "With this improvement in hand, the Board are resolved to be more careful in their scrutiny of the reports, and more exacting in their requirements."

Your Committee are of the opinion, that when the belief shall once fairly obtain throughout the Church, that this is actually being done, and that the principles applied in building a house, of selecting the best timber, and laying aside the weaker and dozy sticks for purposes in which they may still be very useful, is being brought to bear faithfully and perseveringly upon the sending of men into the ministry of the gospel, through the Board of Education, then we shall soon hear far less of the chronic complaint—unfounded in fact, and unsustained by evidence—that "there are too many ministers now;" and that "the Board of Education does more harm than good by taking up and supporting men who might better have served the Church as Christian farmers or blacksmiths;" or that "the old way of training young men under the personal care of an experienced pastor is, after all, the better way," and the like.

By the course now pursued by the Board, if it is faithfully assisted by the Professors, who have the immediate oversight of Candidates, and strengthened by the Presbyteries, confidence will be rapidly established, that thorough work—work such as our age demands in regard to the raising up of an efficient ministry—is being done; and that, by a natural consequence, the contributions to the Board will be increased; and that it will before long be placed upon a plane of usefulness in the Church, far higher than any hitherto attained, much as it has already accomplished. But, in order to realize this most desirable end, your Committee are of the opinion, that the power of the Board, in regard to suspending or withdrawing appropriations to Candidates, should receive the widest interpretation consistent with the rules established by the General Assembly.

And just here comes in very properly the question, which the reference to your Committee of an Overture from the Presbytery of Wooster brings to our notice, viz.: The question of control over Candidates and appropriations as divided between the Board and the Presbyteries. Upon this point there has been in past years,

and still exists to a certain extent, a difference, and in some cases a conflict of opinions.

The question at issue may be briefly stated as follows: Have the Board a right under the existing rules—and in some cases a sacred duty—to withdraw appropriations from Candidates without prior consent of Presbyteries?

This is an important question, and one which the General Assembly ought to settle distinctly. So far as an interpretation of existing rules may seem to guide to a conclusion in this matter, the answer will seem to depend on the view taken of the language in Article 6, Section 4, of the rules of the Board of Education, which is as follows: "If at any time there be discovered in a student such defect in capacity, diligence, and especially in piety, as would render his introduction into the ministry a doubtful measure, it shall be considered the sacred duty of the Presbytery to cease to recommend him, and that of the Board to withdraw their appropriations."

Your Committee do not consider it to be their duty to argue, in their Report to the Assembly, the question springing out of any differences of construction put upon the rule. It would, however, seem to be properly the function of your Committee to make such suggestions upon the matter to the General Assembly, as may indicate a way in which the question may be fairly settled.

Your Committee would therefore recommend that Article 6, Section 4, of the Rules of the Board of Education be so amended as to read as follows:

"If at any time there be discovered in a student such defect in capacity, diligence, and especially in piety, as would render his introduction in the ministry a doubtful measure, it shall be the sacred duty of the Board to communicate without delay the information received to the Education Committee of his Presbytery; and if, on careful inquiry on the part of the Presbytery, no satisfactory explanation of the defect can be obtained, or if no response be received by the Board from the Presbytery or from their Committee on Education within the current quarter, it shall be the duty of the Board to withdraw their aid altogether."

There has been placed in the hands of your Committee an Overture from the Presbytery of Redstone, which is as follows: "The Presbytery of Redstone respectfully overture the General Assembly to direct the Board of Education, not to give the full amount, allowed by the Assembly in the Theological course, to any Candidate who is receiving a full scholarship from any Theological Seminary."

A Request also comes from the Board of Education, asking an interpretation of the following clause of Rule 7, Section 3, appertaining to appropriations, viz.: "The appropriations for Candidates * * * shall not be made in cases * * * where they receive assistance from any other educational Board or Society."

Both Overture and Request have, doubtless, sprung out of the difficulty which the Board have encountered, in the equitable administration of the funds committed to their care, from the overlapping, in some instances, of the Board's appropriations by the proceeds of Scholarships in our Colleges and Seminaries. Your Com-

mittee are of opinion that this difficulty should be remedied and therefore recommend :

1. That the Board of Education be instructed not to make appropriations to Candidates, when they receive aid from scholarships or other regular appropriations by Seminaries or Colleges—except that they may so far supplement such aid, when deemed wise, as to make the aggregate amount received by the Candidate equal to the maximum of appropriations from the Board, except where such scholarships shall have been obtained as prizes for excellence in study and attainments.

2. Inasmuch as new conditions have arisen since the last arrangements for appropriations were made, and the whole subject involves manifold interests, we recommend that a Committee be appointed to consider the whole subject of appropriations to Candidates for the ministry ; in consultation with the Directors and Professors of our Colleges and Seminaries, and, in the light of the information gained, to make such further recommendations to the next General Assembly, as may seem adapted to place upon an equitable basis the appropriations of the Board ; and that the said Committee consist of the following persons : Rev. William M. Paxton, D.D.; Rev. Thomas S. Hastings, D.D. ; Rev. William P. Breed, D.D. ; Rev. Sylvester F. Scovel, and the *Elders*, Hon. Samuel M. Moore, LL.D., Francis B. Reeves, Preserved Smith and Sylvester Willard, M.D.

The special departments of the work of the Board for the past year, in educating young men from among the colored race to preach the gospel to their own people, and in supplying ministers for our large German population, are, we are happy to note, in a flourishing condition. As yet, however, our Church would seem to have done but little more than fairly to enter upon these most enterprising and important fields. The stability of our civil institutions, and with that the strengthening and extension of the Church of Christ in our loved country, is so intimately associated with the character of the influence brought to bear upon these two important elements in the body politic, that your Committee are constrained to express the earnest hope, that the General Assembly will ever be prompt to do all in their power to encourage and enlarge the efforts now being made, through schools and universities, to provide a thoroughly educated ministry for our churches established among the Freedmen and the Germans.

In the statement submitted in the Report, concerning the personal labors of the Secretary, in visiting the Synods and Presbyteries, and, as opportunity afforded, in presenting the interests of the Board to the churches, and also in visiting the Theological Seminaries and Colleges, in the discharge of the duty of his office, "to exercise a general supervising care over the students," we find abundant evidence of his zeal and fidelity. Your Committee are of the opinion, that the more frequent and immediate the contact of the Secretary of the Board with the Church at large, for the purpose of imparting information as to the nature and object of the work, and for the removal of prejudice as far as it exists, the greater will be the result for good, in strengthening the hold of this important work upon the affections of the people.

The Board of Education, in common with all our Church work,

Digitized by Google

has felt the pressure of the general financial embarrassment which has continued through the past year. The year opened with a debt upon the Board of $4615. This has been increased by a deficiency this year to $9866. The Board have been compelled to withhold the past year the fourth appropriation to the students, which, of course, has worked severe hardship among all, especially in those Institutions which are poorly furnished with scholarships. The deep sympathy of the Professors with the students has been made apparent in some of these Institutions, by their becoming personally responsible for the board of the students, even while poorly supported themselves. Your Committee earnestly unite with the Board, in expressing the hope that the threatened necessity for curtailing the appropriations the coming year will be obviated, by a full contribution in October—the month appointed for collections in aid of this Board.

Your Committee would recommend, in view of the deficit in the income of the Board for the past two years, and the very straitened financial condition of the treasury as set forth on the ninth page of the Report and in the statement of accounts, on the thirteenth page, that the Assembly recommend to the Board to consider, whether it is feasible to make such a reduction in the salaries as will save the Board $1000 or $1500 per annum. Your Committee, in making this recommendation, have in view the fact that this is a time when general reductions have been established in the values of everything, when all private business has been reorganized on a new and lower basis, and when the shortened ability of the churches throughout the land to give as formerly to charitable purposes is clearly apparent.

There is, however, one important and encouraging statement in the Report of the Board, which must not be overlooked, viz. : that the churches contributing to the Board the past year outnumbered those of the previous year 220. And yet there is room for a great advance in this direction ; for there would still be left, after deducting the above newly contributing churches, the painfully large numbers of 3038, which have forwarded no collections for the past year to the Board. Peculiar emphasis may well be given to the fact that a contribution of three dollars from each of these churches would have enabled the Board to come to this General Assembly free from debt.

In examining the tabular statement of contributions to the Board by Synods and Presbyteries, your Committee would observe that the Synod of Indiana, North, has received from the Board $1642 and contributed $310 ; the Presbytery of Chicago has received $1282 and given $334 ; and the Presbytery of San Francisco has received $375, but has contributed nothing. These figures would seem to indicate the danger of a tendency, in Presbyteries contiguous to our Seminaries, and particularly interested in them, to make their contributions for the Cause of Education to the Seminaries directly, while at the same time drawing largely in some instances from the common funds of the Board.

The term of service of the following members of the Board expires with this Assembly, viz. : Revs. Thomas J. Shepherd, D.D. ; Charles A. Dickey, D.D. ; and Benjamin L. Agnew, D.D. ; and the *Elders*, Fulton W. Hastings, Randolph S. Walton, and William G.

Crowell. The Committee recommend the reappointment of these brethren, with the exception of the last named, in whose place they would submit the name of Mr. Francis B. Reeves.

The Rev. Everard Kempshall, D.D., was added to the Special Committee thus appointed, as its Convener.

It was made the second order for Monday next, to hear the Report of the Standing Committee on Freedmen.

The Committee on Correspondence introduced to the Assembly the Rev. Joseph H. Coulter, the Delegate from the General Assembly of the Cumberland Presbyterian Church, who addressed the Assembly.

The Moderator responded to the salutations of the Delegate.

The Committee on the Records of the Synod of Atlantic presented the following Report, which was adopted :

The Committee respectfully report to the General Assembly :

That the Record Book of the Synod of Atlantic placed in their hands has been found to contain eight and one half pages of *printed* matter, which professedly set forth the transactions of this Synod during a session held in December, 1877 ; at the end of which printed matter a name appears as that of the Stated Clerk, as "Attest," but in print only. No written account of the proceedings or of any part of them is found.

In the judgment of your Committee, therefore, the Record required by our Form of Government (see Chapter VI., Section 11) has not been sent up for review by the Assembly ; what appears to be a copy of their transactions has been placed in the Record Book.

Your Committee could not feel justified, if they should recommend the approval of this *copy*, although on learning from other sources, that the printed matter is a copy, they have not questioned its correctness, and have examined carefully what has beeen sent up in this form.

If the transactions of this session of the Synod of Atlantic had been found recorded, your Committee would have recommended their approval with the following important exception : on page 98 of the Record Book appears the statement that the Minutes, approved by the Assembly of 1876, were, *after* that indorsement, corrected by the Synod themselves at this session of 1877. Nor are the corrections specified or indicated.

Under a sense of the great importance of accuracy in the Records of our Church Judicatories, and of their preservation in written form intact, after their examination and indorsement by the Assembly, your Committee, while commending the excellent spirit of devotion and labor apparent in the matter offered for review by this Synod, as regards their efforts for the Church and for the elevation of their race, respectfully recommend to the Assembly the adoption of the following resolutions :

1. That the Synod of Atlantic be and hereby are directed to record

the minutes of the session of December, 1877, and submit the Record to the next General Assembly.

2. That this Synod report to the next Assembly the corrections appearing to have been made to their minutes *after* their review by the previous Assembly of 1877.

The Special Committee, appointed by the last Assembly to inquire and report as to the propriety of enlarging the functions of the Board of Education and other matters, reported in part, and were continued until the next Assembly.

The Moderator announced the following as the Special Committee to prepare a minute expressing the judgment of the Assembly in the case of the Appeal of Rev. Isaac M. See from a decision of the Synod of New Jersey, viz. :

Rev. T. Ralston Smith, D.D., Rev. Robert Patterson, D.D., Rev. William M. Baker, Rev. Thomas C. Strong, D.D., and the *Elders*, Jonathan Ogden, Samuel C. Perkins, and Alfred Hand.

The second order of the day was taken up, being Judicial Case, No. 6, an Appeal of the Rev. John Miller from a decision of the Synod of New Jersey. The sentence appealed from was read. The reasons assigned by Mr. Miller for his Appeal were distributed in printed form among the members, and this distribution was accepted by mutual consent in place of the reading of that portion of the Record.

The whole Record of the proceedings of the Synod of New Jersey in the Case was read.

After the usual devotional exercises, the Assembly adjourned until 2½ o'clock P.M.

Closed with prayer.

The following minute was adopted :

Whereas, Legislatures of different States of this Union have been in the habit, at the instance of members of the Roman Catholic Church, of appropriating public money, collected by taxation from citizens, members of other churches, to various Institutions in connection with said Church, all of which are as really devoted to the propagation and advancement of that religion, as their schools and Colleges and Churches can be : and

Whereas, Such appropriations so made are, more or less, the State compelling members of other denominations against their will and against their consciences to support and build up that Church and its Institutions, in violation of the fundamental principles and the constitutional rights which the people of this nation have always held most sacred : and

Whereas, Such appropriations are really a union of Church and State, in which the people and members of all Protestant Churches are compelled by such action to support a religion against which they protest, the same is not only unfair, unjust, but oppressive to the consciences of the whole Protestant community, and a trampling upon their rights and liberty : therefore

Resolved, 1. That this Assembly unites with the other Protestant denominations, and all citizens feeling themselves thus aggrieved by this action, and protest against it as an act of civil and religious oppression.

Resolved, 2. That we call the attention of all our ministers, church officers and members, and all friends of civil and religious liberty throughout the whole nation, to lift up their voices and use their influence in preserving to all our people and to generations to come those glorious privileges and principles which our fathers secured to us at such great cost.

Resolved, 3. That no principle has been better established, in regard to this nation, than the entire separation of the Church and the State ; and that the State has no more right to compel by taxation one of its citizens to contribute money to the building up and advancing of the Roman Catholic or any other denomination, than it has to compel us to unite with their Church ; and that moneys or grants should not be appropriated to any denominational Institution, or any Institution of any kind which is not connected with and under the control of the State.

Resolved, 4. That at this time it behooves all our people to be watchful on this subject, when the declared policy and principle of the Roman Catholic Church is, that a separation of Church and State is under its curse, and it is laboring to secure a union to advance its power.

The Committee on Bills and Overtures presented the following Report, which was adopted :

Overture No. 12.—In reference to increased contributions to the Church Boards. The Committee recommended the following deliverance:

Within the bounds of the General Assembly there are at least five thousand churches; and last year there were eight several agencies for the conduct of its evangelistic work. An annual collection from each of the churches would yield forty thousand collections. The number of collections last year was considerably less than twenty thousand. For want of larger contributions, the cause of Christ, as committed to our Church, is suffering in all its branches. The General Assembly, therefore, affectionately and earnestly call the attention of church sessions and of the people to the great importance, and wherever possible to the necessity, of an annual collection in every church for each of the objects represented by the Boards.

The Assembly farther exhort and urge the Presbyteries, to take such action as may secure the presentation of each of these objects once a year to each of the churches; and the laying before them of the condition and needs of these objects; and also to do all in their power to secure an annual contribution to each of them by every member of the church.

The Presbyteries are also advised and urged, at their stated spring meetings, to ascertain in what churches within their several bounds these objects have thus been presented, and in all cases of omission to ask the reasons therefor. Also,

Overture No. 13.—On the observance of the Sabbath. They recommended the following response:

Inasmuch as the Church of God is the light of the world and the salt of the earth, the General Assembly bid God-speed to all well-organized and judicious efforts to enforce the general observance of the Sabbath; and call upon the people, both by example and by co-operation, to encourage the efforts of the "International Sabbath Association," and all others, to arrest and put down all Sabbath desecration by railway companies and steamboats, and any other methods, whether for business or pleasure.

And the Assembly enjoin upon all within their bounds to discourage attendance upon all public gatherings, even professedly of a religious character, which invite the multitude in attending upon them to violate the sacredness of the Sabbath day, by patronizing railways and other public conveniences on that day.

The consideration of Judicial Case, No. 6, was resumed, and the appellant, Rev. John Miller, addressed the Assembly.

The Rev. Abraham Gosman, D.D., was then heard in behalf of the Synod of New Jersey.

The Assembly adjourned until 7½ o'clock P.M.
Closed with prayer.

FRIDAY, May 24th, 7½ o'clock P.M.

The Assembly met, and was opened with prayer.

The Committee on the Records of the Synod of Colorado presented their report, recommending that the Records be approved as far as written; and the report was adopted.

The Standing Committee on the Polity of the Church reported

Overture No. 1.—Being a Request of the Synod of the Pacific, that the Territory of Arizona be transferred from the Synod of Colorado to the Synod of the Pacific. As the Synod of Colorado has concurred in said action, the Committee recommend that the transfer be made. Also,

Overture No. 2.—Being a Request from the Synod of Kansas, that the three Presbyteries of Austin, North Texas and Trinity, into which the Presbytery of Austin has been divided, be organized as a Synod. The Committee recommend that the request be granted; that the new Synod be known as the Synod of Texas; and that their first meeting be held in the First Presbyterian Church of Austin, on the second Thursday of October, 1878, at 7½ o'clock P.M., and be opened with a sermon by the Rev. William G. Bell, or in his absence by the oldest minister present, who shall preside until a Moderator be chosen. Also,

Overture No. 3.—Being a Request from the Presbytery of Kittanning for an answer to the following question: "In an election of Elders in a particular church, should the meeting for the election be presided over by the Session, and is the Session alone competent to conduct the election?" The Committee recommend that the Presbytery be referred to Chapter 13, Section 2, of the Form of Government. Also,

Overture No. 4.—Being a Resolution referred to this Committee, that the Stated Clerks of Synods and Presbyteries be directed to insert, in their Statistical Reports to the General Assembly, the aggregate numbers of the Ruling Elders and also of the Deacons in the churches severally within their bounds. The Committee recommend that the resolution be adopted. Also,

Overture No. 5.—From the Synod of Colorado, that the General Assembly instruct the churches to observe Wednesday of the "Week of Prayer" as a day of Special prayer for Sabbath-schools, and that Thursday of the same week be observed as a day of Special prayer for Home Missions. Your Committee recommend that no action be taken. Also,

Overture No. 6.—Being a Request from the Presbytery of Cleveland:

1. That this Assembly lay down some general rule for dealing

Digitized by Google

with those members of Presbyteries, who, not actively engaged in the pastoral work, neglect to report to their Presbyteries; and,

2. To lay down some uniform rule concerning those ministers who leave the bounds of their own Presbytery and neglect to remove their connection, though their residence is permanently fixed within the bounds of another Presbytery. The Committee recommend that each such case be decided by the Presbytery on its own merits. Also,

Overture No. 7.—Being a Request from the Elders and Trustees of the First Presbyterian Church of Bradford, Pa., that said church be transferred from the Presbytery of Wellsboro, Synod of Harrisburg, to the Presbytery of Genesee Valley, Synod of Western New York. The Committee recommend that, inasmuch as the Synods interested do not appear to have taken action, their attention be directed to it, and the matter referred to the next General Assembly. Also,

Overture No. 8.—In which the Presbytery of Redstone request the Assembly to overture the Presbyteries for a change in Chapter 12, Section 7, of the Form of Government; so that it read, "The General Assembly shall meet at least once in every three years." The Committee recommend that, inasmuch as this subject will be before the Assembly in the report of another Committee, no action be taken. Also,

Overture No. 9.—From the Presbytery of Cleveland, requesting that Presbyteries which have so declined as not to contain the number of ministers required by the Constitution, and Presbyteries which have not attained to such a number, be dissolved. The Committee recommend that no action be taken. Also,

Overture No. 10.—Being a Request from the Presbytery of Rock River, for information on the following questions:

1. What shall be done with persons, who, after having been, upon examination, received by the Session, conclude that they are not Christians, never come to the Lord's Table, and request that their names be erased from the roll of membership?

2. What course shall be pursued with those who have for a time walked with the church, but subsequently withdraw on the ground that they were deceived in the matter of personal piety, and who ask that their names be erased from the roll of the church?

The Committee recommend the following answer: There are but three ways in which the name of a person can be removed from the roll of a church. These are, by death, by dismission to another church, and by the administration of discipline. Great forbearance, however, should be exercised toward those whose position has been indicated in the Overture. Their unfavorable judgment in regard to themselves may be dependent upon a temporary depression of mind. They should, therefore, be the subject of earnest prayer and affectionate expostulation, with the hope that they may be brought to the enjoyment of Christian privileges. The applications of these general principles, however, must be left to the discretion of the Session.

The Report of the Committee was adopted.

The consideration of Judicial Case, No. 6, was resumed, and the Moderator reminded the members of their high responsibility as judges of a Court of Christ.

The Rev. P. Augustus Studdiford, D.D., and Rev. John T. Duffield, D.D., were heard in behalf of the original prosecutors, and of the Synod of New Jersey, the respondents in the Case.

The appellant further addressed the Assembly.

The members of the Synod of New Jersey were heard in explanation of the grounds of their decision, or their dissent from it.

The original parties and all the members of the inferior judicatory withdrew from the Assembly.

The calling of the roll was dispensed with, but an opportunity was given to the members of the Assembly to express their opinions upon the Case.

The vote was taken and resulted as follows :

To sustain, 3.

To sustain in part, 18.

Not to sustain, 274.

It was *Resolved*, that a Committee of five be appointed, to prepare a minute expressing the views of the Assembly in this Case.

The Assembly adjourned until to-morrow at 9 o'clock A.M.

Closed with prayer.

SATURDAY, May 25th, 9 o'clock A.M.

Th Assembly met, and was opened with prayer.

The minutes of yesterday's sessions were read and approved.

The Moderator announced the result of the vote in the case of the Appeal of the Rev. John Miller from a decision of the Synod of New Jersey, and declared that the Appeal had not been sustained.

The following were appointed the Committee to prepare a minute expressing the views of the Assembly in the above case : Rev. Ransom B. Welch, D.D., LL.D., Rev. Jonathan Edwards, D.D., LL.D., Rev. Robert F. Sample, D.D., and *Elders*, Hon. Erastus F. Williams and Hector V. Loving.

The Committees on the Records of the following Synods severally reported, recommending the approval of the several Books of Records, as far as written : The Records of the Synods of Albany, Baltimore, Central New York, Cleveland, Columbus, Erie, Geneva, Harrisburg, Illinois North, Illinois South, Indiana South, Iowa North, Iowa South, Kansas, Kentucky, Long Island, Michigan, Minnesota, Missouri, Nebraska, New Jersey, New York, Pacific, Philadelphia, Pittsburgh, Tennessee, Toledo, Western New York, and Wisconsin were approved.

The Committee on the Records of the Synod of Illinois Central recommended their approval as far as written, with the following exceptions :

1. That notice appears, on page 241, of a Complaint made by Rev. Arthur Rose against the Presbytery of Peoria, which was taken up by the Synod, considered and voted upon, and reasons for the vote were given, while the subject-matter of the said Complaint is not recorded. This defect disables this Assembly from deciding as to the validity of the reasons given for the vote of the Synod in this Case.

2. It does not appear from their Records whether the Synod took farther action upon said Complaint than to vote upon it, and give reasons for that vote ; thereby leaving this Assembly in doubt, whether the Presbytery complained of was censured ; or whether the matter of the Complaint was referred back to them for re-adjudication ; or whether the Synod dropped it entirely.

The Report was adopted.

The Stated Clerks of the Synods of Columbia and Indiana North, whose Records have not been presented to this Assembly, were directed to send the Records of those Synods for review to the next General Assembly.

A claim on the mileage fund of the last Assembly, on the part of one of the Commissioners of the Presbytery of Santa Fé, was referred to a Committee, consisting of Rev. William C. Roberts, D.D., Rev. Thomas C. Strong, D.D., and Mr. Daniel W. Ingersoll, to confer with the Stated Clerk of the Assembly.

The following Report was presented, in behalf of the Delegation to the Presbyterian General Council convened at Edinburgh, Scotland, in July, 1877:

The undersigned, on behalf of their brethren of the Delegation, respectfully report, that they have fulfilled the appointment of the last General Assembly and attended the General Presbyterian Council that met in Edinburgh last July.

That Council was attended by 333 representatives from 49 different Churches, containing about 20,000 separate congregations, all of whom agree in holding the Presbyterian Polity and the Calvinistic system of doctrine. Such a meeting, therefore, the first of its kind that has ever been held, was a most impressive exhibition of the unity and strength of the Presbyterian Church throughout the world.

The Sessions of the Council lasted for ten days, during which matters of great interest and importance were under consideration. A very remarkable degree of harmony was manifested throughout, and so happy a gathering must necessarily tend to the unifying of our common Church, its different branches, that in their independent positions have rendered so great service to the Redeemer's cause having been brought into closer relationship to each other through that brotherly sympathy which results from a more perfect knowledge of each other's peculiar work.

The proceedings of the Council have been published in a printed volume, a copy of which has been presented to the Assembly, and is now lying on its table.

The Council when closing resolved to meet again in Philadelphia in 1880, on which occasion it is hoped that this Assembly will be fully represented.

WILLIAM C. ROBERTS,
GEORGE D. MATHEWS.

The Report was accepted.

The Committee on Finance presented the following Report, which was adopted :

The following papers have been placed in their hands :

1. The Balance-sheet from the Ledger of the Treasurer of the Trustees of the General Assembly.

2. The Report of the Treasurer of the Trustees, from April 1st, 1877, to April 1st, 1878, certified as correct by their Committee on Accounts, showing that the receipts were $62,270.16, making, together with $11,439.34, the balance in the hands of the Treasurer from the last year, the sum of $73,709.50 ; and the expenditures, $72,164.34—leaving a balance in the Treasury at the close of the fiscal year of $1,545.16.

3. A Specification of the items composing the cash balance above stated.

4. A detailed statement of the Income derived from investments made in the name of said Trustees.

5. A detailed statement of additions made within the past year to the Permanent Funds by Legacies, Bonds and Mortgages paid, and United States Bonds called in, etc., which, with the uninvested balance, April 1st, 1877, amount to $58,875.92 ; from which sum there has been added to the permanent investments in Bonds and Mortgages and United States Bonds, $58,338.17 ; leaving $537.75 to be invested.

6. A Tabular Statement of the total investments made by the Trustees to April 1st, 1878, amounting to $243,137.53.

The Committee on Accounts, appointed by the Board of Trustees from among their members, under date of April 1st, 1878, state that, "having examined the Stocks, Bonds, Bonds and Mortgages in the hands of E. G. Woodward, Treasurer, and vouchers for the money paid by him, find the same to be correct, leaving a cash balance of $1,545.16 in the hands of the Treasurer. The Stocks, Bonds and Mortgages all stand in the name of the Corporation."

Signed, ALEXANDER WHILLDIN,
MORRIS PATTERSON,
Committee on Accounts.

It is further stated that the Finance Committee of the Board of Trustees, "In compliance with the first item of Article 4 of the By-Laws, respectfully report to the Trustees of the General Assembly of the Presbyterian Church in the United States of America, that the investments are all made in the name of the Corporation,

and are transferable only on the order of the Finance Committee, or by a special resolution of the Trustees."

Your Committee have endeavored, as far as possible, to ascertain the character of the investments, and in their judgment they appear to have been carefully made. Yet it is impossible for your Committee to find out the precise character, value and worth of all the investments at the present time; and in view of the shrinkage in investments in these times, and following a precedent in former meetings of the Assembly, your Committee would recommend that a Special Committee of five be appointed, consisting of Hon. John Hill, Jacob D. Vermilye and John A. Stewart, of New York, and William Purvis and William L. Dubois, of Philadelphia, to examine and report upon all the trust funds in the possession of our Boards.

7. The Account of the Treasurer of the General Assembly, accompanied by necessary vouchers, comparing which with the account, your Committee have verified its correctness, showing a balance, in the hands of the Treasurer, of $5,675.29.

8. The Account of the Treasurer of the General Assembly, in the matter of the Taylor Legacy, showing a receipt of $11,577.25, which has been paid as directed, with vouchers accompanying the account; and your Committee have verified its correctness.

9. The Report of the Treasurer of the Trustees of the Presbyterian House, duly audited, showing the receipts, including the balance of $2,402.58 from the previous Report, May 1st, 1877, to have been $15,149.92; the amount distributed, $12,661.28; and the balance in the hands of the Treasurer, $2,488.64. Accompanying this Report, is a detailed statement of the Permanent Funds of this Trusteeship, amounting in all to $84,058.

The Trustees state that, of the Benjamin Fund, $6000 have been paid, leaving $24,000 yet to be paid.

The Trustees state that the above sum will be payable next year; and "that the interest on the fund has been annually and regularly paid, and is promptly distributed among the objects specified in Mr. Benjamin's will."

The Trustees still further report that, in the matter of the bequest to them by Miss Eliza S. Sherwood, deceased, late of Manlius, Onondaga County, New York, no settlement has as yet been effected.

The Trustees further report that the term of office of the following Trustees expires during the present sessions of the Assembly, viz.: Rev. David A. Cunningham, D.D. (removed to Wheeling, West Virginia), Rev. Villeroy D. Reed, D.D., Mr. William G. Crowell, Mr. William E. Tenbrook, and Mr. Alexander Whilldin.

Your Committee respectfully recommend Rev. Charles A. Dickey, D.D., in place of Rev. David A. Cunningham, D.D., removed, and that the other four named above be re-elected for a further term of two years.

10. A Paper referred to the Committee calls their attention to the fact, that there are at present vacancies in the Board of six Trustees, caused by deaths and resignations. The charter requires that these vacancies must be filled by the Assembly while in session in the State of Pennsylvania. The Act of Incorporation reads as follows: "That the Corporation shall not, at any time, consist of

Digitized by Google

more than 18 persons, whereof the said General Assembly may, at their discretion, as often as they shall hold their sessions in the State of Pennsylvania, change one third, in such manner as to the said General Assembly shall seem proper." The vacancies are as follows: Mr. Stephen Colwell, Mr. James Bayard, and Mr. Charles Macalester, removed by death. Rev. Alexander Reed, D.D., Rev. Herrick Johnson, D.D., and Mr. Samuel Hood, resigned.

Your Committee respectfully recommend the election of the following persons to fill the vacancies: Rev. Thomas J. Shepherd, D.D., Rev. William T. Eva, D.D., Samuel C. Perkins, Esq., Mr. William E. Tenbrook, Mr. James T. Young, and H. Lenox Hodge, M.D.

In conclusion, your Committee recommend the approval of the Financial Reports, and the Accounts herein referred to; and that the same be published in the Appendix to the Minutes of the General Assembly.

It was announced that the Election of six Trustees to fill the vacancies in the Board would be held by ballot on Monday next.

The Assembly proceeded to the order of the day, viz.: the consideration of the Report of the Special Committee on Reduced Representation.

Pending the discussion, it was

Resolved, to reconsider the vote dispensing with a Saturday afternoon session.

After devotional exercises, the Assembly adjourned until 2½ o'clock P.M.

Closed with prayer.

SATURDAY, May 25th, 2½ o'clock P.M.

The Assembly met, and was opened with prayer.

The consideration of the Report on Reduced Representation was resumed. Having been amended, it was adopted, and is as follows:

The Committee have had under consideration Overtures from 31 different Presbyteries, proposing plans of reduction. These may be sharply divided into two classes. Fifteen of them would retain the present ministerial basis of representation, the other sixteen ask for a change to the Church basis of Communicants, or Ministers and Communicants combined.

The first class, adhering to a Ministerial basis, differ widely in the modes by which they propose to reduce the representation. Two Presbyteries still pronounce for Synodical election. One Presbytery would retain the present mode and ratio, but divide the Presbyteries of every Synod into two classes, one half to send Commissioners each year, thus leaving half the Presbyteries

Digitized by Google

every year unrepresented. One Presbytery would give every Presbytery, however large or small, a Minister and Elder in this body, with the right, on the request of the delegations from two of the constituencies, to cast different numbers of votes proportioned to their size; while another would make an Assembly of 400 members, and, when the number of Presbyteries shall reach 200, would make them all equal here. Four Presbyteries propose that the ratio be made—one Commissioner for 15, 20 or 24 Ministers or fraction thereof; and that the Presbyteries which would have odd numbers have the Ministers and Elders, in the beginning, either classified among them by the Assembly, or alphabetically arranged, and afterwards to alternate. One Presbytery would give a Minister and Elder to each Presbytery with ten pastorates, and, for ten pastorates over 30, two Ministers and two Elders. Four Presbyteries propose that the ratio shall be a Minister and Elder for every twenty-four Ministers, and that small Presbyteries, containing less than that number, be grouped together by their Synods, in electoral bodies of 24, to elect on that ratio. One Presbytery takes a wider sweep, and asks for the distribution of the Church into electoral districts of 100 Ministers who shall send three Ministers and three Ruling Elders each.

Of the sixteen Presbyteries which ask for a change in the basis of representation, five overture in favor of what has become known as the Philadelphia plan as a whole; five others overture in general terms for the Communicant basis which that plan has made prominent, and propose to unite the Ministers and Communicants in the basis.

In addition to the Overtures named, the Committee have had before them suggestions for triennial and quadrennial meetings of the Assembly, and a modification of a proposal made by the late Rev. Dr. Archibald Alexander. According to that proposal, a large amount of the work now coming to the Assembly would be disposed of by the Synods, and these be rendered more serviceable to the Church than in some cases they are at present. Briefly stated, that plan would be as follows: *First.* Let our Synods be made representative bodies, and then be reduced in number by consolidating them, so that there shall not be more than eight or ten over the whole Church. *Second.* Let the powers of these Synods be enlarged, so that the Annual Reports of the Benevolent Boards and Schemes of the Church, now submitted to the General Assembly, shall come before them for consideration and action; the decisions of the Synods on all matters to be final, except in Overtures or Appeal Cases affecting the Constitution or Doctrine of the Church. If such a change were made, the General Assembly would not require to meet every year, to be in session so long, or to consist of many members. A biennial or triennial Assembly, with a membership of one or two hundred, might suffice for the needs of the Church, for its chief work would consist in giving final decisions as to the work of the Church, and as to Overtures or Appeal Cases on matters involving her doctrine or constitution. Some such plan, carrying in itself the principles of efficiency, economy, and elasticity, may come up for consideration at no very distant date. The Committee, therefore, earnestly desire for this subject the careful attention of the Church. It involves, however, so many considerations that, while regarding it

Digitized by Google

as possibly giving a permanent settlement of our great difficulty, they do not venture to propose it to the Assembly for adoption on the present occasion.

After a careful investigation of the whole subject of reduction, and a free interchange of views, the Committee, with a *hearty unanimity*, recommend that the following Overture be adopted for transmission to the Presbyteries :

Shall Chapter XII, Section 2, of the Form of Government be so amended as to read as follows?—

The General Assembly shall consist of Commissioners, Bishops and Elders as nearly as possible equal in number, elected by the Presbyteries. The basis of representation shall be the number of Ministers and Communicants combined as given in the annual Statistical Reports made to the General Assembly.

The ratio of representation under this rule shall be, one Commissioner from each Presbytery containing not more than 2500 Ministers and Communicants combined ; and each Presbytery containing more than 2500 and not more than 5000 Ministers and Communicants shall send two Commissioners ; and each Presbytery containing more than 5000 and not more that 7500 Ministers and Communicants shall send three Commissioners ; and in the proportion of one additional Commissioner for each and every additional 2500 Ministers and Communicants or fraction thereof. And whenever the number of Commissioners would, on the existing ratio, exceed 350, the General Assembly may change the ratio so as to reduce the number. Each Presbytery in existence on the 16th day of May, 1878, shall be entitled to at least one Commissioner ; but Presbyteries that may be thereafter constituted, containing less than 500 Ministers and Communicants, shall not be entitled to a Commissioner until their combined Ministerial and Communion rolls shall have grown to that number.

Each Synod shall, at its stated annual meetings, ascertain, from the Statistical Reports made to the General Assembly, the number of Commissioners to which its several Presbyteries will be entitled on the established ratio ; and, in the cases of Presbyteries entitled to odd numbers of Commissioners, shall declare which shall elect a Minister, and which an Elder as the odd Commissioner, alternating them as far as possible from year to year.

Between the stated meetings of the Synods and the meeting of the General Assembly to which the Commissioners are to be appointed, the Presbyteries shall elect, according to the number of their Ministers and Communicants, and according to the arrangements by their Synods as herein provided.

The Assembly adjourned until Monday, at 9 o'clock A.M.

but one Secretary be heard, and that he be limited to thirty minutes: and that the Chairman of the Committee have only the privileges of any other member in debate which may ensue upon the Report.

2. That all discussion on Reports of Standing Committees on the Boards shall be limited to one hour, and each address to five minutes.

3. That all popular addresses by Secretaries, Missionaries and others, shall be at the evening sessions of the Assembly.

We also recommend, for the further orderly and expeditious conduct of the business of the Assembly,

1. That no Report shall be heard from the Committee of Arrangements, or others, until the General Assembly is organized.

2. That the Moderator shall appoint a Committee on Elections before the close of the first session, who shall pass upon all Commissions thenceforward.

3. That the Stated Clerk shall distinctly announce to the Assembly the title of all papers put into his hands for reference before they are so referred.

4. That all Standing Rules and Orders of this Assembly inconsistent with the above are hereby repealed.

The Committee also reported:

Overture No. 14.—On the subject of the Secular Press. The Committee recommended the following minute:

The General Assembly recognize with great satisfaction the enterprise of the secular press in obtaining and publishing religious and ecclesiastical news, and also the ability with which it discusses and advocates measures in promotion of education, sound morals and good order. At the same time the Assembly beg leave to call the attention of those who control the secular press, to the propriety and duty of giving less prominence to the details of crime, especially of all forms of licentiousness, as their publication tends to destroy delicacy of feeling, to corrupt the public mind, and to make that familiar and less repulsive which should always be viewed with abhorrence.

The recommendations were severally adopted.

The Committee on Reduced Representation, to whom were referred certain resolutions in reference to the Mileage and Contingent Funds of the General Assembly, reported as follows:

In the judgment of the Committee, the position taken in the resolutions is the Constitutional one. None of our Church Courts are clothed with the power to *assess* a tax upon the churches. Apportionments to meet the expenses of the several bodies may be made; but the payment depends upon that voluntary liberality which flows from the enlightened consciences of the people, who may be confidently relied upon to return whatever is necessary for the conduct of our ecclesiastical business. The Committee regret, while they appreciate, the state of affairs, which has led so many Presbyteries

Digitized by Google

to announce their conditional purpose hereafter to withhold their proportion from the Mileage Fund of this body. That Fund has done so much to secure the representation of all parts of the denomination in its Supreme Court, that it would be a calamity to have it destroyed. The Committee express the hope that the current year will end the embarrassment which now surrounds the Fund, and has led to the purposed withdrawal of Presbyterial aid; and that, this removed, the Presbyteries will continue to receive from their churches, and forward to the Treasurer of the General Assembly, the full amount of the *per capita* communicant apportionment.

Under the influence of this view of the subject, the Committee report back the resolutions referred to them, and recommend the Assembly to adopt them as follows:

Whereas, Our Form of Government, Chapter XXII, Section 2, makes it proper for each Presbytery to pay the expenses of their own Commissioners in their attendance upon the General Assembly: if any Presbytery shall choose to do so, the Assembly cannot *require* them to contribute to the general fund. Nevertheless, it is hereby

Resolved, 1. That each Presbytery is hereby *earnestly requested* to contribute annually its full proportion for the Commissioners and Contingent Funds of the General Assembly.

Resolved, 2. That any Law or Resolution or Action of previous Assemblies, contrary to, or inconsistent with the above declaration and Resolutions, be, and the same hereby is repealed.

The Report was adopted.

The Assembly proceeded to the election by ballot of Trustees of the General Assembly, Trustees of the Presbyterian House, and Trustees of the Church Erection Fund; and there being no nominations other than those heretofore made, the Stated Clerk of the Assembly was instructed to cast the ballot of the General Assembly, whereupon the following were declared to be duly elected:

For Trustees of the General Assembly: Rev. Thomas J. Shepherd, D.D., Rev. William T. Eva, D.D.; and Elders Samuel C. Perkins, William E. Tenbrook, James T. Young, and H. Lenox Hodge, M.D.

For Trustees of the Presbyterian House: Rev. Charles A. Dickey, D.D., Villeroy D. Reed, D.D.; and Elders William E. Crowell, William E. Tenbrook, and Alexander Whilldin.

For Trustees of the Board of Church Erection: Rev. John Hall, D.D., Rev. Samuel D. Alexander, D.D., Rev. Erskine N. White, D.D., Rev. Henry M. Booth; and Elders James Fraser, Benjamin F. Dunning, and Richard H. Laimbeer.

The consideration of Judicial Case, No. 8, was resumed, and the Moderator reminded the members of their responsibilities as judges in a Court of Christ.

The Records of the Synod of Cincinnati, so far as concerns the Case, were read.

The Rev. Thomas H. Skinner, D.D., one of the complainants, and Rev. Andrew Ritchie, one of the counsel appointed to defend the Synod, addressed the Assembly.

MONDAY, May 27th, 7½ o'clock P.M.

The Assembly met, and was opened with prayer.

The Standing Committee on the Polity of the Church reported as follows :

Overtures Nos. 11 and 12.—The first being a Memorial from the Presbytery of Philadelphia, Central, and the second from Mr. Charles Kirkpatrick, a member of this body, requesting the Assembly to appoint a Day of Fasting, Humiliation and Prayer, in view of the state of the Country.

The Committee recommended the adoption of the following :

That the Assembly do not deem it advisable, at the present juncture, to appoint a particular Day for Fasting, Humiliation and Prayer, but would earnestly recommend to all God's people, in their ordinary public and private devotions, to recognize the existing financial crisis as a Providential dispensation ; to make confession of personal and national sins ; and to implore from God relief from our present distress, and his protection and blessing in the future.

They also reported

Overture No. 13.—A Request from the Woman's Presbyterial Missionary Society of the Presbytery of Alton, that the Assembly define the boundary lines between the Woman's Board of the Northwest and the Woman's Board of the Southwest, with the view of preventing confusion and embarrassment in the operations of said Societies.

The Committee recommend that no action be taken.

They reported, also,

Overture No. 14.—A Request from the Presbytery of Newton, that the Assembly answer the following questions :

1. Is a Ruling Elder, appointed to represent a Session in the Synod, by virtue of that appointment also its representative at any adjourned meeting of his Presbytery which may be held during the intervals of the sessions of the Synod ?

2. May a Session, which has appointed a Ruling Elder its Delegate to a stated meeting of the Presbytery, appoint an Elder whom it delegates to the Synod to represent it, also, at any adjourned meeting of the same stated meeting of the Presbytery which may be held during the intervals of the session of the Synod ?

The Committee recommend the following answer :

That no rule is laid down in our Standards as to the particular term or time of service of Delegates appointed by Church Sessions to the higher judicatories of the Church ; and the Committee therefore recommend, that it be left to each Session to prescribe the particular terms for which, or times at which, its Delegates shall attend as its representatives in such judicatories. Under this view, the first branch of the Overture is answered in the negative ; but the

questions involved in both branches are subject in each individual case to the control of each Session.

They reported, also,

Overture No. 16.—Being a Request from the Trustees of the General Assembly that the General Assembly authorize said Corporation and the Trustees of the Presbyterian House to cause a union or merging of these corporations to be made according to law, upon the terms and conditions authorized by the General Assembly of 1874.

The Committee recommend that this subject be referred to Hon. Joseph Allison, LL.D., George Junkin, Esq., and Samuel C. Perkins, Esq., to report to the next General Assembly.

They reported, also,

Overture No. 18.—From the Presbytery of Wooster, asking the Assembly to determine and define the relation between the Presbytery and the Board of Education.

The Committee recommend that this Overture be referred to the Assembly's Standing Committee on Education.

They reported, further,

Overtures Nos. 19, 20, and 21.—The first, from the Synod of New-Jersey, in regard to the revision of the Book of Discipline. The second, from the Presbytery of Dayton, asking that the Form of Government be so amended as to make provision for Judicial Commissions. The third, from Rev. Joseph S. Van Dyke, a member of this Assembly, praying that the Book of Discipline be so changed that certain judicial cases terminate in the judicatory immediately above the court of original jurisdiction.

The Committee recommend the following:

That, without expressing any opinion on the particular changes proposed in the Overtures, a Committee, consisting of six ministers and five elders, be appointed by this Assembly, to consider whether any changes, amendments, or additions should be made in our present Form of Government and Book of Discipline, and if so, what; and that said Committee report to the next Assembly.

They reported, also,

Overture No. 22.—From the Presbytery of Chillicothe, asking the Assembly to confirm the action of the Synod of Cincinnati, in transferring the Church of New Plymouth to the Presbytery of Athens, Synod of Columbus.

The Committee recommend that, inasmuch as it does not appear that the Synod of Columbus has taken action, the matter be referred to the next General Assembly.

They reported, also,

Overture No. 23.—From the Presbytery of Louisville, expressing

regret that the Church's work among the Freedmen has been transferred from the Committee on Missions for Freedmen to the Board of Home Missions.

The Committee recommend that this Overture be referred to the Assembly's Standing Committee on Freedmen.

They reported, also,

Overture No. 24.—From the Broadway Presbyterian Church of Rock Island, inquiring whether Rotary Elders, when re-elected, shall be reinstalled.

The Committee recommend that this question be answered in the affirmative.

The recommendations of the Committee on the Polity of the Church were severally adopted.

The Consideration of Judicial Case, No. 8, was resumed, and the Moderator enjoined upon the Assembly to recollect and regard their high character as a Court of Jesus Christ.

Rev. Edward D. Morris, D.D., appointed to defend the Synod of Cincinnati, and the Rev. Nathaniel West, D.D., one of the complainants, addressed the Assembly.

The members of the Synod of Cincinnati were called upon to explain the grounds of their decision, or of their dissent from it.

The original parties and all the members of the inferior judicatory withdrew from the Assembly.

The calling of the roll of members was dispensed with, but the roll of the Synods was called, and an opportunity was given to all members desiring it to express their opinions on the Case.

The final vote was taken with the following result :

To sustain, 243.

To sustain in part, 7.

Not to sustain, 57.

The Moderator announced the vote, and declared that the Complaint had been sustained.

It was *Resolved*, That a Committee of five be appointed to prepare a minute expressing the judgment of the Assembly in the Case.

The Assembly adjourned until to-morrow at 9 o'clock A.M.

Closed with prayer.

Whereas, There is in the Treasury of the Board of Home Missions the sum of $44,879.50, already contributed by the churches specially for the Sustentation Cause, therefore,

Resolved, 1. That the Board of Home Missions be instructed to use this sum for the support of Sustentation Pastorates only.

2. That it be recommended to the churches in all our Presbyteries to take separate collections for Sustentation Pastorates, and transmit the same to the Treasurer of the Board of Home Missions.

It was *Resolved,* to receive the Report of the Standing Committee on Freedmen at 10 o'clock this A.M. ; and to make it the second order to hear the Report of the Standing Committee on Theological Seminaries.

It was *Resolved,* That the General Assembly's Boards, to whom application is made, shall, upon declining or reducing the amount of an application, report that fact as promptly as possible and give the reasons therefor, through the Stated Clerks of the Presbyteries.

It was made the third order of the day to receive the Report of the Committee on Mileage.

The Assembly proceeded to the order of the day, when the Report of the Standing Committee on Freedmen was presented and accepted.

The Rev. A. Craig McClelland, the Corresponding Secretary of the Committee, and others addressed the Assembly.

It was adopted, and is as follows :

The Standing Committee on Freedmen respectfully report,

That we have received the Eighth Annual Report of the Presbyterian Committee of Missions for Freedmen ; also a Special Statement from the aforesaid Committee ; a Memorial from the Synod of Atlantic ; an Overture from the Presbytery of Knox ; and an Overture from the Presbytery of Louisville.

We shall present to the Assembly, in a condensed statement, the facts set forth in each of the papers placed in our hands, so that full information way be given in reference to the work among the Freedmen.

From the Annual Report we gather the following Statistics :

For the year ending March 31st, we find that there have been under the care of the Assembly's Committee, 49 Ministers, 27 Catechists, and 53 Teachers, including assistants (or counting Ministers and Catechists who taught, 75) ; in all 129 Missionaries.

This, in comparison with the preceding year, shows an increase of 1 Minister, 4 Catechists and 6 Teachers ; in all 11 Missionaries.

Whole number of churches, 139 ; added on examination, 927 ; whole number of Communicants, 10,257 ; Sabbath-schools, 120 ; Sabbath-school Scholars, 7456. In comparison with the preceding year, we have an increase of 11 churches, 41 on examination ; 368 communicants ; 12 Sabbath-schools, and 364 Sabbath-school scholars. This increase does not include the 80 churches which have been transferred to the Board of Home Missions, as no report has been received from them for the past three months.

If the statistics of these 80 churches were added to the above, we would have even a more encouraging report of the advance in the spiritual development of the Church work among the Freedmen.

Educational Institutions under the care of the Assembly Committee: Number of Parochial Schools, 37; number of Pupils enrolled, 3989. Showing 4 schools less and 241 pupils more than were reported last year.

HIGHER GRADE INSTITUTIONS.

1. Chartered Institutions:—Biddle University, Charlotte, N. C.; Wallingford Academy, Charleston, S. C.; Scotia Seminary, Concord, N. C.

2. Normal Schools:—Brainerd Institute, Chester, S. C.; Fairfield Institute, Winnsboro', S. C.; Bluffton Institute, Bluffton, S. C.

3. Graded Schools:—Medway, Georgia; Columbia, Columbia, Tenn.; Greensboro', Greensboro', N. C.

The following table will give the aggregated results of the first five Institutions aforenamed, as compiled from their Annual Reports for the past year:

Aggregated results of these five Institutions, from the date of their organization to the present, as accurately as may be:

Total number of students enrolled, about	4,000
" " who have entered the Ministry,	87
" " yet laboring in the Ministry,	58

From the above statements, we have a clear and unmistakable token of the Divine presence and blessing upon the work which has been performed by these Educational Institutions. Progress and advancing development are stamped upon these noble centres of Intellectual and Spiritual light.

Similar results have been attained by one and all of the remaining four graded schools; but as no statistical reports were before your Committee we were unable to tabulate the facts in the case. In another part of the Report, will be given a full statement of the progress of all the Educational Institutions.

The remaining documents which are in the possession of your Committee, as they all refer to the question of the future status of the Educational work of the Freedmen, will be given in brief abstract in a subsequent part of the report.

FINANCIAL STATEMENT.

Receipts:—From the Freedmen's churches and schools during the year, for self-support, $12,670.93; increase over last year, $1,043.77 (this does not include amounts raised during the last quarter by the 80 churches transferred); from white churches and individuals, $37,234.48; whole amount received by the Treasurer from all sources, $51,255.31; whole amount of expenditures, 50,833.95; balance on hand, $421.36.

It appears from the Treasurer's Report, that $45,334.15 of the expenditures were specifically spent on the field. Outside of this expenditure we have printing, $781.66; amount of balance due Rev. E. F. Hatfield, D.D., $1354; and officers and office expenses, $3,364.14.

Surely this financial statement exhibits the important and cheering fact, that our work for the Freedmen is administered on the basis of a lower grade of personal expenditure, than can be found elsewhere. If, out of the gross receipts of $51,255.31, the amount paid for officers and office expenses, viz., $3,364.14, be deducted, we have a balance of $47,891.17 to be appropriated directly for mission work for the Freedmen. Your Committee would ask at this point, How is it possible, under any other administration, to do the same work as accurately and successfully at the same cost of personal expenses?

THE TRANSFER.

At the session of the General Assembly, held at St. Louis, in May, 1874, the following action was adopted: "The Committee on Freedmen shall continue as at present located and constituted, for the period of five years, during which period its affairs shall be conducted with the view to the final merging of the Committee with the Board of Home Missions, and, as soon as possible, the churches under the care of the Committee shall be transferred to the Board of Home Missions."

In reference to this action, there are two views held, in regard to the exact purport of this transfer. The one is, that the Assembly contemplated a complete transfer, to the Board of Home Missions, of the entire work intrusted to the Presbyterian Committee of Missions for Freedmen, and as a necessary sequence, the dissolution of the Committee.

The other view is, that the action taken was special; contemplating only the transfer of the mission churches, which was germane

Digitized by Google

to the organic work of the Board of Home Missions; reserving, to the Committee for Freedmen, the Educational work in all its details, and also the mission churches necessarily associated with the Educational Institutions, and ministered to by the Professors, Teachers and Catechists.

Both of these views are held with positive convictions on the part of those who entertain them.

Your Committee do not assume the responsibility of being the interpreters of the Assembly's action in the premises, whatever may be the view entertained by the individuals constituting the Committee. We shall, for the sake of peace and harmony, assume that the view, which calls for the absorption of the entire work by the Board of Home Missions, correctly formulates the intent and purpose of the deliverance of the Assembly of 1874; and from this standpoint we shall endeavor to show, that the status of the work at the present time is such as calls for a deliverance, by the Assembly of 1878, which shall continue the Committee for Freedmen, clearly define its distinct field of labor, and thus give its educational work an integral and prominent position before the Church.

In accordance with the directions of the General Assembly of 1874, the Committee on Freedmen two years ago instituted measures, mainly through the Presbyteries, to place the mission churches substantially upon the same basis, as were the white churches under the care of the Board of Home Missions:—(1) By having each missionary depend upon his church, or group of churches, for a fixed amount of his salary; and (2) by adopting the plan of quarterly instead of monthly payments of salaries. These measures proved so far successful as to warrant the transfer; hence, in the month of January of the present year, 80 churches, 27 Ministers, and 2 Catechists were passed over to the Board.

The Committee retained under their care and control 56 churches, 22 Ministers, 25 Catechists, and the entire work of evangelical education. Of these 56 churches 8 are self-supporting, either in groups or singly; 2 are supplied without aid from the Treasury of the Committee; and 3 others have only a nominal existence.

Of the remaining 43, all but four (not deemed in condition for transfer) are under the supervision of, and partially or wholly supplied by, the missionaries in charge of the higher Institutions and important educational centres. The aggregate salary of those in charge of the work transferred was between $16,000 and $17,000.

Such is the actual position of the work at present. The papers, referred to in the introduction of this Report, have special reference to the necessity and importance of definite action by this Assembly, looking towards the continuance of the Committee on Freedmen, with an enactment clearly setting forth their duties and responsibilities. The first paper is a Memorial from the Synod of Atlantic to this General Assembly on the special work among the Freedmen. The points presented are as follows:

1. Synodical action, asking for the co-operation of the Home Mission Board in this important work.

2. A Resolution declarative of the pressing necessity of a special

Digitized by Google

Agency to have charge of the educational work, and expressive of a desire for the continuance of the Freedmen's Committee.

3. The growth of the Synod is given: from 68 churches and 5816 members in 1870, to 114 churches and 9108 members in 1877. Reference is made to the Romish effort, and a comparison is drawn between the statistics of other denominations and the Presbyterian Church, *e.g.:*

The Congregationalists have 7 chartered Institutions, and have expended $3,000,000.

The Methodists have 7 Institutions, and have expended $2,000,000.

The Baptists have a training school in every State, and have expended over $700,000.

The Presbyterians have 3 chartered Institutions, and have expended $400,000.

The Synod also emphasizes the method of conducting the work by combining educational and Church work.

The question is asked, "Does the Educational work require a special agency?" The following reasons are given by the Synod for an affirmative answer:

1. The public schools are few and inefficient.

2. Though the public schools are supported by the State, there is no hope of the State supporting Academies, Seminaries, and Colleges; hence the necessity for Presbyterian schools of academical and collegiate grade.

3. This Southern work cannot be made to conform to the work in the West.

4. The necessity of enlarging the work by establishing educational institutions in the Carolinas, Georgia, Virginia, and throughout the Southwest.

The second paper is an Overture from the Presbytery of Knox, to the General Assembly, containing several reasons why the Assembly's work of Christian education among the Freedmen should be continued and enlarged. The following embrace the main points:

1. Whatever necessity has existed heretofore to promote education continues to exist with even greater force.

2. The vigorous efforts of the Romish Church in this regard.

3. The example of other Protestant churches.

4. Education is important to qualify Elders for Church work.

5. Also, to prepare the way for the spiritual welfare of the Freedmen.

6. Also to qualify them to become intelligent citizens.

7. The intimate connection between the Day-school and the Sabbath-school.

The third paper is an Overture from the Presbytery of Louisville, and is as follows:

"The Presbytery of Louisville would respectfully represent to the General Assembly that they have learned with regret, that the Missionary work amongst the Freedmen has been transferred from the Committee who have hitherto had charge of it to the Board of Home Missions. This has raised, in the mind of our Presbytery, serious apprehensions, lest, owing to the extent of their work in

Digitized by Google

other fields, they should be unable to do for this what its great importance demands.

The field already committed to the Home Board is of vast and complicated proportions. It is not to be expected, that they should be able to attend to the peculiar wants of this additional branch of labor, with that care and efficiency which it ought to receive, and must receive if it is to be carried on with hope of success. The work amongst the Freedmen is, in our judgment, in many respects sharply distinguished from that which relates to any other class of our population, and in order to enlist the interest of the whole Church in the cultivation of this important field, and secure for it their prayers and alms, it would seem every way desirable that its direction and control should be committed to a separate Committee, whose exclusive and entire attention and energies might be concentrated upon it. We, therefore, earnestly request the attention of the Assembly to this matter, hoping that they may be led to adopt such means, as may give new vigor to the work amongst the millions of this destitute but influential portion of our people."

The fourth paper is a special statement from the Presbyterian Committee of Missions for Freedmen, setting forth cogent reasons why the present agency should be continued, and the work of education greatly enlarged.

It will be noticed by the Assembly, that in all the aforementioned papers there is a marked and decided unity of view, all asking for the continuance of the Freedmen's Committee, and the commitment to them of the establishment and administration of all the educational work among the Freedmen of the South.

The Overtures come from two Presbyteries and the Synod of Atlantic, and demand at our hand a careful and prudent consideration; the request comes from those who are on the field, and are fully acquainted with all the facts. With them the question is intensely practical, and in no sense theoretic in its policy, or even tentative. Hence this problem must be solved by a critical inquiry into the nature of the work which has been done and the efficiency of the present agency to meet the responsible demand. In order to have an intelligent understanding we must go back and trace its early history and subsequent work.

During the first years of its organization, pecuniary embarrassment weighed heavily. The balance in hand May 1st, 1870, on the part of one of the organizations, was but $3,878.12. The indebtedness on the part of the other organization, as shown by an audited balance-sheet, presented by its acting Secretary Aug. 31st, 1870, was $17,789.15.

Although the Report of the General Assembly's Committee on Freedmen, presented May 1st, 1870, showed $3,240, and that of the Freedmen's department of the Presbyterian Committee of Home Missions, of the same date, showed $9,238.50, in all $12,478.50, received from the Freedmen's Bureau of the U. S. Government during the preceding year, the Report of the Presbyterian Committee of Missions, presented May 1st, 1871, showed that it had received but $3740 from the same source, and that Government aid for this purpose had entirely ceased on July 1st of the same year.

Thus, with the sudden loss, early in its first year, of over $12,000

Digitized by Google

annual Government aid, with a large reduction, in the same year, of amount of aid received from the Board of Home Missions; also with a loss from this source, in the second year as compared with the first, of nearly $3000; also with the entire ceasing of this aid with the first month of 1873; and with the rapid reduction of aid received from the Board of Church Erection, a loss averaging to each of the three years as compared with the receipts of the year preceding, of at least $15,000; in all some $45,000 were lost, without any reduction of the work handed over by its predecessors, save that of the general schoolwork of one of these to parochial.

This Committee, with all these difficulties, up to 1873 paid off $12,000 of its indebtedness of $17,000, and carried on its work, having in the field 32 Ordained Ministers, of whom 18 were colored; 6 Licentiates, of whom 5 were colored; 25 Catechists, of whom all were colored; 19 Male Teachers, of whom 18 were colored; 42 Female Teachers, of whom 18 were colored; 46 Day-schools; 3504 Pupils in these Schools; 61 Teachers; Biddle Memorial Institute, Wallingford Academy and Scotia Seminary (the united value of the property being $31,400), 79 Churches and 9 manses—all free from debt. The united value of these churches and manses estimated at $88,277.

This brings us to 1874, when the Assembly decided that this Committee should be absorbed at the end of the five years.

Your Committee would now call the attention of the Assembly to the following tabulated statement, showing the increase from 1874 to 1878.

4. Brainerd Institute (normal) :—Pupils, increase, 92 ; property valued at $3650.

5. Fairfield Institute (normal) :—In 1874, suspended ; 1878, pupils 340 ; property valued at $3500.

Property of the first five valued at $55,100.

Graded Schools.—1. Columbia, 1874, parochial school ; 2. Greensboro', 1874, parochial school ; Greensboro', 1878, teachers, 4; Greensboro', 1878, pupils, increase, 224.

3. Medway (new).—Pupils, 195 ; teachers, 3 ; property (new buildings since 1874), $600.

From the above tabulated statement, we find a marked progress since 1874. A systematic basis for a thorough education has been adopted and is in healthful exercise. These facts furnish indubitable evidence as to the efficiency of the present Committee : their knowledge of the field, and the success which has accompanied their efforts. The work might have quadrupled if the beneficence of the Church towards this work had even approximated to the importance of the trust. Students have applied to enter these Institutions, and were denied, either for want of accommodations, or funds to assist. With sufficient means to erect capacious buildings, and also to assist the indigent, thousands would be found availing themselves of these sacred privileges. With such a record, the question arises with grave impressiveness, Why should the Church disturb this faithful and efficient administration, which has the confidence of all who become familiar with its work, and pass it over into other hands, in order to unify the entire Home work ?

The above record is a historic testimony of what has been done, and a sure pledge of what will be done if this Committee shall stand as the acknowledged administration to promote and develop the entire educational work among the Freedmen.

In addition to what has already been presented, there is another fact which is important in its bearings. This is the expressed confidence of the brethren of the Southern Church in the integrity and influence of these Educational Institutions, as well as in the fidelity and wisdom of those who are in charge of the administration of the work for the Freedmen ;

This will appear from the following quotation from an able article, published by the Rev. Dr. Adger, late Professor in the Columbia Theological Seminary :—" There is a Biddle University near Charlotte, N. C., supported by Presbyterians of the North, where Dr. Mattoon, formerly a foreign missionary, is educating a fine body of young colored men. That Institution and its noble Principal have the confidence and best wishes of that whole community, and every

such effort is entitled to and does enjoy the friendly interest of all our right-minded people. Southern Christians most heartily wish God-speed to every good man who comes from the North to disseminate the knowledge of the gospel amongst the Freedmen.

"But all that either they or we are doing falls short of the necessities of the case. In some respects we have the advantage, for we know the people better; but in other respects the advantage is with Northern men. Surely, if there be any work where Christian union might be effective, it is such a work as this: not, of course, that by by a friendly co-operation we should undertake to do for the Freedmen what they must do for themselves, but that we, by timely aid, now assist them in the self-development upon which their future welfare and progress depend. If we can send out thirty, forty, or fifty trained negro ministers into this field, what unspeakable blessings might, through them, be conferred on their brethren. I hope to live to see this aspiration fulfilled."

The words just quoted come to us freighted with Christian confidence and encouragement. They seem to be harbingers of better days. If at present we cannot clasp hands in ecclesiastical unity, we can at least do so in cordial co-operation with a work which knows nothing of sectionalism, but everything for the elevation and religious instruction of those who are our fellow-citizens in the State, and many of whom, also, are fellow-citizens and of the household of faith. Such a union of heart and hand in this precious work may, in the Lord's hand, bring about another blessed union, when all who call themselves Presbyterians in this land will sit together in holy council, and be blended in one unbroken brotherhood.

In view, then, of results so much to be desired, and of interests so incalculable, shall we not leave undisturbed an agency which has won the confidence of both the Northern and Southern sections of the Presbyterian Church, and by liberal contributions and true sympathies enable it to go forward, to do, in the coming years, greater things for the Freedmen?

We cannot afford to shake confidence by changes which are not demanded by any interests of the Church. The Board of Home Missions has an extended field, and God grant that its success may be, in the future, even far brighter than in the past. There is not one but would bid it God-speed. But we do ask that whilst the mission churches among the Freedmen are placed under its care, that the Committee on Freedmen shall remain intact to establish educational institutions where teachers and ministers may be trained to go forth under the auspices of the Church, to preach the gospel to this neglected race who are lifting up the cry "Come over and help us!"

Your Committee have presented to the Assembly a systematic statement of facts, without entering upon a line of discussion. From these unquestioned data, we have the evidence of the thoroughness of the work done, the stages of progress, the efficiency of the Committee, and the need for their continuance to prosecute the work in the coming future, as the authorized agency of the Church.

From these facts we deduce the conclusions which are formulated in the following resolutions:

Digitized by Google

In view of the condition of the Freedmen, as set forth in the foregoing Report, your Committee recommend,

First. That the work as at present carried on by the Presbyterian Committee of Missions for the Freedmen be continued.

Second. That this Assembly heartily and earnestly commend this work to the fervent prayers, increased contributions, and generous support of the churches under our care.

Third. That the Annual Report of the Committee be published for distribution.

Fourth. That the present members of the Committee be re-elected, with the exception of Mr. J. H. McKelvey, resigned, and that Mr. James B. Lyon be elected in his place.

Fifth. That the Minutes of the Committee of Missions for Freedmen be approved.

The Moderator announced the following Committee, to prepare a minute expressing the views of the Assembly on Judicial Case, No. 8, being the Complaint of Thomas H. Skinner and others, against the Synod of Cincinnati :—Rev. Charles K. Imbrie, D.D., Rev. George G. Mitchell and Rev. Roderick Terry ; and *Elders* Hon. Erastus S. Williams and Frederick C. Jones.

The following communication was read by the Moderator, and ordered to be recorded on the Minutes :

"To the Moderator of the General Assembly :

"Inasmuch as the Complaint of W. W. Colmery and others against the Synod of Cincinnati, was made wholly in behalf of our excellent standards of Doctrine and Order, and as these have been sufficiently vindicated by the discussion and action of this Assembly, on the Complaint of Thomas H. Skinner and others, I respectfully ask leave to withdraw the Complaint. WILLIAM W. COLMERY."

The request was granted.

It was made the fourth order of the day to receive the Report of the Standing Committee on the Polity of the Church.

It was *Resolved*, That the churches heretofore transferred from the care of the Freedman's Committee to the care of the Board of Home Missions, be re-transferred to the Committee of Missions for Freedmen.

The second order of the day was taken up, and the Standing Committee on Theological Seminaries presented their Report which, having been amended, was adopted and is as follows :

The Standing Committee on Theological Seminaries respectfully report, that they have received Reports from the whole number of our Theological Institutions. Of these, some have forwarded distinct Reports from the Board of Directors and the Board of Trustees, together with the Annual Catalogue. Others have sent up a Report from the Directors with a subjoined financial statement. In

some of these cases, the financial statement is quite full and detailed; while in others it is merely a summary of the invested funds, and the items of expenditure are omitted.

All these Reports have been carefully considered by your Committee, and information has been sought from those particularly acquainted with the affairs of the several Institutions, so that the Committee might be fully informed of their actual condition.

We present now these Institutions in order, stating under each its financial condition and the features of particular interest in the year's history.

1. PRINCETON THEOLOGICAL SEMINARY.—From this Institution we have a Report of the Board of Directors, a full Report also of the Board of Trustees, and the Annual Catalogue.

This Seminary has eight regular Professors, an Instructor in Hebrew and other Oriental languages, and a Librarian.

Fifty-two students have been matriculated during the year; 31 have received certificates of graduation, after completing the full course and passing examination. Of these, three have been already appointed to go to the foreign field; and of the remainder a large proportion had places of labor already in view at the time of graduation.

The whole number present during the term was 114.

The extension of the course of instructon has been very favorably received by the students. No less than 42 have been pursuing special studies in New Testament Exegesis, Oriental Languages, and Modern Philosophy, under the care of the Seminary Professors, and that of the President of the College of New Jersey.

The Rev. Archibald Alexander Hodge, D.D., formerly of the Western Theological Seminary, was duly installed as "Associate Professor of Didactic and Polemic Theology," with the Rev. Charles Hodge, D.D., LL.D., on November 8th, 1877, with the understanding that, in view of the growing age and physical infirmities of the latter, the two shall divide the duties of this chair between them according to their own convenience. The Rev. Richard S. Storrs, D.D., LL.D., has been engaged this year as Lecturer on the Levi P. Stone foundation; his theme is to be "St. Bernard and his Times."

The Biblical and Missionary Cabinet has been considerably increased by the addition of objects in Archæology and the Natural History of Palestine.

The Institution has received liberal donations during the year: from James Lenox, Esq., of New-York, $3000, for the salary of Charles C. Niebuhr, Esq., appointed Assistant Treasurer, Assistant Secretary, and Superintendent of Grounds and Buildings; from John C. Woohull, Esq., of New-York, $2124.67, to found the Sarah W. Ames Scholarship; from the estate of Archibald Cooper, Esq., per his Executor, Edgar Mombly, Esq., $1070, to found the Cooper Scholarship; and from the Residuary Legatees of the late John C. Green, Esq., of New-York, $150,000, for the John C. Green Fund; and $15,000 to supplement the Helena Professorship, making that Fund now $50,000.

The Financial Statement from this Seminary is very full and exact, an example which is followed by some others, and which it is

to be wished were imitated by all. From it we find, that the property of all kinds belonging to this Seminary amounts to $1,066,793.10, divided among 11 different funds, of which $274,000 are in Real Estate. It has 81 scholarships.

By the liberality of that firm friend of this Institution, James Lenox, Esq., of New-York, a new Library Building and two new houses for Professors are nearly completed.

The library has been very materially enlarged, by the addition of 1363 volumes and nearly 3000 pamphlets. Of these, particular mention should be made of the donation of 383 volumes, being a complete collection of the writings of the Fathers, by Levi P. Stone, Esq., and of 245 Photographs of the Assyrian Antiquities in the British Museum, presented by Rev. Henry J. Van Dyke, D.D., of Brooklyn, N. Y.; and of 2500 pamphlets of the late Rev. Samuel Miller, D.D., LL.D., formerly Professor in the Seminary, presented by his children, Miss Mary Miller, the Rev. Samuel Miller, D.D., of Mount Holly, N. J., and the Rev. John Miller, of Princeton, N. J.

In November last, the Rev. William H. Rhoberts was elected Librarian, and Mr. Henry W. Smith was chosen Professor of Elocution, on the endowment contributed from the estate of the late John C. Green, Esq., of New-York; and this important branch has received increased attention.

During the year one member of the Board of Directors, the Rev. John M. Dickey, D.D., has been removed by death, and the Rev. Ebenezer Erskine, D.D., has been elected to fill this vacancy; another Director, Mr. Thomas C. M. Paton, has resigned, and his place has been supplied by the election of Mr. Ashbel Welch, of New-Jersey.

The following members of the Board of Directors whose term expires during the year, have been re-elected, viz.: *Ministers*—Rev. John Maclean, D.D., LL.D., Rev. J. Edson Rockwell, D.D., Rev. William M. Paxton, D.D., Rev. Samuel Miller, D.D. *Elders*—Levi P. Stone, Esq., Henry Day, Esq., Aaron B. Belknap, Esq.

2. AUBURN THEOLOGICAL SEMINARY.—From this Seminary we have received a Report from the Board of Trustees, together with a general financial statement by the Treasurer.

The control of this Seminary is somewhat peculiar. It is governed by a Board of Commissioners composed of two ministers and one layman, appointed by each of the Presbyteries in the Synods of Albany, Central New-York, Geneva, and Western New-York; each Commissioner holding office for three years. These elect the Professors, reporting the same to the General Assembly; fill vacancies in the Board of Trustees; and, in connection with the Trustees, determine the salaries of the Professors. Those Commissioners who are in their third year of office, together with a number of the Trustees appointed for the purpose by the Board of Trustees, form the Examining Committee.

The Seminary has five Professors; a sixth, the Rev. Edwin Hall, D.D., Emeritus Professor of Christian Theology, died September 8th, 1877. He had held the Chair of Christian Theology for twenty-one years, and was Emeritus Professor from 1876 until the day of his death. "His faithfulness as a Pastor, his learning and ability as a Teacher of students of Theology, and his sincere piety,

call forth the warm commendation of his associates." The whole number of students in attendance has been 43. The year has been signalized by a marked degree of spirituality and the prevalence of a missionary spirit. Four, out of the sixteen to whom the usual diplomas have been granted, have already been appointed to foreign fields. One death among the students has occurred.

The Library has been increased by 462 volumes.

A room has been provided in the Library Building for a Museum, and this has been carefully arranged and made ready for use.

A special course of Lectures was delivered by the Rev. Joseph Cook, of Boston, on four evenings in the month of April, through the generosity of Mr. George C. Buell, of Rochester, N. Y.

The Permanent Funds of this Institution amount to $338,800.77; and other funds to $35,555.59; giving a total, in support of the Seminary, of $374,356.36; of which the Scholarship Fund amounts to $90,503.52.

3. WESTERN THEOLOGICAL SEMINARY.—From this Institution have been received a Report from the Board of Directors, and a Report from the Board of Trustees.

The Seminary has four full Professors; one Instructor in New Testament Literature and Exegesis; one Lecturer Emeritus in Practical Theology, and a Librarian.

During the year 25 new students have been admitted; 29 have been granted diplomas at graduation after a full course. The whole number present during the year was 82.

Of the graduated class one is under appointment by the Home Board to Alaska, and two have in prospect the foreign field.

On November 21st, 1877, the resignation of Rev. Samuel T. Lowrie, D.D., was received and accepted, and the duties of his Chair of New Testament Literature and Exegesis were subsequently performed by Drs. Wilson, Jeffers, and Kellogg, until April 18th, 1878, when Mr. Benjamin Warfield, of Lexington, Ky., was chosen Instructor in this department. Mr. Warfield enters on his duties at the opening of the next term.

On November 19th, 1877, the Rev. William H. Jeffers, D.D., was installed Professor of Old Testament Literature and Exegesis.

The Rev. Henry J. Van Dyke, D.D., of Brooklyn, N. Y., having declined the appointment to the Professorship of Didactic, Historical, and Polemic Theology, to which he had been elected, the Rev. Samuel H. Kellogg, Pastor of the Third Presbyterian Church of Pittsburgh, Pa., was chosen to this chair, on the 17th of July last, and was installed November 20th, 1877; the title of his chair being changed by the Board to the designation, "Professor of Didactic and Polemic Theology and Lecturer on Comparative Religions," and the subject of Historical Theology was at the same time transferred to the chair of Ecclesiastical History.

Three very liberal donations have been received from the Rev. Charles C. Beatty, D.D., of Steubenville, Ohio, viz., two Scholarships, amounting to the sum of $5000, to be called the H. E. B. and C. C. B. Scholarships; and a beautiful building called "Memorial Hall," erected for the use of the students, at a cost of $25,000,

and completed during the year. This hall was dedicated by the Directors and Trustees, with appropriate services, on the afternoon of November 20th, 1877.

The Library has been enriched by the addition of 322 volumes, of which 316 were by donation, and by a large number of pamphlets, including over 1000 from the library of the late Dr. Jacobus.

George A. Kelly, Esq., was elected a Trustee, to fill a vacancy occasioned by the resignation of Charles Arbuthnot, Esq., of class of 1880; and the following Directors, whose term expired this year, have been re-elected:

Ministers—Rev. James Allison, D.D., Richard Craighead, Samuel M. Henderson, Thomas H. Robinson, D.D., Elliot E. Swift, D.D., Archibald A. E. Taylor, D.D., Robert B. Walker, D.D. *Elders*—Benjamin Rush Bradford, James Laughlin, Robert B. Mowry, M.D. Also, in place of Rev. James Alexander, D.D., of the class of 1880, resigned, David A. Cunningham, D.D., of West Wheeling, West Va.; and, in place of Hon. John Scott, of the class of 1881, resigned, William G. Johnston, of Pittsburgh, Pa., were elected.

The Permanent funds of this Seminary amount to $332,450.00, and their Real Estate consists of the Seminary Building, the Memorial Hall, the Library Building, in which are 10,000 volumes, and four Professors' houses.

It has 56 Scholarships amounting to $56,469.50.

4. LANE SEMINARY.—From this Seminary we have only a Report from the Board of Trustees, embracing simply the names of the Faculty and the designation of their chairs, the number and names of the students entered and graduated, with a general Financial Statement.

The Board of Trustees in this Institution are self-perpetuating.

This Institution has four Professors, and one assistant Professor of Hebrew. Eight new students have entered during the year, and four have been graduated from the Senior Class. The whole number in attendance has been 23. $780.37 have been expended for the increase of the Library.

This Seminary has property producing income, and permanent productive funds, amounting to $286,340.25, yielding an income of $18,162.32. It has also property for the use of the students, exclusive of that before-mentioned, valued at $125,000.00, yielding an income of $18,162.32.

The Scholarship Fund amounts to $28,983.25, and yields an income of $1576.71.

5. UNION THEOLOGICAL SEMINARY, NEW-YORK.—From this Institution we have only a Report from the Board of Directors, together with the Annual Catalogue. This is in accordance with the terms of voluntary offer made by the Seminary at the time of the Union. It is to be regretted, however, that some financial statement is not added for the information of the Assembly. Nothing beyond a note in the Catalogue as to a recent munificent donation from Mr. James Brown, of New-York, is afforded to give an idea on this important subject.

Two of the Directors, Hanson K. Corning and Alexander Van Rensselaer, have died. This Institution has six full Professors. In addition to their instructions, special Lectures are delivered by distin-

Digitized by Google

guished Laymen and Pastors. On the Lectureship of $10,000, founded by Professor S. F. B. Morse, on the relation of the Bible to the Sciences, the Rev. Dr. Chadbourne, President of Williams College, will deliver the next course of lectures; and on the Ely Lectureship of $10,000, founded by Z. Stiles Ely, Esq., of New York, in memory of his brother, the Rev. E. P. Ely, the next course will be delivered by the Rev. Richard S. Storrs, D.D., LL.D., of Brooklyn, N. Y. The Parker Lectureship for the instruction of Theological Students in Hygiene was founded some years since by the liberality of Willard Parker, M.D.

During the year, 61 new students have been received, and 40 members of the Senior Class, numbering 45, have received diplomas after a full course of three years. The whole number of students present during the year has been 145, including three post graduates.

The Library of this Institution has received special attention during the year. Among other steps in this direction we gather the following:

1. The library of the late Prof. Henry B. Smith, D.D., LL.D., has been purchased and presented by the generosity of a number of friends. It contains 4026 volumes and 6700 pamphlets.

2. A Reference Library, to be called the Henry B. Smith Memorial Reference Library, has been founded. The plan of this Library looks to the collection of Standard Theological Books for reference only, and promises to be of great practical utility. It is to be endowed by contributions of the Alumni of the Institution at $10,000, of which $2000 have already been subscribed, and reasonable expectations are entertained that soon every living Alumnus of the Institution will contribute to the fund. The present Seminary Library consists of 34,617 volumes and 33,881 pamphlets. It is in process of thorough re-arrangement on a systematic plan to be completed by next fall.

The liberality of a few friends having founded a Biblical, Christian, and Missionary Museum, it was thrown open with appropriate exercises February 22d, 1878. This will embrace all objects that illustrate the Bible, Church History, and Missionary Work among the heathen. Many valuable objects of this kind are already received, and important additions from Beirut, and plaster casts from Berlin are expected during the present year.

The Directors take occasion to say, "as the result of our observation, we look with little favor on premature licensing of students to preach. The primary and paramount object of a Seminary is preparatory study. As a part of this preliminary education, we would at the same time bear testimony to the good effects upon those students who are employed chiefly on the Sabbath Day, under the supervision of pastors, in those forms of Christian work which in various ways aid their preparation for the ministry. We should be guilty of great injustice, if we omitted to mention the fact as bearing on the tone of religious feeling in this Seminary during the past year."

From the note in the Catalogue in reference to finances, we learn that all the Professorships were originally endowed by the persons whose names they bear, or in their behalf; and since their original endowment the munificent donation of Mr. James Brown, of New-

Digitized by Google

York, of $300,000, in addition to his other large gifts to this Institution, has enlarged the endowment of all these chairs, so as to keep pace with the necessities of the times. All the chairs of this Institution, we are given to understand by competent authority, are now fully endowed; and the donation of Mr. Brown is restricted exclusively to the support of the Instruction in the Institution, and is not to be expended in any other department. The Permanent funds of this Seminary are estimated to be about $1,200,000.

6. DANVILLE THEOLOGICAL SEMINARY, KY.—From this Institution we have received a Report from the Board of Directors, and a Report from the Board of Trustees.

This Seminary has four Professorships, all of which are now well filled. The Rev. Jonathan Edwards, D.D., LL.D., was elected to the chair of Didactic and Polemic Theology, June 21st, 1877, and having, after some delay, accepted the appointment, at the opening of the last term of the Seminary, entered at once upon the duties of his office and was subsequently inducted into his chair by the Board of Directors, April 17th, 1878.

The predecessor of Dr. Edwards in this chair was the late Nathan L. Rice, D.D., the earnest and lamented Instructor, who died at Chatham, Ky., June 11th, 1877, in the seventieth year of his age. His death was a severe blow to this Seminary. Owing, as it is thought, partly to the considerable interval during which this chair was vacant, and partly to the few students graduated at our colleges during the past year who have the ministry in view, the new students received at this Institution have been only three. Indications are already given, however, that this number will be much increased in the future. The whole number in attendance has been 15; and five, having completed the course and passed the final examination, have received diplomas. The diligence and deportment of the students are noted as good throughout, there being only a single exception to this rule.

There is no Library fund in this Institution. The only money assigned to this object is the proceeds arising from the sale of the stereotype plates of the *Danville Review*, and amounts to $193.82. Three hundred and two volumes, however, have been added to the Library during the year, of which 156 were given by the late Rev. James Hawthorne, D.D., of Princeton, Ky., and 66 were given by Mrs. Dr. John C. Young, of Danville, Ky. The following persons whose terms expire this year have been re-chosen:

Ministers—Edward P. Humphrey, D.D., LL.D., Thomas H. Cleland, D.D., E. Perkins Pratt, D.D., P. Mason Bartlett, D.D., John Jones, D.D. *Elders*—George W. Welsh, John C. Maxwell, M.D., L. L. Warren, George Denny, George W. Norton.

The Real Estate belonging to this Institution is valued at $40,000, from which an income is received of $606.50. The Professorship funds amount to $104,625.00, from which an income is received of $10,850.96. The Scholarship Fund amounts to $13,000, from which an income is received of only $1020.18. A part of the property donated to this Institution has been unproductive; thus crippling, for a time, its resources. The reason of this is explained to be, that a certain portion of these are entirely unproductive; another portion has largely deteriorated in value; and still another

Digitized by Google

class of these donations have been contested. It is understood, however, that the principle involved in this case has already been decided by the Supreme Court in favor of the Seminary, and specific cases involving the principle are now under trial. If the decision prove favorable, this Institution will be very satisfactorily endowed. In the meantime it is carried on with some discomfort to the members of the Faculty. Your Committee desire to call attention to the fact, that this Seminary, recognized by the Assembly of 1859, was established with particular reference to the wants of the great Southwestern section of our country. It is now fully and ably equipped for the purposes of a sound and complete Theological course. That its importance to the Southwest is appreciated in a measure by the people of that section, is seen in the fact that four out of five of its graduating class came from that portion of the land. Its intercourse with both the Synods of Kentucky is fraternal; and it is hoped, that it may supply, in good part, its original design in gaining the confidence and support of that part of our country. It needs, however, funds for its Library, and the other helps towards Theological education, which our Seminaries find to be so necessary and helpful. Your Committee would, therefore, recommend, that this Seminary be cordially commended to the confidence and support of all who may be inclined to aid it, or to avail themselves of its advantages.

7. THEOLOGICAL SEMINARY OF THE NORTHWEST, CHICAGO, ILLINOIS.—From this Seminary we have a Report from the Board of Directors, which includes a financial statement.

This Institution has five Professors. Fifteen new students have been matriculated during the year; 12 students, after passing through the full course and sustaining an examination, have received diplomas. These were nearly all engaged for special fields of labor before graduation.

The whole number of students in attendance during the year is not reported. "The Faculty report that the tone of spirituality and of Christian character among the students has been high, and the session has been one of more than usual harmony and success."

Excellent board is reported to be had at this Institution at the low price of $2.25 per week.

The Library has been increased by 301 volumes. In these are included, among other valuable donations, one of 137 volumes, by the liberality of the Rev. Coles R. Williams, of New-York, and another of 75 volumes, by the Rev. John Winn, of Illinois; 75 volumes have been added by the Corning Library endowment. The whole library contains 8660 volumes. During the year the Seminary has received, from Thomas A. Galt, Esq., of Sterling, Ill., the liberal donation of $5000, as a permanent fund to be devoted to two objects, a Scholarship and a fund for embellishing the grounds of the Seminary. By order of the Directors, these are to be known as the "Thomas A. Galt Scholarhsip" and the "Catherine A. Galt Fund," in honor of the donor and of his wife.

The lands in Iowa, which were given in 1864, by the late Rev. Robert H. Lillie, have been recently sold, and the net proceeds will be used to found two additional Scholarships; the first of which is to be entitled the "Thornton A. Mills Scholarship," and the other the

Digitized by Google

"Lillie Scholarship." This Seminary has now nine Scholarships in all. The income derived last year from the six Scholarships previously in existence, amounted to $1577.70. The funds of this Institution amount to $155,194, including endowment of Professorships, $134,607.60; Scholarship Fund and cash belonging to the same, $13,226.40; Corning Library Fund and cash belonging to the same, $2,360.22; donation of Thomas A. Galt, Esq., before mentioned, $5000—$155,194. In Real Estate, $345,000; including lands in Iowa, recently sold and to be invested, as before stated, $5000; site—five acres—and Buildings of the Seminary, $120,000; 20 acres adjacent but not available till 1888, $200,000—Total, $500,194.22.

This appears a very adequate endowment. But your Committee would now very particularly call your attention to certain facts, which the Board of Directors in former years have alluded to, and which now even more urgently demand notice. It will be seen, that a large part of the lands in Chicago donated to the Seminary (20 acres), and valued at $200,000, will not be available for nearly ten years to come. Meantime, by the terms of the donation, the Seminary is obliged to pay all the taxes that accrue, year by year, and the assessments for improvements in the neighborhood. These last are often very heavy. For this reason, the Institution needs greatly a permanent fund, that may yield about $10,000 a year to meet this emergency for the ten years that remain, when the endowment will be all available. It is to be added, that the Institution has already run behind to the amount of about $12,000, partly for these extraordinary expenses, and partly to pay deficiencies in salaries. To make up this debt, a subscription fund has been started with very encouraging success; and it is hoped that it may be completed before October next. Meantime, the Directors are very desirous that some way may be pointed out for securing the additional income, before noted, to meet these assessments in the future.

Your Committee have no need to speak of the high position which this Institution has attained, in its admirable corps of instructors; and sympathizing with its Directors in this unavoidable necessity, which stands in the way of its complete efficiency, your Committee would recommend, that the Assembly express hereby their cordial interest in the present movement to remove the liabilities of the Institution, and their hope that persons of means and liberality may contribute to its funds, so as to relieve it from the pressure of financial difficulties, until the time for the enjoyment of its full endowment shall arrive.

The Rev. Robert C. Matthews, D.D., has been appointed to fill the vacancy in the Board occasioned by the resignation of Rev. Jonathan Edwards, D.D., LL.D., to accept the office of Professor of Theology in the Seminary of Danville, Ky.; and the following persons, whose term of service as Directors expired this year, have been re-elected to form the class of 1882: *Ministers*—William S. Curtis, D.D., George C. Noyes, D.D., Alexander G. Wilson, Samuel Hodge, D.D., J. Abbott French. *Elders*—Hon. Roswell B. Mason, Hon. Jacob S. Farrand, Christopher C. Brown, Samuel Harvey, Henry W. Johnson.

8. BLACKBURN UNIVERSITY, ILLINOIS.—From this Institution

Digitized by Google

we have only a short Report of the year's transactions without any financial statement at all.

The plan of this Seminary is to educate students in general literature; it is required, however, that there shall always be a Professorship of Theology.

The progress made during the year is encouraging. Two things in particular are to be noted. *First*, that the number of students has increased from 140 to 200—more than one-third; and *secondly*, that the Professorship of Theology, before vacant, has been filled by the election of the Rev. Edwin L. Hurd, D.D., of Benton Harbor, Mich. No Theological students are yet reported, and Dr. Hurd has occupied his time in advancing the general interests of the university.

9. SAN FRANCISCO THEOLOGICAL SEMINARY, CALIFORNIA.—From this Seminary we have a Report from the Board of Directors, and a financial statement prepared under the printed form provided by the General Assembly of 1875 (Minutes, page 537). This is a regularly incorporated Institution under the laws of California. It has four Professors. During the year it has received three new students. It has under its care eight students, and has given regular certificates of graduation to four. Since the last Report a Seminary building has been erected, on the lot which was reported as purchased last year. It contains a Library room, two fine Professors' parlors, and 20 students' rooms. It can easily be enlarged when it becomes necessary. It was furnished by the contributions of the congregations of San Francisco at an expense of $1433.25. The building is free from debt. It was dedicated with appropriate exercises Sept. 9th, 1877.

The Library has been increased by 150 volumes. Contributions by the aforesaid congregations have also been given, to increase the Contingent Fund in aid of students. The income of this fund amounted to $388.85, granted to four students; all the rest are self-supporting. This Seminary has no invested funds whatever. Subscriptions considered good for $22,000 are held, and the interest on this sum, amounting last year to $1600, is the sole present dependence for the payment of the four Professors. Here is now the great need of the Institution. There is a good prospect of the early endowment of the Professorship occupied by the Rev. Dr. Eells, and some positive promises have been given for the endowment of the other Professorships. But for the present, this necessity continues; and the Board of Directors urge upon the Church their need of at least $100.000, to endow these chairs and thus fit the Institution, otherwise in good condition of equipment, for the valuable service it is rendering in the Theological education of our young men on the Pacific Coast.

10. GERMAN THEOLOGICAL SEMINARY, NEWARK, N. J.—From this Institution we have an abstract from the Report of the Directors, approved by the Presbytery of Newark, and directed by them to the Assembly, which contains also a simple statement of the amount of money collected and the deficit in meeting expenses.

This Institution receives young men for Academical instruction and for Theological Training. All its students, even the youngest, have the sacred ministry in prospect and give hopeful signs of piety.

Digitized by Google

It has two Professors, and also two special Instructors in Hebrew and in the Academic course; besides receiving occasional assistance from other persons in special studies.

Twenty-six students have been under instruction during the year. No class was graduated in the Theological Department. A number, however, joined this Department on graduating from the Academy.

The Directors claim a manifest increase of spirituality among the students; also, that the German churches under the training, such as is given by Pastors going out from the Institution, are advancing in benevolent contributions, self-support and self-denial; that there is in such churches a growth in purity of doctrine, and that attachment to our Presbyterian doctrine and order is increasing, by reason of the interest manifested by successive General Assemblies in the German people, and the preparation of a German Evangelical Literature.

The Institution has some endowment. The amount is not stated. Its support, however, is attained by a resort to subscriptions in addition to the income, and the aim has of late been to rely mainly on money given for current expenses. The receipts have proved deficient; the total from all sources being $8709.01, and the expenses reaching $10,253.20—a deficit of $1544.19. In the previous year there was a surplus of $2134.19. This leaves still a surplus of $590.

The cost of each student is regularly decreasing, and the number of churches interested and contributing is growing. The arguments for a separate and special training of German Theological Students, so that they may be fully prepared to preach the Gospel to the large numbers of German people in our land, are so clear that they need no reiteration here. This school, under the care of the Presbytery of Newark, is doing well its part in this urgent and important work; and your Committee, after hearing the arguments in favor and against this plan of providing a German-speaking ministry, would renew, through the Assembly, their recommendation of this school to the support of our Church.

11. GERMAN THEOLOGICAL SCHOOL OF THE NORTHWEST AT DUBUQUE, IA.—From this Institution comes a Report from the Board of Directors, including an account of the finances.

This school differs from the former, in that it receives students for the Academic course only, as well as those who expect to study Theology and enter the ministry. All up to this time, however, have, with very few exceptions, entered the Theological class. It is about 25 years old, and grew out of the efforts of the Rev. Adrianus Van Vliet, of Dubuque, its first Professor, since deceased, who established it at the request of the Presbytery of Dubuque, to train young Germans for the work of the ministry. It began with two students taught in his study. It has sent out 45 young men as preachers of the gospel; been the means of organizing about 70 German churches; and brought about 10,000 Germans under the influence of the gospel. The receipts during the year from all sources have been $2773.00; and the expenditures (including Professors' salaries, $1455, and incidental expenses, $332) were $1787. It has now a handsome building worth $20,000, erected six years

ago, on which are due only $1000; and funds invested to the amount of $25,000 in the form of ten-year installment interest-bearing notes. The only outstanding obligation is the $1000 on the Seminary building, referred to above. This, however, is really no debt, for at the close of a present life it comes by legacy to the Seminary.

It has two regular Professors, and very valuable additional instruction has been given gratuitously by Rev. David J. Burrell, in Greek and Hebrew, and by Rev. John P. Conkey in Homiletics.

It has 14 students. The Professors are paid from the investment above mentioned; but the receipts from this source and from all sources are small; and indeed the fund is productive at much less than the face amount, as some subscriptions will probably never be paid. To have a fund whose income shall be equal to the current expenses is the great want of the school. It should be mentioned to the honor of the German churches, especially under the influence of this Seminary, that they are largely growing in benevolence, and indeed are among the best contributors to this Institution as well as to the Boards of our Church. They constitute about one-third of the churches in the Presbytery of Dubuque, and their contributions to the Boards of the Church amount to about one-half of what is given by the Presbytery.

The following persons have been elected for the class of 1881: *Ministers*—William L. Green, David J. Burrell, John Berk. *Elders*—D. A. McKinlay, J. D. Mets, J. Mathis.

This brings us to our Theological Institutions specifically for the Freedmen.

12. THEOLOGICAL DEPARTMENT OF LINCOLN UNIVERSITY, PA.—From this University we have a Report from the Faculty of Theology. It is under control of a Board of Trustees consisting of 18 members. It has six Professors in the Theological Department; and in addition, the Rev. Robert P. Du Bois, A.M., has given instruction during the year in Pastoral Theology. The salaries are $1200. Only four of the chairs are endowed.

There have been 22 students in the Theological classes. In the University there are accommodations for 200 students; but nearly one-half of this number, greatly to their own regret as well as to that of the officers, have been necessarily dismissed on account of the want of funds to maintain them. Among the students are the 10 boys from the Coast of Africa, mostly of the Bapa Tribe, before reported, whose progress is very encouraging.

Two students, having completed the Theological course of three years, have been graduated. Both of these have been licensed by the Presbytery of Chester, and one of them has been appointed by the Board of Foreign Missions as a Missionary to Liberia.

The Rev. John M. Dickey, D.D., founder of this Institution, and the only President of the Board of Trustees until its recent meeting, died at Philadelphia March 21st, 1878.

Henry Disston, Esq., another Trustee for six years, died on March 16th, 1878. Henry B. Harvey, Esq., of Baltimore, has resigned his position as Trustee. These three vacancies will not be filled until the meeting of the Board in June.

The Professor of Hebrew has been released at his own request

from the duties of his chair. The Faculty have made provision to supply instruction in this branch during the year.

The Institution has five separate endowment funds, from which have been received $4684.95. This is about $700 less than the income from the same sources last year. Efforts have been twice made to secure for the Institution some support from the State in which it is placed, but these efforts have failed. It will be readily seen, that this sum is far too small to meet at all adequately the needs of the University. And the labors of the Financial Agent have not sufficed to make up the deficiency. It would not be easy to describe the straits to which those who teach have been put, or the generous self-denial which they practice, to enable these impoverished and yet most eager young Freedmen to gain an education, and fit themselves for service in the land and in the Church of God. Yet these self-denying labors appeal most impressively to the Presbyterian Church, to place this Institution on an adequate financial basis. It claims to have a particular advantage in the fact, that it trains its students secluded from the circumstances of their own former life, and surrounds them with the healthful influence of a moral community.

Your Committee would recommend, that the Assembly express again their confidence in the Institution and hearty commendation of it to the liberality of our people.

13. THE THEOLOGICAL DEPARTMENT OF THE BIDDLE UNIVERSITY, CHARLOTTE, N. C.—We have received from this Institution a Report from the Trustees of the Theological Department covering a financial statement, and the Annual Catalogue.

This Institution is the only one of the kind in the Southern States connected with this General Assembly; and its importance is seen from the fact, that in the Synod of Atlantic there are 113 colored churches averaging 80 members, and only 37 ministers and teachers, of whom 25 are colored men. The President of its Faculty and Secretary of its Board of Trustees is one of our former highly esteemed Foreign Missionaries from Siam; and another Professor, one of our Missionaries from Persia, just returning to his former field.

It has four Professors and three Assistant Instructors in English. There are 141 students in the Institution—nine are in the Theological Department. Four new students have been added to this department during the year; five will finish their course next month; 77 are professing Christians, and 36 are studying with the Christian ministry in view, or to be Catechists; 45 have taught in schools; and the earnings by teaching have been over $3000.

The funds of the Institution amount to something over $6000—invested under the direction of the Assembly's Committee of Missions for Freedmen.

It has buildings valued at $14,000. There has been no increase in the permanent funds during the year, and the University is still dependent for support on the Assembly's Committee of Missions for Freedmen. The year has been one full of encouragement. The Professors, however, are overburdened, both in the amount of work they are called to perform, and the privations to which they are subjected by the lack of funds fully to support the Institution. The value of the work which it is doing for the cause of Christ at the

South among the Freedmen, and for the Presbyterian Church, can hardly be over-estimated. And your Committee would therefore urge upon the Church, under the approval of the Assembly, as it does in the case of the Lincoln University, the importance of providing a more adequate support for this school which, even in its infancy, has sent forth 30 ministers and 15 Christian teachers.

The suggestion was made by the Assembly last year, to the Theological Seminaries, that their Reports should be more equally full and particular in details; your Committee report that they find a decided improvement in this respect. There is, however, still much dissimilarity and in some cases a lack of distinct details. Your Committee would then respectfully observe, that these details are desired simply for the information of the Assembly, and through them of the Church, as to the actual condition of these important Institutions. What is needed is, first, a full statement of the equipments of the Seminary, including an account of officers, buildings, etc., and the salient particulars in the year's history; second, a detailed statement of the funds invested and others, showing the additions or losses made during the year, with the disbursements, so that its condition may be distinctly understood; third, suggestions to the Assembly in behalf of the Seminary, the adoption of which may be deemed by the officers to be conducive to its interests.

It is with great pleasure that your Committee remark in all the reports an account of the *diligence, Christian behavior,* and *spirituality* of the students under their care, the individual case of impropriety, before referred to, being the only exception.

Your Committee report, also, with great satisfaction, the abundant evidence afforded, by the papers before them, of the devotion of the Professors in our Theological Institutions, and the care of the Directors and Trustees to afford, by all possible means, to our young theological students the broadest culture in their profession, not only affording most careful instruction in theological departments proper, but also in such sciences as may be of service to our future ministers, under the growing demands of the day upon our profession, and as shall enable them to meet fairly all the changing forms of modern infidelity, and also to do this successfully among whatever classes of popular opinion and character they may be thrown. Your Committee would urge the recommendation of the continuance of these efforts; and especially that, in addition to all these, it be impressed on our students, that the true way to success in these conflicts is by their accompanying this instruction with an earnest personal consecration of themselves to God, their Saviour, and a thorough acquaintance with the Word of God. It cannot be too distinctly held up before them, in this age of the worship of mere intellect and intellectual culture, that, without this personal communion with God, the best instructed may waver and turn grievously aside, and even make shipwreck of faith.

In conclusion, your Committee impress upon the Assembly their conviction, that the best interests of our Church demand that our Theological Institutions should all enjoy an adequate support, and our Professors be freed from the anxieties which now press upon many of them. Our older Institutions, indeed, do enjoy such an

endowment, but with those which are younger pecuniary difficulties such as are hardly suspected by the Church exist. In the case of two or three we have already referred to this. We wish to give the matter emphasis. Our Seminaries are equipped with as able and devoted and sound a corps of Theological teachers as could be desired. They could not well be surpassed. It is true that several of these Institutions, owing to their recent organization, or possibly to certain passing circumstances, have now only a small number of students. Yet all these Seminaries are needed to meet the wants of our wide-spread territory. They have all been adopted by the Church, and none of them can be dispensed with without loss. Indeed the number of students annually graduated in all our Seminaries is hardly sufficient to supply the demands of existing churches, and is not sufficient to supply the new fields which are constantly opening. It should never be forgotten that these Theological Institutions, and the men who teach in them, are the right arm of the Church to secure for us, under God, a wise, sound, and faithful Christian ministry. They stand, therefore, in the very first rank of useful implements for the accomplishment of the Church's work. And money contributed to these Seminaries is necessarily, therefore, put to the very best service for the cause of Christ in our land and in the world. This is a fact, which those who have funds to contribute to Christ's service should not lose sight of, amidst the multiplicity of the objects of benevolence which claim attention. And most earnestly, therefore, do your Committee recommend, that the full endowment of our several Theological Seminaries be commended by the Assembly to the liberality of the Church.

In reference to the Overture presented to the Assembly, and referred by them to your Committee, we would recommend the adoption of the following resolution :

Resolved, that in the judgment of this Assembly it is highly desirable that some knowledge of the Hebrew language should be required of the students entering our Theological Seminaries ; at least, that they should be thoroughly grounded in the elements of that language. And the Assembly, therefore, recommend the officers of our Seminaries to take such steps as may in their judgment secure this end.

The Assembly adjourned until 2½ o'clock P.M.
Closed with prayer.

TUESDAY, May 28th, 2½ o'clock P.M.

The Assembly met, and was opened with prayer.

The Committee appointed to prepare a Pastoral Letter presented their Report, which was adopted and is as follows :

The General Assembly of the Presbyterian Church in the United States of America send greeting to the Sessions of the churches and

through them to the parents and Sabbath-school teachers in our connection.

As Ministers and ruling Elders representing the Presbyteries and churches, and met in the highest Judicatory of our Church, we address to you as co-workers with us this PASTORAL LETTER.

We address you in behalf of the vast crowds of children springing into life and rapidly rising into manhood and womanhood, than which no more affecting vision looms up to the view of the Christian and the Christian Church.

Grave questions force themselves upon us as to these :—What is to be their aim? What is to be their character? What is to be their destiny? What duty is each of us called to, in reference to the rising race? In the language of Manoah concerning his son, who was to be the avenger of Israel, "How shall we order the child, and how shall we do unto him?" As Samson, his son, was to go forth, after suitable training in the prowess of his physical strength, to compete with the enemies of Israel, so are the children under our training to go forth to the great spiritual conflict. How then shall they be ordered? how trained as Christian athletes, to be able to burst asunder the green withes and the new ropes with which sin would bind them, and to push down the pillars of Dagon's temple? Not only are they to be trained to stand firm when assaulted with temptations, but to make onslaughts upon the powers of darkness.

In view of the seductive influence of much of our modern literature on the one hand, and the facilities for effecting good by well-aimed efforts on the other; the children are to be taught, not only to use *defensive* armor, but to employ the weapons which are mighty through God to the pulling down of strongholds.

Are the lives of our children to be a failure, and worse than a failure? or are they to be examples of virtue and piety, in whose light others shall walk in the path of life?

Among the instrumentalities to lead our children to safety and usefulness, we recognize the Sabbath-school as occupying a position of very high prominence. But the value of the Sabbath-school depends upon the *kind* of instruction imparted.

We concede that the International Sabbath-school System recently inaugurated is one of great excellence; and the blessings flowing from its introduction, we trust, will be many and substantial. But it is our hope and expectation to engraft upon it still better scions, that shall yield richer and better fruit. We are already, as many of you know, sending forth helps, through our Board of Publication, which weave into the Lessons the Shorter Catechism; suggested, illustrated and enforced by the passages of Scripture forming the basis of these Lessons. We have recommended to the Board "to incorporate into its system of Lesson Papers and Question Books brief expositions of the Answers of the *Shorter Catechism.*"

We feel constrained, therefore, to exhort you affectionately to have introduced, if it has not been done, into the Sabbath-schools the Question Books and Lesson Papers published by our own Board of Publication, rather than to depend upon helps from sources less decided for the truth. We affectionately exhort that the Shorter Catechism be used in all our Sabbath-schools, that parents assist the teachers in encouraging their children to commit the same to mem-

ory, and that teachers make these young disciples familiar, not only with the tried and eminently rich doctrines and important duties taught in our Standards, but with our Form of Government and Directory for worship. Let each Session, at its earliest convenience, take action on the subject.

If parents and teachers would honor these Standards in their families and schools, there would be wrought into the hearts and minds of the rising race a love for the good and the true, such as no false system could displace. Formulated and wholesome doctrines would not be disparaged, and pure gold would not give place to tinsel.

We need not remind you that the Apostles frequently inculcate, in their Epistles, the importance of adhering to *sound doctrine.* The Disciple whom Jesus loved, and who leaned upon his breast at the Holy Communion, rejoiced greatly in his fellowship with the Father and with his Son Jesus Christ. And yet he says "I have no greater joy than to know that my children walk in truth."—John 3: 4. So every minister and parent and Christian should rejoice in knowing that the hearts of the young are brought under the influence of divine truth.

The history of the progress and decline of truth, alternately assaulting and yielding to error, presents a story full of interest and instruction. With what a glorious light did it burst upon the European world three centuries ago, when the Papacy received a blow from which it has never recovered! And how did it rise again, when France and Germany and the most of the nations of Europe were declaring for Protestantism? Then it was that the founder of the Jesuits contrived to bring back the waning power of Popery. He trained teachers, he sent them out into all the lands; men of popular address and of missionary zeal to make proselytes; and schools were established, and young hearts were won for Rome, and Popery again stood up erect. This has been Rome's policy ever since, and this has been the secret of her success.

Who shall teach the young, and how shall they be taught? is the question of the age. The conflict between truth and error will continue, and parents and teachers must gird themselves for the earnest battle.

Beloved brethren in the Lord! let us awake to the vast importance of training a people for God and for our country. Our children should learn that this land is given them for the salvation of the world. Let teachers be impressed with the truth: that the child is more important than the man, because it has a better opportunity to be moulded for the work of God, and because it has a longer future for its work. When the heart of the fathers shall be turned to the children, and the heart of the children to their fathers, God will not come and smite the land with a curse. Sow the seed then in hope; for "he that goeth forth and weepeth, bearing precious seed, shall doubtless return again with rejoicing, bringing his sheaves with him."

The words which you utter to your children and your classes are letters inscribed on veiled tablets, to be unveiled, if not sooner, when the Great Assembly shall meet. The minds of these young immortals are so many phonographs, to receive your words, and to repro-

duce them when your tongues shall be silent in death, and they may be rehearsed to millions in the great future. Abel being dead yet speaketh.

The Committee, appointed to prepare a minute expressing the views of the Assembly on Judicial Case, No. 6, presented their Report, which was adopted, and is as follows :

The Appeal of John Miller from the judgment of the Synod of New Jersey was found, by the Judicial Committee, to be in order, and was reported to the General Assembly for adjudication.

This Report having been adopted, the Assembly entered upon the solemn consideration of the Appeal.

After a full hearing of the evidence as presented by both parties in the Case, the Assembly reached the decision not to sustain the Appeal by the following vote : to sustain, three (3) ; to sustain in part, eighteen (18) ; not to sustain, two hundred and seventy-four (274).

This expression of the General Assembly approaches the nearer to practical unanimity, since, as it is understood, those who voted to sustain in part have doubts only in regard to the conclusiveness of the proof adduced for Specification, No. 2, viz. :

"Mr. Miller teaches that Christ as a child of Adam was personally accounted guilty of Adam's sin ; that, like other children of Adam, he inherited a corrupt nature ; and that he needed to be and was redeemed by his own death."

Not to recount his own admissions and assertions in the presence of the General Assembly, it is proper to state that the multiplied evidences drawn from Mr. Miller's book conclusively established the original charge preferred by the Presbytery of New Brunswick, viz. :

"We charge Mr. Miller with publicly denying and assailing important doctrines of the Confession of Faith and the Catechisms of our Church."

Under this Charge, are the three following Specifications :

"Specification 1.—Mr. Miller teaches that the soul is not immortal : that at the death of the body it dies, becomes extinct, and so continues until the resurrection."

"Specification 2.—Mr. Miller teaches that Christ, as a child of Adam, was personally accounted guilty of Adam's sin ; that, like other children of Adam, he inherited a corrupt nature ; and that he needed to be and was redeemed by his own death."

"Specification 3.—Mr. Miller teaches that there is but one person in the Godhead."

This decision of the General Assembly confirms the action of the Synod of New Jersey, which approves the resolution unanimously adopted by the Presbytery of New Brunswick, May 4th, viz. :

"*Resolved*, That the Rev. John Miller be, and hereby is, suspended from the ministry of the Presbyterian Church, until such time as he shall make manifest, to the satisfaction of Presbytery, his renunciation of the errors he has been found to hold, and his solemn purpose no longer to proclaim them."

Whilst the Assembly thus declare their unwavering adherence to our Confessional Symbols, they desire at the same time to express

Digitized by Google

only the kindest feelings toward Mr. Miller; and they make this disposition of the Case only because the interests of truth imperatively demand it.

While in accordance with complete freedom of conscience the General Assembly would urge upon all fidelity to our doctrinal Standards, they would, at the same time, earnestly advise any one who may entertain views irreconcilable with our Standards, to take the authorized course, after consultation with his Presbytery, and peacefully withdraw from the ministry of our Church.

The Mileage Committee, agreeably to the order of the day, presented their Report which was adopted and is as follows:

Called unexpectedly and without experience to the performance of the duties of the Mileage Committee, at a time when some of our most honored and respected brethren felt it to be their duty to decline compliance with the assessment for entertainment and Mileage, and the consequent want of confidence produced by this state of things, the Committee beg leave to say that we must remember the injunction, "bear ye one another's burdens, and so fulfill the law of Christ." No human organization can or will lay the same burden on each of its members. The unity of heart and action in our beloved Church will make it strong and powerful for good.

The Committee have been prevented from sharing in the interesting services and work of the Assembly, that they might perform to your satisfaction the duties imposed upon them. They are impressed with the thought that it has been a means of grace to them, and they desire to express to the Assembly their thanks for their forbearance and courtesy; and if they have succeeded in discharging the difficult duties imposed upon them to your satisfaction it will be a gratification to each member of the Committee. And may this great Church, strong in numbers, and great in material power, controlled by the *highest* consecration to God, press on to victory, until He whose right it is shall reign.

The Committee would respectfully report that since the last meeting of the Assembly three new Presbyteries have been organized, viz.: Larned, North Texas and Trinity, making our present number one hundred and seventy-eight (178).

The Presbyteries of Pittsburgh and Allegheny having paid their full quota into the Mileage and Entertainment Funds, we would respectfully recommend that $500 of the amount be paid to the Committee of Arrangements, to meet in part the extra expenses.

Resolved, That the apportionment for the Mileage Fund of 1879 be five cents per capita.

Resolved, That the Mileage Committee be instructed to pay to the Treasurer of the General Assembly the balance remaining in their hands.

Resolved, That an apportionment of two cents per capita be made for the Entertainment Fund of the ensuing year.

It was *Resolved*, That the thanks of the Assembly be returned to the Chairman of the Mileage Committee and his associates, for their courtesy and faithful discharge of their duties.

The Stated Clerk presented the Annual Report of the Deaths among the Ministry of the Church, after which the Assembly engaged in prayer. The Report was ordered to be printed with the Narrative of the State of Religion in the Appendix to the Minutes of this Assembly.

The Finance Committee presented the following Report which was adopted :

Your Committee on Finance beg leave to report to the Assembly that the Committee of Arrangements have reported to your Committee as follows :

That the number of Commissioners entertained at hotels, and boarding-houses is 342, which for 12 days amounts to $7,387.00 ; dinners and tea, $700 ; incidental expenses, $600 ; Total, $8,687.00.

Your Committee called for an itemized account, and the Committee of Arrangements state, that it is impossible for them to furnish such account until the close of the Assembly and the bills and accounts are made up and settled, and that they have estimated the above. Your Committee, therefore, not being able to audit the account, respectfully recommend that the Treasurer of the Assembly be authorized to pay the bills when they are received. The amount paid to the Mileage Committee to constitute a Supplemental Contingent Expense Fund for entertaining such Commissioners as are not otherwise provided for, is $8,828.10.

The Special Committee appointed to consider a claim for Mileage expenses in connection with the last Assembly, reported as follows :

The Special Committee to whom was referred the case of Rev. James M. Roberts, of the Presbytery of Santa Fé, have carefully considered the whole matter, and they recommend that the Assembly

instruct their Treasurer to pay said Commissioner the sum of $154 due him since last year from the Mileage Fund.

The report was adopted.

The Committee on the Polity of the Church presented the following Report:

Overture No. 26.—Being a Preamble and Resolutions, with reference to Cadets from Presbyterian families in the Naval School at Annapolis, Md. The Committee recommend the adoption of the following:

Whereas, the representative position of our U. S. Naval officers, their eminent social rank, and their international religious influence, when decisively Christian, make it a matter of the first importance that the Cadets in course of training in the Naval Academy at Annapolis, Md., who may have gone from Presbyterian families, be kept under Presbyterian supervision, and be not, through neglect, lost to our denomination:

And *Whereas,* it is neither possible nor is it desirable to accomplish this end through the Naval Chaplaincy, which the genius of our civil government, the fundamentals of Presbyterianism, and the dictates of evangelical Catholicity, demand should be free from all taint and suspicion of sectarianism, therefore,

Resolved, 1. That this Assembly urgently request Presbyterian parents who may have sons in the Naval Academy, and all pastors and Sessions of congregations from which they may have gone, to watch with special solicitude over their religious associations.

Resolved, 2. That the parents and pastors be further requested to send, with each Cadet, at the time of his matriculation, a letter introducing him to the Presbyterian pastor of Annapolis, and also a letter to the commanding officer of the Academy, desiring him to permit said Cadet to attend worship in the Presbyterian Church on the Lord's day; and that every other proper means be employed to make and keep our own Cadets thoroughly and distinctively Presbyterian.

They reported, also,

Overture No. 27.—Being the matter of the constitution of Missionary Presbyteries and Synods, referred by the Assembly to this Committee, on recommendation of the Committee on the Records of the Synod of India.

The Committee recommend that the whole subject be referred to a Special Committee of five, consisting of Elijah R. Craven, D.D., John C. Lowrie, D.D., Samuel H. Kellogg, D.D., Aaron B. Belknap, Esq., and Samuel C. Perkins, Esq., to report to the next General Assembly.

They reported, also,

Overture No. 28.—Being a Request from Rev. David X. Junkin, D.D., a member of this body, that an Overture be sent down to the Presbyteries, with the veiw of having a provision made in our Form

of Government, for the election of an adsessor (or vice-moderator). The Committee recommend, that this Overture be referred to the Special Committee on the Revision of the Book of Discipline.

They reported, also,

Overture No. 30.—Being a Request from Rev. David X. Junkin, D.D., that a Committee be appointed to consider the following subjects :

1. Whether any portion of the business of the Assembly can be properly transacted by the Synods.

2. Whether a Judicial Court, or Commission of Appeals, may not be constituted before which Judicial Appeals may be referred, whose decisions should be final, without taking the time of the Assembly.

The Committee recommend, that this subject be referred to the Special Committee on the Revision of the Book of Discipline.

They reported, also,

Overture No. 17.—Being a Request from the Presbytery of Rochester, that the substance of the Statistical Summary be embodied hereafter in the Annual Narrative of Religion. The Committee recommend that no action be taken.

The recommendations were severally adopted.

It was *Resolved*, That it is hereby recommended to the Board of Home Missions, that they make careful inquiry whether it be feasible to reduce the current expenses of the Board, and report their answer to the next General Assembly.

The Committee appointed to prepare a minute expressing the views of the Assembly in reference to Judicial Case, No. 3, presented the following Report which was adopted :

The Rev. Isaac M. See, Pastor of the Wickliffe Church, Newark, N. J., was charged by Rev. Elijah R. Craven, D.D., "with disobedience to the divinely enacted ordinance in reference to the public speaking and teaching of women in the churches as recorded in 1 Corinthians, xiv. 33–37, and 1 Timothy, ii. 11–13 :" in that twice, on a specified Sabbath, in the pulpit of his said church, at the usual hours of public service, he did introduce a woman, whom he permitted and encouraged then and there publicly to preach and teach.

The Presbytery of Newark sustained the charge, and from its decision Mr. See appealed to the Synod of New Jersey, which refused by a decided vote to sustain the Appeal, expressing its judgment in a minute of which the following is a part :

"In sustaining the Presbytery of Newark as against the Appeal of the Rev. I. M. See, the Synod holds that the passages of Scripture, referred to in the action of the Presbytery, do prohibit the fulfilling by women of the offices of public preachers in the regular assemblies of the Church."

From this decision Mr. See has further appealed to the General

Assembly, which, having thereupon proceeded to issue the Appeal, and having fully heard the original parties and the members of the inferior judicatory, decided that the said Appeal from the Synod of New Jersey be not sustained by the following vote ·

To sustain, 85.
To sustain in part, 71.
Not to sustain, 201.

The votes "to sustain in part" were, as your Committee believe, based mainly upon certain alleged irregularities and informalities in the action of the inferior judicatories, not affecting the principle involved in the main question, and not upon any sympathy or accord with Mr. See's peculiar views and practices in the premises.

In refusing to sustain this Appeal of Mr. See the Assembly hold, that there is nothing in the proceedings of the Synod of New Jersey which entitles the appellant to a reversal of the judgment and finding; and the Assembly reaffirm the language above quoted from the decision of the Synod as expressing their own opinion.

At the same time, the Assembly find great pleasure in calling attention to the enlarging efforts and the growing influence of the women of the Presbyterian Church, in the work committed to the denomination; and point with peculiar satisfaction and emphatic approbation to the noble record, to which these women are daily adding by their efficiency and devotion.

The Committee appointed to prepare a minute expressing the views of the Assembly on Judicial Case, No. 8, presented the following Report, which was adopted:

The Committee appointed to bring in a minute in reference to the Complaint of the Rev. Thomas H. Skinner, D.D., and others, against the Synod of Cincinnati, respectfully report the following, viz.:

The Complaint of the Rev. Thomas H. Skinner, D.D., and others, against the Synod of Cincinnati, in the matter of Rev. William C. McCune, was found to be in order; and, after being heard, the vote on the same was taken and stood as follows:

To sustain the Complaint, 243.
To sustain in part, 7.
Not to sustain, 57.

The Complaint is therefore hereby declared to be sustained, and the action of the Synod reversed.

In this decision the Assembly affirm their judgment, that the original charges brought against the Rev. William C. McCune, before the Presbytery of Cincinnati, in this Case, were proved by sufficient evidence under several of the specifications subjoined to the same. The Presbytery, therefore, erred in not sustaining these charges, and in not reprimanding Mr. McCune for his unsound statements, and his disloyal action in the premises. The Presbytery also erred, in dismissing Mr. McCune under these circumstances to another denomination as in good standing. The Synod of Cincinnati erred, in refusing to sustain the Complaint made against the Presbytery of Cincinnati for its action in this Case.

The Committee on Reduced Representation presented the following Report:

The Committee on Reduced Representation, to whom was referred a resolution instructing them to inquire into the propriety and constitutionality of an enabling act, to empower the Moderator and Stated and Permanent Clerks of the Assembly, to receive the answers of the Presbyteries to the Reduction Overture that has been transmitted to them, and to announce the result, so that, if the Overture should be approved by the constitutional majority of the Presbyteries, the election of Commissioners to the next General Assembly may be held under it, respectfully report :

The Committee fully appreciate the difficulties and the motive that have prompted the resolution, and would gladly fall in with the object if they could, but they more than doubt the constitutionality of such a measure. In their opinion, the returns from the Presbyteries of their answers to proposed constitutional amendments must be made to the Assembly, and in the Assembly is lodged the final power by which such amendments become Constitutional Rules. To authorize the Permanent officers of this body simply to receive and announce the votes would be an abandonment of this power. While, therefore, the Committee regret the necessity for having another Assembly unreduced in size, they cannot recommend, for relief from it, the adoption of the proposition contained in the resolution, and therefore ask to be discharged from the further consideration thereof.

The Report was adopted and the Committee discharged.

The Committee on Benevolence presented their Report, which was adopted and is as follows :

The Committee on Benevolence regret, that their Report on the very important subject committed to them must be meagre and unsatisfactory. This necessity arises from the almost entire absence of data upon which to base a report. Of the 37 Synods comprised in this General Assembly, three only, viz., Cleveland, Geneva, and New-Jersey, have sent up the required statement of the Benevolence of the churches within their bounds. Of these, but one is at all complete, viz., that of the Synod of Geneva, which is a carefully-prepared and full exhibit of what has been done up to date for the cause of Benevolence in each of the Presbyteries of that Synod. The fidelity of the brethren of the other two Synods is recognized and commended, but they were hindered from the full performance of their desire, by the failure of the Presbyteries to give them the necessary information.

It is evident that the plan of the Assembly, to obtain knowledge of the Benevolence of the churches directly from the Synods, is as yet but little appreciated by these bodies. We therefore advise the reiteration of the recommendation of last year, viz. : " that the member, appointed by each of the Synods as the Committee on Benevolence, be required to send up annually a statistical Report of the benevolent work of the Presbyteries embraced in the Synod that he represents, to the Stated Clerk of the General Assembly, to be by the Assembly put into the hands of the Committee on Benevolence, as the basis on which their Report will be made." That this may be done without fail, we recommend that these Synodical Reports embrace the

Statistics gathered by the Presbyteries, at their meetings in the spring preceding the meetings of the Synod and contained in the Minutes of the General Assembly.

This, we are aware, will give to the Assembly statistics a year old; but we are satisfied that to bring them down to date, or even to the time of the Synodical Meetings preceding the General Assembly, is practically impossible.

The required source of information having failed, the Committee have availed themselves of the Reports of the several Boards presented to this Assembly. From them they learn, that the amount contributed by the churches to the Boards shows a slight falling off, but less than might have been anticipated in these times of continued financial pressure. The total amount, received by the Boards from the churches during the past year, is $806,000, which is an average of $1.37 per member. These figures surely do not represent the ability of the Church to meet the demands of her agencies to sustain and extend the institutions of the gospel.

The Reports of the Boards also reveal the fact, that their entire receipts are from less than two-fifths of the churches; that to their several treasuries, there is an average of three-fifths of the churches which have made no contribution whatever. This is a deplorable fact, which should receive the serious consideration of the General Assembly. It is often said that the non-contributing congregations are weak and small, and able to do nothing beyond the requirements of their home calls. Many of these weak churches, however, do make contributions to the Boards, and this explanation of the evil of which we speak is an injustice to them, while it is a screen behind which the negligence of larger congregations is concealed. In many of the Presbyteries there are churches of strength, which either give nothing to the Boards, or so little, as to make one wonder by what ingenuity a collection can be taken in their congregations with such meagre results.

The Committee on Bills and Overtures have already presented this matter to the Assembly, and action has been taken thereon. The Committee on Benevolence, therefore, do not think it necessary to do more than emphasize the action of the Assembly referred to. Finally, the Committee trust that the Synods will hereafter show such diligence in reporting to the Assembly on the subject of Benevolence as will enable future Committees of the Assembly to present the subject with much greater fullness than has been possible at the present time.

The Committee was discharged.

The Assembly adjourned until 7½ o'clock P.M.

The Standing Committee on Home Missions again presented their

Report, amended; and, after farther amendment, it was adopted, and is as follows:

The Standing Committee on Home Missions beg leave to report: Having carefully considered the Annual Report of the Board, with Overtures, one from the Synod of the Columbia, and one from the Presbytery of Peoria, your Committee respectfully submit the following observations and suggestions:

First of all, the Report clearly indicates, that our Board is no fossilized institution, but is composed of men wide-awake, and alive to all the demands and opportunities of the great work committed to their care. Nor is this mere compliment, but the expression of sincere gratitude to God, that men of large views, great talent, and catholic spirit, can be found ready, for the Master's sake, to work so harmoniously, zealously, and patiently in a cause of such magnitude and responsibility.

The next thought, suggested by the Report, is the vastness of the work being done. It is no child's play; it is not the work of a mere clerk; it demands generalship, executive ability, and faith of the highest order. Whether you consider the number and variety of missionaries and churches, or the extent of the territory embraced; whether you view the vast and growing populations calling for aid, simply in the light of *numbers*, or consider the perplexing variety in their social, educational, and religious condition; the impression is the same—that of vastness and responsibility.

The home work is no longer merely the disbursement of funds within the boundaries and under the eye and direction of an organized Presbytery or Synod. Its home is the home of the American citizen. Its watchful eye sweeps over the vast fields of American soil. Its warm heart beats in sympathy with every home in the United States. It is a work which no single Presbytery or Synod can perform. It is a work which all of them combined, by no possible co-operation, can accomplish. In the nature of the case, centralization of forces is demanded. The most effective blows result from sending the combined energies of the body through a *single arm*. This Board is the arm of the Church for the great work of evangelizing the land.

It is objected, that in centralization there is possible tyranny; the reply is that in diffusion there is certain weakness. As all human agencies are fallible, the sweep of such a mighty arm may furnish now and then occasion for criticism, but certainly none for alarm, since the arm is always the servant of the body, and can have no rational interest not identical with those of the body.

But this Board is not merely the *arm* of the Church for the execution of its schemes, but also the *eye* of the Church to sweep the outlook, mark the elements and strategic points, and thus aid the Church in formulating its schemes, and in advancing along the line of its great mission.

A single Presbytery may the better determine the comparative merits of two points within its own boundaries; but not when the second point lies within the bounds of a distant Presbytery, and much less when it lies without the bounds of any Presbytery. The judgment of the Presbytery should indeed be final, as to the de-

Digitized by Google

mands of a given point within its own bounds; but only the Board can decide upon its own ability or duty to meet those demands. The *comparative* merit of different points belongs to the judgment of the Board, subject to the review of the General Assembly. Again, a compact and wealthy Presbytery may perhaps more wisely determine and execute the work within its own bounds; but to *limit* its activities and sympathies to its own territory is to fall far short of its mission, as a part of the Church of Christ, whose very life is the mission spirit.

Vigilance and honest criticism on the part of the Presbyteries, and of the whole Church, are not only a duty, but a healthful sign; and should always be welcomed by this and every other Board of the Church. God forbid the day when the Church, or any part of it, will become so apathetic as to be indifferent to the conduct of any of its servants. In the nature of things, differences of opinion will exist, so long as the human mind is constituted as it is. To say that any considerable number of men think exactly alike, on all the phases of a great subject, is to say that they do not think at all. On the other hand, it is equally necessary that the Board should be as firm and resolute in executing approved plans, as wise and sympathetic in devising new ones.

Lest these observations might seem to imply more than the facts will warrant, your Committee will group under three heads the lines of actual criticism.

1. The first regards simply the enlargement or growth of the Board's work. By what law shall it proceed? By what principle shall the Board be governed? Here is a certain amount of money actually contributed during the year by the whole Church for this work. During the same year, through the Presbyteries, the greater part of this, or perhaps the whole of it, is applied for to carry on the work within the bounds of the Presbyteries. But here are loud cries and pressing claims, from near and far off and yet promising fields. What will the Board do?

It may say to the Presbyteries: "We would love to give you all you ask, but we must heed these Macedonian cries, and therefore *cannot* do it." The Presbytery may reply: "We need all we ask; you are pledged to these feeble churches; our missionaries are suffering, and it is better that new points should wait than that organized churches should die." Who is to determine the question? Certainly no single Presbytery has the right to do so, for the question concerns the whole Church, of which the Board is the servant.

On this whole subject, your Committee would respectfully submit, that the genius of Presbyterianism will not tolerate the idea of a sectional Church. Its aim should ever be to make the actual correspond with the ideal. As the population of new territories advances, the Church must advance with it or lose ground.

The West of to-day is scarcely the West of yesterday. Not many years ago, the ground upon which we now stand was missionary ground. Within a quarter of a century the West was Illinois, Iowa, and Wisconsin. Now the civilized and rapidly advancing West, having pushed itself beyond the Missouri, beyond the Rocky Mountains, to the Pacific slope, looks upon Illinois, Iowa, and Wiscon-

sin as old States and quite far east. Presbyteries in these older States, not to speak of those in Eastern States, notwithstanding their just claim to support and sympathy, should remember that the *time* and the *opportunity* are everything in the work of evangelizing these new communities. Such Presbyteries should be ready to make every possible sacrifice. They should remember that God gives seeds and not harvests.

Years ago, and freely, through this Board, the seeds were scattered within their boundaries. They should water and cultivate to the harvest. As parents of these feeble churches they should not expect to develop them to maturity, by perpetually bearing them in their arms. When it becomes certain that a child will have no backbone, the parent should count it a mercy that it dies in infancy. It is then a fair question: Are there not many churches on our rolls, eating up all they can get from this Board, which really, and in all honesty of principle, have no right to exist as separate organizations? There is a vast difference between preaching the gospel to a community and organizing them into a church. An organization which lives perpetually for itself, especially if supported by another, has no right to be called a part of the organic church.

On the other hand, your Committee would respectfully ask the Board to remember that even the most promising children need to be helped up to maturity; that it may be very bad policy to permit a growing and promising church to languish, in order to plant a new church somewhere else; that the contributions expected from the average church must be measured by its actual and not by its ideal character and condition.

Just here your Committee cannot fail to notice certain complaints made by the Overture from the Presbytery of Peoria. Similar complaints have reached the Committee from several quarters—viz.: That the Board is not always sufficiently considerate of the judgment of the Presbytery in the matter of granting Commissions for definite terms, and of amounts allowed upon applications. In so far as the Board has disregarded the judgment of the Presbytery in any case, and modified its applications solely or chiefly on the ground of *private information*, at variance with the judgment of the Presbytery, your Committee must insist upon the principle already announced—viz.: that the judgment of the Presbytery is final as to the merits of any particular case within its jurisdiction. The Board is competent to determine *only* two things concerning it—viz.: (1) whether or not it is able financially to grant the request; and (2) whether, being able, the claims of the case in point are equal, or inferior, or superior to other claims that may be before them, from other Presbyteries, and from points outside of all Presbyteries.

But these two points the Board certainly has the right to determine, unless you deny it all administrative functions; but do that, and you break the right arm which makes the home work successful and respectable.

On this whole subject of the growth or enlargement of the Board's work, including the above criticisms, your Committee deem it un-

Digitized by Google

necessary to recommend anything beyond wisdom, prudence, and patience on the part of churches, Presbyteries, and the Board.

2. The second group relates to the character and scope of the work done by this Board. Until recently this work was confined to "the establishment and maintenance of churches." But, by action of the Assembly of 1877, demanded by exceptional populations found in newly-acquired territories, this work has been extended to the establishment and maintenance of schools, necessary to prepare the way for churches.

These exceptional populations, some of them speaking foreign tongues, and practising heathen worship, are found in Utah, Idaho, Alaska, and New-Mexico. All of them in many respects are unprepared, and some of them in no respect prepared, for church organization.

The Report shows that three schools in Alaska, 10 in Utah, one in Idaho, and six in New-Mexico, 20 in all, with 20 teachers—have already been established, are well attended, and doing, with the Sabbath-schools associated with them, a good preparatory work.

But this work thus and just begun reveals vast possibilities, and promises large proportions in view of the fact that these exceptional populations aggregate over half a million of people—a number equal to the whole membership of our Church. Is it wise thus to enlarge the functions of this Board? Is it the best that can be done, to encourage this Board at once and vigorously to grapple with the problem here involved? There are two theories.

One is to "sweep the whole home country with a home broom," irrespective of character or condition of population — that is, to give the whole territory of the United States to the Home Board.

The other theory is to limit the work of the Home Board to a class or classes, determined by their fitness or readiness for immediate church work. This theory would give all exceptional populations to the Foreign Board.

But (1) the genius of the foreign work is to teach and preach in a foreign tongue, and to build up the Church under a foreign government; while that of the home work is to teach and preach in the English language, to naturalize all foreign elements, and build up our own Church in our own land. It is not only church work, but *American* church work.

And, consequently (2), the methods and appliances of the Foreign Board are not as well adapted to this work as those of the Home Board.

3. This home work can be done at less expense by the Home Board.

On this subject, therefore, your Committee would recommend that, as between the Home and Foreign Boards, all the territory within the geographical limits of the United States covered by our Presbyteries and Synods is, by the very constitution of the Home Board, the legitimate field of its operations. But the missions, hitherto established and sustained by the Foreign Board among the Chinese and Indians in our country, and any others which may be established by the Board with the approval of the General Assembly, must remain exclusively under the care of that Board, until the Assembly shall otherwise direct.

Digitized by Google

As a part of this general work, your Committee would call special attention to the large body of civilized Indian Tribes, in the Indian Territory between Kansas and Texas. These number over 70,000, are near the railway, and not pagans, and need schools and preaching. We have but four men in that field; and the call for more is *loud* and persistent.

Your Committee recommend the Board to consider the propriety of establishing such schools as are needed, and to extend their work in that region as rapidly as men and means at their command will justify; and this Assembly also hereby recommend those churches specially interested in Home Missionary work among the Mormons, New-Mexicans, and Indians, to send to the Board of Church Erection special contributions for the purpose of securing mission chapels among these needy people; the said contributions to be distributed by the Board of Church Erection, on such terms and in such manner as they deem proper.

3. The third group relates to special agencies for providing missionary funds. Special reference is made to what is known as "Women's Boards." Some of these are organized exclusively for foreign work; some for home work; and still others on the broad basis of Missions, including the home and foreign on equal terms. Some little friction has arisen in certain quarters on account of this diversity of aim and method. The Assembly of 1875 (Minutes, p. 489) distinctly recommended "the organization of a Woman's Home Missionary Society, with auxiliary societies, under the advice and counsel of the Board of Home Missions, or its officers." The same Assembly, in the same document, distinctly defined its meaning in making such a recommendation, in the following words —viz.: "Such recommendation, without restricting the liberty of the women of each congregation, will express the clear judgment of the Assembly, that home evangelization, and the conversion of the heathen, are one and the same work of the Lord" (p. 489).

On this subject your Committee would recommend, that the attention of Presbyteries and Synods be called to the action of 1875 referred to; and that, in the judgment of this Assembly, it is suicidal to foster the idea, that there is any radical distinction between the two great departments of mission work represented by the two Boards, Home and Foreign. They also recommend that pastors, Presbyteries, and Synods, make special effort to present to the women of our churches, by sermons or otherwise, the principles and history of these organizations; and that effort be made to secure harmony of method, either by separate organizations for the different branches of the work, or by incorporating both branches in one organization. Your Committee also recommend that the Committees on Home Missions, in their respective Presbyteries and Synods, be instructed not only to promote by all means in their power, this work of the women in its Home Mission cause, but also, by some systematic method, to secure all available statistics of such work within their bounds, and forward the same to the Board of Home Missions.

In reference to several special matters your Committee recommend as follows:

(1). The action of the Assembly of 1873, with reference to a

Digitized by Google

special Bureau on Unemployed Ministers and Vacant Churches, is reported as working well. Your Committee recommend that the Assembly renew the injunction of 1873 to the Presbyteries, the Synods, and the Board.

(2). *The Permanent Fund of the Board.*—Your Committee recommend that the General Assembly approve of the action of the Board of Home Missions in accepting the $100,000 for a Permanent Fund, received from Mrs. John C. Green, from the estate of the late John C. Green, on the terms of the Deed of Trust conveying the said gift. Your Committee also recommend that the General Assembly convey, through its Stated Clerk, a vote of thanks to Mrs. John C. Green, for her liberal and noble gift.

(3). *Sustentation.*—With reference to the Department of Sustentation, including the balance of $44,879.50, your Committee deem it unnecessary to make any recommendation, in view of the fact that the whole subject is embraced in the work of a Special Committee to report to this Assembly.

(4). *Loyalty* to the Work of Home Missions.—Your Committee recommend, that the Assembly call the special attention of pastors and Presbyteries to that part of the Annual Report under the heading of "WANTS." No possible friction, no inevitable mistake, should for a moment be allowed to bind the energies of the Church in the support of this vital, grand work. Even depression of business should not hamper the faith and zeal of the Lord's hosts.

The widow of Zaraphath gave *first* of her morsel of bread to the prophet of the Lord, and then the blessing came. Even in dark times, let the feeblest church of God have the same faith and do after the same maner.

(5). Appointment of Members.—The term of service of the following members of the Board expires with this Assembly :—*Ministers*—Rev. Jonathan F. Stearns, D.D., Rev. Henry J. Van Dyke, D.D. ; *Laymen*—Robert Lenox Kennedy, John Taylor Johnston, John E. Parsons.

Your Committee recommend that these gentlemen be reappointed members of the Board.

The Assembly resumed the consideration of the Report of the Standing Committee on Foreign Missions, which, having been amended, was adopted, and is as follows :

The minutes of the Board for the past year have been examined by your Committee, and it is recommended that they be signed by the Moderator of this Assembly as approved. The terms of the service of the following members of the Board expiring at this time, we recommend that they be reappointed for the three years ensuing, viz. : Rev. Charles K. Imbrie, D.D., Rev. Robert R. Booth, D.D., Rev. James P. Wilson, D.D., David Oliphant, Esq., Henry Ide, Esq.

It is also recommended that Rev. Llewellyn D. Bevan, D.D., be appointed in the place of Rev. Henry J. Van Dyke, D.D., resigned.

No material change has been made in the working force of the Board during the year. An increase of four in the number of ordained missionaries, of seven in the number of female missionaries,

Digitized by Google

of three in the number of native ministers, and of eight in the number of native licentiates, is reported by the Board. The roll of communicants has increased from 9632 to 10,391; and of scholars of various grades from 14,371 to 15,906. Slight as this increase in the force employed and in the results enumerated may seem at first view, it should still be regarded as the indication of a true and healthful advance in our missionary work.

We record with pain the loss by death of five among these devoted laborers—viz., Rev. Charles F. Preston, Canton Mission, China; Rev. Joseph Caldwell, Lodiana Mission, India; Rev. John M. Deputie, Liberia Mission, Africa; Mrs. Goheen, Kolapoor Mission, India; Miss N. J. Williamson, Dakotah Mission, U. S. A.

It is proper not only that these deaths should be placed, as this report places them, on the permanent records of this Assembly, but also that the names of such consecrated lives should not be lost by the Church to whose service they have been so faithfully devoted.

The statement of the Treasurer shows an aggregate expenditure, during the year, of $511,180.92. In this aggregate is included the indebtedness of the year preceding, amounting to $43,032.99. The amount actually expended in the work of the Board is $468,147.93. The distribution of this sum is given in detail, in the Report of the Treasurer appended to the Annual Report. It may be interesting to consider this distribution somewhat more generically as follows:

Eastern Asia, including Japan, China and Siam, receives, in round numbers, $122,000; India, $95,000; and Central and Western Asia, $98,000; making a total, for the continent, of $315,000; about sixty-eight per cent. of the entire expenditure of the Board. Our African missions receive but three per cent., amounting to $14,000; while South America receives $51,000, or eleven per cent.; and Mexico, $31,000, or seven per cent. The expenditures for the Indians and the Chinese in America amount to $25,000, or more than five per cent., leaving a balance of six per cent. for home expenses, deducting the small sum annually sent to Papal Europe. A general survey of these figures, in connection with the work reported, seems to make it apparent that our larger and older missions are less expensive in proportion than the newer and smaller; and also that the missions in Papal countries, such as Mexico or Brazil, are much more costly than those to the heathen, as in India or China.

A similar comparison between the distribution of funds in 1877–8, and the distribution in 1872–3 shows the following facts: The expenses of the Home Department have been reduced, during these five years, from $38,000, in round numbers, to $25,500. The expenditures in India have fallen from $111,000 to $95,000; in Brazil, from $55,000 to $38,000; in Bogota, from $9600 to $3700; in Africa, from $24.000 to $14,000; and among the Indian tribes, from $16,800 to $11,500. On the other hand, the expenditures in Persia have increased during this period, from $31,000 to $42,000; in Japan, from $14,000 to $24,000; in Mexico, from $22,000 to $32,000; among the Chinese on the Pacific coast, from $8500 to $14,000; and also slightly in China and Chili. The appropriations to Syria and to Siam have remained substantially the same as in

Digitized by Google

1873. In the aggregate, the reductions exceed the advances by nearly $30,000.

The statement of the Treasurer also shows the aggregate receipts of the financial year to have been $468,851.66. In this aggregate a special gift of $50,000, to meet the indebtedness existing a year ago, should be included. Of these receipts, about seventy-three per cent. come from churches; eight per cent. from legacies; and nineteen per cent. from individuals and miscellaneous sources. A comparison of these receipts with the gross expenditures for the year shows that, while one debt of $43,032.99 has been paid, another debt of $47,329.26 has been created during the year. The financial condition is consequently less favorable than that of last year, the debt having increased in the interim $4296.27.

An examination of the financial exhibit of the Board, for the past five years, shows the average receipts annually to have been $476,-692.13, and the average expenditures annually to have been $490,-553.08. This leaves an annual average deficit, during this period, of $13,860.95. In this average annual of receipts are included the special contributions of $123,500 in 1873–4, and of $50,000 in 1877 towards the payment of indebtednesses then existing. These special contributions, distributed through the period, amount to more than seven per cent. of the gross annual receipts.

It will be apparent from these figures that the average expenditures for the past five years have been three per cent. annually above the receipts, these special contributions being included, and not far from ten per cent. annually, if these contributions be omitted from the calculation. It should also be noted that the receipts for the past year, notwithstanding the special contributions named, fall $12,840.07, or nearly three per cent., below the general average of receipts for the whole period named. The falling off from 1873–4 is not less than $28,556.21. It also appears that the present indebtedness, which should be paid at once, is somewhat more than ten per cent. of the receipts of the past year; and nearly ten per cent. of the average annual receipts for the entire period under review.

These figures lead us along various lines to the great question of the hour: What should be the policy of the Board, and of the Church which the Board represent, in such a juncture? To pay the existing indebtedness, and to carry on the work at the same rate as during the past year will require an advance (apart from any such special contribution as was received last year) of more than twenty per cent. in the aggregate of receipts. To carry on the work at that rate, leaving the debt unpaid, will require an advance of at least ten per cent. If, therefore, the Board go forward without an actual reduction of the force employed and the work done, they must do this in the expectation either, first, that the contributions from ordinary sources will advance from ten to twenty per cent. during the coming year; or, secondly, that generous friends will again volunteer to remove the existing disabilities; or, thirdly, that the present indebtedness will not only remain, but probably be largely increased. Should the receipts from ordinary sources show no increase, and should no such special help be offered, that debt would inevitably grow to $100,000 before the next financial year shall close.

Digitized by Google

And it should be added in this connection, that the representatives of the various missions are strongly urging an advance in the appropriations for the year, such as will enable them to push forward more vigorously the great work committed to their hands. The estimates from the several missions, so recently presented to the Board, show an aggregate of $506,066, which sum these missions regard as indispensable to the successful prosecution of their present work. If the debt were added to this aggregate, it would require an advance in the current receipts equal to thirty per cent.; an advance of twenty per cent. would be requisite even if the debt should remain unpaid.

Several practical conclusions seem to force themselves on the attention of your Committee in view of such a condition of things :

1. That the Board will be compelled to decline every such request, however urgent, and to keep our several missions rigidly within the present limits of expenditure. Advance seems impossible.

2. That the probability of present help in sufficient amount, from extraordinary sources, is not such as would justify the Board in acting definitely upon it, in making their appropriationsfor the ensuing year. The risks of such action seem too great to be incurred.

3. That, in the present condition of the country, it would be hazardous for the Board to act on the hypothesis, that the ordinary receipts from the churches now contributing will be increased during the year at the rate already suggested. No such increase seems likely to be realized.

4. That, whatever be the alternative, the present indebtedness ought not to be increased, but should rather be diminished, and if possible extinguished, during the current year.

5. That the painful alternative which, in such a juncture, seems to be forcing itself into notice, is either an abandonment of some of our missions, or a reduction for the present at the points where such reduction will work the least mischief.

Your Committee do not accept these conclusions as inevitable, but would rather present them as possible elements in the serious problem, which the Assembly and the Board are providentially called to consider. We beg leave to submit, on the more encouraging side of the problem, the following suggestions :

1. While, in ordinary affairs, men would hardly be justified in consenting to expenditures beyond assured receipts, it may be legitimate in such a work as that of Foreign Missions to act on the broader basis of faith, and even to hope for and plan for results which lie beyond the boundaries of merely prudential vision.

2. Such are the relations between the plan of God in providence and this plan in grace, that we may reasonably expect to see providential help furnished wherever the exigencies of grace seem to require such divine interpositions in behalf of the gospel.

3. It may be anticipated that, in the progress of such a work as this, a continuously broadening interest will be developed in intelligent Christian minds; and consequently that new and unexpected sources of supply will be opened as the necessity for such additional aid becomes urgent.

4. There is an obvious increase in our Church of the spirit of giving, and a better recognition of the true law of giving; from

Digitized by Google

which it may legitimately be expected that by degrees the group of true givers will be enlarged, and the aggregate of their gifts to all Christian Causes will be increased.

5. While it may be unwise to look for any sudden improvement in the general condition of the country, there is ground for the anticipation that the times are coming, and that the ability of the Church to give to this and to all beneficent Causes will be correspondingly increased.

6. While 2799 churches have contributed to this Cause during the past year (averaging $123 each), not less than 2354 churches, or forty-five per cent. of the whole number, have made no contribution. Is it not possible that pastoral fidelity and earnest endeavor, on the part of all interested in this blessed work, could secure from these churches such added contributions, as would relieve the Board and the missions from their present anxiety? If these churches would add but ten per cent. to the present receipts, there need be no reduction in the work; if they would add twenty per cent., the entire debt might be paid, and the great work go on without embarrassment.

7. The duty of our ministry with respect to the work of Foreign Missions is year by year more deeply realized, especially in the Western half of our Church; and we may look forward confidently to the time when no pastor, even in the remotest parish, will justify himself in the failure to educate his people, by all practicable methods, into prayerful and generous sympathy with that momentous work.

8. What has already been done, through various agencies, by the good women of our Church—commendable and indispensable as it has been—may properly be regarded as indication of a still larger work which they and others will accomplish. The capacity of woman to aid in the proclamation of the gospel to the pagan world is far from being exhausted.

9. This work belongs to Christ; and all resources, providential and gracious, are in His hands. He can control the forces of nature in its interest: He can shape the affairs and movements of human life in harmony with it: He can increase the intelligence, stir the sympathies, quicken the zeal and activity of his Church in its behalf: He can raise up other friends to help it in times of need. And looking entirely beyond all present embarrassments, we may safely trust this sacred Cause with him.

In view of such considerations, your Committee judge that the Assembly and the Church are justified, notwithstanding all discouraging features, in looking forward hopefully, and in pressing on with vigor in the task of discipling the world for Christ. While we could not counsel indifference to present difficulties, or justify diffuse expenditure or inconsiderate expansion, the command of the Master is upon us; his call is resounding in our hearts; and we dare not hesitate. The Presbyterian Church in this country has planted itself, from the beginning, on the clear and broad doctrine of Scripture, that this world is yet to be converted to Christ; and that the forces, already brought into requisition in the divine economy, are all that are needful to the securing of that grand result. The Presbyterian Church believes that, in his written word, God

has revealed all the truth that is essential to the enlightenment and salvation of our humanity. The Presbyterian Church believes, that the Spirit of God is potent enough and gracious enough to justify the largest anticipations, in respect to the ultimate regeneration of mankind. The Presbyterian Church believes, that the living Church, as established by Christ, contains within itself, under the divine guidance and quickening, all the agencies and resources requisite to the final evangelization of the whole earth. And on these cardinal verities of the Scripture the Presbyterian Church, discouraged by no outward obstacles, undaunted by no burdens, now and always plants herself in this great missionary work: by these it justifies the offering up of its means, and the sacrifice of its beloved sons and daughters on this altar: in them it hopes, and acts, and prays, and in them it will ever hope, and act, and pray, for the coming of a kingdom that shall be righteousness and joy and peace in the Holy Ghost, and that shall increase and extend until it has filled the earth.

Your Committee beg leave to return to the Assembly the resolution, with regard to the mission school established at Lahore, North India, with the recommendation that the matter presented in the resolution be referred to the Board of Foreign Missions, for such consideration and action as that Board may deem advisable in the case.

In respect to the important work of the Foreign Board among the Chinese in America, and also among the various Indian tribes, we recommend the adoption of the following:

This General Assembly gratefully recognize the great importance of the work now conducted by the Foreign Board among the Chinese on our Pacific Coast, and also among our Indian tribes; and judge that the missions hitherto established and sustained by that Board among the Chinese and Indians in this country, and any other missions which may hereafter be established by this Board with the approbation of the General Assembly, should remain exclusively under the care of that Board until an Assembly shall otherwise direct.

Your Committee also recommend the adoption of the following:

1. The General Assembly desire to record their hearty satisfaction with the work already done for Foreign Missions by the Women of our Church, and their cordial indorsement of their general plans for further usefulness in this department of Christian service. In all true effort for the evangelization of women in pagan lands, the Woman's Board and its auxiliaries may be assured of the sympathy and the strong support of the various judicatories of our Church.

2. The Assembly express their high appreciation of the publications issued by the Board of Foreign Missions, and also by the Woman's Board in the interest of the missionary work. They desire for these publications a more extensive circulation; and especially commend them to pastors and elders as valuable helps in that diffusion of knowledge on this subject, which is indispensable alike to liberal giving and to intelligent prayer.

It was *Resolved*, That the annual collection for the Sustentation Department of the Board of Home Missions, recommended by this

General Assembly, be taken on the first Sabbath of March, or as soon thereafter as possible.

The Assembly proceeded to the consideration of the Report of the Judicial Committee on Judicial Cases, Nos. 9 and 10; and it was adopted as follows:

The Judicial Committee report Case No. 9, being the complaint of the Rev. Drs. N. West and Thomas H. Skinner against the Synod of Cincinnati, dated October 26th, 1877. The papers are in order; and it is recommended that the order of the Book of Discipline be followed; and that the time allowed for argument do not exceed one hour, to be divided equally between the parties. Also, Case No. 10, being the complaint of the same against the same, dated February 25th, 1878. The papers being in order, it is recommended that the Case be considered immediately after the foregoing; that the order of the Book of Discipline be followed; and that the time for argument do not exceed one hour, to be divided equally.

It was then *Resolved*, to suspend action on the above Judicial Cases, in order to hear the Report of the Committee on the Records of the Synod of Cincinnati.

The Report was adopted and is as follows:

The Committee on the Minutes of the Synod of Cincinnati respectfully report, recommending their approval as far as written, with the following exceptions:

Exception 1. The dismissal of Complaints Nos. 2, 3, 4, 5, the paper entitled Appeal No. 6 (pp. 345–347), and the Complaint of the Rev. Thomas H. Skinner (pp. 441,442), on the ground that they were not from judicial decisions.

Exception 2. That the action of Synod in reference to the Case of the Rev. N. West, D.D., against the Rev. B. P. Aydelotte, D.D., was both insufficient and unjust. The action referred to is the first exception to the Minutes of the Presbytery of Cincinnati, adopted November 20th, 1877, and is as follows: "The Presbytery seems to have gone to the extreme of leniency in being satisfied with Dr. B. P. Aydelotte's explanation of an article published in the *Christian Press* of May, 1876, which Dr. N. West deemed slanderous, and for which he tabled charges against the author. We do not mean to say that judicial process should have been instituted, but we think Dr. Aydelotte should have been exhorted to be more careful in publishing articles capable of so offensive a personal interpretation." The Synod, in view of their own declarations, should either have directed the Presbytery to entertain the charge of Dr. West, or to have adopted a minute declaring him free from the imputations of published articles which they declared capable of an "offensive personal interpretation," especially in view of the complete vindication of Dr. West by the Presbytery a few weeks before (see Minutes of the Presbytery of Cincinnati, at Glendale, April 13th, 1876).

Exception 3. That the action of Synod in reference to the second exception (printed page 27) is manifestly insufficient and un-

Digitized by Google

just; each action of the Presbytery, if it was as Synod declares it to be, should have called down upon the Presbytery the severest rebuke for malfeasance.

And farther there seems to be no evidence of any kind, on the Records of the Presbytery, of any such statements made by Dr. West as are alleged to have been made in Resolution 2, of the Judicial Committee of the Presbytery; and the fact that said resolution was adopted a year subsequent to the time alluded to, and in the absence of Dr. West, and the Synod's own statement that it seems to have been prepared for a purpose, demand that the said resolution be expunged from the Records of the Presbytery of Cincinnati.

Exception 4. That the action of Synod in reference to the third exception (printed page 27), is insufficient and unjust, because the act *rarely disapproved* involved the subjection of Dr. West, without cause, in a matter of private affliction, to the suspicion of improper conduct, when a Committee of the Presbytery, in a Report approved by the Presbytery, had declared themselves satisfied as to the propriety of his conduct. The action of the Presbytery should have been rebuked.

Exception 5. In not sustaining Exception 2d to the Minutes (p. 409), in the following words, "Denying to the prosecution the right to introduce members of the Court, on the spot, without a citation, to disprove and rebut certain testimony of the defence."

Exception 6. In not approving the minutes of the last day of the meeting of the Synod at Cincinnati, February 14th, 1878, before their adjournment.

The Committee would farther state that there are two Protests, on the Minutes of the Synod, to important actions of that body, which they feel it to be their duty to bring to the notice of the Assembly. The first, to the action of the Synod in reviewing, under the power of review and control, certain actions of the Presbytery in the case of the Rev. Mr. McCune, which case had been judicially issued by the Synod; the other, the act of the Moderator in convening a *pro-re-nata* meeting of the Synod to approve the Minutes.

Your Committee, after careful consideration, are of opinion that both these actions should be approved for the reasons set forth in the answers to the Protest.

In view of the adoption of the above Report, it was announced, that Drs. West and Skinner asked leave to withdraw their Complaints against the Synod of Cincinnati, the ground of said Complaint having virtually been covered by the Report.

Leave was given to the complainants to withdraw their papers.

The Committee, appointed to nominate a place for the meeting of the next General Assembly, presented their Report, which was adopted, and is as follows:

Your Committee take the liberty of proposing that the next General Assembly meet at Saratoga in the First Presbyterian Church; and that the Stated and Permanent Clerks, together with Rev. Peter Stryker, D.D., Rev. Silas P. Hawley, Rev. James N. Crocker, and

Rev. Charles F. Dowd, be a Committee to make suitable provision for the entertainment of the Assembly. Should this arrangement prove impracticable, the Moderator and the Stated and Permanent Clerks are hereby constituted a Committee, empowered to determine the place of meeting for the next Assembly; and they are directed to make some definite arrangements, if possible, in season to publish the same in the forthcoming Minutes of this Assembly.

The Special Committee to revise the Form of Government and Book of Discipline, provided for by the Report of the Committee of the Polity of the Church, was announced by the Moderator as follows:

Ministers—Elijah R. Craven, D.D., Edwin F. Hatfield, D.D., Alexander T. McGill, D.D., LL.D., William E. Moore, D.D., Nathaniel West, D.D., Robert W. Patterson, D.D.; *Elders*—Hon. William Strong, LL.D., Hon. Joseph Allison, LL.D., Hon. Samuel M. Breckinridge, LL.D., Hon. Samuel M. Moore, LL.D., Hon. John T. Nixon, LL.D.

The Moderator was added to the Committee.

The Committee were authorized to publish the results of their deliberations in anticipation of the meeting of the next Assembly.

The following Resolution was proposed and referred to the next Assembly:—

Whereas, the different branches of the Presbyterian Church throughout the world are now associated with each other in the General Presbyterian Alliance, and *whereas*, at the Triennial Councils of the Alliance, Delegates from all these Churches are present on a footing of perfect equality, and in the enjoyment of the most unreserved fellowship:—

And *whereas*, under such circumstances there seems to be little necessity for retaining the custom of appointing Delegates to visit the Supreme Courts of other Presbyterian Churches—a custom involving a not inconsiderable outlay of time, money, and labor;

Therefore, *Resolved*, that the Assembly, with the most cordial esteem for the brethren of the other Presbyterian Churches, will in future decline to appoint any such Delegates, and content themselves with the appointment of Commissioners to the General Councils of the Alliance.

The majority and minority Reports of the Committee on the Polity of the Church on the matter of a new and Final Court of Appeals, together with the accompanying Overture, referred from the last General Assembly, were referred to the Committee on the Revision of the Book of Discipline.

It was *Resolved*, That the supplementary Report, presented in connection with the Report of the Committee on Reduced Representation, be printed in the Appendix to the Minutes.

The Committee appointed by the last Assembly in regard to an enlargement of the functions of the Board of Education were continued, to report to the next Assembly.

It was *Resolved*, That the question submitted by the Presbytery of Los Angeles, as to what rights and prerogatives belong to a Pastor a Stated Supply had not, be answered, That Stated Supplies have such rights and prerogatives as may be expressly conferred on them by the Presbytery, and no other.

The following declarations and recommendations were adopted :

The General Assembly rejoice in the success of the Presbyterian Historical Society in their securement of $20,000, for the safe-housing of their precious historic treasures ; and recommend every pastor who has failed to do so, to prepare and transmit to the Society a history of the church under his charge. The Assembly earnestly commend the objects of the Society to the attention and liberality of the churches.

The Stated Clerk was authorized to publish the Minutes of this Assembly with the customary Appendix in the usual form.

The Treasurer was authorized to pay the usual bills and salaries.

The Standing Committee on Leave of Absence presented their Report, which was adopted, and is as follows :

Your Committee have endeavored rigidly to regard the rule which forbids the granting of leave of absence unless for manifestly sufficient reasons. APPENDIX.

I. Annual Narrative

OF THE

STATE OF RELIGION

WITHIN THE BOUNDS OF THE

PRESBYTERIAN CHURCH

IN THE

UNITED STATES OF AMERICA.

THE examination of the Narratives sent up by the Presbyteries to the General Assembly impressed your Committee with the fact, that a fitting motto for their Report would be the statement of Luke in the Acts of the Apostles, 9 : 31 :—"Then had the churches rest throughout all Judea and Galilee and Samaria, and were edified; and walking in the fear of the Lord, and in the comfort of the Holy Ghost, were multiplied." This was said of the churches of Palestine, after the outpouring of the Spirit at Pentecost, after certain tribulations were for the most part over, and after the excitements incident to these things had quieted down. The parallel holds but in part; but our Church has had her time of reviving and her time of tribulations, and now has her time of edification and of walking in the fear of the Lord.

REVIVALS OF RELIGION.

The reports from the Presbyteries were singularly unanimous in saying that though there was not in the past ecclesiastical year the general widespread reviving of the previous year, there had been revivals in almost every Presbytery—some of them of remarkable power. And that the churches generally, and to an unusual degree, seemed to be strengthened and edified in a spirit of quiet, sustained and working godliness. In other words, that, though the vines in the Lord's vineyard have not borne so many fruits as in the previous year, the fruit they have borne is of the best quality, and they have made wood and grown strong for far more abundant vintages in the years to come.

If this be the truth, your Committee feel that it is a cause for devout gratitude to our Lord Jesus Christ. It is a great blessing to the Church to

Digitized by Google

have revivals of religion that shall bring thousands and tens of thousands of recruits into the army of the Lord; and it is as great a blessing to have these fresh recruits become trained, disciplined, and reliable soldiers of the Lord. For the work to be done, one regiment of Cromwell's "Ironsides," was worth ten regiments of undisciplined levies. The Church should never forget that God in his Word lays fully as much stress upon sanctification as upon regeneration. And if it be true, as the Presbyterial reports seem to indicate, that our beloved Church generally the past year has been growing in sanctification, she should give to God, through the Spirit, the highest praise; and she should gird her loins for a greater work for Christ than she has ever hitherto done.

In this connection your Committee would notice some things that seem to them special grounds for encouragement and thanksgiving.

FOREIGN MISSIONS.

One is the more than usual success of the preaching of the gospel in the foreign field. We hear of no great revivals; but we do hear of many conversions, and of the turning of many to look upon Jesus Christ with wonder and admiration who have not yet bowed the knee to Him. All the signs in all our foreign mission fields are hopeful; and are hopeful to a degree they have never been before. The indications are that we shall soon have on our rolls large and strong churches of native Christians, in all the countries where our foreign missionaries are now preaching the gospel.

HOME MISSIONS.

Another is the spread of our Church in all the frontier States and Territories of the Union. The past year has seen an advance along the whole line. Many a battle has been fought and won above the clouds in the Rocky Mountains and Sierras, and in many a valley and on many a plain of the far West; and Presbyterian churches have been planted in Colorado, Nevada, Montana, New Mexico, Arizona, Oregon, and Washington. Even to far off Alaska the banner of the cross has been carried.

TEMPERANCE.

Another is the great temperance revival, that has swept over the land, and of which a very large number of the Presbyterial reports make grateful mention. Some of the reports speak of the temperance revivals in the congregations of their Presbyteries as the results of the religious revivals of the previous year. Others speak of them as resulting in religious revivals. And all speak of them (as cause or effect), as having a direct connection with and an important bearing upon religion. It thus appears that the conscience of the Church has been quickened and enlightened to an unwonted degree to the evil of Intemperance, and to the duty, in all possible legitimate and Christian ways of arraying Christians individually, and the Church as a whole, against this gigantic evil. And if this shall be done, the outlook in this direction is bright and hopeful.

BENEVOLENCE.

Another is that notwithstanding the continued stringency of the times, pressing so heavily and for so long a time upon all our people, the rich and the poor, there has been no serious diminution of the benevolences of the Church. She has continued to send the gospel to the heathen abroad, and to the destitute at home. She has continued to help her poor sons to prepare to preach the gospel. She has continued to help to build houses of worship for churches too poor to build for themselves. She has continued to send her colporteurs with the bread of life to the famishing in the wilderness. And she has continued to relieve the distress of the aged and suffering ministers

Digitized by Google

and their families. She has not made much advance on the benevolences of other years; but she has held all these forts, and has held them bravely and with many sacrifices—for which, thanks be to God.

CHURCH DEBTS.

Another is paying church debts. Your Committee have had no means of ascertaining the aggregate amount of church debts paid by the Church the past year, but they are satisfied that it amounts to more than $1,000,000. The relief this has given is beyond computation: and we feel justified in concluding, that these relieved churches will now give more abundantly than before to all our Church benevolences; and that our churches generally will hereafter be more careful not to burden themselves with church debts.

BIBLE STUDY.

Another is the increased attention that seems to be given to the careful and systematical study of the Word of God.

SUNDAY-SCHOOLS.

Another is the healthful and vigorous growth of our Sunday-schools, and the larger number of our Christian men and women who are engaged in teaching in them.

WOMAN'S WORK.

Another is the spread of the formation of Women's and Young People's Missionary Societies in our churches, and the more efficient doing of home missionary work by our churches and Presbyteries within their own bounds.

DISCOURAGEMENTS AND DANGERS.

But your Committee did not find everything in the Church rose-colored and hopeful. On the contrary, they have seen and are compelled to report several very discouraging and dangerous things.

They find that there is an unusually large number of unsupplied churches, and of unemployed ministers; that more than the usual average of churches have not regular pastors, but are ministered to by stated supplies; that the average duration of the time of service of pastors in the churches is steadily decreasing; that in the cities and large towns, and in some sections of the country, there is an increase of Sabbath profanation; that in some places where there have been exciting temperance revivals, there is a tendency to separate temperance from religion, or rather, to make temperance religion—the only necessary religion; and that there is a wide-spread and spreading spirit of skepticism as to the inspiration of the Scriptures, the person and work of Christ, and other fundamental doctrines of our holy religion, that bodes great danger to the Church.

Touching the last two, your Committee beg to say: *First.* That the only hope of the success of the temperance reformation is in its alliance with religion—the religion of Jesus Christ. Our ministers and members should firmly hold, distinctly teach, and boldly proclaim, that temperance is not religion; that a reformed man is not a saved man; that salvation is only by faith in the Lord Jesus Christ; that a reclaimed drunkard can be sure of not relapsing into drunkenness only by becoming a Christian. We believe that all compromises on this subject are dangerous in the extreme; to the reformed in tempting him to rest on a false foundation, and to the church in weakening the integrity of her faith. *Second.* That in these skeptical times, when skepticism is in the air, and when to a degree that few of us, perhaps, are willing to admit, skeptical doubts are troubling the minds of vast numbers of the people, it behooves us who hold the faith of Jesus Christ to hold

Digitized by Google

it fast. It is not a time for speculations, apologies, and compromises. The Bible is the inspired Word of God, or it is not. If it is not, it is of no more authority to us than the Mahomedan Koran, or the Hindoo Shasters; and Jesus Christ and redemption, heaven and hell, are delusions and lies. But if it is, its revelations and doctrines are true, and infinitely important. We believe it is—we know it is. And we, who preach its doctrines, should preach them confidently, boldly, aggressively. It is to be feared that in some of our pulpits this is not done. It is to be feared that some of our preachers ignore the bone and sinew, the marrow and fatness of the gospel, and preach only or chiefly the glittering generalities of a sentimental religion that makes a mockery of the cross of Christ. And it is to be feared, that some of our people have lost their love for and their faith in the glorious old saving doctrines of the gospel, as they are embodied in our Confession and Catechisms; and so have lost all relish for them themselves, and all desire to teach them to their children. We call attention to this, and do most earnestly urge upon the whole Church, ministers and people, to stand fast by the Bible as the inspired Word of God, and to contend earnestly for the faith once delivered to the saints.

In conclusion your Committee would express what they have felt and what, as they believe, the whole church has felt, that, if possible, the General Assembly's Narrative might be able to give, in advance of the publication of the Minutes, the statistics of the growth of the Church during the preceding year. And they therefore ask that the Presbyteries shall be instructed to require that the Narratives sent up hereafter by the Presbyteries shall state the whole number of communicants in each Presbytery, and the numbers added the year past on profession and by letter; and also the amounts given to each of the Boards and Committees of the Church.

With devout gratitude to God for his mercies of the past year, and in humble faith in him for the year to come, we commend our beloved Church to the watch and care of our Lord Jesus Christ.

Let us gird ourselves anew for the work and the conflict before us. What we do we must do quickly. The time is short. Every year we are called by the providence of God to follow some of our brethren to the grave. During the past year, eighty beloved brethren of the ministry have been called to their reward. Their honored names are given below. They "rest from their labors, and their works do follow them."

II. AUBURN SEMINARY.

Annual Report of the Faculty.

The control of the Seminary is vested in a Board of Trustees and a Board of Commissioners. The Trustees have the immediate care of the Seminary, and the management of its estate, both real and personal. The Board of Commissioners are composed of a representation of two clergymen and one layman from each of the Presbyteries in the Synods of Albany, Central New York, Geneva, and Western New York. The Commissioners fill the places of the Trustees as they become vacant, appoint the Professors, and, with the concurrence of the Trustees, fix the salaries and make all necessary appropriations of funds. Each Commissioner holds his office three years; one going out of office, and the Presbytery supplying his place by a new election each year. Vacancies occasioned by removal are filled by the Presbyteries as they occur. The appointments of Professors are reported to the General Assembly of the Presbyterian Church. The number returning was 81; received from other Seminaries, 10; returned after an absence of a year or more, 4; received into the Junior Class, 47; Post Graduates, 3; Total in actual attendance, 145, as follows: Post Graduates, 3; Seniors, 45; Middlers, 50; Juniors, 47:—Total, 145.

The Senior Class consisted of 45 members whose names are as follows:

Diplomas were awarded to 40 of this number, testifying that they had honorably completed the full three years of theological study.

The Library has been greatly increased during the past year in the number of volumes and in efficiency.

The rich library of the late Prof. Henry B. Smith, D.D., LL.D., consisting of 4026 volumes and 6700 pamphlets, has been purchased by the generosity of a number of friends.

The Henry B. Smith Memorial Reference Library has been founded, consisting of a compact library of standard theological books for reference only, and of great practical utility.

This library is to be endowed by the Alumni with $10,000. About $2000 have already been subscribed. It is expected that in time each Alumnus will be represented by a contribution.

The Seminary Library now consists of 34,617 volumes, besides 33,881 pamphlets. It is in process of rearrangement on a systematic plan, and with a card catalogue. The work will probably be completed by next fall. The large and invaluable collection of American pamphlets is already catalogued.

A Biblical Christian and Missionary Museum, founded by the liberality of a few friends, was thrown open with appropriate exercises, Feb. 22d, 1878.

The Museum is to embrace all such objects as will illustrate the Bible, Church History, and Missionary work among the heathen. A great number of valuable objects have been received, and important additions from Beirut and Plaster Casts from Berlin are expected during the present year.

The Museum has taken its place alongside of the Library as a valuable aid to theological education.

The academic year now closing, has been one of general prosperity.

Teachers and students have enjoyed such health as has enabled them to prosecute their prescribed work without interruption. The programme of academic exercises, prepared at the beginning of the term, has been faithfully followed.

The Directors of the Union Theological Seminary, as the result of their observation, look with little favor on premature licensing of students to preach. The primary and paramount object of a Seminary is preparatory study. As a part of this preliminary education, we would, at the same time, bear testimony to the good effects upon those students who are employed, chiefly on the Sabbath Day, under the supervision of pastors in those forms of Christian work which in various ways aid their preparation for the ministry. We should be guilty of great injustice if we omitted to mention the fact as bearing on the tone of religious feeling in this Seminary during the past year.

VI. DANVILLE SEMINARY.

1. Annual Report of the Board of Directors.

The Board of Directors of the Danville Theological Seminary present to the General Assembly their Twenty-fifth Annual Report, as follows:

Since our last Report, the following three students have been matriculated, viz.: S. L. Allison, a graduate of Monmouth College; Walter L. Hays, a graduate of Centre College; H. A. Stinson, a graduate of Monmouth College.

The small number matriculated the past year is believed to be owing to two causes:

First. The venerable Professor of Didactic and Polemic Theology, Rev. Dr. Nathan L. Rice, departed this life during the last vacation, and it was not until near the opening of the present term that his successor, Rev. Dr. Jonathan Edwards, finally determined to accept the position.

Second. An unusually small number of candidates for the ministry were graduated at the various colleges of the country last year. The indications now are that there will be an increased attendance the coming year.

The whole number of students during the session has been 15: Senior Class, 6; Middle Class, 6; Junior Class, 3. The punctuality of the students has been remarkably good, and their diligence in study commendable; and the deportment of all, with one exception, has been satisfactory. The five following, having completed the prescribed course of study, and passed a final examination in the presence of the Board, have, in compliance with the recommendation of the Faculty, received the usual certificate, viz.: William B. Brown, of Maryville, Tenn.; William A. Cravens, of Hanover, Ind.; A. M. Hooke, of Maryville, Tenn.; R. H. Hooke, of Maryville, Tenn.; and Edwin P. Keach, of Navasota, Texas.

As already intimated, the Seminary met with a severe blow in the death of its eminent and beloved Professor of Theology, the Rev. Nathan L. Rice, D.D. He died at Chatham, Bracken County, Kentucky, June 11th, 1877, in the seventieth year of his age. The Board was convened ten days afterwards, and by a unanimous vote elected the Rev. Jonathan Edwards, D.D., LL.D., as his successor. Dr. Edwards accepted the appointment, and entered upon the duties of his office soon after the commencement of the present session. He has been discharging them with great acceptance to his brethren of the Board and Faculty, and to the students likewise, and was inducted into office with the customary formalities at this meeting of the Board.

Since our last Report, 302 volumes have been added to the Library. Of

VII. SEMINARY OF THE NORTHWEST.

Annual Report of the Board of Directors.

The Board of Directors of the Presbyterian Theological Seminary of the Northwest report to the General Assembly, in session at Pittsburgh, Pa., May 16th, 1878:

Digitized by Google

During the past year, the following named Students are reported by the Faculty as having been matriculated and in attendance:

John N. B. Smith,	of Blackburn University, Ill.
Albert A. Pfanstiehl,	" Hope College, Mich.
D. W. Fahrs,	" Wabash College, Ind.
James A. Lewis,	" Wooster University, Ohio.
Charles L. Cooder,	" " "
Arthur B. Cort,	" National Normal School, Ohio.
Joseph Gaston,	" Knox College, Ill.
Charles Stark,	" German College, Dubuque, Ia.
John A. Bardill,	" Germ. Col. and Seminary, Dubuque, Ia.
W. F. Ringland,	" Wabash College, Ind.
James E. Weir,	" Carthage College, Ill.
John T. Morris,	" Western Theological Seminary, Pa.
William S. Buck,	" Laporte High School, Ind.
H. P. Fullenweider,	" Wabash College, Ind.
Paul C. Thyholdt,	" Union College, N. Y.

Of these, three had attended other Theological Seminaries, and on proper credentials were admitted: John Bardill and John T. Morris to the Senior, and Albert Pfanstiehl to the Middle Class.

The following named twelve, having pursued the full course of study prescribed, and sustained a satisfactory examination in the presence of members of the Board, were awarded the customary certificate, at the end of the term, viz.: John A. Bardill, D. Dwight Bigger, Thomas H. Candor, William C. Cort, James N. Hill, Angus McKinnon, John D. McLean, John Thomas Morris, Philo F. Phelps, John Ringgold, and Johannus W. F. Roth, Jr.

Nearly, if not quite all these were engaged for specific fields of labor, before the end of the term.

The Faculty report that "the regular courses of instruction have been given; that the tone of spirituality and of Christian character among the students has been high; and that the session has been one of more than usual harmony and success."

The Board have reason to believe that the Professors severally have been faithful and efficient, and have had even fewer interruptions than usual in meeting their classes.

Still another year has passed without the visitation of death or serious illness among the students.

Excellent boarding has been afforded in the Seminary at the low cost of $2.55 per week.

The Library has had an accession of 301 volumes; of which 75 volumes were purchased by avails of the Corning Library Endowment, and the remainder donated by sundry friends. The more considerable gifts were, 137 volumes by the Rev. Coles R. Wilkins, of New York, and 75 volumes by the Rev. John Winn, of Illinois. The total number of registered volumes now in the Library is reported at 8,660. Duplicates are retained unregistered for sale or exchange as opportunities occur.

The pressing necessity for a *Permanent General Fund*, sufficient to yield about $10,000 per year, has become more obvious since our last Report was made. The proceeds of such a fund are required to meet the onerous municipal taxes crowding on the Seminary, deficiencies in Professors, and the many unavoidable incidental expenses attending the efficient operation of such an institution. The assessments have become even more formidable since the date of our Report to the last Assembly—especially those for *Lincoln Park*, located in the same division of the city with the Seminary.

And the Board beg leave to reiterate the statement, that owing to the *condition* inserted by the donors in the conveyance of these lands, fifteen years ago, it is not practicable for the Seminary, for ten years yet to come, to unload by the sale of any part of this valuable estate; nor yet to derive

Digitized by Google

any revenue from it with which to liquidate these oft-recurring and burdensome assessments and taxes. The means of relief must come from some other source or sources. The bestowment of such a *General Fund* as we again earnestly appealed for, would not only insure the immediate and rapid growth of this Central Seminary, so nobly established, and already so vigorous, but would place the title of our Church to this great estate beyond all ordinary contingency.

An earnest and hopeful effort is inaugurated to liquidate the $12,000 accrued indebtedness, incurred chiefly for taxes and assessments, though part of it consists of arrearages to Professors and others. Contributions from a few churches and from individuals have been made for this object; and several subscription notes have been executed for liberal sums, especially one for $1000 by Mr. Claudius B. Nelson, whose generosity to the Seminary has before been well attested—all conditioned on the making up of the available sum of $12,000 by October next.

The Board are highly gratified by this encouraging movement, and earnestly wish some means could be provided, with which to meet the similar annual burden for the next ten years.

It affords the Board great pleasure to announce that Thomas A. Galt, Esq., of Sterling, Ill., himself a Director, has just given a productive investment of $5000, to found (1) *a Scholarship* and (2) *a Permanent Fund* the proceeds of which are to be used in embellishing the grounds around the Seminary. In recognition of this generosity, it has been arranged to entitle the former "The Thomas A. Galt Scholarship," and the latter, in honor of Mrs. Galt, "The Catherine Galt Fund." It is to be hoped that this noble act will excite emulation.

The Seminary now possesses the following Scholarships:

1. The Mason Scholarship, founded by the Hon. Roswell B. Mason, of Chicago, Ill.
2. The Powers Scholarship, founded by Orlando Powers, Esq., of Decatur, Ill.
3. The Bruen Scholarship, founded by Dr. A. M. Bruen, of New-York.
4. The Boctor Scholarship, founded by Wm. Boctor, Esq., of Lewistown, Ill.
5. The Phelps Scholarship, founded by heirs of the late Leander P. Phelps, of Macomb, Ill.
6. The Alumni Scholarship (only partially paid yet), founded by Alumni of the Seminary.
7. Thomas A. Galt Scholarship, founded by Thomas A. Galt, Esq., of Sterling, Ill.

The lands in Iowa, given in 1864 by the late Rev. Robert H. Lillie, have recently been sold, and the net proceeds will be used to found two Scholarships to be called:

8. The Thornton A. Mills Scholarship, founded by the Rev. Robert H. Lillie, late of Champaign, Ill.
9. The Lillie Scholarship, founded by the Rev. Robert H. Lillie, late of Champaign, Ill.

An analysis of the Financial Report of the Trustees enables the Board to present to the Assembly the following classified and condensed exhibit of the transactions of the year and of the state of the Funds:

It affords occasion for devout thanks to Almighty God, that in the nineteen years since the Seminary was located here by the General Assembly of 1859, none of its Endowment Funds actually paid have been impaired. And it is earnestly hoped, that the responsible trust may continue to be so carefully administered, that the day may be very remote when the first loss shall occur.

The Rev. Jonathan Edwards, D.D., LL.D., after several years of valuable service in this Board, has resigned in consequence of his acceptance of the Professorship of Theology in the Danville Seminary. VIII. BLACKBURN UNIVERSITY.

THE Board of Trustees of Blackburn University would respectfully report to the General Assembly, to meet in Pittsburgh, Pa., on the third Thursday of May, 1878, that, in general condition and prosperity the University has made advance over last year. There were in the Institution last term 93 against 75 students during the same term last year. The entire number of students for this year will be about 200 against 140 last year. This is quite encouraging considering the financial stringency. A Society of Religious Inquiry has been organized during the present year, which promises well to the Institution. A healthful moral and religious sentiment has been prevalent. The vacant Professorship of Theology has been filled by the election

of the Rev. Edwin L. Hurd, D.D., of Benton Harbor, Michigan, who has devoted his time and efforts, during the current year, to advancing the interests of the University. He is assisted by a corps of able and devoted instructors. For the success granted to us we thank God and take courage.

Messrs. McKeehan, Dinsmore, and Phillips were in our Middle Class last year. Mr. J. Strother Smith was received on testimonials from Queen's University and the General Assembly's College, Belfast, Ireland. Certificates of graduation were given to these four gentlemen at the anniversary, which was held in St. John's Presbyterian Church, San Francisco, Cal., April 25th, 1878. The annual address was delivered by Rev. John M. Allis, of this city. The exercises were interesting and before a large assembly. The next term is to open the first Thursday of September next.

Since our last Report, we have erected a Seminary building on the lot, the purchase of which we reported last year. The building contains twenty rooms, including library and two fine Professors' parlors. The location is good, and the building so constructed that we can easily enlarge it when it becomes necessary. Our congregations have generously contributed to the furnishing of the Seminary, and also to the contingent fund for aiding students. The Seminary building was dedicated September 9th, 1877. Addresses were made by the Hon. Henry H. Haight and the Faculty. There is not a dollar of debt on it. Our Library has been increased 150 volumes.

Our property is valued at $30,000. Many of the subscriptions made during the last five years remain unpaid. There are only $22,000 among them that we consider good. All the support that we are able to give our Professors is the interest we can collect from these subscriptions. The total paid to all the Professors the past year was $1600.

The contributions of our churches for furnishing the Seminary and to aid our students for the last term are nearly $2000. Only four of our students received aid; the rest have supported themselves. It is believed, as we reported to you last year, that the Professorship for the Rev. Dr. Eells will soon be endowed. We have some encouraging prospects, and some positive promises, for the endowment of our Professorships, but Professors cannot live always on hope. The support of our Professors is now our great necessity. With our building furnished and every way commodious and satisfactory, and no debt against it, and a good beginning for a library, and fair prospects for an increase of students, our great need is help for our Professors.

The Seminary is steadily coming more and more prominently before the public mind, and growing in the sympathy and confidence of our churches. It is more than ever our deep conviction, that our dear old historic church must build up a School of the Prophets at the Golden Gate, and here thoroughly educate and secure, for our churches and mission fields, our young men who may be called of God to the gospel ministry. Men who shall be "*eaters* of the Word of God," and able to preach it with an unction from on high.

We cannot think you will be weary, brethren, with our importunity. For we are assured that you see the vital importance of this coast to our Church in the ages to come. And now, having made so good a beginning, and our churches multiplying and growing, you will not let us perish for the want of a hundred thousand or two hundred thousand dollars, to endow fully and permanently our Seminary, so that its chairs may be filled with the ablest and best men we can get, and thoroughly devoted to the work. Brethren, pray for us.

Respectfully submitted,

W. A. SCOTT, *President.*

X. THE GERMAN THEOLOGICAL SCHOOL OF NEWARK, N.J.

Annual Report of the Directors.

In conducting an Institution like our German Theological School, it is important to keep clearly in view both its religious object and its material support. In crises of commercial depression, like that through which we are passing, we are in danger of respecting one of these objects to the exclusion of the other. On the one hand, absorption in the high spiritual ends may lead to the neglect of its financial condition, and involve it in hopeless debt.

On the other hand, exclusive attention to the mere financial account may lead to inattention to, or depreciation of, silent processes tending to powerful spiritual results. It is well for us, perhaps, at this time of financial depression, to refresh our minds in respect to those higher aims towards which our Institution has been advancing.

There are three lines of decided advance which promise cheering results in the future.

1. The *spiritual* processes in development are strong. A single church with all its agencies in successful operation is a lofty triumph of human agency; but the success is specially impressive when it preserves and defends a people peculiarly exposed to theoretical skepticism and practical unbelief. The tendency of such a church-life is to multiply its kind; and we have but to pray, "Awake, O north wind! and come thou south!" and the seed will be wafted to other German fields providentially prepared.

The growing realization of a thoroughly reliable ministry is another strong development.

The German churches are advancing also in benevolent contributions, in self-support, and in self-denial.

There is also a broader *body* of mutual support in purity of doctrine.

The methods so long advocated in our Presbytery are more widely accepted outside of our borders.

The imporant fact more recently manifest among us, of large numbers of German parents and young people and children coming to services of Sunday-school and of praise in our *American* churches, is a new demonstration of the wisdom of confidence reposed in and labor expended for the German people.

The force of these processes is cumulative. If we hold steadfastly on our way, we may expect a vastly enhanced spiritual influence moulding and wielding the German character in many communities.

2. *Educational processes* have also been maturing. Special education always implies special problems and specialties of instruction and administration. In our Institution it has involved a special study of the age, the character, the peculiar qualifications, the probation, and the development of students, and of the source from which they should be procured, the extent and range of preparatory studies, the composition of a curriculum adapted to the end, the relation of English and German in instruction, the topics, deportments, and the spiritual guidance of German students, etc., etc. These and the like subjects have been discussed by the Faculty and by the Board, and a policy defined. The general result, wrought from numerous important questions, is one of the valuable historic formations of our work.

3. In *denominational processes*, there has been a marked advance during the past three years. Two General Assemblies have taken interest in "the relation of the Presbyterian Church to the German people;" and every Presbytery in this country has been addressed directly on the subject. Over one hundred of them have responded, many of them in thoughtful responses. The inattention and ignorance of the Church have been revealed, definite inquiries excited, and answers made. The subjects of a denominational literatnre for the German people, and of a German Presbyterian newspaper, now engaging the attention of the Assembly's Committees, assume as their basis the production of a faithful German ministry. A large mass of information has been

Digitized by Google

gathered and classified. Prejudice is rapidly disappearing. The whol. Church has an interest and attention never before so comprehensively excitede The discussion puts our German Presbyterians on their guard against questionable practices. Bonds of confidence between the Germans and Americans have been created or strengthened. The whole movement is already bringing us to the day, when the organization of new German churches will be much more intelligently conducted, and when the early stages of German Presbyterian church-life will be both more rapid and more safe. Methods have also been recommended by our General Assembly to all the Presbyteries, in respect to missionary and spiritual effort among the Germans, based on the assumption that the German Theological Schools are to do their important part of the service.

Now all these processes, so far as they have matured or are maturing, are the result of the combined missionary and theological movement. Both are one life. These advances are now to go on to their completion. None but a superficial or a timid mind would admit the thought of retreat in face of the obstacles. Even though we must report a somewhat disheartening financial year, we can but go on. And we reassure our hearts once more, that it is the distinct voice of God's providence which directs us, by a glance at these silent forces at this new stage of their development.

1. The Board of Directors report, first, that the number of the students during the year has been twenty-six, two of these being young students to be admitted in regular course next year. At the beginning of the year, candidates were not encouraged in numbers, on account of the uncertainty of our finances, but recently a number of candidates have applied, who will undoubtedly present themselves in the autumn.

2. In addition to our two Professors, the Instructors have been as last year: the Rev. HENRY WEBER, in Hebrew and Academic studies, and Mr. WILLIAM A. STAMM in the Academic course. Others have assisted in single studies, at special hours each week.

3. The Catalogue, published at the *end* of our year, gives not only the general curriculum, but the actual studies pursued and the exact advance in each study throughout the year.

At the Fourth Anniversary in June, no class was graduated, but the class graduating from the Academic into the Theological Department, made the customary addresses.

4. The financial policy of the year has been in general to seek the current support of the Institution, seeking only in special opportunities additions to the Endowment Fund. During the previous year, the object presented was threefold, "Endowment, Current Expense, and Arrearage." It was not expected, therefore, that the amount of receipts this year would equal that of last year. During these times, unprecedented in the life of any person now living, the Board could but think it was doing well for our young Institution if the income and expense balanced the pages. The Board regrets the necessity of reporting that the income has proved deficient. The total amount of expense has been $10,253.20; the total receipts have been $8709.01. The deficit is $1544.19. The deficit is therefore nearly equal to the surplus of the previous year. That surplus was $2134.19, so that our exact state is $590 in advance of our condition on March 31st, 1876.

The neighboring cities have begun, however, to open their churches to us.

The average cost per student is regularly decreasing.

Many churches in the Synod of New Jersey have been absolutely unable to give. Some churches which have been a strong support to us, have been so occupied with debt-raising or church-building or chapel building, that their contributions have fallen short of other years.

There have been two legacies amounting to a total of $575.

The total amount from the Synod of New Jersey is $5580.77.

The income has been larger than has been received any single year for current expenses only; and the sources are wider, showing that the interest is wider and has not diminished.

It is the purpose of the Directors to exercise a careful economy in all the expenses of the Institution. They do not wish, however, to deprive the Institution of the proportions and dignity which will commend it to Germans and Americans alike. But, in order to maintain this German Theological School, the Church should deepen her convictions as to the grave importance of this special theological education. This Seminary belongs to the whole Church. It does not belong to the Faculty, to the Directors, or to the Presbytery. It is to be borne, if sustained at all, on the prayers and support of the Church. We cannot now turn and go against the Providence of God. God has set us in this land and in this age for a purpose. He has here given us great nations, that strike by ties of race to the heart of Africa, and of China, and of the European Continent. The greatest of these races is the German. The Germans have endowments, which, if sanctified, will penetrate Africa and China for Christ's sake, and which will strengthen mightily a pure Protestant civilization in our own high arena of the American Church.

Approved in the Presbytery of Newark, May 14th, 1878, and directed to be transmitted as an Abstract of the Directors' Report, from the Presbytery, to the General Assembly.

Our only outstanding obligation is a debt upon the Seminary Building of $1000.

The Endowment Fund of the Seminary is, as will be seen, small. It amounts nominally to about $25,000, in the form of ten-year installment interest-bearing notes. It is really much less than this, as many of these subscriptions will never be paid.

Our income from the Fund is small; and from all sources quite inadequate to current necessities. With this exception our Institution is now in a flourishing condition, and with a more hopeful prospect of usefulness than has hitherto presented itself.

L. S. Blakeney,	Fort Mill, S. C..
J. P. Crawford,	Lancaster, S. C.,
J. A. Raney,	Charlotte, N. C.,
R. P. Wyche,	Henderson, N. C.

Three of these are graduates of the Collegiate Department of the University, and the fourth has pursued an English and Greek course in this school. The following persons, reported last year, have continued their studies during the year, and will finish their course at the close of the present Academical year in June next.

P. G. Lowry,	Sumter, S. C.,
O. B. Moore,	Winnsboro, S. C.,
B. F. Russell,	Chester, S. C.,
William M. Viney,	Charleston, S. C.,
A. P. White,	Charlotte, N. C.

In other departments of the University, we have enrolled 141 students. Of these about 70 are church members and 36 are studying for the ministry.

The year has been full of encouragement. The students have been attentive to their duties and fairly successful in study. The Professors are overburdened, teaching in both the Collegiate and Theological Departments. They ought to be relieved of a portion of these duties, that they may apply themselves more exclusively to the important duties of the Theological Department. But this desirable end can only be accomplished by enlarged contributions of the friends of education among the Freedmen. There has been no increase of permanent funds during the last year. The University is still dependent for support on the Committee of Missions for Freedmen of the General Assembly. The means at the command of the Committee do not warrant the increase of the number of instructors.

Every year's experience gives us a deeper sense of the importance of our work, and the need of increased facilities for its successful prosecution.

So located in the center of large numbers of colored people, with a large territory needing the laborers, it can supply the students with a field for labor, while pursuing their studies; and, therefore, we believe it is better adapted than any other Institution connected with our Church for the successful accomplishment of its peculiar work.

We desire to urge upon the attention of the Assembly, the importance of providing more adequate support for this Institution, which has already in its infancy sent forth some 30 ministers, and many more Christian teachers. With this Report we present our Annual Catalogue, and would also ask the attention of the Assembly, to what is said of our work in the Annual Report of the Presbyterian Committee of Missions for Freedmen.

In behalf of the Faculty,

S. MATTOON, *President.*

Abstract of the Seventh Annual Report.

Notwithstanding the constantly increasing financial difficulties of the times, the year on the whole has been one of enlargement and prosperity.

MINISTERS IN COMMISSION.

There have been 1131 men in commission during the last year, laboring in the following States and Territories, viz. :

Alaska, 1 ; Arizona, 2 ; California, 42 ; Colorado, 22 ; Dakota, 4 ; Delaware, 5 ; Florida, 2 ; Georgia, 4 ; Idaho, 2 ; Illinois, 71 ; Indiana, 46 ; Indian Territory, 4 ; Iowa, 114 ; Kansas, 103 ; Kentucky, 23 ; Louisiana, 2 ; Maryland, 17 ; Massachusetts, 2 ; Michigan, 38 ; Minnesota, 49 ; Missouri, 67 ; Montana, 5 ; Nebraska, 43 ; New-Jersey, 41 ; New-Mexico, 9 ; New-York, 88 ; Nevada, 3 ; North Carolina, 19 ; Ohio, 76 ; Oregon, 11 ; Pennsylvania, 95 ; South Carolina, 4 ; Tennessee, 21 ; Texas, 20 ; Utah, 5 ; Virginia, 4 ; West Virginia, 15 ; Washington Territory, 10 ; Wisconsin, 44 ; Wyoming, 3.

The following Missionaries have departed this life during the past year :

Rev. Messrs. Matthew Wade, April 24th, 1877 ; Calvin Clark, June 4th, 1877 ; S. Smith Sturges, June 13th, 1877 ; Shepherd Wells, July 5th, 1877 ; Henry Bishop, August 17th, 1877 ; Ernest T. A. Schmoll, August 27th, 1877 ; Joseph H. Reid, September 11th, 1877 ; John Gillespie, September 15th, 1877 ; Gordon Mitchell, February 5th, 1878.

CHURCHES AND STATIONS SUPPLIED.

But few of the Missionaries confine their labors to a single field. Most of them have two, and some many more. Some 3500 churches and preaching stations have been occupied statedly or occasionally by Missionaries of the Board. The vastness of the whole field, the fewness of the laborers, and the limited means furnished the Board by the Church for their support, render necessary this diffusion of labor. Nevertheless, the blessing of God has been manifested in all parts of this widely-scattered work. Thus, notwithstanding the general depression in secular business, these efforts to establish and extend the boundaries of the Lord's kingdom have been blessed.

Many new churches have been organized and stations for preaching been opened. In this way each minister extending his ministrations to the unoccupied neighborhoods around him, will ultimately fill the land with worshiping congregations.

PROGRESS.

During the year 132 churches have been organized. There have been added, by Examination, 6985; by Certificate, 4655; Total, 11,640: Total in communion, 70,285.

Three hundred and twenty-two Sabbath-schools have been organized; making the whole number connected with Home Missionary work 1612, embracing 124,921 children and officers.

FINANCIAL.

The year as to finance has been one full of perplexity. The continued, and indeed increasing, stringency has become more intense with the disappointments each season brought to the hopes of a revival of general business prosperity. The depression, in all the great departments of manufacturing and mining industries, has diminished the resources of congregations and benevolent contributors. The general shrinkage of values throughout the whole country has been remarkable, and in some things even alarming. The unusually mild winter made in large sections of the country what has been styled a "mud blockade," arresting the marketing of produce, hindering a large attendance of the congregations, diminished thus not only the numbers of worshipers, but the numbers of contributors. All these have rendered the collection of means difficult, and lessened their amount. A tidal wave of church debt paying has turned the liberal current, for the time, in another direction. Besides, representations more or less widely circulated as to the means in the Missionary Treasury of the Board, doubtless affected the income of the last two months of the fiscal year. A letter circulated in some quarters stated, that the Board had a balance of $65,000 to which was to be added the $100,000 so generously given by Mrs. Green. The balance referred to was in fact only $27,794.93, which was absorbed in the work, within a month after it was reported to the Assembly. The $100,000 were invested; and the annual interest only, by the terms of the gift, can be used. It was also stated, that "the winter's gifts and toils of Christian women, preparing not less than $200,000 worth of boxes for Home Missions, were ignored." Whereas, in fact, every box with its valuation by the donors, reported during the year, has been acknowledged by the Board in *The Monthly Record*. Besides, the entire value for the year has been about $25,000, and $200,000 would probably cover the whole value of boxes for the eight years since Re-union. As the value of the box, although of great assistance and comfort to the Missionary and his family, and the gift in every way praiseworthy, is never deducted from the salary, it makes no addition to the Treasury of the Board.

These things, no doubt, excited suspicion in the minds of many; diminishing, if they did not entirely prevent their giving.

Notwithstanding these and other difficulties, the Board from the various sources of income have received as follows:

Digitized by Google

RECEIPTS.

From Churches, $179,129.40 ; Sabbath-schools, $10,822.70 ; Women's Societies, $14,183.17 ; Legacies, $40,804.73 ; Miscellaneous, $13,869.49 : Total, $258,809.49.

EXPENDITURES.

There have been expended for all purposes, during the fiscal year, from April 1st, 1877, to April 1st, 1878—including the balance of $27,794.93, reported to the last General Assembly—$295,445.77 ; larger by $36,636.28 than the entire receipts of the year, and leaving a balance against the Treasury of $8,841.35 ; then, unreported amounts due Missionaries will swell the indebtedness to over $10,000. From this statement the Assembly will see, that increased means must be furnished the Treasury, even if the work be maintained at its present status only, saying nothing about its extension and enlargement. If the last year required $295,000, the present must have over $300,000.

SCHOOLS.

The Board, under the action of the last Assembly, adopted the following "Rules for their organization and conduct."

Some conditions must be fixed to protect ourselves from seeming to depart from our proper province, and to avoid awakening expectations on the frontiers, of such general help for schools as we cannot consistently give. It is quite impossible to fix merely territorial limitations to this work, because the natural and proper limitations are in the character and condition, and not in the localities of the people to be reached. Alaska, Utah, and New-Mexico have been conspicuously in the minds of those who have urged this school work upon us ; but there is a large Indian population in Arizona, in Washington Territory, in Oregon, Idaho, Nevada, and Montana ; while in California there are 150,000 Chinese. In New-Mexico there are 90,000 Mexicans, 25,000 Aztecs and Indians, and 1874 of mixed white population. In Alaska there are 26,000 natives, and from 200 to 300 Americans and Russians. In Utah there are 100,000 Mormons, from 3000 to 5000 Americans, and as many Indians. In Arizona there are from 12,000 to 15,000 Americans, and an equal number of Indians, Mexicans and Mormons.

By this brief review it will be seen that territorial limitation is not suited to the peculiarities of this school work.

It should therefore be understood :

First.—That every application for the establishment and maintenance of a school, or schools, by this Board, must be judged on its own merits, with the presumption against it, as being an application for exceptional work.

Second.—It is only among populations that cannot be reached as yet by churches, that this Board will undertake, in any case, the establishment and support of schools.

This condition shall be understood as referring to Mormons, Mexicans, Aztecs, Indians, Chinese, and natives of Alaska.

Third.—No school shall be established or supported by this Board, in States or Territories which have already, or are likely soon to have, school-laws, unless there shall appear to be strong and special reasons for making a temporary exception to this rule.

Fourth.—Only such teachers shall be employed and commissioned as are indorsed by the Sessions of the churches to which they belong, and by the Presbyteries within whose bounds they live.

Fifth.—So far as may be practical, the financial support for this school work shall be committed to the women of our Church as their special trust, out of whose contributions, without drawing upon our regular Home Missionary Fund, shall be taken what, in our judgment, may be needed for this work.

In compliance with the above action some 20 schools have been estab-

lished, with 20 teachers; of which there are three in Alaska, 10 in Utah, one in Idaho, six in New Mexico.

The schools are well attended, and seem to be doing a good work for the ignorant and the young. With all of them, Sabbath-schools and preaching the gospel are connected. It is believed that godly women, with willing hearts and hands, will furnish all the means for the support of the teachers employed. Indeed the entire expense of the schools has been contributed thus far by women. Great good will, doubtless, be accomplished by this instrumentality in preparing the way for the permanent planting of the Church of God in these now destitute communities; for "Knowledge is in order to holiness."

FREEDMEN.

The Committee of Missions for Freedmen, in view of the action of the General Assembly at St. Louis in 1874, transferred all the Missionaries exclusively engaged in preaching the gospel and the churches supplied by them to the care of the Board of Home Missions. These consisted of 27 Ministers, two Catechists, and 79 Churches. The Board accepted the trust and continued them in the fields and at the salaries given by the Committee, until the close of the fiscal year, when a reorganization and enlargement of the work is anticipated. No means for their support were transferred with them. The supervision and support of the Schools and Teachers among the Freedmen are for the present retained by the Committee.

WOMAN'S WORK.

The Board has observed with peculiar satisfaction a great increase in the contributions of women to our Treasury and in the number of Societies organized for Home Mission work. The work commends itself to the sympathy and activities of women and children in our own country. Here are a thousand wives of Missionaries, their sisters in labors and self-denials. No women in the world are doing and enduring more than they, for the extension and establishment of the Redeemer's kingdom. None should command deeper sympathy or more cheerful support. Women's work for Home Missions has been maintained in some congregations for many years. We know of one Ladies' Society which has just celebrated its 55th anniversary, and one in New York City which has passed its 77th year. The Reunion was an era of great enlargement in Women's Missionary work, but by no means the date of its commencement.

SPECIAL BUREAU ON UNEMPLOYED MINISTERS AND VACANT CHURCHES.

But a single Synod has reported to the Board during the year, which indicates either a happy condition of the Presbyteries and Synods, or considerable forgetfulness of this salutary way of relief adopted by the Assembly.

Constant attention has been given both by the Board and the Bureau, through the Secretaries, to secure employment for ministers requesting it, and supplies for churches.

It is recommended to the General Assembly to renew its injunction to the Presbyteries, the Synods, and the Board, to continue to carry out its action on this subject.

GROUPING FIELDS.

The attention of the General Assembly has been repeatedly called to the vital importance of uniting feeble contiguous congregations in the support of a pastor, in order to economize the funds of the Church. The men and means thus saved will send the gospel to the frontier, and this economy of our resources is worthy of the most serious attention, as the only way to supply our ever-growing destitutions. This is one point where retrenchment can be safely recommended. In the older States there are churches reduced

Digitized by Google

by removals, long receiving aid, which should be urged to self-support, or be required to unite with other fields. In a country so vast, and in destitutions so wide-spread, with our ministry and means, grouping churches and "circuit-riding" for our ministers is the only way. It was the way of the fathers and pioneers, who laid the glorious foundations on which we are building. The tendency now, on the part of both ministers and people, is toward settlement at single points. The whole power of the Presbyteries will be needed to secure the necessary grouping for the extension of the means of grace.

A large part of the time of the meeting of each Presbytery should be employed in a full and thorough inspection of its mission fields and destitutions. Much economy, in both men and money, could be effected by a wise grouping. Feeble points, in so large a country as this, must be united, in order to enjoy the preaching of the gospel. This can only be accomplished by a careful inspection, by the Presbytery, of all the circumstances; and its power must, at times, be exercised to carry out its convictions. These unions will enlarge the field, increase the support, and add to the permanency of the work. In an extended though feeble field, like one of these united ones, the basis of support is widened, so that the death or removal of a person, a failure, or a dissension even, will not be likely to "close out" the preacher and the preaching, as is now often done by one, or all, of these events.

Not only the field, but the applications for aid from the Board to supply it, should be thoroughly considered by the Presbytery itself. Much of this is now done by the Committee on Home Missions appointed originally to consider extreme cases arising during the interval of the meetings of the Presbytery. In this way Presbyteries often remain practically in ignorance of their home work, and the workers, and the amounts asked of the Board for their support. In this way the Presbyteries lose the advantage of the knowledge of their own wants and destitutions, and the Board is deprived of their full sympathy and co-operation. The Church thus can make but little enduring progress. Its permanent growth depends upon the active sympathy and work of the Presbyteries.

WORK AMONG FOREIGNERS.

The extent and growing importance of the foreign element in our population are but seldom realized. In 1850, out of an entire population of 23,191,876, there were 2,244,602 foreigners. In 1860, of the entire population of 31,443,321, there were 4,138,699 foreigners; nearly double the number of ten years before! In 1870, our last census, of the entire population of 38,558,371, there were 5,567,229 foreigners. That is to say, in 1870 one person out of every seven was a foreigner! In 1870, out of the whole population of 38,558,371, there were 10,802,015 born of parents of foreign birth—thus showing that more than one-fourth of all the people were the children of foreigners!

The relative numbers of these different nationalities speaking a foreign language may be stated thus, in 1870:

Germans, 1,761,387; Norwegians, 114,246; Hollanders, 46,802; Bohemians, 40,287; Chinese, 62,674, now supposed (1878), to be 150,000, chiefly to be found in the Pacific States and Territories. French, 128,955; Swedes, 97,327; Danes, 30,107; Italians, 17,157.

The Board are steadily pursuing their work among the people of different languages and nationalities. The most numerous of these is the German, and for this and other reasons, the most important. The Missionaries among the German population might be greatly increased, if suitable men and the means for their support could be found. The obstacles to their work are the skeptical views and loose habits in regard to the Sabbath, formalism and clannish customs. For an increase of ministers, the Theological Schools at Newark and Dubuque give large promise. The Holy Spirit is able to move and mould the German heart as in the days of the Reformation. On Him we

must lean. It is the constant aim of the Board to Americanize these multitudes, as our language must always be the language of the nation. We are laboring also among the Hollanders, Swedes, Welsh, Gaels, Norwegians, French, Waldenses, Portuguese, Spanish, Bohemians, Indians and Chinese. The last are largely on the Pacific Coast, where their numbers are rapidly increasing, and are expected to increase vastly more, since the recent decision of the Supreme Court of the United States, declaring all legislation against their coming to be unconstitutional.

PAPAL ASPECTS.

The Missionaries in all parts of the country notice and report the aggressive movements of Rome, especially among the colored people of the South. Her hostility is directed chiefly towards our system of public education. She purposes to secure the control of education to the Papacy, and especially to the Jesuits. Home Missions are our great hope in our new and frontier settlements. A free gospel and civil and religious liberty must stand or fall together. It has always and everywhere been so. Rome, since she assumed "Infallibility," is making her last great effort to extinguish light and liberty, so that she may sit alone in solitude and darkness. Let patriotism and piety awake to the issue in time. Support the Churches, circulate the Scriptures, send and support the Missionary in all the new and rapidly forming settlements, to kindle the watch-fires.

WANTS.

Men and means, the sympathy and prayers of the Church throughout her entire ministry and membership, constitute some of the wants of the work. It is not without these in measure now, but they need "to abound more and more." We need more men of the right kind—active, wise, devoted, consecrated, godly men—able and willing to adapt themselves to the varying circumstances of the fields in which they are called to labor—men with a single eye, not to comfort or personal advancement, but to the glory of God and the salvation of perishing sinners.

Many fields have been passed by, and many have been lost to us already, for want of suitable men and means for their support. The want of *means* has been especially felt. From the vast and varied fields the cry comes for hundreds of new men for the ripening harvests. From the shores of far-away Alaska and Puget Sound; from both sides of the Columbia River, and the valleys and coast of Oregon; from Idaho, from the valleys of the Sacramento, San Joaquin, and indeed all parts of California; from the gold and silver districts of Nevada, Arizona, New Mexico, Wyoming, and Colorado; from Utah with its 100,000 Mormons, and Montana with its promised railroad and newly-found mines; from Dakota and Minnesota; from Iowa, Nebraska, Kansas and Missouri, washed by the wonderful river of that name, yet west of the Mississippi; from Texas, four times as large as New England, now so rapidly filling with people from both north and south; from Cherokees and Creeks in the Indian Territory; from the States east of the Mississippi; from all the new and feeble places over the country, comes the call for men to found and build up the Church of God.

PERMANENT FUND.

A munificent gift of $100,000 for a *Permanent Fund* has been received from Mrs. JOHN C. GREEN, the annual interest of which only is to be used by the Board in its Mission work.

The Board ask the General Assembly to approve of their action in accepting the $100,000 above referred to, from the estate of the late JOHN C. GREEN, on the terms of the Deed of Trust conveying the said gift.

SUSTENTATION.

The Sustentation Scheme was transferred by the Assembly of 1874 to the Board of Home Missions as a separate Department, with a separate Treasury. A debt of over $30,000 was also transferred, with orders to be paid. This debt was not closed out until February, 1876, and, by an anonymous gift of $4000 in March, 1876, the balance of $13,562.24 was created, which was reported, with a force of 52 Pastors, to the Assembly of that year.

The Assembly of 1876 amended the Scheme by instituting two classes of Pastors : one the Missionary Pastorate, the other the Sustentation Pastorate. The first, the Missionary Pastorate, required a promise of $500, at the rate of $7.80 from the people, and the Presbytery and the Board were to determine the amount of the supplement below the maximum of $1000. This has led to an extension of the work, as it made easier terms for the Pastor and people. The payment in advance of the one-twentieth was supposed to be relinquished under the Missionary Pastorate. In the Sustentation Pastorate, the minimum from the people was raised from $500 to $700 ; a church edifice, or one in assured prospect, was required ; and all other rules of the original Scheme were retained.

There has been manifested a great hesitation, on the part of many congregations and Ministers, to apply for aid from Sustentation, although urged by the officers of the Board, and assured of prompt payment, as the balance would enable it to be made. As there were but 22 pastors reported in 1877, and now, in 1878, 69 are reported in commission, it would seem to be growing in favor with the Church. Not a single case has been declined, if at all within the rules and conditions enacted by the Assembly. These have been faithfully applied by the Board.

The Board respectfully direct the attention of the General Assembly to the large balance on hand to the credit of Sustentation, and request such instructions from the Assembly as will enable the Board, with the least possible delay, to utilize this money which has been contributed for the purposes of Sustentation.

Abstract of the Forty-first Annual Report.

Finances.

The receipts of the Board, from all sources, have been $463,351.66; the expenditures, $511,180.92. The debt of the Treasury at the end of last year was $48,032.99. Early in this year the noble gift of $50,000 by Mrs. John C. Green extinguished this debt, and left nearly $7000 toward the current expenses, while it called forth warm expressions of gratitude among the churches and by the last General Assembly. Knowing that the country was still in a depressed pecuniary condition, which was likely to affect seriously the income of the Board, all their expenses, at home and abroad, were carefully scrutinized, and the whole work was conducted so as to guard against the recurrence of another debt. The lower rate of exchange materially favored this endeavor. It is, therefore, with unusual regret that the Board have to report a deficiency at the end of the year of no less a sum than $47,329.26. This deficiency did not occur in the gifts of the women of the Church, through their auxiliary Boards and Societies; for their donations are about the same as the amount given by them in the preceding year, which the Board take great pleasure in acknowledging. It is believed that, in no former year of the history of the missions, were greater self-denial and more noble liberality displayed in their support, by the members of our body whose donations have been received; but in far too many instances, through want of consideration chiefly, no support has been given, and great embarrassment is the result.

The Board recognize clearly that their expenditures must be kept within the limits of the receipts; yet they cannot but hope that these may be largely increased.

While some of the missions are greatly weakened in their staff of laborers, no less than eleven men, besides the wives of most of them, and some single women, are under appointment as new missionaries—most of whom will be ready to go out to their fields of labor in a few weeks or months.

It has been suggested that the Board are endeavoring to support too many missions, and that some of them should be given up, or else transferred to other organizations. This would certainly be a painful measure. The Board cannot yet believe that it is one of necessity. Referring to the Divine command under which these missions are conducted, to their providential history often truly remarkable, to the great blessings already bestowed through them on many unevangelized people, to the souls already brought to the Saviour of sinners, to the grace given to many of our church members, making them willing to engage in missionary service, and to the pecuniary means intrusted to our churches in liberal measure, the conclusion seems to be unavoidable that our Church has not yet reached its missionary limits. One practical view may be added; that, to discontinue or to transfer to other hands any one or more of these missions, founded as they have been in prayer, and built up in self-sacrifice and faith, would result inevitably in great discouragement to many of our Christian friends; for it must be remembered, that every mission has supporters who feel specially concerned for its welfare. Indeed, as a measure of economy, such relinquishment would defeat its own purpose. It would leave the Board with less expenditure, but with smaller resources. It would detach many of their supporters from their connection with the work at large. This result cannot be thought of without the gravest apprehensions.

These continue to be, *The Foreign Missionary*, and *The Record*. Only a part of the latter is devoted to Foreign Missions.

MISSIONARIES SENT OUT.

these ordained missionaries, nine were new appointments, and fifteen of the unmarried ladies.

MISSIONS.

In the United States there are seven missionaries among the Indians. The names of these, with the statistics of each, will be found in the Tabular Statement. Another mission in this country is that of the Chinese in California. The Board entered on this mission at the request of the Presbytery of California, now the Presbytery of San Francisco; and they have steadily pursued this work for twenty-six years, according to the measure of the pecuniary means at their disposal, and of the men available for the service. It is a matter of deep regret that so few missionaries are available who can speak Cantonese, while but few ministers here can spend several years in the patient study of this dialect; on the other hand, to conduct preaching services, by the aid of imperfect interpreters, is seldom satisfactory. The Board have employed such Cantonese brethren as were within reach, and have given the greatest sympathy and praise to the efforts of our Christian women for the benefit of the Chinese women in San Francisco; but they have clearly seen the importance of training native converts for the service of Christ, as Bible readers, colporteurs, teachers, and evangelists. This training needs to be conducted by men well acquainted with the dialect of Canton.

MEXICO.

The work in the Republic is on the whole encouraging. The favor of the existing Government toward it; the promise of general quiet and stability; and, above all, the evidences that the Spirit of God owns and blesses missionary labor, all warrant an increase of faith and prayer, and an expectation of blessed fruits. During the year the mission in and around Monterey was transferred by the American Board, and is now under the charge of our missionary, Rev. Henry C. Thomson.

SOUTH AMERICA.

There are three missions in South America: (1) United States of Colombia; (2) Brazil; (3) Chili. These countries are all open to the truth, and in each progress has been made. The advance is especially true of Brazil, where the demand for new laborers is great, to meet the growing necessities of the work.

JAPAN.

The general aspect of the work of evangelization in Japan may be described as full of hopeful interest. There are discouragements. The policy of the Government is still restrictive as to the residence of foreigners in the interior; even in Yeddo it is only in a narrow prescribed district that foreigners can reside. The Japanese people are cordial and friendly in their intercourse with people of other countries, but they are impulsive, unstable, and proud of their independence. On the other hand, they are bright, receptive, ready to embrace foreign customs, free in a great degree from superstitious reverence for their idolatrous religions, every way an interesting people. And the gospel has found entrance among them. The power of Divine grace has been signally displayed in the case of hopeful converts. Some are preaching Christ to their countrymen; others are getting ready for the same work. The Scriptures will soon be completely translated into the native language.

CHINA.

In this densely populated country are three missions, and in each there has been a decided advance during the past year. The number of conversions is cheering, and the prospect of still larger gains is most encouraging. The famine, which so seriously afflicted the northern provinces continues.

Two favorable results have attended this great suffering. The foreign residents, whose sympathy has been touched, have been drawn into closer rela-

tions with the missionaries, who, as a class, have been found to be the most trustworthy almoners of their bounty to the starving; and so, as a test, this famine has shown that, spite of all criticism, even worldly men and unbelievers appreciate the integrity and faithful labors of the missionary class. Another result has appeared in the greater confidence exercised on the part to the natives. In thousands of cases their hearts have been touched by the spectacle of so much self-denying labor put forth for their good. The press at Shanghai issued the past year 441,733 volumes, containing 30,164,441 pages.

SIAM AND THE LAOS.

These two missions have enjoyed the quickening influences of the Holy Spirit. The additions to the churches have been larger than usual. New laborers are greatly needed.

INDIA.

Work in the three missions of Lodiana, Furrukhabad, and Kolapoor has been the same as in previous years. A great preliminary work is going on which is not only undermining the false systems of the country but is preparing the way for the conversion of the people to Christ.

PERSIA.

The ingathering into this mission of new converts has been a marked feature of the year. The inrease in the church membership has been about 30 per cent. The Christian life of the people has received a decided impulse.

SYRIA.

Missionary operations were not interfered with by the war; and in no period of its history was the work more prosperous. The press issued 38,200 volumes. The Schools and College are proving a great blessing to the land.

WESTERN AFRICA.

On the western coast are two missions, (1) Liberia, (2) Gaboon and Corisco. All the ministers and members in the Liberian Mission are colored people. There is a growing interest among them to reach the people in the interior. New laborers are needed. The same is true of the Gaboon Mission. But five ministers are connected with it, two of whom are absent for health, and a third is in special commission, expecting to spend but two or three years absent from his family. Existing stations should be better manned. A new station has lately been opened in the interior, 120 miles from the sea.

MISSIONS IN PAPAL EUROPE.

The Board have continued, as in past years, to disburse funds contributed for the work in Papal Europe, through the organizations existing on the ground. While they have cherished an unabated interest in those various Churches of the continent, which are in essential accord with the faith and order of the Presbyterian Church; while they would gladly put forth more direct and liberal efforts to assist the Waldenses of Italy, and the various Protestant Churches of France, Spain, Switzerland, and Belgium; they have been compelled to act only as the almoner of funds specially contributed for each, and of the interest accruing from the Waldensian endowment fund.

The Board desire, however, to keep these struggling organizations before the mind of the churches, and to bespeak an increasing and prayerful interest in them.

OFFICE OF THE BOARD.

No. 1334 Chestnut Street, Philadelphia, Pa.

ABSTRACT OF THE FIFTY-NINTH ANNUAL REPORT.

CANDIDATES AIDED.

The number of Candidates recommended and accepted during the past year is 436, less by 26 than that of last year. Of these, 98 were new recommendations. Those in the Theological Seminaries number 247; in their Collegiate course, 165; in their Academic course—exceptional cases—24; fitting to labor in foreign languages—German, 32, Portuguese, French, Welsh, and others, 7; fitting for work among the colored people, 59.

Candidates completing their course this year are distributed among the Theological Seminaries, as follows: Princeton, 14; Union, 12; Western, 12; Northwestern, 9; Danville, 5; Biddle University, 4; Lane, 3; San Francisco, 3; Dubuque, 1; Lincoln, 2.

Appropriations discontinued on account of ill health, 2; of unsatisfactory reports, 6; died, 1; otherwise provided for, 2. Total 11.

STANDING OF THE CANDIDATES.

According to the recommendation of the General Assembly last year, a new formula for Professors' Reports has been made out and put into operation. In this formula five topics are presented—Christian Character, Scholarship, Rhetorical Ability, Punctuality, and Economy. For "scholarship" the standing according to the grade adopted in the Institution is requested. The measure of qualification on the other points may be given in such terms as seem fairly to indicate it. By this method, opportunity is afforded for careful discrimination, and the Reports now exhibit all varieties of light and shade. Moreover, the Board are enabled to ascertain whether defects in one direction are counterbalanced by excellencies in another, or whether the tokens for better or worse are uniform.

With this improvement in hand, it is gratifying to state that the Reports of a large majority of the Candidates have been highly commendatory; and that in several instances special encomiums have accompanied them. The emphatic statement, recently sent to the office by a Professor in one of the largest Theological Seminaries, furnishes a testimony on this point worthy of

Digitized by Google

consideration: "I believe the money which the Church expends on her Candidates for the ministry produces larger returns than any money which she spends. There are some failures, to be sure; But on the other hand there are many splendid successes."

Worthy of note, also, is what a President of one of our Colleges writes: "The most of our Candidates here are young men of a stamp, that give promise of more than usual success in the ministry." Of one, his Professor says: "He is eminent, probably first in his class in oratory and Christian leadership, and has worked his way up from a workingman to high position in many respects." Testimonials of like sort might be multiplied.

SPECIAL DEPARTMENTS.

These are, *first*, that in behalf of our Freedmen Candidates for the ministry. Among this class of our population the number is only 59, and they are almost wholly dependent on the Board for support. For every one of these there is pressing need. As the course of instruction spreads over a period of eight or nine years, it will be seen that we are sending into the field, on an average, no more than seven or eight per year, and these by no means meet the demands of the work. Yet scant as the number is, the burden of their education, by reason of the failure of the fourth appropriation, rested heavily upon the Institutions and Professors that had them in charge.

Second, that in behalf of the Germans. For supplying ministers to this large, influential, and ever-growing portion of our population, we have two small Institutions, feebly endowed, all whose funds are needed for the support of the Instructors. To suspend appropriations for the students here, is to compel a suspension of studies, and to hazard the continuance of the Institutions themselves. This is an evil which our Church cannot afford to incur at this juncture.

THE SECRETARY'S WORK.

Within the past year the Secretary has addressed six Synods and a number of Presbyteries, and presented the Cause in 21 churches. He has, also, visited five Theological Seminaries and six Colleges, in discharge of the duty enjoined—to exercise a general supervisory care over the students. Besides this, he has collected and forwarded to four of our Institutions, among the Freedmen, not less than 1000 books, both for the libraries and for distribution among the students. It is a cheap way of doing much good which might be profitably worked.

FINANCIAL CONDITION.

The Board began the year with a debt of $4615. This has been increased by the falling off this year in contributions and legacies, to $9866. The size of the debt will oblige the Board to curtail in future the amounts of the appropriations which, especially for our college students, are small enough.

NEED OF MINISTERS.

Those who think we have "too many ministers already" are invited to consider the fact, that the number of churches reported vacant in the "Minutes" of 1877, is 948; of which 32 report over 200 members each; 88, from 100 to 200 each; 166, from 50 to 100 each; and 234, from 25 to 50 each. Comparing the whole number of churches with the whole number of ministers available for regular service, it appears that the churches outnumber the ministers by 1407. And this disparity is increasing annually, for we are adding to the churches at the rate of ten a year more than we are adding to the ministers. Indeed, the indications point to a still further decrease. The sum total of students, in our eight Theological Seminaries, was less by 33 than that of the year previous. Those graduating in 1878 number 156 over

Digitized by Google

against the 168 in 1877. Furthermore, inquiry among the colleges reveals in nearly all of them a marked decline in the number of students contemplating the ministry. In view of these facts, it will appear how true was the remark made by the distinguished President of Princeton College, before the last meeting of the Alumni of the Seminary, that "the Presbyterian Church is threatened with a dearth of ministers." This will surprise only those who look on the accidental drift before their own doors, and survey not the wide, uncovered plains beyond.

Plainly, there is no warrant for indifference and inaction in this matter. The time has not come for our counting on the spontaneous production of a ministry out of the heart of our communities. The ministry, such as the gospel demands, is an exotic in this world, and can be developed in needed fullness and power only by earnest culture. Countless spheres of well-rewarding effort are still opening on every side, to which Christ is calling with silent but unheeded hand; and, to answer the call, we want men full of the Holy Ghost, men who count not good salaries, pleasant homes, and social enjoyments dear unto them, but are ready to do all and endure all for the Church's sake. And such men spring not up at man's bidding. They must be prayed for, and labored for, and taken up wherever found, as Christ's gift to his Church to be improved to his glory.

GENERAL REVIEW.

The survey of the year's work brings into view some very encouraging indications. The churches contributing to the Board outnumber those in 1876–7 by 220. Notwithstanding the financial stringency of the times, the whole amount of receipts from the churches falls short of that of last year only $2,974.89. Relatively to the expenses, our balance-sheet shows full as well as it did last year. From every quarter, also, there have come to us expressions of encouragement and good cheer, more than counterbalancing all the strictures our Cause has received. Moreover, on the part of Professors and Examining Committees and Presbyteries, a disposition is shown to be more strict in watch over the students, and more exacting in demands for a high grade of qualification. A revived interest is also shown in the whole subject of Ministerial Education, in the various discussions it is eliciting, both in our ecclesiastical bodies and in our public journals—discussions which it is hoped will lead to a still further improvement in the measures for advancing the Cause, and securing from it the best results. From such indications of good, the Board derive encouragement to hope still better things in the future—a cancelling of the debt, enough money to meet all demands, and a class of men who shall all prove able ministers of the New Covenant, to help in building up the Redeemer's kingdom in this and other lands.

ABSTRACT OF THE FORTIETH ANNUAL REPORT OF THE PRESBYTERIAN BOARD OF PUBLICATION.

The year just ended has been an extraordinary one, in some respects an unparalleled one, in the history of our country. The financial uncertainty and depression, and the general stagnation of business, which prevailed last year, have not only continued, contrary to the general expectation, but have been felt more widely and more painfully than before. Anxiety and want have prevailed among large classes of our population in all parts of the land. Many important branches of trade have been seriously affected, and even benevolence has been restrained. Of course this state of affairs affects more positively the Board of Publication, as they are connected with both business and benevolent operations, than any other Board of the Church. The past year has brought its disappointments and its anxieties. Both sales and contributions to their Missionary Fund have fallen short of what was hoped for. Nevertheless the Board have no cause for discouragement, save such as is common to all branches of business, and to all benevolent operations. They have reached the end of the year free from any serious losses, and having accomplished much important work in their efforts to spread divine truth.

They have added to their Catalogue new and valuable publications; their periodicals have advanced in circulation and prosperity; and, in their Missionary Department, wide and blessed results have been achieved, to the glory of God and to the salvation of souls.

THE FISCAL YEAR.

The Board's fiscal year, which is reviewed in this Report, extended from April 1, 1877, to April 1, 1878.

I. THE WORK OF PRODUCTION.

The Board have published, during the past year –

	Copies.
14 New Books,	73,000
1 Sabbath-school Report,	1,000
5 New Tracts, 18mo,	9,000
1 New Concert Exercise,	15,000
21 Total,	98,000
Reprints of Former Publications,	522,650
Total number of Books and Tracts published in the Year,	620,650

Of Periodicals, have been printed:

Presbyterian at Work,	297,810
Westminster Lesson Leaf,	3,350,432
Sabbath-School Visitor,	2,305,584
Sunbeam,	2,454,558
Monthly Record,	119,170
Total of Periodicals,	8,527,554
Annual Report of the Board,	6,500
Aggregated publications of the year,	9,154,704

PERIODICALS.

It is not for business ends merely, that we urge our pastors and elders to use their proper influence in directing the attention of those, who select periodicals for their Sabbath-schools, to the papers of the Board of Publication. These papers have now an immense circulation, aggregating more than half a million a month; but there is no good reason why this circulation should not be increased. And the larger the circulation the better for the subscriber, as it enables the Board to improve the paper or to lower its price. We have no hesitation in asking those who do not now use these periodicals to send for samples, and to examine them thoroughly and critically.

With regard to *The Presbyterian at Work*, the Board's monthly paper for teachers and the more intelligent scholars, it is only necessary to say that, in addition to a variety of articles on church, family, and Sabbath-school work, it has the lessons expounded and applied by Rev. Drs. Joseph T. Duryea, of Brooklyn, and Herrick Johnson, of Auburn; whilst Mr. J. Bennet Tyler contributes a "Teachers' Cabinet" of illustrations, and Mrs. G. R. Alden ("Pansy") furnishes "Hints for Teachers of the Little Ones," valuable not to them only. The price of the paper puts it within the reach of all, being but sixty-five cents, post-paid, for a year; or, when six or more copies go to one address, fifty-five cents each.

The circulation of *The Westminster Lesson Leaf* has grown so large, as to justify the Board in meeting the wishes expressed by a few of those who take

Digitized by Google

it, and reducing its price. It is now furnished at $7.50 per annum for one hundred copies, in place of $9 as heretofore. In appearance and contents it will bear comparison with any similar publication in the United States, while its fidelity to the doctrines of the Presbyterian Church commends it to those who love the faith of their fathers.

The Sabbath-school Visitor is now a weekly illustrated paper; but subscribers are permitted to take it once a month, or twice, or thrice a month, or weekly, as they prefer, at a uniform rate. It is gratifying to the Board to find, that its appearance and contents give satisfaction to its great army of readers. It engages the pens of a great number of our best writers for the young.

The terms of subscription are

PER YEAR.	1 to 9 copies, each, Postage paid.	10 copies and over, to one address, each, Postage paid.	100 copies, Postage paid.
Once a month, . .	30 cents,	16 cents,	$16 00
Twice a month, . . .	50 cents,	32 cents,	32 00
Thrice a month, . .	75 cents,	48 cents,	48 00
Weekly, ...	$1.00	69 cents,	69 00

Large as is its present circulation, it may be made larger. The more numerous the subscribers, the better will be the paper.

The Sunbeam, the Board's paper for very little people, not only retains its popularity, but constantly increases its circulation. As it gives each week a rendering of the International Lesson for the succeeding week, it is largely taken as a primary lesson leaf. Its pictorial illustrations and easy reading commend it to those for whom it is prepared. It is published weekly, at fifty cents a year (post paid) for one copy, and forty cents each when ten or more copies go to one address.

The Presbyterian Monthly Record.—This organ of the Assembly's Boards and Committees continues to be published, in octavo pamphlet form, by the Board of Publication, but only as the publisher for the Assembly's Boards and Committees, the control of its pages resting entirely with each of the organizations represented. The monthly circulation of the magazine has been between ten and eleven thousand, including the copies sent gatuitously to each of the ministers of the Church. The loss incurred by its publication and distribution is shared by the Assembly's Boards in the ratio of the space occupied by each.

II. THE WORK OF DISTRIBUTION.

I. THE PUBLICATION BOOKSTORE.

The Board's Bookstore, at No. 1334 Chestnut Street, is more and more becoming a center of attraction. Not only does it proffer to the public the books and other publications of the Board, now numbering in all about 2500 works, of which about 1500 are volumes of various sizes, but it also presents in great variety the issues of other publishing houses. Religious reading, carefully selected, may be procured on as reasonable terms as anywhere in the country. Sabbath-school libraries may be selected with an assurance that all objectionable books can be avoided. Should any book purchased be deemed objectionable by the purchaser, on closer examination after it has been purchased, he may return it with a statement of his objections, and its price or another book of the same price will be sent to him.

Sabbath-school workers may find in the bookstore every requisite needed for the successful prosecution of their work. Maps, blackboards, minutes and records, class-books and all other facilities for the management of a school are kept on hand in great variety.

Bibles and Testaments, commentaries, theological and devotional works,

may here be found, and any book ordered at the bookstore, which is not on hand, will be procured from its publisher or elsewhere, with the least possible delay.

Constant care is taken to extend to every customer polite and prompt attention, and to make his visit to the store as agreeable as possible.

II. THE SABBATH-SCHOOL WORK.

This Board reported to the last General Assembly, that the office of General Superintendent of Sabbath-school Work was then vacant, by the retirement of J. Bennet Tyler, Esq. Great care was taken in filling that vacancy. Extensive correspondence was had with a multitude of brethren in all parts of the Church, and diligent search was made for the right man to fill the place. The Board are happy now to report that their choice was finally and unanimously fixed upon the Rev. James A. Worden, of Steubenville, Ohio. Mr. Worden has accepted the appointment, and before this Report is placed in the hands of the Assembly, he will, doubtless, have entered fully upon his labors. The announcement of this choice has been received far and wide with warm approval, especially by those who have taken an active part in Sabbath-school work. The Board confidently hope, by the blessing of God upon Mr. Worden's labors, a great increase of interest and usefulness in this branch of their work. The field and the plan of work in the Sabbath-school department were carefully remodeled and defined more than a year ago. This new plan has been examined by the newly-elected Superintendent, who has already had much experience in Sabbath-school affairs, and has received his cordial approval as being in his opinion eminently wise and practicable.

III. WORK OF THE MISSIONARIES.

The amount of the contributions made to the Board's Missionary Fund, as compared with the vastness and importance of the work to be done, has been deplorably small. During a large part of the year the Fund has been empty, and it has been necessary to keep this important work within painfully narrow limits. Many well-qualified men have been recommended by the Presbyteries, and have been ready to go into needy fields, but their services were declined, because the means for sustaining them had not been furnished. Very few new laborers have been commissioned, and it has not been easy to sustain those who were previously in the field. It is also true that, owing to the stringency of the times, which has affected all classes, even in the most secluded places, the sales made by the missionaries have been smaller than in some former years. But, looking at another side of their labors, they were never more useful as tract distributors, as Sabbath-school visitors, as house-to-house dispensers of the blessed truths of the Gospel. Never has there been a year when they were more cordially welcomed among the poor and needy, or when the Divine Spirit bore plainer witness, by his accompanying and converting influences, to his approval of their work.

The whole number of missionaries in commission during the whole or portion of the year has been 66, who have labored in 29 Synods and 75 Presbyteries, and one in Canada. They have distributed, within the year, by sale 61,700 volumes, while 29,445 volumes and 4,460,991 pages of tracts have been distributed gratuitously by them and by the Missionary Committee. These missionaries have also visited 85,251 families, with by far the larger part of whom they have had religious conversation and prayer.

Grants Made During the Year.

The limited amount of money at the disposal of the Board for benevolent uses during the year, has not only compelled them to decline appointing new missionaries, but also to restrict the number and value of the grants of their publications made to the almost innumerable applicants. Yet they have en-

Digitized by Google

deavored to do as much in this way as they could safely and wisely do, without incurring such a debt as would seriously embarrass their missionary work in the future. The grants made by the Missionary Committee and the District Superintendents have numbered 946. These have been distributed in thirty-eight States and Territories of the Union, while some have gone to China, India, Japan, Brazil, Mexico, Canada, Liberia and other parts of Africa, and to the Indians of our own land. The field has been a very wide one, and the seed to be sown very limited in quantity, but the Board have carefully sought to place it where it was most needed, and where it might be expected to yield the largest returns. Although a handful of corn, the Divine blessing may make it to wave like Lebanon. May God bless it!

Of these 946 grants, 349 have been bestowed on needy and mission Sabbath-schools in various parts of the land; 405 have gone to pastors and other uncommissioned helpers who have kindly given their aid in distributing it gratuitously in their respective vicinities; 133, to needy ministers and churches, mainly in our thinly settled and frontier regions, for their own use; and 59, to miscellaneous objects, such as hospitals, jails, asylums, the soldiers, sailors and Freedmen.

Our Missionaries and Sabbath-schools.

A constantly increasing part of the labors of the missionaries has reference to Sabbath-schools, and it is an exceedingly important part of their work. They are carefully instructed to visit, encourage, and aid Sabbath-schools on their respective fields, especially those that are poor or feeble, and to supply them with the library books, lessons and periodicals published by the Boards. The missionaries find many neighborhoods, where the children and youth have no provision whatever made for their religious instruction. In such localities it is made the duty of the missionaries to gather, organize, and help new Sabbath-schools.

This they are doing more and more, and most effectively. During the past year they have visited and encouraged 1418 schools. They have also organized 76 new schools in destitute places. We feel assured that, through this missionary work, between two and three thousand children, before uncared for, have this year begun to receive instruction in the word of God, and guidance into the way of life.

Will Sabbath-schools help in this Work?

This work is one which ought to enlist the interest, the prayers, and the regular and general contributions of all our Presbyterian Sabbath-schools. What object can be presented to them, better adapted to draw out their benevolent impulses and their gifts, than that of helping needy and neglected children to enjoy the same benefits and blessings they themselves enjoy? If pastors and Sabbath-school superintendents will fairly present it to them, we are sure there will be a general and generous response. The last General Assembly gave a sanction and a direction for this work.

III. SUSTENTATION.

The receipts into the Treasury during the year, from all sources, including the balance of $20,881.68 from last year, have been $212,245.05.

The entire expenditures of the year have been $198,767.47.

The balance in the Treasury at the end of the year, March 31st, 1878, is $13,477.58.

The aggregate of sales has been $154,753.06. This aggregate does not agree with the Treasurer's account, inasmuch as it includes credit sales, while that account exhibits only cash received.

THE MISSIONARY FUND.

A Noble Gift.

The residuary legatees of the estate of the late John C. Green, of New York, have within the year given to the Trustees of the Presbyterian Board of Publication the sum of $50,000, the principal to be kept intact, and "safely invested in productive securities, such as are authorized by the laws of Pennsylvania as proper and legal for the investment of trust funds," and the income therefrom to be applied "to the distinctively benevolent and missionary work of said Board." This is a noble gift, and will, in the years to come, cause the light of Divine truth to reach tens of thousands of homes, and, we trust, hundreds of thousands of darkened minds in every part of our land. It is earnestly to be hoped that the Lord will put into the hearts of many of his servants, to whose hands he has intrusted worldly possessions, to follow the example of large-hearted munificence which has thus been set before them. The sum given as above stated, has been carefully invested according to the directions given by the donor, and its income will be applied to the help of the Board's missionary work.

In addition to which have been paid:		
6. For salaries, share of Annual Report, postage, boxes, stationery, printing, incidental, and other expenses stated in schedule No. 2, but not included above,	$4,743	09
7. Share of deficiency of Monthly Record, chargeable to Missionary Fund,	358	70
Total of expenditures,	$48,933	69
The contributions to the Missionary Fund for carrying forward its benevolent work, amounted during the year to	36,779	26
To these were added by the Board an allowance of $5037.04, for discounts on books and tracts sold and gratuitously distributed by the Missionary Department, and $2000 for the gratuitous distribution of periodicals,	7,037	04
Total of receipts from all sources for Missionary uses,	$43,816	30

Deducting these receipts from the expenditures, as above stated, there is left a balance against the Missionary Fund, April 1st, 1878, of $5,117 39

All money given to the Board's Missionary Fund, whether by churches or individuals, or received from legacies, is wholly and carefully expended in carrying forward the Board's missionary or benevolent work.

THE ANNUAL COLLECTION.

The *first Sabbath in May* has often been designated by former General Assemblies as the most suitable time for the churches to take an annual collection for the Board's Missionary Fund. Except where some other preferred arrangement has been made to this end, every pastor and stated supply is earnestly requested on that day to present this important Cause to his congregation, and solicit their liberal aid.

TWENTY-FOURTH ANNUAL REPORT.

The Trustees of the Presbyterian House report, to the General Assembly, that the receipts and expenditures of the year, as shown by the Report of their Treasurer, duly audited and herewith submitted, have been as follows:

Total receipts, including balance, ...	$15,149 92
Total expenditures, ...	12,661 28
Leaving a balance of	$2,488 64

The Trustees further report that during the year six thousand dollars ($6000) of the principal of "the Benjamin Fund," have been received, and have been invested by the Board. The remainder of the principal, twenty-four thousand dollars ($24,000), will be payable next year. The interest on the Fund has been annually and regularly paid and is promptly distributed among the objects specified in Mr. Benjamin's will.

The Trustees still further report, that in the matter of the bequest to them by Miss Eliza J. Sherwood, late of Manlius, Onondaga County, New York, deceased, no settlement has as yet been effected.

OFFICE OF THE BOARD.

Presbyterian Mission House, No. 23 Centre street, New-York, N. Y.

Goodness and mercy have followed us in all the labors of the year. While death has removed many of the ministers and elders of our beloved Church during the year, not one of the members of this Board has been called by the Master to lay down his work. The meetings have been regularly and faithfully attended—even in the hot months, we have not failed to have considerably more than a quorum. For all this mercy we desire to be thankful.

The impression has prevailed, to some extent, that in consequence of the difficulty in raising money very little has been doing in the way of church building. This false impression will be disproved when we come to the subject of applications. Never has the necessity for church building been more sorely felt, and seldom have the calls for aid been more numerous and press-

ing—amounting to more than treble of our receipts from the Church at large. Notwithstanding the great stringency of the times, many of our homeless flocks, led on by their ministers, who felt, that without suitable houses in which to preach their efforts to establish the church were vain, having gone forward to build the Lord's house in the very face of poverty. To these poor, self-denying people we have felt constrained to give more liberally than usual, and well has it been for them that we had the means to assist them in their emergency. Had it not been for the balance in hand with which we commenced the year, many of these churches, now rejoicing in the happy completion of their buildings, must have utterly failed, and all the money and labor expended in the effort been sacrificed. In not less than a dozen instances, we have either prevented the sale of valuable church buildings, or else redeemed them after they had been sold by the sheriff. The rescuing of one such church, knocked down by the sheriff's hammer, or the means furnished in another case to enable the minister to fulfill his word of honor pledged for the payment of a debt at a given time, has been worth more to the credit and good name of the Presbyterian Church than we can estimate.

RECEIPTS.

We are sorry to be obliged to report a falling off, in the contributions of our churches, of over $7000 from that reported a year ago. This is largely owing to the vigorous effort, on the part of many large and liberal churches, to relieve themselves from the burden of debt. As most of these debts were contracted in the building of expensive houses of worship, the money given and pledged for this purpose has been considered as so much for *Church Erection*, and thus our Board is made the loser by so much, at least for the present. We are, however, comforted by the assurance that in the future these churches will be the more able (we hope the *more willing*), to give generously to all the Boards. But not only have individual churches thus applied their collections to the payment of their own debts, as they have a perfect right to do, but in some instances the entire Presbytery have voted to apply their collections for Church Erection, to paying the debt of some one or two of their own churches, and in one case an entire Synod have done the same. These cases will, in a large degree, account for the lamentable reduction in church contributions to the Board.

Our gross receipts during the year, together with the balance from last year, amounting in all to $103,178, have constituted our working capital, and enabled the Board to do a vast amount of good, as many can testify. Over $10,000 of our receipts have come in the shape of legacies, and had all the money designed by testators been paid, this item would have been much larger. The number of churches that have contributed through the Board is 2040, an increase of 143 over last year, leaving altogether 3020 delinquent. Among them will be found many of our large and wealthy churches, that received aid from the Board in the days of their weakness. From the statement of our Treasurer it will be seen that our gross receipts are more by $642 than those of the preceding year.

APPLICATIONS.

During the year we have received in all 243 applications, formal and informal, calling for $142,500. Some of these ask for large sums to pay debts on churches that cost from $15,000 to $25,000. These, of course, we were obliged to decline, as not falling within our rules nor the design for which this Board was established. Others of these applications ask for small sums of from $300 to $600, to assist in the completion of buildings that cost from $1500 to $2500. To such appeals the Board are always happy to respond.

Many of those who proposed to build, even on this economical plan, have found it impossible to raise the necessary means, and been compelled to defer

the undertaking for another year; while others, who commenced to build without having "counted the cost," have been obliged to stop work and leave the unfinished walls in an exposed condition—liable to injury. Quite a number of the calls for aid were on behalf of the Freedmen in the South. Of these, none more loudly appealed to our sympathy, than that from Midway Church, in Georgia, to which, "Uncle Jo" (as he is called), ministers. Although composed entirely of colored people, this is a *model church;* consisting of 775 members with a bench of 22 elders, and 12 deacons. It has a woman's aid society, a young men's society, a parochial school, of 150 scholars; a Sabbath-school, of 300; an academy; and one of its members is in the Legislature. Since the war, they have been allowed (for a small rent), to worship in a large church building, owned by the white people, that will hold about 1000 worshippers. They are now obliged either to purchase the property or vacate the building. They are not able to do the former, and it would be a shame to permit the latter.

APPROPRIATIONS.

During the year appropriations have been made to 149 churches, amounting to $63,614. Add to these the 48 on hand but not completed at the beginning of the year, and it will be seen, that the Board had under its consideration during these twelve months, the wants of 194 churches, amounting in the aggregate to $94,450, an average of $495 to each church.

Two of these 20 buildings burned were aided by this Board, and, of course, were insured in good companies. The insurance money received by us was re-appropriated, and thus the churches have been rebuilt, and are now used for worship, which could not have been done but for our insurance. The church at Spencer, Indiana, received from this Board $700 just before we adopted the plan of insuring; it has been lately destroyed by fire, and having no insurance, is a total loss of $4000, a sum larger than the cost of all our insurance on the appropriations we have made for the last two years.

Notwithstanding the many failures that have taken place within the last few years, we have not failed in a single instance to realize the full amount for which the Board was insured. This speaks well for the carefulness with which this department of our work has been conducted.

DESIGNS, SPECIFICATIONS, AND PLANS.

In the Annual Report for 1877 there are seven different designs (or pictures of church buildings), with descriptions. To correspond with *some* of these designs, we have sets of workmen's plans—carefully drawn by the architect who made the designs, and printed on large sheets of stiff paper, 14x22 inches. There are five or six of these sheets to each design, giving different segments of the building, showing the height of walls, thickness of timbers, pitch of roof, construction of pews, pulpit, doors, windows, etc., etc. These sheets can be rolled up and sent by mail to order, upon the receipt of $5. As yet, we have only prepared plans to correspond with designs Nos. 1, 2 and 3 in the Annual Report. The preparation of each of these sets has cost us over $100, but by having a large number of copies lithographed, we can furnish them at £5 per set.

This year we have several new designs, and should they seem to meet the approval of those about to build, we may have plans prepared to correspond.

OUTLOOK FOR THE COMING YEAR.

Judging from the letters received from various portions of the field, we are convinced, that the demand for church building will greatly increase during the year upon which we have entered. From Nebraska, Kansas, Colorado, Texas, Arizona, Utah, California, Oregon, and Washington Territory, they are calling loudly upon us; and now Tennessee, the Carolinas

Digitized by Google

and Georgia are stretching out their hands for help. But these calls are not to the *Board*, but through the Board *to you, Christian friends—you*, for whom God has provided both shelter and food; you whom he hath made his almoners to the poor of his flock; *to you* is this Macedonian call sent. What answer do you bid us give them? Shall we say in your name, "*Hold the Fort, for we are coming!*" No beleaguered garrison of famishing soldiers would be more heartily rejoiced by such glad tidings, than would some of our weak and exhausted churches whose supplies have utterly failed them. Our Church at large is not sufficiently awake to the importance of this great work, or the pressure of demand upon us for aid; as seen in the fact that more than half of our churches give nothing to this Board, and many that do give send but a mere pittance—$1 from a church of 220 members; $2 from a church of 300 members, or $5 from a church of 557 members—less than one cent per member! But we hope a brighter day is coming for these churches, when they shall enjoy the *luxury of giving* "as the Lord hath *prospered them*," and be permitted with David to say, "Who am I, and what is my people, that we should *be able to offer so willingly after this sort.*" The magnitude of the work to be done in this department of labor may be more apparent, if we take a portion of this vast field. Take, for instance, the State of Kansas. While within a few years nearly 100 Presbyterian churches have been built, there remain about 100 organized churches still without shelter. So long as they remain in this homeless condition, they must be *absorbing*, and not *contributing* churches. To secure for these plain but inexpensive buildings, would require at the least $200,000. Suppose these people able to raise two-thirds of the cost, it would leave $66,666 to be furnished by the Board—more, by $26,000, than the total amount of contribution received from all our churches to the Board during the past year; and yet, with all its importance, how small a portion of the field is Kansas. This may serve to show the utter inadequacy of the means furnished by the churches to enable the Board to accomplish the work, and also shows the necessity of a much higher standard of contribution. We believe this to be the conviction of a large portion of our Church, and that another year will show an advance in this direction. Encouraged by this hope, we gird up our loins for renewed and increasing labor.

Let some of our missionaries express their estimate of the value of that work. One of them writes thus: "The action of your Board in granting our application has decided my field of labor. I had been forced to the determination, not to waste more of my time or the Board's money, by remaining where I could not have a congregation, and where I can do so little for the evangelization of the people. But now, that we are, by the help of your Board, to have a church building, into which I may invite the people, to hear the word of life, I will gladly remain, and hope, with God's blessing, to build up a church that shall live and bear fruit long after I shall have ceased from my labor. Thanks to the Board of Church Erection for its generous aid." Another brother says: "We have a practical demonstration of the value of the Board of Church Erection, without whose aid we could not have secured this sanctuary, and my hands must have remained tied. I consider your Board, in point of usefulness, second to none, as it not only widens and extends our sphere of usefulness, but gives *permanence* and *stability* to our work, as nothing else can. For the present, we thank you, from the *bottom of our hearts we thank you*, but we hope soon to give you something better than thanks, a free will offering of gratitude in the form of a collection; and, while I remain here, never shall a year pass without this expression of grateful remembrance of your kindness." Another: "This church has been organized fifteen years, and during all that time never had a house of worship, and a few months ago, was considered on the point of extinction. It is now resuscitated, and has a bright prospect of usefulness before it. Had it not been for the promise of $500 from the Board of Church Erection, this people could not have been induced to begin the work of building; or, if they had begun, the enterprise must have proved a failure." "Your check

has just reached us, for which we are truly thankful. Without it we could not have secured the building; and, without a house of worship, we must have been compelled to abandon the whole field. So you see that, in the providence of God, our very existence as a church and congregation, depended upon the appropriation of $700 by your Board. May the future show an abundant harvest."

A voice from Iowa, "Yours, with $500, was duly received. Our house is clear of debt, and the Lord has already owned our offering by the conversion of nineteen souls."

Another, "It is just one year since (by the help of your Board) we completed our house of worship and gave it to the Lord, free of debt. I have been trying to gather up the result of this year's labor. First, our congregation has more than trebled; second, the increase of members has been *fourfold* of that in any year of the church's history; third, instead of receiving $200 from the Board of Home Missions, we are now *self-supporting;* fourth, we have commenced to contribute to all the boards; fifth, we have a flourishing Sabbath-school, which promises to be a feeder to the church; sixth, an evident increase of spiritual life and activity among the members of the church. And all this may be traced (instrumentally) to the building of this house for the worship and glory of God."

One hundred and twenty churches have received their appropriations during the year, amounting to $59,438.22, and the money is in readiness for all the others to whom grants have been made, when they comply with the conditions. Some delays have been caused by the want of accuracy in the execution of papers; but in no instance, where these were found correct, has any church been kept in suspense *for a single day.*

INSURANCE.

It will be borne in mind, that one of the conditions upon which all the appropriations of the Board are made is, the perpetual insurance of the money granted by the Board. During the last year we have taken out 173 policies, amounting to $227,223, which, added to those previously taken, 588, makes a total of insurance held by the Board of $522,887. From our note-book it appears that not less than 20 Presbyterian church buildings have been injured or totally destroyed by fire during the year, valued at $195,200; Amount of insurance on these buildings, $77,300; Total loss for want of insurance, $117,900.

ABSTRACT OF THE TWENTY-THIRD ANNUAL REPORT.

The Board render devout thanks to God, for the prosperity vouchsafed during a year of many and great embarrassments. The financial crisis, which has reached every part of the country, has also affected this Board. One cause of their limited resources is the fact, that some of the constant and liberal contributors have either been without remunerative employment, or have failed to receive the accustomed revenue from their property, or have been stripped of their earthly substance in the general crash.

Some ministers and widows, who depended in part on the Fund, have lost the small sums they had been keeping in reserve, and which were indispensable to the comfort of their families, in addition to the stated appropriations.

In several instances, disappointment and suffering have come from the inability of wealthy friends, who had once ministered to their necessities, to do so any longer, because driven themselves to struggle with poverty.

It should be well understood, especially by those who recommend or who receive aid, that the Relief Fund does not propose to furnish a full support. At present it is not practicable. It may be done when men of ample wealth and large hearts furnish the means.

The success of this undertaking has exceeded the sanguine expectations of its friends; and yet more than four times the amount now placed at the disposal of this Board would be required to give to a retired minister, or to the family of his widow and orphans, a sum equivalent to the average stipend of a settled pastor. Yet it is gratifying to know that positive relief has been given, and has been thankfully acknowledged. A small grant to meet present necessities has often been accounted to be far better than utter destitution.

But let it not be forgotten, that a more ample supply is needed. There can be no mistake in the cry of distress, which comes to the office of the Board. No church in which the Spirit of Christ dwells, will shut her ears against that cry. A good beginning has been made. The Church is moving, slowly indeed, but steadily in the right direction, and her heart will beat with a stronger and more tender sympathy, as the claims of this Cause are more thoroughly understood.

Since this plan of relief has been set in operation, there has been no year more especially characterized by free-will offerings than this. It seems like the response of ancient Isreal to the voice of God, "Bring me an offering; of every man that giveth it willingly with his heart, ye shall take my offering." It is, also, an encouraging fact that the contributing churches were 2143, *outnumbering* those of the previous year by *one hundred and thirty-eight.* The lively interest expressed by donors has been cheering and strengthening, in times of heavy pressure; and these testimonials have often been very affecting. When prayers and alms are united, and when giving is "not grudgingly, or of necessity," but from a heart glowing with Christian love and a high esteem for the Christian ministry, the work must prosper.

Between April 1st, 1877, and April 1st, 1878, 20 of the number on the roll have died—11 ministers, eight widows and one orphan. Of those who received aid last year, and did not apply this year, there are 11—five ministers and six widows. There are also 18 now enjoying the benefit

Digitized by Google

of the Fund, who have given notice that they will ask nothing for the year ending April 1st, 1879. The reasons, given in the Report, for the removal from the roll of these 29 cases, justify the opinion that there is little disposition to depend on the Relief Fund, any longer than stern necessity requires.

While these places are vacated, 64 new cases have presented their claims within this year, and have received appropriations. Of these, 40 are ministers, 22 are widows, and two are orphans.

The whole number of families on the roll is 393—152 ministers, 219 widows, and 22 orphan families, embracing 1500 persons of all ages, from infancy to ninety years. These are recommended by 127 Presbyteries scattered far and wide in all of the 35 Synods, within these United States. Eighteen Presbyteries on the foreign field neither contribute to the Fund nor draw from it. The Presbytery of Western Africa, connected with the Synod of Philadelphia, recommends one minister and two widows of ministers whose labors were confined to Liberia. This and Corisco, connected with the Synod of New-Jersey, usually contribute every year.

The Board have not had at their command all that was needed, with the increase of the number of families on the roll; although there is no one who has not received something within the year. The appropriations postponed have been those mainly of second installments. The Board are not in debt, for they never borrow. Nor do they incur debts to those who are on the roll, for the money is expected to be (and usually is) in the Treasury when appropriations are made, and then the remittances are forwarded at once. *The debt rests on the Church at large.*

Special attention is called to the fact, that the aggregate sum of the recommendations by the Presbyteries is always in excess of the income of the Board. It is plain, therefore, that the full amount asked cannot, in every case, be granted. A reduction must be made, either by the Presbyteries, or

Digitized by Google

by the Board. Otherwise, the Fund would become bankrupt, and many an applicant would have nothing left but an empty Treasury. The remedy is in a larger liberality on the part of the communicants in all the churches. Let those who have never given bring their offerings, and let those who have done well "increase more and more," and then there will be no lack of means adequate to the wants of the hour.

Forty boxes, mainly of clothing, and partly of other articles, have this year been sent by churches or associations of ladies to the needy. These boxes were joyfully received. The ladies have worked willingly with their hands, and have given freely of their means. The thanks of the whole Church as well as of this Board are due to them, and they deserve truly the inspired commendation, "Let her works praise her." "The woman that feareth the Lord, she shall be praised."

Neither they nor the donors to the Fund are forgotten in the daily prayers of such as receive these benefits, and these prayers cannot fail to be answered in blessings more precious than gold or the choicest jewels.

ABSTRACT OF THE EIGHTH ANNUAL REPORT.

TRANSFER OF CHURCHES.

The General Assembly of 1874 gave directions to your Committee as to transfer of churches under its care to that of the Board of Home Missions. Over two years ago they began to take steps—mainly through the Presbyteries—to place these churches upon the same basis, substantially, as were the white churches under care of that Board; and early in the present calendar year they transferred, to the care of the Board of Home Missions, their 80 churches, 27 ministers, and two catechists; the transfer to take effect from and after January 1st, 1878. This leaves 56 churches, 22 ministers, 25 catechists, and the entire work of evangelical education upon our schedule. Of these 56 churches, eight may be considered, now, as self-sustaining, either in groups or singly, two as being supplied without aid from our treasury, and three others as having little or nothing more than a nominal existence. Of the remaining 43, all but four (not deemed in condition for transfer) may be considered as under the supervision of, and partially or wholly supplied by the missionaries in

charge of our higher institutions and important educational centres. The aggregate salaries of those in charge of the work transferred were between $16,000 and $17,000 per annum; but the amount needed from our Treasury for this purpose was only between $10,000 and $11,000; the balance—except $250 from one individual and $200 from a Presbytery—was the amount to come from the churches served.

[N. B.—All statistics given in the remaining part of this Report, concerning colored churches, are to be understood as covering but nine months—to December 31st—in so far as they pertain to the churches transferred to the Board of Home Missions.]

The number of white churches contributing this year is greater than last year; and the amount given by churches and individuals, for both general and special work, is $7761.80 less than was thus given last year. This may be accounted for, in part, by the fact that $4000, of the amount given for specials last year, were funds that had been held in reserve, to be applied on the erection of Scotia Seminary. The falling off, however, of over $3900, as compared with last year, in the amount contributed by the churches for the general work, is a serious deficit.

As in preceding years, so in this, boxes of clothing—good, second-hand, and other—have been given; also Sabbath-school books and papers. These are gratefully received by these poor people.

We are pleased to state, that at least a few persons have realized the importance of permanent funds for the benefit of our Church's work among the Freedmen, and accordingly we are able to report invested funds, given in previous years—$7000 for special institutions, and $1000 for the general work—in all, $8000, only the interest of which may be used. Such funds are greatly needed.

MISSIONARIES.

These are preachers, catechists, and teachers, in number as follows:

Most of these ministers have large fields to care for, including, in some cases, four, six, and seven churches. The catechists are very useful assistant missionaries, and have done a large amount of valuable Church and Sabbath-school work. The teachers are sent, not as mere educators, but as Christian missionaries.

DECEASED.—Rev. Thomas G. Murphey. He entered our work February 25th, 1866, at and about Amelia C. H., Va., where he gathered and organized five churches, and continued to labor until December last, when, having

become quite ill, he was taken to his home in Dover, Delaware, where he died on January 9th, 1878.

These figures, as compared with those of last year, show an increase of 12 Sabbath-schools, 364 Sabbath-school scholars, 41 on examination, and 368 to the whole number of communicants; and could we add to this the number received on examination, during the last three months, to the 80 churches transferred, God's blessing upon this branch of our Church's work would no doubt be still more manifest. A number of the churches have enjoyed considerable religious interest, adding to each from 15 to 49 members on profession of faith. The number of church buildings, and manses or homes, are about the same as we reported last year.

The past year was perhaps the hardest, financially, which the Freedmen have known for some time; and yet, though we lack the reports of 80 churches for three months, the total—$12,670.93—that we do report as given by our churches and schools for self-support, is $1,043.77 over the entire amounts given in our last Report for the full year.

SCHOOLS.

Our schools continue to be strictly parochial; and statistical reports from the field show that, besides the large amount of "good seed" sown in the hearts of the young by our missionary teachers, their work still tells encouragingly in the way of TRAINING INSTRUCTORS FOR THEIR OWN RACE.

BIDDLE UNIVERSITY, Rev. S. MATTOON, D.D., President.—The grounds and buildings are estimated at $18,000. One of the buildings, the President's house, was entirely consumed by fire in December last. This was a severe stroke to the University, and also to Dr. Mattoon, who thereby lost not only a very considerable amount of household goods, but also a large part of his library, and nearly all his manuscripts, together with rare and highly valued articles collected during his twenty years' service as a missionary in Siam. A contract, however, to rebuild during the present summer, has been authorized. Something over one-third the amount necessary for this purpose has been generously donated by individuals.

For a time after its organization, a regular Classical Course was not attempted. But now, besides a *Preparatory* English Course of two grades, Higher and Lower, and an *English Normal Department*, covering a four years' course, it has also a *Classical Department* requiring the same time, and a *Theological Department* requiring a three years' course. Each of these departments, taking them in the order given above, report 64, 35, 33, and 9, in all, 141 students for the past year.

Digitized by Google

Of the 141 students reported for the past year, 77 are professors of religion, 36 studying for the gospel ministry—9 of whom think of going to Africa as missionaries, and 9 serve as catechists; 45 have taught part of the year, enrolling about 3000 pupils, and 34 of these, while teaching, have superintended Sabbath-schools, enrolling about 2000 scholars.

It is estimated that over 500 students have been enrolled by this Institution since its organization. Of these, 30 have entered and 29 are still laboring in the gospel ministry, while 40 have served as catechists, and 200 or more as teachers; and it is worthy of special note, that *in the vicinity* of the Institution 28 churches have been organized and cared for, and 21 of these are still being cared for by its Professors and catechists.

This Institution, established for the special purpose of training colored preachers, catechists and teachers, as instructors of their own race, holds a place of the first importance in the work of our Church among the Freedmen. It is the only one of its kind under care of our Church in all the Southern States, and stands as her future College and Theological Seminary for all the Atlantic States south of Virginia, while its present importance is seen in the fact that there are now in the Synod of Atlantic 118 churches, averaging 76 members each; while only 43 ministers—of whom 30 are colored —are now laboring among them as preachers and teachers, and new fields are everywhere "white already to harvest." This Institution is worthy the entire strength of the best men the Church can furnish, and is second to none in its claims upon the sympathy, prayers, and gifts of our people.

Wants.—1st.—Scholarships of $100 each, for a single year, for a number of years in succession, or until the close of a student's course of study. 2d.—A General Aid Fund to assist students who can support themselves for but part of a single year. 3d.—Clothing.—Boxes of substantial clothing for distribution among needy students are always in demand, and can always find grateful wearers. Bed Clothing of all kinds is also needed. 4th.—Buildings.—With comfortable accommodations for but 62 students, more room is a pressing necessity. $25,000, at least, are wanted to furnish the buildings urgently needed. 5th.—Endowment.—As yet the Institution has but $6,000 endowment fund, and, save the proceeds of this, the members of the Faculty have to be supported just as other missionaries are, from the Treasury of your Committee. Hence, permanent endowment funds for the adequate support of its professors are an imperative want of the University.

SCOTIA SEMINARY, REV. LUKE DORLAND, Superintendent.—Scotia Seminary is located at Concord, Cabarrus County, N. C. Its design, as expressed in its charter, is "to educate colored girls in religion, and in the arts and sciences usually taught in seminaries of a high order; and in those domestic duties which belong to the highest type of wife, mother, and teacher." It was designed, and its location selected, by the "General Assembly's Committee on Freedmen," over nine years ago; but funds were entirely wanting until about seven years ago, when, chiefly by the liberality of the late Mr. MATTHEW SCOTT, of Muskingum County, Ohio, the present Committee were encouraged to authorize the purchase of a half-acre lot, with a manse or home, and the erection of a small seminary building thereon.

This Seminary was organized in 1870, with 45 pupils; it now reports 110, of whom 25 have taught during part of the year; and the amount paid by the pupils for self-support during the year is $2,634.89. The number enrolled since its organization is 300, of whom 100 have engaged in teaching.

Wants.—1st.—Scholarships, of $45 each, and partial scholarships. The demand for these is constantly increasing with the increase of the number of pupils. As a rule, orphans and pupils from large families must be aided, or an education must be denied to some of the most promising and enterprising of their race. Tuition is free, and $45 will furnish boarding, fuel and light for one pupil, for the entire term (year) of eight months. "Patrons," says the superintendent, "have been a double blessing to their wards by their

correspondence. Some of the most promising girls have been thus led to the Saviour." 2d.—Clothing.—Boxes of good second-hand wearing apparel are always in demand, to be worn as sent, or cut and fitted by the pupils themselves. 3d.—$8,000 to erect and complete the remaining part of the main building, the stem of the T. The building is now full, the number of pupils increases annually, and more room is greatly needed. 4th.—Endowment.—This Institution should be permanently endowed At present it has but $1,000 for this purpose.

WALLINGFORD ACADEMY, Rev. W. A. PATTON, Principal.—This Institution, located in Charleston, S. C., has its name from a late citizen of Pittsburgh, Mr. A. M. Wallingford, whose widow generously purchased and donated the ground on which it stands.

The main building fronts on Meeting Street, one of the principal thoroughfares of the city, and is 70 feet in length by 40 in breadth, with a porch in front, and an addition in the rear for a recitation room. The upper part is used for church purposes; the first floor, divided into four rooms, is occupied by the school. On the other end of the lot, and fronting on Nassau Street, is the Teachers' Home, a house of moderate size, but conveniently arranged for its purposes. These buildings are comparatively new, and were erected at a cost of about $13,000; of which about $7800 was paid by the Freedmen's Bureau. There is no debt upon the property.

The number of scholars enrolled last year was 220. There are five teachers and one assistant pupil. The superintendent gives constant attention to the school when not engaged in other parts of his mission field. The present condition of the school is that of good order and progress. Many of these young Freedmen are doing well in their studies, and in their general deportment will compare very favorably, with scholars whose home influences and antecedents have been far more favorable to right culture.

In order to make it more efficient, some articles of apparatus are greatly needed—not only such as maps, charts and globes, but instruments to illustrate the more common and practical facts and principles of natural science. No academy in the land could be more benefited by such helps. This Academy was organized in 1865, and chartered by the State Legislature at its session of 1871–2. Since its organization, it has enrolled 1150 pupils. Of these 50 have entered and 22 are still laboring in the gospel ministry, most of them in other denominations than our own; 110 have become and 25 are still at work as teachers. The number enrolled during the present year is 210. Eight churches have been organized and cared for, in the vicinity, by its successive Principals; and at least two are still in charge of him who has occupied that position for the last seven years.

BRAINERD INSTITUTE, Rev. S. LOOMIS, Principal.—Brainerd Institute is in Chester, S. C., a town of 2700 inhabitants, the whole county containing about 25,000, of whom 16,000 are colored. It has railroad connections at present with the north, south, and east; and prospectively with the west. The Institute is beautifully situated on two acres of ground, not far from the centre of the town, and near the different railroad depots. In this and the three adjacent counties there are not far from 40,000 colored persons.

Around Brainerd Institute are clustered the eight churches of Brainerd Mission, with a membership of about 600, with Sabbath-schools, and openings where new churches may be organized; the whole region promising and inviting missionary ground, the colored people interested in the churches and schools, and the whites welcoming and sympathizing with the work.

In the four counties—Chester, York, Lancaster, and Union—Brainerd Institute is the *only school* for the colored people above the grade of primary. The State is providing primary schools, and the law has just passed the Legislature to open for them also a university. But for *training schools* for *teachers*, and those affording academic and high school facilities, *nothing* is done. The State is working at the *top*, and laying good foundation at the *bottom*, but the

necessary work—intermediate—is wholly neglected. Whatever of this work is being done, the Presbyterian Church is doing. Whatever more may be done, the providence of the Lord very *plainly commits to*, and *requires from*, the same instrumentality. And the door for this enlarged usefulness now stands wide open.

The educational work of Brainerd Institute has been mainly in these four departments:

1. A department for training *Catechists* while they were employed in the churches of the mission, and preparatory to their entering on a full course of study for the work of the ministry. 2. A department for training *Teachers* chiefly for the public schools. 3. The department of Institute work next in importance is that of affording *Academic* or *High School* privileges, in connection with Presbyterian influences, to the more promising of the eight churches of the mission, and to other worthy youth in the surrounding community. 4. A fourth department is preparing youth of best talent *for the University*. 5. A town *parochial school* has also been always a part of the school work, much prominence being given to religious training and instruction in the Scriptures.

For a work of such opportunities, the sum of $5,000 or $6,000 would certainly be wisely and well expended. This, however, is not expected at present.

The things now specially needed are more school room, dormitories for scholars from the country, and more provisions for teachers, both as to number and accommodations. If the school building—two stories, 24x44 feet—was all given up to school purposes, there would be needed for repairs, and to fit up and provide seats, $300. We should then have school room for about 200. The cottages (two) should be fitted to accommodate scholars from the country. For this $200 are needed. Nearly 50 could then be accommodated *comfortably* in the rooms. The upper story of the school-room we have used as a dwelling. It is needed now as a school-room, and a more healthful place is required for the teachers.

This Institute was first organized in 1869, and has since enrolled over 800 pupils. Of these, four have entered and are still laboring in the gospel ministry; 74 have become and 38 are still engaged as teachers; 10 have served as catechists; six churches have been organized by the Principal, and eight churches in the vicinity of the Institute have been and are still being cared for by the Principal, his catechists, and others laboring under his oversight. The number of pupils enrolled during the past year is 237—of whom two labor as catechists, and 26 have engaged for part of the time as teachers.

FAIRFIELD INSTITUTE, WISNNSBORO', S. C., Rev. WILLARD RICHARDSON, Principal.—The Institution commenced in January, 1869. It has a manse, a church and school-house united, one building with three rooms for girls, and one with three rooms for boys.

The aim is to give a thorough training in the rudiments of mathematics, and then to give as thorough a scientific and historical education as possible, using all the aids we can get, but relying mainly on oral teaching. In this way physiology, philosophy, chemistry, and kindred sciences are made a daily exercise in the school. In other words, the science of getting an honest living in the world is taught with forty years' experience in the same direction. The Bible is taught, in connection with its history, chronology, and geography. In the preparation of teachers, Gregory's Christian Ethics is used in connection with the Catechism. And lastly, continual repetition and reviews are used to stamp these things indelibly upon the mind, endeavoring all the time to build up character on the basis of the Bible and scientific knowledge, the only way of eradicating superstition from this superstitious people. It is a work that a teacher can do far better than a preacher. Text-books on the sciences, supplemented by oral instruction, are used with good effect. A white school trustee, an educated man, said he saw some subjects in physiology in the examination clearer than he did in studying the book two years.

Since the organization of this school, it has enrolled 1200 pupils. Of these, three have entered and are still laboring in the ministry; 60 have become and 40 are still engaged as teachers; 15 have served as catechists; five churches have been organized by the Principal, and are still being cared for by him and his catechists. The number of pupils enrolled during the past year is 340, of whom seven have acted as catechists, and 27 have engaged in teaching during part of the year.

BLUFFTON INSTITUTE, Rev. J. DOUGLAS ROBERTSON, Principal.—This Institution is located at Bluffton, Beaufort county, South Carolina. It is a new centre for church and school work combined. It was opened on the 18th of March last, and now reports 67 scholars.

Mr. Robertson says of the field: "Here are over 30,000 colored people covering an area of over 2,400 square miles, and not a Presbyterian church established. In the county there are now 130 schools; and over 1000 families have homes and farms, varying from one-half acre to 300 acres. Most of these homes are held in fee and paid for."

With Bluffton as a centre, Mr. Robertson names seven outposts or stations for primary schools and aggressive church work combined; at most, if not all of which, some colored Presbyterian element is found. He also names two other points in the same county, as centres for a like work, and with each seven outlying stations to be connected—each station ten miles from the centre and nearly as far from each other.

MEDWAY GRADED SCHOOL, Rev. JAMES THOMAS HAMILTON WAITE, Prin-

cipal.—This School is located in Liberty County, Georgia—the first county settled in the State. The original settlers were pilgrims from New England. They have left the impress of their manliness, intelligence and piety on their descendants. In this county the slaves were long a majority, and by the death and emigration of the whites, the Freedmen are much more so.

The Committee on Freedmen appreciated Medway as an important centre for parochial school-work; and Medway School was organized, October 1st, 1874, in Medway Church, in which the congregation worships and the school is conducted. During the first term the school enrolled 148 pupils, divided into three departments, and each department into three divisions; the Principal and his two assistants travelling six and ten miles daily in going to and from the school.

The lands within a radius of five miles around the church have been mostly bought by the Freedmen, who, having built their cabins and provided their implements, are still struggling under many disadvantages to pay for their homes. The entire district—the 15th—is largely held by Presbyterian Freedmen, who, ever since emancipation, longed for a school. The Medway Colored Presbyterian Church is large, reporting 665 members, 15 ruling elders, and 13 deacons. The Freedmen of Liberty County are in power, as the governing majority. Georgia does not, and will not for many years, provide public schools for more than three months in the year. There have been many such in the county for ten years, but their scholars know nothing at all —except a few who cannot read understandingly, cannot write legibly, and cannot subtract figures. This church is utterly unable to provide for itself a better school than these, finding it very difficult to pay even for the books needed in ours—stinting themselves in food, I believe, for this purpose.

In 1874, when the school was first organized, most of the scholars knew the alphabet and a few could read blunderingly. But now, if, as wise men have often said, correct spelling, proper reading, legible writing, and thoroughness in the four processes of arithmetic constitute an excellent education, Medway School has been very successful. There has been a regular advance from division to division, and nearly 100 who began in the Third Department have risen to the First; nearly all in this department can write with positive beauty. Seven out of the First Department have each obtained a teacher's certificate from the white Board of County Commissioners, and have taught with commendation.

About 200 have been taught since its organization, the term rolls numbering from 130 to 150. Nearly all of the First Department are members of the church, and 36 scholars have recited publicly and almost perfectly the entire Catechism.

By the fortunate purchase of a huge old building, and mainly by the hard work of the people, an Academy will soon be roofed, floored, lighted, desked, and seated for the school.

Wall maps and charts, a globe and orrery, papers and a library, are greatly needed. Thus equipped and still sustained by Christian friends of the Freedmen, far greater results of education and power with God's blessing on a Christian school may be looked for.

GREENSBORO' GRADED SCHOOL, Rev. JAMES A. CHRESFIELD, Superintendent. —This school is located at Greensboro', N. C., where a good parochial school was opened in 1868, under care of the "General Assembly's Committee on Freedmen." This continued until 1874, when the city commissioners proposed co-operation in getting up a *graded* school, to be known as the Greensboro' Graded School, having two departments, white and colored. The commissioners requested Mr. Chresfield to take general supervision of the colored department, selecting the very best teachers to be obtained, those of the colored race to have the preference. Colored teachers were accordingly selected, and this department was organized during the same year—1874. The city has no school building, and is unable to build at present.

The school is conducted in the Colored Presbyterian Church, the city pro-

viding for about one half the teachers' salaries and the necessary incidental expenses. It has reported during the past year as high as 350 pupils for three months in succession, and as the church—which cost less than $1000—is by no means large, it must be readily perceived that a suitable school building is the great want here, the lack of which the superintendent greatly regrets, and all the more that the city is one of considerable importance, and has a large colored population. Five of the pupils of this school taught during a part of the year, in all 127 months.

COLUMBIA GRADED SCHOOL, Rev. W. R. POLK, Superintendent.—The building is a two story frame, 35 feet wide by 60 feet long, containing a chapel, two school-rooms, and three rooms for the missionaries. One acre of ground belongs to the property. It is suitably located in the edge of Columbia, county seat of Maury, Tenn. This property is valued at $3,000, and is free from debt. Tabor Church, with which the school has always been connected, was organized in 1866, and worships in the chapel of the building. The colored population of the place and vicinity is large. The school reports 118 pupils, five of whom have taught, in all, 16 months during the year. Latin and algebra are among the higher branches taught here.

PAROCHIAL SCHOOL STATISTICS.

Quite a number of our ordinary parochial schools have furnished teachers; and statistics, received from ten of these, including the three graded schools, show that 49 of their pupils have taught during part of the year, their schools enrolling 2633 scholars, an average of over 53 to each teacher. Approximate reports sent in by our teachers show that 58,492 verses of Scripture have been recited by their pupils, that 955 are committing to memory the Shorter Catechism, and that 237 have completed it during the year.

EDUCATIONAL AND CONTIGUOUS CHURCH WORK.

It will be noticed that each of our higher Institutions is a *centre* about which are gathered a number of churches—in one case nearly 30—which have been organized, cared for, and, for the most part, are still being cared for by the Professors and Principals, with the help of their catechists. This, it is true, makes the duties of these instructors more onerous than could otherwise be desired, but it has the special advantage of being a means of keeping them deeply interested in church as well as school work; of giving practical training to those who are being educated for the ministry, and this immediately under the eye of their instructors; and of gathering within a given radius more churches, and giving them better care, than could reasonably be hoped for, if educational and church work were kept entirely separate; and the planting and fostering of new centres for this purpose, as well as the strengthening and building up of those already in existence, is now a pressing necessity.

The first great want of the Freedmen is Christian education—the school and the church. This was felt by all, when, in a day 4,000,000 slaves became free; and the State, with the Church, rushed to the rescue. Statistics deemed reliable give the entire colored school population in the United States, as 1,620,978, and as not attending school, 1,440,608; the percentage of these non-attendants in the sixteen Southern States as ranging from .78 in one State to .96 in each of two others; and the average non-attending colored school population of these as 88 per cent.; only 12 in every 100 attending school at all, and these, necessarily, but for a very few months in the year! "Ten years," says the United States Commissioner of Education, "Ten years without schools for children will insure an adult generation of ignorant citizens, who, losing the knowledge, will have lost the desire of letters." Thousands upon thousands of these people have had these "ten years," but happily, under such circumstances, that though they never had

such knowledge to lose, they are ready and desirous, multitudes of them eagerly desirous, of securing it.

The Southern States have done something, and may be expected to do more, in establishing a public school system, in which colored children have advantages. But whence are their teachers to come? The Principal of one of our higher schools in South Carolina, says: "There are no normal training schools for teachers, and there can be none by the State for some time, that can supply this pressing need." What is said of South Carolina in this regard, might probably be said of all the Southern States. Who then, shall teach the teachers of these common schools? and what shall be their character, and the character of their instructions? Just here lies a grand opportunity for good by the higher schools of our own and other churches. The missionary just alluded to says, of those of his pupils who had obtained certificates: "They all find schools, and more could be employed."

The *Parochial School* system seems to be somewhat peculiar to our own Church, as the Freedmen's Aid Society reports none of this class, and the American Missionary Association but seven at most, while your Committee report 31, besides those of higher grade. These are urgently demanded, both by our churches and their ministers. Our best missionaries say they know not how to succeed well in church work without the parochial school, and your Committee feel that the number of these should be much increased and carefully fostered, not only for training up congregations of intelligent hearers and useful citizens, but also as helps to bring the young within the pale of the Church, and to selecting and preparing the fittest for entering our higher schools for further training—some for teachers and others for *preachers* for their own race.

ROMAN CATHOLICS.

In 1865 Cardinal Barnabo, Prefect of the Romish Propaganda, attended the great Catholic Council at Baltimore. He called attention to the South as forming a grand opening for missionary work among the colored people. The following year the Propaganda at Rome voted $600,000 for this work. In the following year there came to this country 66 priests, who immediately began missionary operations among the Freedmen. In 1870, it was estimated that not less than 150,000 colored children in this country were under the influence of Rome. In the single State of Louisiana to-day there are not less than 100 Catholic priests working among the colored people, and winning them over to Rome.

The *Southern Evangelist* for March of this year says that "President E. P. Tenny reports that Rome spends $600,000 a year upon the Freedmen, and counts 150,000 of them in her schools. She has nearly 10,000 young men in her higher schools and seminaries, with 750 professors, chiefly Jesuits. There are 500,000 scholars in papal schools of lower grade. There are seven religious orders of men and 36 of women, to whom this work is committed."

These statements may not tell all that the Roman Catholic Church is doing among the Freedmen, but they surely tell much. They show that she has in this field, in order after order, hundreds upon hundreds of priests and nuns, bound by the most solemn vows of consecration, and supported by hundreds of thousands of dollars annually; that she has higher and lower schools containing over half a million scholars; and that Protestants failing to supply the eager desire of the Freedmen for educational privileges, they readily—and, under the circumstances, very naturally—turn, and sometimes turn *en masse*, to the open doors, board and tuition free, offered them by the Papal Church.

Surely the Church as well as the State, should realize her great obligations to discharge faithfully the new duties which the changed status of these people has placed upon her: and, in view of their pressing wants, physical, social, civil, mental, and spiritual; in view of their political power, and their

utter unpreparedness, as a mass, to use this power wisely; in view of the quiet, yet wide-spread and energetic efforts being made by the Papal Church, one of which says: "We de not publish much, but we work, and the Freedmen are ours;" in view of the failure of our own Church to do all she might have done in the past to prevent and counteract these evil influences; and yet, in view of the good foundation which she has really laid, and of the grand opportunities which still remain for her to do for Africans here, and through these for Africans beyond the sea, surely it is high time that she should awake, redeem the time, and do her full part to educate, evangelize, and save the Freedmen.

Respectfully submitted,

IV. Special Orders.

I. REPORT OF A SPECIAL COMMITTEE OF THE ASSEMBLY OF 1877 ON "THE RELATION OF THE PRESBYTERIAN CHURCH TO THE GERMAN PEOPLE OF AMERICA," ADOPTED BY THE ASSEMBLY OF 1878, AND ORDERED TO BE PUBLISHED IN THE APPENDIX TO THE MINUTES. [See page 18.]

The Special Committee appointed by the General Assembly to consider the subject of "The relation of the Presbyterian Church to the German people of America" were directed by the Assembly to continue and complete the work directed to be done by the previous Assembly. Two specific objects were committed to their attention. First, the collection and diffusion of information on the general subject, and secondly, the further consideration of "what could be done to promote the spiritual and material interests of a German Presbyterian newspaper, by further conference with Germans of the West and of the East, and especially by a union of all our German pastors and churches in one newspaper enterprise."

The Committee have consulted by correspondence during the year, and have held two meetings in New York and one in connection with the Assembly's session in Pittsburgh. They have found an increasing interest in the subject of our relations to the German people on the part of our American brethren, and expressions of thanks on the part of our German pastors that our Church had given consideration to the matter.

I. COLLECTION AND DIFFUSION OF INFORMATION.

The Committee report first, in respect to the collection and diffusion of information. The circular of inquiries sent last year to the Presbyteries was sent again this year to the Presbyteries which had not responded, and to some Presbyteries which had desired to complete their imperfect reports of the year before. Some of the Presbyteries almost or quite despair of answering the inquiries, thereby signifying a lack of acquaintance with this whole subject. The wide distinction between our Presbyterian Church as a product of Puritan generations, and the German people as universally members of a State Church, seems to have been very imperfectly apprehended. The reasons for this broad distinction seem in many cases to have been little studied. From the 66 Presbyteries in America, which did not respond last year, the Committee have received this year 30 replies. The two Presbyteries of Chicago and of North River have added important papers to their former report, and the Presbyteries of Niagara and Erie have completed their former reports. Of the 35 Presbyteries which have not reported, 11 of them have almost no German population, and probably consider their condition fully understood; 14 more of the 35 have a German population which is from one-fifteenth to one-seventh of the whole population in their territory, while the remaining Presbyteries of St. Clairsville, Steubenville, Springfield, Alton, and Iowa, have a German population from one-eighth to one-sixth of their whole population. The Presbytery of St. Paul has a German population from one-fourth to one-third of the whole; the Presbyteries of Syracuse, Boston and Philadelphia North have a German population of at least 7000 or 10,000, and most important of all, the Presbytery of Baltimore has 50,000 or 60,000 German inhabitants.

The Committee do not think it desirable to embody in this Report the results obtained. A general classification was made in the Report presented last year and published in the Appendix to the Minutes. It is impossible, however, now, as it was last year, to incorporate in a brief Report the many details thus acquired. This important information ought to be put at once

Digitized by Google

into service by the Church. It constitutes a foundation on which our future German work may be built. The Committee have, therefore, arranged the whole amount of information in classified and tabulated form, so that the data of various opinions and of common conviction may be ready for use.

The Committee believe, that the work of the past two years has had a powerful educating influence. Even independent of all the benefit to be derived by our American churches from the diffusion of this information, the Committee believe such a publication would be of large service to our German pastors and churches. The respect paid them, and the more exact communication to them of the opinion of so many Presbyteries, in respect to the standard of Christian life and church practice, cannot fail to be beneficial.

The Committee re-affirm, after this larger survey of the subject, and with new confidence, their conviction expressed last year, in respect to several important points frequently unobserved by our American pastors, elders and churches:

1. That a very decided growth has been manifest in our mission work among the Germans during the past few years.

2. That the German churches, when well cared for, respond to our efforts to free them from the defects or corruptions inherited by them from the German State-Church.

3. That the results do as fully recompense the expenditure in thought and material support as they do in American churches, is evident from the following facts:

The German home missionary churches are as large as the average American home missionary churches. But one in seven of the German churches, while one in five of the American churches, has twenty-five members or under.

The German churches advance towards self-support, as do the American churches in the same circumstances, save only perhaps where the much desired Americanizing process transfers the young people of the German church to the American church. In this latter case the church at large gains, but the German church itself works at a great disadvantage.

The German churches, when under proper pastors, advance regularly in contributions. In the Presbytery of Dubuque, where is the important city of Dubuque, the church which contributes the most is a German church. The nine German churches of that Presbytery contribute about one-half of the contributions of the whole 34 churches of the Presbytery.

4. That the failure to secure good results is due on our part, quite as much to our suspicion, excited by exceptional cases or exceptional defects, to our lack of thorough knowledge, intelligent skill, patient attention and Christ-like love, as on the part of the Germans, to their inaptitude towards the Presbyterian system; and

5. That the causes, both of success and of failure, gather around these few vital principles: a pure gospel in the lips of a truly consecrated ministry; a sincere respect manifested for the sterling qualities of the German character, in place of a narrow and superficial contempt for the German character on account of its lighter faults; the proper organization of the church at the beginning, and an intelligent and pertinent instruction and supervision by the Presbytery.

These facts need to be reiterated in all our Presbyteries, where there is any proper opportunity among the Germans, until the Presbyteries are reassured in respect to the responsiveness and the value of this field as a field of church operations.

If the power of the gospel of our Lord is to leaven the life of American society, the Church must not fail to apply that power to the massive and profound Teutonic element. If communism, with all its horrid results, prevail in this free land; if socialism corrupt the masses; if lying theories of labor and of capital disprove the scripture, "the rich and the poor meet together, the Lord is the maker of them all;" it will be, because the Church is inattentive to, or has contempt for these strong foreign forces. Materialism, with its array of strong advocates, rationalism, with all its towering pride,

cannot corrupt or kill the life of God; and that life, if communicated by the church to the people, will be the permanent life of the American Church, and of American society.

II. A GERMAN PRESBYTERIAN NEWSPAPER.

In further considering the subject of a German Presbyterian newspaper, the Committee are more than ever impressed with the importance of such an agency in the Church. Christian men or women of means, who may fear the growth of communism, could furnish an effectual protection to property and to society, by furnishing means for maintaining a sound German literature.

The Committee, after reviewing the difficulties stated last year, venture to suggest the following as a plan on which all the Germans of the West and of the East might unite:

1. The place of publication to be Philadelphia or Pittsburgh, Pa.
2. Representative men in the West or the East to be contributing editors, whose names should stand at the head of the paper.
3. The cost to be defrayed by persons interested—either East or West.
4. The editor in chief to be selected by the persons who become responsible for the deficiency.

The Committee think, that this plan is worthy of transmission to the German brethren interested for their acceptance; and, if all could cordially agree on it, the Committee believe the means could be obtained.

The reports from the Presbyteries express also a strong desire for books and tracts in German. The Committee re-emphasize the increasing importance of German publications, as shown in their returns of the past year, and are glad to learn that the Special Committee to whom the matter was intrusted have made progress during the year.

III. THE GERMAN THEOLOGICAL SCHOOLS.

This whole Church work among the Germans opens or closes on the hinge of a true ministry. We need young Germans, soundly converted, wisely educated. Christlike in comparison to men, Christ-like in devotion to the holiness of God, in sympathy with our doctrine and life, and trained for the intermediate position which they are to occupy between the Germans and Americans, who shall speak in apostolic earnestness the mind of Christ to their race. In order to do this, the German Theological Schools should be supported through all our Presbyteries, by Candidates selected and sent to the Schools, and by support either of the students sent, or of the general work of the Institution.

In conclusion the Committee recommend to the Assembly the following action:

First. The Assembly hereby direct the publication of the information which has been obtained during the past two years, and its judicious distribution throughout the Church.

Secondly. The Assembly recommend the presentation of the plan suggested for the newspaper, by correspondence on the part of the Committee with the brethren interested, in a further endeavor to secure the end proposed.

Thirdly. The Assembly recommend Presbyteries or pastors, which have expressed a desire for German literature, to correspond with and make suggestions to the Special Committee on German Publication.

Fourthly. The Assembly re-affirm to the Presbyteries the following recommendations of last year:

1. A thorough study of the difficulties attending the extension of our Church among the German people.
2. Special attention to young Germans who may be suitable Candidates for the ministry; instruction of these Candidates in respect to the true conception of the ministry; and direction and assistance to them in pursuing their education at our German Theological Schools.
3. Co-operation with the efforts to instruct our German church members

by our German periodicals, or by brief outlines printed by the Presbytery itself. Attention should be especially given to the subject of infant baptism, as to the proper doctrine and practice of faith in this rite, and as to excesses in its administration; and, also, to the meaning contained in the word "confirmation," as to whether it is not likely to mislead Germans of Catholic and Lutheran extraction, and as to whether the word and its misapplication should not be laid aside altogether. Further attention should be given to the fee system, and the thorough abolition of baptismal and "confirmation" fees, as they are called, and the devising of some means, by which "an increase of the salaries" of the German ministers can be rendered equal to the loss from discontinuing these perquisites.

Fifthly. The Assembly repeat their commendation of our German Theological Schools, and recommend Presbyteries, churches, and individuals, to assist in relieving these valuable Institutions from the perils which beset them, in these times of financial depression.

Sixthly. The Assembly hereby appoint a committee of nine persons, whose duty it shall be, to carry into execution the objects approved in the first and second of these recommendations.

II. SUPPLEMENTAL REPORT ON REDUCED REPRESENTATION IN THE GENERAL ASSEMBLY, ACCOMPANYING THE OVERTURE ADOPTED BY THE ASSEMBLY AND TRANSMITTED TO THE PRESBYTERIES FOR THEIR APPROVAL, AND ORDERED TO BE PRINTED IN THE APPENDIX TO THE MINUTES: [p. 119].

(1.) The amendment to the Constitution, which is recommended in this Overture, proposes that the Commissioners to the General Assembly shall continue to be elected by the Presbyteries. In this, the Committee have conformed to what they understand to be the emphatically and repeatedly expressed determination of the Church. Three Synodical schemes have been killed, barbarously murdered indeed, by the Presbyteries. It must be conceded as a settled thing, that the majority of the Presbyteries will not surrender their election-prerogative.

THE CHURCH BASIS.

(2.) The Overture proposes to apportion the Commissioners among the Presbyteries, not according to the ministerial roll alone, as is now done, but according to the ministerial and communion rolls combined. In other words, it proposes not the *clerical*, but the CHURCH basis of representation—ministers, ruling elders, and communicants.

This ought not to raise any question about the nature of the Church, or the earthly fountain of its power under Christ, or the position of the ministry in it. The facts and principles involved are simply these: Two classes of Commissioners compose the Assembly, ministers and ruling elders. For the regulation of their numbers, we seek an element in our statistical reports with which they are both connected, from which they both rise, to which they both stand in the relation of rulers, and which may apportion them with some equity, in their mutual relation, and in the relation of the Presbyteries to each other. This is found in the communicants of the churches, which, in the language of the Constitution, this Assembly represents. In the communicant column of the statistical tables the ruling elders are counted. Add the ministers, and we have the complete census of our communicant population.

Why should the number of ministers that are in a Presbytery determine the number of Commissioners that it should send to this body? A reason might be given why the number of ministers should settle the number of ministerial Commissioners: but why should their roll regulate the number of elders to be sent?

This judicatory was never erected to represent the ministers. The defini-

tion of the Form of Government (chap. xii., sec. 1) is, that the Assembly "shall represent in one body all the particular churches of this denomination."

The change which is now proposed should commend itself especially to the ruling elders. The present basis ignores them and the membership which they particularly represent. It is true that, in some Presbyteries, the number of ministers being larger than that of the churches, the elders have a larger representation because an elder is elected with every minister; but, in other cases, the ministerial roll being smaller than that of the churches, the number of elder Commissioners is cut down.

The ministers did not originally form the basis in the Church of Scotland, from which our Book was so largely copied. When the General Assembly of that Church became a delegated body, the Presbyteries sent their Commissioners according to the number of parishes. Why, then, at the full organization of our Church Courts in 1788, were the ministers made the basis of representation of our Assembly? They formed, in the reports, the only settled and known factor that the Church then had. It was still almost a strictly missionary organization. No communicant rolls were reported, or even generally kept. Not until 1807 can we find any statistical tables of the communicants. Moreover, in the Church of Scotland, when the parishes were made the basis, there were no communion rolls as we now have them. By taking the parishes as the basis of representation, that Church adopted the nearest basis, that it could get, to the true Presbyterian principle of recognizing the organized people of God as the Church, though somewhat cramped and perverted by the State connection; our Church had to start with the number of ministers.

But now the change which is proposed can be made, and ought to be made for these reasons:

1. It will be a proper recognition of the true Presbyterian principle, as it has been permitted to develop itself in our Republic.

"Christ," says Dr. A. A. Hodge, in his "*Commentary on the Confession*," page 499, "has in fact vested all ecclesiastical power in the Church as a whole, none of its members being excluded; yet not in the Church as a mob, but as an organized body, consisting of members, their representatives, ruling elders, and ministers or bishops. All church power vests in the lay and clerical element, in the ministers together with the people." "The Presbyterian Church," said a speaker in the late Edinburgh Council, "is not a mere corporation of ecclesiastics, but is composed of the whole body of the faithful." The Assembly "is a fabric reared by the people and on the people."

What would be thought of a proposition, to regulate the number of representatives in the popular branch of Congress by the number of officeholders in the respective States? And yet that is what our Church has been doing, only in a worse form; for it has been regulating the number of members of the Assembly by the number of one class of our officeholders.

This feature of the plan, as it has not on the one hand the slightest taint of Prelacy, so, on the other hand, it contains no infusion of Independency or Congregationalism. Our Church is not an Aristocracy; nor is it a radical Democracy; it is a religious Republic; and the constitutional change which is now proposed will give another expression to that idea.

2. The expenses of the Assembly are provided for by a *per capita* apportionment on the communicants: the representation should, therefore, have a relation to their number. If it be thought that the communicant rolls are in some places kept heavily overloaded, the apportionment will have a tendency to correct that evil, which, however, is not really greater in proportion than is that of the ministers who are not in real Presbyterial connection and work.

3. The change will remove from the field one unpleasant controversy that has been raised: the attempted discrimination, as by the second of last year's Overtures, in the ministerial basis of representation, between those ministers who are engaged in pastoral work and others who, for a time or permanently, through providential causes, are not so occupied.

4. Under this plan the growth of the Assembly, the varying strength of the delegations from the different sections of the Church, will be regulated by the real increase of the denomination. As the rank and file, which really, under God, form one test of ministerial efficiency, multiply in the Presbyteries, the Presbyterical strength here will be added to: whereas, heretofore this body has largely grown by Synodical acts dividing and subdividing ministers into skeleton Presbyteries, some of which have been like certain militia rolls that we have heard of—all officers and no privates.

5. While the change may, in a few Presbyteries, produce a slightly unfavorable alteration in their relative strength in this body, a comprehensive glance at the whole Church will show, that in the combined features of our denominational power, ministers, congregations, communicants, and the amounts of their contributions to the support of the General Assembly and of its benevolent agencies, this will give as equitable a plan of representation as can be devised. It still largely favors the weaker portions of the Church; but it is looking forward to their healthy development; while it will also so work as to place or keep the stronger portions in the position to which they are entitled by a union of all the elements of strength.

AGAINST A CONGREGATIONAL BASIS.

Why not make the congregations the basis? Because that would produce grosser inequalities than now arise from the ministerial basis; and if we propose to make any change we ought to make the best. We have not ventured to classify our 5,153 churches according to their size. But there are over 200 which have severally not more than ten members. It would not be equitable to let each of them count, in a basis of representation, equal to the Fifth Avenue Church, New York, with its 1,472 communicants. The largest Presbytery in the Church, in the number of its congregations, is Lackawanna, in the Synod of Philadelphia, which has 82 churches, but they number only 7,551 communicants, with 71 ministers; and yet, on the basis of congregations, Lackawanna would have twice as many members of the Assembly as New-York, because New-York has only 37 congregations, though in them are over 16,000 communicants. Yadkin, in the Synod of Atlantic, has 39 churches; it would, therefore, on the Congregational basis, have as many members in this body as New-York, though those 39 churches of Yadkin have only 2,423 members and 11 ministers. The Presbytery of Neosho has 56 congregations; Cincinnati, 50; Neosho, therefore, would be stronger here than Cincinnati; yet Cincinnati has 65 ministers and 6,645 communicants; and Neosho, 31 ministers and 1,921 communicants. Such inequalities may be tolerated in the Presbyteries and Synods where they have developed without having been foreseen, but deliberately to introduce them into this national body would be a parody on the idea of republican representation. If it were to be done, the apportionment for the support of the Assembly should be, not so much per communicant, but so much per congregation.

SINGLE REPRESENTATION.

(8.) The plan proposes to make a change from double to single representation. Instead of providing that there shall be at least a minister and elder from every Presbytery, it proposes to enact that there shall be at least one Commissioner from every Presbytery, making a large number of Presbyteries that will start with only one. We meet the difficulty that may be raised about this, by saying that it is inevitable. By their votes on the Overtures that have already been sent down, the Presbyteries have said that they will not give up the right of election. They have also said that they do not desire numerically to equalize themselves on this floor. Well, we have 178 Presbyteries. Continue on any basis to secure to each and every one a minister *and* elder, and we have 356 Commissioners before we begin to make any allowance for the larger Presbyteries, which in their delegations have always been, and should continue to be, graded according to their increased size.

The fact is, a state of things has grown upon us which was not intended or foreseen. There were last year 82 (there are now 85) Presbyteries which have

Digitized by Google

each less than the 24 ministers that the existing rule specifies as entitling to two Commissioners. Of these, nine have each only five ministers or less; 20, between five and ten; 16, between ten and 15; or 45, that do not come within one-third of the strength which is prescribed as the unit of representation by a minister and elder. These 45 Presbyteries, amounting altogether to 345 ministers and 27,827 communicants, or one-fourteenth of the ministerial and one-twentieth of the communicant strength of the Church, elect more than one-seventh of the Assembly. These 345 ministers can send every year one in eight of their number to the Assembly; the other 4,456 ministers of the Church can send only one in sixteen of their number. The 28,000 communicants in these small Presbyteries can have every year an elder in this body for every 679 of their number; the other 529,787 communicants are only represented in the proportion of one for every 2,198. The four ministers of the Presbytery of Montana can each have their turn in the Assembly every fourth year; it would take eighteen years for the 50 of the Presbytery of Philadelphia to have their turn.

It was not so in the beginning. In 1789, when the ratio was established as a minister and elder from every Presbytery containing not more than six ministers, of the 16 Presbyteries only two had less than six ministers, and those two had five each. In 1819, when the unit was raised to nine, of the 53 Presbyteries only seven had less than nine; and none of them had as low as six. Nor do such inequalities exist in other Presbyterian organizations. In the Church of Scotland the Presbyteries are too equally divided to permit it: its 1384 ministers send 247 to the Assembly. The Free Church permits no such inequality, for each Presbytery sends one-third of its ministers and elders from one-third of its churches.

The inequalities that have grown up with us cannot be entirely healed; but they should be lessened. No fair reduction can be made which will continue to give every Presbytery the right to elect at least a minister and elder. By the decisions which have already been given; by plain arithmetical multiplication; by a stern sense of equity and fairness; by a just spirit of compromise; we are driven to say that there shall be not a minister *and* elder for every specified number of ministers and communicants, but a Commissioner (minister *or* elder) for the specified number, making sure to every Presbytery one representative, and leaving room for an increased representation to those Presbyteries whose size entitles them to it.

ARRANGEMENT OF ODD COMMISSIONERS.

(4.) There are a large number of Presbyteries which will be entitled to only one Commissioner each, and a few others that will have an odd number of Commissioners. In a few Synods every Presbytery will be in those classes, in other Synods a portion of the Presbyteries. How are they to be regulated, so as to make the delegations of ministers and elders from the bounds of each Synod as nearly equal as possible? To secure this, and on this point alone, it is proposed to bestow a special power upon the Synods: the power to declare, from year to year, which of those single Commissioner Presbyteries shall elect ministers, and which elders; and to make similar arrangement for the third, fifth, seventh Commissioner in the cases of the Presbyteries which will be entitled to an odd number—providing, however, that in such cases there shall be annual alternations of the ministers and elders.

For instance: the four Presbyteries of the Synod of Colorado would, at the outset, be entitled to only one Commissioner each. The Synod would declare which two of them should elect a minister each, and which two an elder each, so as to make two ministers and two elders from the region of the Synod. Again, the three Presbyteries of the Synod of Kentucky would be entitled to four Commissioners; Louisville entitled to two would, of course, elect a minister and elder; Ebenezer and Transylvania entitled to one each would elect one a minister, the other an elder—alternating from year to year.

In all cases the number of ministers and communicants would settle the number of Commissioners; in all cases the Presbyteries would elect; only in

Digitized by Google

the cases of the single, or other odd, Commissioner the Synod would apportion the minister and the elder for the year, so as to equalize the two classes as nearly as possible.

The Assembly could not comfortably make this arrangement. It would be a delicate thing for this large and distant body to do. But in the Synods the members of the Presbyteries will themselves be found, and it will really be, through the Synod, a mutual arrangement on their part; and it would be settled according to the local wishes of the Presbyteries interested

The ministers and elders in those cases could not be arranged by an alphabetical classification of Presbyteries, the first half, alphabetically, to send ministers one year, and the second half, alphabetically, elders the same year, the two to alternate the next year, because: 1. There are Synods in which all, or nearly all the Presbyteries would be in the same half by alphabetical arrangement, and thus would have each year all ministers or all elders. 2. An increase of the basis in one or two of the Presbyteries in any year might disarrange the division.

The plan proposed is better than any scheme which would club small Presbyteries together in electoral bodies for the purpose of choosing Commissioners, because: 1. All the objections which are felt against Synodical election would lie against that. 2. The smaller Presbyteries would be at the mercy of a larger. 3. That would disfranchise some of the Presbyteries; this secures a positive representation from every existing Presbytery.

It is true, that under this there would come from some of the Synods delegations, in which the ministers and elders would not be absolutely equal. For instance, from the Synod of Columbia, it having three small Presbyteries, there would be three Commissioners, two ministers, and an elder, or two elders and a minister, as would be arranged in the Synod.

If we are to adhere, as the Presbyteries have declared, to Presbyterial election, and if we are to make a reduction in the Assembly in the only way which gives an approach to equity, that of single instead of double representation for every specified number, then as practical men we must accept the change which this will make, and work under it. And herein our system can exhibit that elasticity by which it adapts itself to circumstances without the surrender of any essential principle.

Absolute equality in number of ministers and elders in this respect is not essential to Presbyterianism, nor as a fact has it ever been attained. The first Assembly of the Church of Scotland had 42 members, only six of whom were ministers. When it was organized on its present representative plan by the act of 1694, it was made to consist of 180 ministers and 135 elders. Two ministers and one elder were sent to it from a Presbytery of not more than 12 parishes. Last year its legal composition was 247 ministers and 178 elders. In our Church, while the Constitution has provided that the numbers shall be equal, they in fact never have been. In the first Assembly the members actually present were 21 ministers and ten elders; in 1820, 56 ministers and 24 elders; in 1827, 92 ministers and 25 elders; last year, 268 ministers and 232 elders. According to our Constitution, a Session may be composed of a minister and one or more elders, or of one or more elders without a minister. A Presbytery may be constituted of five ministers and of an elder from any number of churches, from none upwards; it may start out with ten or 20 elders and five ministers; and three ministers alone may make a quorum. Fifteen ministers, with the largest or smallest number of elders, may compose a Synod; and seven ministers may constitute it for business. Equality in numbers of the two classes nowhere necessarily exists in the graded scale of our Church Courts. Moreover, our Book at present exhibits a strange anomaly. Every Presbytery has the right to send a minister and elder to the Assembly. It is in the power of a Synod to erect a Presbytery with five ministers, and not a church or elder in it. In such a case, where could the elder Commissioner come from? The principle, which declares, that a Presbytery will be adequately represented by one Commissioner, is more pliable in its application than the one which says, that from each Presbytery one of each class must be elected, or that every minister

Digitized by Google

needs at his side, and from his own particular locality, an elder to wait on him, and every elder a minister to watch him; that the two classes of our church rulers ought to be mutually so jealous as constantly to be watching each other—an unchristian attitude which we repudiate.

It is, however, desirable, though from no motive of jealousy or necessity, to reach after an equality between them; and we think that with the care in electing, which would flow from the decrease in the number of delegates, and the assurance that would be sought that the elected ones would attend, the Assembly would, under this plan, really exhibit a closer approach to an equality of the two classes than it has ever had.

THE ASSEMBLY AS THUS REDUCED.

Under the change (according to last year's figures and including three new Presbyteries since created) the constitutional size of the Assembly would be reduced from 564 to 323. The classification would at the outset be as follows:—86 Presbyteries would have one commissioner each; 56 would have two; 25 would have three; seven would have four; three would have five; one would have seven.

REDUCTION OF THE STRONGER SECTIONS.

The following illustrative figures will show that there is in this no inordinate grasping by the larger portions of the Church:—The Presbyteries in the contiguous Synods of New-York, New-Jersey and Philadelphia contain 1044 ministers, 723 congregations and 132,468 communicants, more than one-fifth of the whole ministerial roll of the denomination, one-seventh of the congregations, and one-fourth of the communicants. They have now 108 (almost one-fifth) of the 564 members of the Assembly. Under this plan they would be entitled to 64 of the 324. New-York would be decreased from 30 to 17; New-Jersey, from 36 to 22; Philadelphia, from 42 to 25.

REMEDIAL OPERATION OF THE PLAN.

On the other hand, as showing the remedial operation of the plan:—The Presbyteries of the Synod of Erie, in each and all the elements of church strength, make that Synod the fourth in the denomination; but in this body it is, on the present ministerial basis, put down to the sixth place, and on a level of representation with three Synods that have not half its strength; the proposed plan will properly only reduce the Erie Commissioners from 18 to 16. Harrisburg, the sixth on our roll in strength, is now twelfth on the level of representation here; it will have its proper place by being reduced only from 16 12. Similarly the Synod of Cincinnati will be reduced only four, falling from 14 to 10. Cleveland also, in ministerial and communicant strength almost the same as Cincinnati, will be only reduced to 10.

FUTURE CHANGES OF THE RATIO.

The power to change, which we propose to bestow upon subsequent General Assemblies, would be simply that of an arithmetical agent, when the ministers and communicants should so largely have increased in number, that the established ratio would make the body larger than 350, to lessen the ratio so as to decrease the number of Commissioners. Once set in operation the plan will not require years of overturing to change simply the ratio of representation.

A LIMITATION FOR THE FUTURE.

The Overture proposes to guarantee constitutionally to every existing Presbytery the right of representation and election. But it would not bestow that right upon Presbyteries, that may hereafter be created with less than 500 ministers and communicants. There are now 25 of that numerical class

of Presbyteries, some of them, it is true, Foreign Mission organizations. Such Presbyteries are a necessity in our country for the proper cultivation of the field. We ought never to forget the original missionary character of our denomination, and the real missionary character of a large portion of the country still. But unless some check of this kind be adopted, every approach to equity in the plan could (we do not say would, but could) be broken by a few Synods dividing their Presbyteries; and in constitutional provisions human possibilities should, as far as practicable, be anticipated. Surely, whenever brethren in the weaker Synods feel, that for convenient Presbyterial work they must be subdivided, they should be willing not to press the right of additional representation, until they can exhibit church rolls, which show that the denomination has a stable settlement in their field, and that they have a people to contribute towards the support of the Assembly and the mileage of their Commissioners.

If any of the ministerial brethren in such fields think it hard, to have their hope of being sent on the pleasant trip to the Assembly lessened by such a plan, let this illustrative fact be noted:—The 54 ministers who are in the six Presbyteries of the Synod of Atlantic would, on this plan and ratio, send as many of their number each year as the 56 who are in the Presbytery of Philadelphia. Should they desire to be better off?

It may occur to some, that a few of the Synods and Presbyteries, especially the Foreign Missionary ones, might be brought into a difficulty by the last provision of the Overture, inasmuch as the statistical tables of one Assembly would not reach them in time to furnish the number in the basis for election to the immediately succeeding Assembly. But we have tried by the general terms of the rule to cover all cases. The Synods and Presbyteries would be entitled to act on the latest tables that had come into their possession; and, in the case of a Foreign Mission Presbytery attached to a home Synod, or of a Synod meeting not in the fall but in the spring, it would be entirely competent for the Synod, at its advance meeting, to make its declaration as to its Presbyteries.

THE MILEAGE FUND.

Ominous declarations against the Mileage Fund have come up from many of the Presbyteries which bear its burden. This is to be regretted. The Fund, it is true, is extra constitutional. But it has given us a very near approach annually to full Assemblies. It would be a calamity to have it destroyed. Since this Court, as the unit-representative of the whole denomination, contains one of the essential elements of a fully developed national Presbyterianism, every part of the Church should appear in it. And, while the Federal Government pays the mileage and expenses of Congressmen from every State and Territory, it would not show that care of the strong for the weak, which is pre-eminently Christian, for any of us to say, to the toiling workers in the less productive parts of the ecclesiastical vineyard, that if they come here they must pay their own way. With the difficulty which is met in entertaining the Assembly, however; with the heavy assessments which the expenses of traveling over such large sections of the country entail; would it not exhibit a thoughtful consideration in those weaker Presbyteries, to be willing to lessen their representation so as to lighten the burden?

This question of reduction, it cannot be concealed, is encompassed with great difficulties. Many deeply rooted prejudices and local feelings lie in the way of its practical solution. But surely they can be overcome by a plan which will from year to year produce an Assembly imposing, yet manageable; fairly representing all parts of the denomination, and yet not burdensome to the money-contributing portions of it; just to the strong and settled, yet generous to and anticipative for the weak; thoroughly Presbyterian in principle, and therefore the more practicable for the American Church. Such a plan the Committee venture to hope they have, after a long, thoughtful, and prayerful consideration, unanimously agreed upon, and now present for the consideration of the Assembly and the Presbyteries.

VI. Miscellaneous.

I. THE MILEAGE AND CONTINGENT FUNDS.

Special attention is called to the *Mileage and Contingent System* adopted by the General Assembly of 1870, and amended by the General Assemblies of 1875 and 1877. As amended, it is as follows :

"The Committee to whom it was referred to consider and report a uniform system of Mileage, whereby full provision may be made for the traveling expenses of the Commissioners to our General Assemblies, and to meet the contingent expenses of each Assembly, respectfully report:

"It is affirmed, *Form of Government*, Chap. xxii., Section 3, that, 'in order, as far as possible, to procure a respectable and full Delegation to all our judicatories, it is proper that the expenses of ministers and elders, in their attendance on these judicatories, be defrayed by the bodies which they respectively represent.'

"The principle is thus established, that provision should be made for the payment of the traveling expenses of Commissioners to the General Assembly. This provision should be made by the Presbyteries. As far as possible, the feebler Presbyteries should be aided in this matter by the stronger. It appears just and reasonable, and so has been found, by experience, that the estimated contingent expenses of each Assembly, and the traveling expenses of the Commissioners in coming to and returning from the Assembly, should be fully met by the apportionment of the whole amount among the several Presbyteries, according to the number of their communicants respectively.

"It is, therefore, recommended,

"1. That the Standing Committee on Mileage, annually appointed, be instructed to present an estimate of the probable amount that will be needed by the next General Assembly, in order to meet their contingent expenses and the traveling expenses of their Commissioners, with a statement of the *per capita* rate, based on the number of communicants, that will be needed to secure the amount.

"2. That the Presbyteries, at their Stated Meeting next following the adjournment of the General Assembly, apportion the amount required of their churches, as they deem best.

"3. That the churches be instructed to pay over their respective apportionments at the Stated Meeting of their Presbyteries next preceding the meeting of the General Assembly,—the whole amount due from the Presbytery to be forwarded to the Assembly by their Commissioners.

"4. That, as early as the fourth day of the sessions of the Assembly, the apportionment of each Presbytery be paid in full, and a bill of the necessary traveling expenses of its Commissioners be presented to the Standing Committee on Mileage.—N.B. It is understood that Commissioners, both in coming to and returning from the Assembly, will avail themselves of any commutation of fares that may be offered in season; and that in other cases they are to take, when practicable, the most economical route; no allowance to be made for extra accommodations on the way. Also, that no one will charge for return expenses unless he intends to go back to his field of labor; and that no one on a business tour, or excursion of pleasure, will make a convenience of the meeting of the Assembly and expect payment of his traveling expenses from the Mileage Fund. Also, that Commissioners, as soon after their arrival as practicable, are to report themselves to the Committee of Arrangements, and have their respective places of abode assigned them.

"5. That the Mileage Committee, after appropriating from the whole sum an amount sufficient to meet the estimated contingent expenses of the Assem-

bly, be instructed to audit these bills and pay them, *pro rata* (if found in accordance with the preceding regulations), as far as the funds will permit.

"6. That, in order to avail themselves of the proceeds of this fund, the Presbyteries must contribute their full proportion to it according to the *per capita* rate.

"7. That every minister, and every vacant church contributing to this fund, connected with the Presbyteries thus complying with the provisions of this plan, be entitled to a copy of the Annual Minutes of the General Assembly.

"8. That the Commissioners from Presbyteries in foreign lands receive their necessary traveling expenses, *pro rata*, from their place of residence in this country.

"The Committee further recommend, that the General Assembly enjoin upon the Committee of Arrangements for the respective meetings of the Assembly, the importance of making early announcements (not later, if practicable, than the first week of May) in respect to commutation of railroad and steamboat fares."

In accordance with this system, every Presbytery is requested to pay in full, to the Mileage Committee of the next General Assembly, a sum equal to *five cents* for every communicant under the care of their churches, as determined by their Statistical Report, herewith printed. This will entitle their Commissioners to a full share in the apportionments for necessary traveling expenses. It is expected that these expenses will be fully met, if the Presbyteries comply with the recommendations of the Assembly.

ENTERTAINMENT FUND.

In addition to the Mileage Fund, the Assembly of 1877 made provision for a "Supplemental Contingent Expense Fund," to "be used for the purpose of meeting the expense of entertaining such Commissioners as are not otherwise provided for." Each Presbytery is requested to contribute to this Fund a sum equal at least to *two cents* per church member, and to forward it, with the Mileage Fund, to the Treasurer of the Assembly. It is to be disbursed by the Committee of Arrangements, whose bills for entertainment the Treasurer is authorized to pay, after they have been approved by the Finance Committee.

II. THE ANNUAL MINUTES.

The Minutes for 1878 will be supplied at *One Dollar* per copy, postage included. A copy will be sent, without charge, to the Stated Clerk of every Presbytery, and of every Synod; also (in the case of every Presbytery that has paid its full apportionment to the Mileage Fund of the Assembly), to every Minister, and to the Session of each contributing Vacant Church, whose address is known; also to every ordained Missionary of the Foreign Presbyteries, through the Board of Foreign Missions.

III. SYNODICAL REPORTS.

A *Statistical Report* is to be forwarded, to the Assembly, by the Stated Clerk of every Synod; in which are to be stated the number and names of the Presbyteries within their bounds; the changes which may have been made in the number or arrangement of their Presbyteries; the names of the Stated Clerks of the Presbyteries; the place and hour of the next Annual Meeting; and the names of the Moderator and Stated Clerk of the Synod. A blank will be sent to the Stated Clerk of every Synod, near the close of the calendar year, which should be filled up, and forwarded, without delay, to the Stated Clerk of the Assembly.

IV. PRESBYTERIAL REPORTS.

It is required of every Presbytery to prepare and forward to the General Assembly:

1. A *Statistical Report*, according to the form exhibited on page 231, of the present Appendix; of which a printed blank will be furnished in due season, by order of the Assembly, to the Stated Clerk of every Presbytery. This Report should, if possible, embrace all the changes in the Presbytery previous to the first day of April.

2. *A Narrative of the State of Religion* within the bounds of the Presbytery, for the year ending April 1st. These Narratives should specify facts in regard to the particular churches, their state, trials, encouragements, and prospects; how many of them, and which, have enjoyed revivals of religion through the year; in which of them the Catechisms are taught, Sabbath-schools and Bible-classes organized, with the number of scholars and teachers. Also, the various arrangements of the Presbytery for Church extension; stating the number of their ministers, and the particular manner in which they are employed; the number of their churches, and how they are supplied; the number of new churches organized, and new houses of worship erected; what itinerant arrangements have been adopted for preaching the gospel; what and how much agency has been employed: together with all such other facts and suggestions as will show, from year to year, what has been accomplished, and what may need to be undertaken, to bring all the churches to a proper degree of effort to promote the kingdom of Christ. As the Narratives are not to be publicly read, less care may be given to their style, and more to the detail of particulars, such as will aid the Committee of the Assembly in preparing their Annual General Narrative of the State of the Church.

V. STATED CLERKS OF PRESBYTERIES.

In preparing the Statistical Report, let the following RULES be strictly observed:

(1.) Carefully copy the blank form and order of columns, etc., on page ☞ 231, if a blank has not been received.

(2.) Record Ministers in the order of their MINISTERIAL AGE, with their CHRISTIAN names in full, without abbreviations, and their Address on the same line, in the adjoining column.

(3.) ☞ Place the name of every Church and Mission Chapel opposite the name of its Pastor, or Stated Supply; never, opposite the name of any other minister; if the Church is Vacant, place it at the foot of the roll. ☜

(4.) Place, after the name of every minister, an abbreviation, denoting his occupation; *e. g.*, P., for a Pastor; P. E., for a Pastor Elect; P. C., for a Pastor of a Congregational Church; C. P., for a Colleague Pastor; A. P., for an Associate Pastor; S. S., for a Stated Supply; H. M., for a Home Missionary; D. M., for a District Missionary; C. M., for a City Missionary; T. M., for a Tract Missionary; S. M., for a Synodical Missionary; S. S. M., for a Sunday-school Missionary; P. M., for a Presbyterial Missionary; F. M., for a Foreign Missionary; Pres., for the President of a College; Chan., for a Chancellor; Prof., for a Professor of a College or Theological Seminary; Prin., for the Principal of an Academy, etc.; Sec., for a Secretary, and D. Sec., for a District Secretary, of a Benevolent Institution; Ag., for an Agent of do.; Ch., for a Chaplain; Tea., for a Teacher; Ed., for an Editor; Ev., for an Evangelist; H. R., for a Minister honorably retired; W. C., for other Ministers without charge; Col., for a Colporteur; Com., for a Commissioner; and Supt., for a Superintendent.

(5.) Place after the name of every Church the abbreviations, P., for one that has a Pastor; P. E., for one that has a Pastor Elect; S. S., for one that has a Stated Supply; or V., for one that is Vacant.

(6.) If a church fail to report, let the "whole number" of communicants be given as reported to the Synod, or to the last Assembly, with an asterisk (*) in the column of communicants, denoting the fact.

(7.) In the *additions* to the Church, distinguish between those on *examination* and those on *certificate;* in the *baptisms*, between the *adults* and the *infants;* and be careful to observe the order of the columns in which these particulars are recorded.

(8.) In the report of "*Funds*" contributed, observe the order of the columns, and the directions of the Assembly of 1871 (p. 589) as modified by the Assemblies of 1873 and 1874, as follows:

1. *Home Missions.* To include all moneys collected for the purpose, whether for the Board, or for any Home Missionary operation, including Mission Schools, carried on in connection with the Presbyterian Church. 2. *Foreign Missions.* To include all contributions for the spread of the gospel in foreign lands. 3. *Education.* To include all that is given for the education of Candidates for the Ministry, whether to the Board or otherwise; for Theological Seminaries, Presbyterian Colleges, Academies, and Parochial Schools. 4. *Publication Missionary Fund.* To include all moneys contributed to the Board for their Missionary work, and for Synodical and Presbyterial Depositaries. 5. *Church Erection.* To include all contributions for Church Erection, outside of the congregation, whether through the Board, or otherwise. 6. *Relief Fund.* To include all moneys contributed for the support of disabled Ministers, and to aid the families of deceased Ministers. 7. *Freedmen.* To include all moneys contributed to the evangelization and education of Freedmen, whether through the Board or otherwise. 8. *General Assembly.* To include all given for Assembly expenses. 9. *Sustentation.* Contributions to the Board of Home Missions for Pastoral Sustentation. 10. *Congregational.* To include all moneys contributed for the congregation, the salary of the minister, the support of the parish Sunday-schools, the relief of the poor of the congregation, building and repairing churches, liquidation of debts, and current expenses. 11. *Miscellaneous.* To include all other collections for Bible and Tract Societies, etc., and for general benevolence.

Be sure to omit the fractions of the dollar, except in the General Assembly column.

(9.) The *names* of the Licentiates are to be recorded immediately after the list of Ministers, in the same column, with their Address in the next column; but of the Candidates—including all who are studying for the ministry under the care of the *Churches* of the Presbytery—the *number* only is to be given.

(10.) ☞ **ADD UP** ☜ every column of figures, and *Authenticate* the Report with your *signature.*

(11.) Annex a Statement, of the number of licensures, ordinations, installations, dissolutions of pastoral relations, organizations, reception and dissolution of Churches; also, any changes in the names of Churches; and the decease (with age, date, and place) of Ministers since the last Annual Report.

(12.) Avoid erasures or interlineations, **make names and numbers distinctly legible,** and punctuate properly; carefully revising the Report when completed, to see that all these directions are complied with.

(13.) Affix no extraneous matter, such as memoranda, explanations, or orders for the delivery of the printed Minutes of the Assembly; let these be given on a separate sheet; also, every Overture to the Assembly.

Revise your Report, and find out its defects. Put in the commas that are wanting; fill out the abbreviations; supply the *Christian* name of every minister (an *initial* letter is not a name); and see that every name and figure is perfectly legible, and properly spelt.

☞ If any thing should prevent the forwarding of the Statistical Report in time for the meeting of the General Assembly, let it be sent, as soon as possible—*not later than June 1st*—by mail, to the Stated Clerk of the General Assembly, No. 149 West Thirty-fourth street, New-York City.

pared by a Special Committee of the Assembly, and approved by them for use in all their churches, it is

Resolved, That the offer of the Board is accepted, and the use of the "Hymnal" ordered in all the sessions of the Assembly.

The following were appointed a *Committee on Elections:*

Rev. Villeroy D. Reed, D.D., Rev. Henry R. Wilson, D.D., Rev. John Stockton, D.D., Hon. David Derrickson, and Gustavus S. Benson.

The Committee of Arrangements made a Report recommending,

First. That, in the administration of the Lord's Supper this evening, as provided for in the standing orders of the Assembly, the hour for the celebration be 7.30 o'clock, the retiring Moderator to preside. Rev. Thomas Creigh, D.D., of the Presbytery of Carlisle, to administer the bread; Rev. Robert W. Patterson, D.D., of the Presbytery of Chicago, as his alternate; Rev. Herman C. Riggs, of the Presbytery of Rochester, to administer the cup, with Rev. William D. Snodgrass, D.D., of the Presbytery of Hudson, as his alternate. The following elders to distribute the elements, viz.: Robert Strain, John P. Ammidon, Stephen Alexander, LL.D., Walter Carter, Oren C. Jaques, Gustavus F. Benson, W. Rees Craighead, Hon. Charles D. Drake, LL.D., Louis Chapin, Hon. Chauncey N. Olds, Robert B. Mowry, M.D., Joseph D. Alexander, Hon. Robert P. Davison, John Newland, Edward D. Selden, and Hon. Jacob S. Farrand.

Second. That the Assembly hold their sessions as follows: The first to commence at 9 o'clock A.M., and close at 12.30 o'clock; the first half hour to be spent in devotional exercises; the second to continue from 3 o'clock P.M. to 5.30 o'clock; the third, when held, from 7.30 o'clock P.M to 9.30 o'clock. On Saturdays, the afternoon and evening services to be omitted.

Third. That, in accordance with the standing orders, the evening sessions of the following days be devoted to special objects, viz., To-morrow (Friday) evening to the Sabbath-school interests of the Church; at this meeting the Moderator to preside, and Rev. James A. Worden, Rev. Robert M. Patterson, Rev. Francis L. Patton, D.D., LL.D., and Rev. Herrick Johnson, D.D., to speak; Monday evening, May 19th, to the cause of Temperance, Hon. William E. Dodge to preside; the evening of the first Tuesday to be devoted to the Home Mission work of the Church; the evening of the first Wednesday to be devoted to the Foreign Mission work of the Church; the evening of the second Thursday to be devoted to the reception of Delegates from corresponding bodies; the evening of the second Friday to be devoted to the claims of the Freedmen, the Rev. Edwin F. Hatfield, D.D., to preside.

Fourth. The Committee, also, call especial attention to the fact, that the *Daily Saratogian* is the paper in which will be found a full report of the proceedings of the Assembly. This paper will be published every morning, and furnished to subscribers at the low price of seventy-five cents a copy for the entire time in which the Assembly may be in session. This will be exceedingly valuable as well as

interesting; and, as the enterprising publishers of the *Saratogian* will be at considerable expense in presenting this full report, your Committee hope the paper will be largely patronized.

Fifth. We recommend, that so much of the lower part of the house as is included in the space from the pulpit past the fifth window—that is, about twenty pews—and from wall to wall be reserved for the Commissioners, and that the remaining space down stairs and the galleries be given to the visitors.

The Report was adopted.

The Rules for Judicatories, appended to the "Confession of Faith," were adopted as the Rules of Business for this Assembly.

It was *Resolved*, That it be the first order for the afternoon of Friday, May 16th, to hear the Rev. Alexander McLean, D.D., one of the Corresponding Secretaries of the American Bible Society.

The Assembly adjourned to meet at 7.30 o'clock P.M.

Closed with prayer.

THURSDAY, May 15th, 7½ o'clock P.M.

The Assembly met according to appointment, and united with a large number of Christian people in the celebration of the Lord's Supper.

Adjourned until to-morrow at 9 o'clock A.M.

Closed with prayer.

FRIDAY, May 16th, 9 o'clock A.M.

Memorials, Appeals and Complaints, with other papers, were presented, on the calling of the Roll.

The Annual Reports of the Boards of Home Missions, Foreign Missions, Education, Publication, Church Erection, and Ministerial Relief, the Committee on Freedmen, the Trustees of the General Assembly, the Trustees of the Presbyterian House, and the Treasurer of the General Assembly, were called for and presented.

The Annual Reports of the Theological Seminaries were called for and presented.

The following matters referred from the last Assembly (1878) were considered :

Overture No. 7, Minutes of 1878, page 58, was read and referred to the Standing Committee on the Polity of the Church.

Overture No. 22, Minutes of 1878, page 70, was read and referred to the Standing Committee on the Polity of the Church.

The Special Committee on Correspondence with the Free Church of Scotland, appointed by the last Assembly, reported in part, and were continued.

The Special Committee appointed by the last Assembly to revise the Form of Government and Book of Discipline, through its Chairman, Elijah R. Craven, D.D., presented the following Report :

"The Special Committee, appointed by the last General Assembly to revise the "Form of Government and Book of Discipline," regret that they are unable, at this time, to make a final report. The work assigned them is, in the narrowest view of their understanding, very extensive, and demands that the members should be many days together in personal conference. We have found it to be difficult to obtain a full meeting of the Committee, save during the summer and autumn months.

There have been three meetings of the Committee during the year—two in the city of New York, and one in the city of Pittsburgh ; there have been also many conferences of the Sub-Committee, consisting of the Chairman and the Rev. Drs. Hatfield and McGill. Three Overtures were referred by the last Assembly to your Committee—Overtures Nos. 19, 20, and 21, as found on page 70 of the Minutes of 1878.

Subsequently an Overture was referred, proposing a provision in the Form of Government for the election of an Adsessor or Vice-Moderator,—Minutes of 1878, pages 101, 102.

Your Committee have had under consideration the entire Book of Discipline, the chapter in the Directory of Church Worship on the infliction of church censures, and those portions of the Form of Government specially contemplated in the Overtures committed to them.

Although the language of the resolution under which they were appointed seemed to refer the entire subject of a revision of the Form of Government, they were in doubt as to the extent of their powers as intended by the Assembly. Should they be continued, they ask instructions on this point.

The Report was accepted, and the Committee were continued to perform their work as instructed by the last Assembly.

An Overture on co-pastorates or chapel supplies in large towns or cities was presented, and referred to the Committee on the Polity of the Church.

The Committee of Arrangements made a Report concerning a proposition of Messrs. Baker & Record to take a picture of the Assembly.

The Report was approved.

The Assembly adjourned until 3 o'clock P.M.
Closed with prayer.

FRIDAY, May 16th, 3 o'clock P.M.

The Assembly met, and was opened with prayer.

The Rev. Alexander McLean, D.D., according to special order, presented the interests of the American Bible Society; after which the following Resolution was adopted:

The General Assembly, having listened with great interest to the statements made by the Rev. Dr. McLean, Secretary of the American Bible Society, in regard to the work and the claims of that venerable institution, renews with great cordiality its oft-repeated testimony to the grandeur and importance of the service which it renders to the Church and the whole world, by the increase and distribution of copies of the Holy Scriptures, without note or comment, in the various languages of the earth.

It especially finds gratification in the recent reduction of prices, and improvement in the mechanical work, by which better books, at less cost, are multiplied, and new inducements are offered to the public to increase their circulation.

The Assembly rejoices also in every step which the Society wisely takes to unite all branches of the Protestant Church, in the distribution of the pure Word of God among all people, believing it to be

both the privilege and the duty of men, everywhere, to read the Bible for themselves, and to seek the illumination of the Holy Spirit for its intelligent obedience.

Believing that the Society is, in prudence and energy, prosecuting this mighty work, the General Assembly affectionately commends it to the liberal support of the whole Church, and prays that it may enjoy the guiding and cheering influence of the Bible's God and ours.

The Special Committee on providing Literature for the Germans, appointed by last Assembly (Minutes, page 23), reported in part, and, at their request, were continued.

It was *Resolved*, That a Special Committee on Reduced Representation in the General Assembly be appointed as follows:

The Moderator shall direct the Commissioners of each Synod represented in this Assembly, to meet at such time and places as may be designated, and to elect a member or members of such Committee not to exceed two—one Minister and one Elder, and to report their action to the Moderator.

The Moderator shall then convene the members thus elected, and preside until their permanent Chairman is selected.

To this Committee, thus elected and organized, shall be referred all Overtures on Representation, involving amendments to the Constitution; and their Report to this Assembly shall be presented on or before Wednesday, the 21st day of May.

It was *Resolved*, That the order of the day for Thursday next, at 10 o'clock A.M., be to hear the Report of the Standing Committee on Freedmen.

The Committee on Elections reported the names of the following new Commissioners, who were duly enrolled :

A Resolution was presented, with the intent to secure the publishing of the Minutes of the Old and New School Assemblies from 1837 to the Reunion. It was referred to the Standing Committee on Publication.

The Standing Committee on Ministerial Relief presented their Report, which was accepted. The Assembly were addressed by the Corresponding Secretary of the Board, Rev. George Hale, D.D., and others. The Report was adopted, and is as follows :

The Standing Committee of the General Assembly on Ministerial Relief beg leave to report, that they have carefully examined and considered the Annual Report, and find that the actual receipts from the churches are about eleven hundred dollars less for the year which has just closed than in the preceding year. But, while this is true, it should be mentioned as an encouraging fact, that the number of churches contributing to this fund is considerably larger than last year.

The amount received from the Permanent Fund during the year is $32,663.10, while last year it was but $14,663.10 ; so that the actual receipts of the year amount to $103,253.24, including the boxes donated by the ladies—an increase of $21,076.91 over the year 1878. Your Committee also gratefully note that, of the amount received from the churches, $12,327 were the gifts of individual members, who have forwarded their names with their offerings ; thus showing that these friends are willing to be known as those peculiarly interested in this Board of the Church, and proving, also, that this great object has awakened the special interest and the tender sympathy of God's dear people.

During the past year substantial additions to the Permanent Fund have been made in the reversion of a joint life-estate amounting to $10,000 ; in the legacy of James Brown, of New York, $10,000 ; from the legacies, also, of the Rev. Ralph Bull, of Goshen, N. Y., $6000 ; and of Isaac Skiles, Minneapolis, Minn., $2500.

Forty boxes of valuable clothing, etc., were acknowledged by the Board last year, and fifty-nine this year ; and thus means of comfort have been afforded to many of our aged and needy brethren

now laid aside from active work, and certain wants of their households have thus been thoughtfully and tenderly provided for; and not to disparage the work of others who have in this way done nobly and liberally, and have consequently brought joy to many burdened hearts, your Committee can not refrain from noticing the noble work accomplished by the ladies of the "Shady Side Church," Pittsburgh, Pa., the pastor of which benevolent church is not only a member of this Assembly, but also one of its Temporary Clerks. The grand total given by this church in boxes amounts to $646. The Ladies' Missionary Association of the Third Church of Dayton, through the untiring efforts of their Secretary, the pastor's wife, has also done well, while the Ladies' Missionary Societies of the Walnut St. Presbyterian Church, West Philadelphia, of the Leetsdale Church, Sewickly, Pa., and of the First Church, Springfield, Ohio, deserve honorable mention.

But while there are these encouraging statements to be made, and to be brought to the attention of the Assembly, your Committee feel that it is a lamentable fact, that more than one half of the churches connected with this General Assembly, viz., 3132 churches, make no donations whatever to this Board of our Church; and this is the more remarkable, since so many voluntary offerings have been made to this fund, which offerings evidently prove that there is no want of interest on the part of the people in this great work, and that it is not their fault that the collections are not made. Your Committee feel obliged to call the attention of the Assembly to another fact which appears in reviewing the Report of this Board, and it is one which demands the serious attention of those who are more immediately interested. A number of Presbyteries within our bounds, from which it would be expected that this Cause would receive substantial assistance have actually drawn from its funds far more than they have forwarded to the Treasurer. Among these may be mentioned the Presbyteries of Brooklyn, St. Louis, Rochester, Baltimore, Allegheny, Geneva, Syracuse, Utica, Louisville, and Detroit. This ought not so to be. If our Relief Fund is not to receive help from such large and wealthy Presbyteries, from whence may it look for substantial aid? It is to be hoped that, during the coming year, the balance will be in favor of these Presbyteries. Indeed, it is most desirable that a strong, earnest, and united effort should be made by all of our Presbyteries to increase the amount which was forwarded during the past year. In endeavoring to procure the requisite funds, your Committee have been informed, that a number of the Presbyterial Relief Committees have shown great diligence and fidelity. If, in every Presbytery, an energetic and earnest effort should be made by such Committees, with the co-operation of ministers and elders, the result would be a well-replenished treasury.

It is evident that all of the affairs of the Board have been managed with singular fidelity, prudence, and economy. The members of the Board, the Secretary, and the Treasurer deserve great credit in that they have administered those affairs with such rigid economy, especially during the past year. Your Committee would, therefore, in closing, simply suggest that, while the Assembly does not now reiterate its oft-repeated injunctions to the churches under its care to take up annual collections, it most earnestly invites the serious

attention of all the ministers and churches to the necessities and claims of this Cause.

The Committee recommend that the Rev. Charles A. Dickey, D.D., Rev. Henry E. Niles, D.D., and Messrs. George Junkin, and A. Charles Barclay in the place of Thomas Potter, deceased, be elected to serve as members of this Board for the term of three years.

The Report of the Standing Committee on Church Erection was made the order for Friday next, at 10 o'clock A.M. ; and the Report of the Standing Committee on Education, the order for Saturday next, at 10 o'clock A.M.

The Committee on German Literature presented the following Report :

In the midst of negotiations and plans that promised success, members of the Board of Publication who had the matter in consideration left for a tour to the Holy Land ; and soon after the Chairman of the Committee, the lamented Charles A. Smith, D.D., who had the main business in charge, was called to his heavenly home. Nothing has in consequence been matured. The Committee, therefore, respectfully ask to be continued, impressed as they are with the growing importance of the object entrusted to them ; and to express the wish that the Rev. Loyal Young Graham, of the Presbytery of Philadelphia, be appointed Chairman of the Committee.

The Report was adopted, and the Committee continued.

The Report of the Standing Committee on Theological Seminaries was made the order of the day for Monday the 26th, at 10 o'clock A.M.

The Committee on Elections reported the name of Ruling Elder William Montelius, of the Presbytery of Philadelphia, and his name was added to the Roll.

MONDAY, May 19th, 3 o'clock P.M.

The Assembly met, and was opened with prayer.

The unfinished business, being the consideration of the Report of the Standing Committee on Publication, was resumed.

The Report having been amended, was adopted, and is as follows:

The Committee to whom was referred the Report of the Board of Publication, respectfully submit the following statements and resolutions:

They have carefully examined the Forty-first Annual Report of this Board, and take pleasure in saying, they find encouraging evidence of the continued blessing of God resting upon its work and its growing usefulness and favor with the Church.

The Report with its statements and details is in your hands, and for its conciseness and minuteness we commend it as fulfilling the direction of the Assembly in regard to the information they desire; and it is hereby rendered desirable that we should only call your attention to some of its more prominent features.

First. This has been a trying year financially throughout the world. Business generally has been embarrassed, as well as the benevolent work of the Church retarded. Yet the affairs of this Board have been so conducted that no serious loss has occurred, and neither the business nor the benevolent work committed to its charge have been hindered more than we must have anticipated. It is a matter of devout thanksgiving to the great Head of the Church, that the officers have been so guided, and their labors blessed with the cheering results therein stated. The receipts of the year have been $198,063.12. This is but a slight falling off from the receipts of last year, and that deficit is in part accounted for from a larger balance in hand brought over from the former year.

Second. The total number of books and tracts published in the year is 612,900, which is an advance on last year. The aggregated publications of the year is also a small advance and has reached the number of 9,360,913.

The publications of the Board, as will be seen by the Catalogue, are 2500 in number, of which 1500 are volumes. These works present a mass of Calvinistic evangelical literature, to which the Church may confidently look for choice instruction and comfort, as well as intelligent pleasure and profit, in the family, the study, and the Sunday-school. These have been generally reduced in price over thirty per cent. Four hundred and fifty 18mo and 32mo books, containing material usually found in a dollar or a dollar and twenty-five cent book, are offered at a retail price of sixty cents, and to Sunday-schools for forty-five cents. This is a still larger reduction. It is plain that, in cheapness and in excellence of make and finish, the issues of the Board will bear most favorable comparison and competition with any of the houses, corporate or private, that publish religious books.

Sabbath-school material of every sort needed is issued in great abundance, variety, and cheapness. A marked reduction in price is here noticed. And especially is this true of our Sunday-school periodicals. The subscription price of the *Sunday-School Visitor*, the *Sun Beam*, and the *Westminster Lesson Leaf* were greatly reduced at the beginning of the current year. Their increased attractiveness and usefulness emphatically commend them. And we are happy to add, that they are growing in favor with the churches. Their adaptation to the wants of the Sunday-school is proved by their reception. Although the competition with rival issues is large, their popularity and circulation are advancing.

Third. The missionary work of the Board, though crippled by lack of funds, has not been small or unproductive. The income from legacies, in some years important, has this year been almost entirely wanting. This failure has been in part supplied by the donations of nearly 200 more contributing churches this year than last. Seventy missionaries have labored in 31 Synods and 72 Presbyteries. They have distributed by sale 68,160 volumes, while 27,535 volumes and 4,637,626 pages of tracts have been given away. The commissioned missionaries have visited 84,150 families, holding with the most of them religious conversation and prayer. Public religious services and prayer-meetings have also in large numbers been held. The Missionary Committee have also acted through a large number of voluntary and unpaid contributors. Six hundred and eighty-five grants, of which 344 were to Sunday-schools beyond the Mississippi, have been made, and brought gladness and service to needy ministers and churches.

Fourth. We are happy to add to this Report a notice of the enlarging work of the Sunday-school department, under the efficient guidance of the General Superintendent, Rev. James A. Worden. Appointed, April 1st, 1878, to his work, he has labored with zeal and success, and been cordially received by all in his department of labor. We ask of the members of the Assembly, in their consideration of the Annual Report, a careful attention to this portion of it, as it touches upon Normal class work—the work already done and the

Digitized by Google

need of the work yet to be done. Nearly 13,000 children have been brought into Sunday-schools, who otherwise would have been neglected; and a multitude of schools reorganized and made more efficient. Cheering as this intelligence is, we are constrained to pray to the Lord of the harvest to send forth more laborers into this field, when we remember the tens of thousands who yet remain without any one to care for their souls.

In conclusion, we recommend the adoption of the following Resolutions:

1. That the work of this Board for the past year has the cordial approval of the Assembly.

2. That we earnestly urge our sessions and churches who have not so done to examine the publications of the Board, and we are persuaded they will adopt them in their church work. And we urge an enlarged circulation of the Board's books and periodicals, as one of the efficient ways of increasing Christian intelligence and culture, and saving souls.

3. That, in view of the fact that 3182 churches gave nothing the past year to the Missionary work of the Board, we repeat and emphasize the urgent call of past Assemblies upon the churches to remember this work among their contributions, and give to it as one of the prominent instrumentalities which God blesses for the advancement and growth of the Church.

4. That we hereby renew the deliverance of former Assemblies, in asserting the right and duty of sessions to exercise authoritative supervision of the Sabbath-school work of their congregations.

5. That it is recommended that each Presbytery appoint a Sunday-School Committee, which shall collect and tabulate at the spring meeting of the same, and transmit to the General Superintendent of Sunday school work, statistics of each school; and this committee shall also supervise and direct its general Sunday-school work within the bounds of the Presbytery. Also that the Superintendent be directed to furnish blanks for the use of Sunday-school statistics.

6. That every Sunday-school be earnestly requested to contribute liberally to the Missionary department of this Board, to aid its Sabbath-school mission work.

Resolved, That the Presbyteries of our Church be requested, at their next stated meeting, to take such order as they may, in their judgment, deem best, for the purpose of securing, in all the Sabbath-schools connected with the churches, within their bounds, the use of the Sabbath-school literature published by the Board, its papers, lesson leaves, and books.

The Assembly met, and was opened with prayer.

It was ordered that addresses on the subject of Home Mission work be reserved until the evening session.

The discussion of the Report of the Standing Committee on Home Missions was resumed.

The Report was adopted except so much as has reference to the work among the Freedmen.

The Mileage Committee were authorized to pay in full the traveling expenses of those Commissioners whose Presbyteries have paid their full apportionment to the Mileage Fund.

The second order of the day for Thursday afternoon was reconsidered, and the Committee appointed by the last Assembly, on Appropriations to Candidates for the ministry, presented their Report, which, having been amended, was adopted, and is as follows :

The Committee, appointed by the General Assembly of 1878, "to consider the whole subject of appropriations to Candidates for the ministry, in consultation with the Directors and Professors of our Colleges and Seminaries, and in the light of the information gained, to make such further recommendations to the next General Assembly, as may seem adapted to place upon an equitable basis the appropriations of the Board," would respectfully report, that they have carefully informed themselves upon the whole subject, by communicating with the Board of Education, and with the Theological Seminaries, four of which sent personal representatives to meet the Committee, and seven sent carefully prepared communications in answer to our inquiries.

It is the judgment of your Committee, that not a small part of the object, in view in their appointment, has been secured by the thorough and very satisfactory conference which we have had with so many representatives of our Seminaries, all of whom manifested the deepest interest in the matter before your Committee. We believe this

Digitized by Google

conference will accomplish great good, in securing more care, and more uniformity of action, in the future.

Your Committee would further report, that they have carefully considered that part of the Report of the Assembly's Standing Committee on Education for 1878, styled "the first paragraph," which was referred to your Committee, and is as follows: "That the Board of Education be instructed not to make appropriations to Candidates, when they receive aid from scholarship or other regular appropriations by Seminaries or Colleges—except that they may so far supplement such aid, when deemed wise, as to make the aggregate amount received by the Candidate equal to the maximum of appropriations from the Board, except when such scholarships shall have been obtained as prizes for excellence in study and attainments."

Without detaining the Assembly to submit the considerations which determined their conclusions, your Committee would report, that, after careful deliberation, they decided, by a unanimous vote, not to recommend the adoption by this Assembly of the above "first paragraph." It was made very clear, in the course of our investigations, that, in the variety of conditions existing in the different parts of our widely extended Church, it would be unwise, and is unnecessary, to establish such an absolute rule as that contained in the paragraph under consideration.

Your Committee would, however, respectfully report the following recommendations, as being, in their judgment, expedient for the General Assembly to adopt:

1. That the Theological Seminaries be earnestly requested to continue their diligent attention to the whole subject of appropriations to students; that special care be taken that no one shall receive more than is requisite for his necessary expenses; that the sum to be appropriated to the several students shall be determined by a separate vote of the Faculty on each case; and that a record of the appropriations thus voted be made by the Faculty, and reported at the end of each term to the Board of Trustees.

2. That each Theological Seminary be respectfully requested to report annually, to the General Assembly, how many students have been aided by scholarship funds; and how many of these have also received aid from the Board; and what is the maximum that has been given to any one student. By the adoption of the above recommendations, to which we are persuaded all the Seminaries will cheerfully agree, your Committee believe that the Church will gain much-needed information, which will promote increased interest and confidence in our methods of aiding young men in preparing for the ministry.

3. Inasmuch as the feeling is found to exist among the students, that to receive aid from the Board is receiving charity, while the acceptance of a scholarship is more consistent with a sense of manly independence, therefore your Committee, in accordance with the suggestion of the Secretary, would recommend that hereafter the appropriations of the Board be styled "Scholarships."

4. Your Committee would further recommend, that the General Assembly instruct the Board of Education that they determine before each College and Seminary year, as far as practicable, the exact

Digitized by Google

amount the Board will pay to each student the ensuing year; and that the first payment shall be made in the month of October, at the time when the wants of students are most urgent; and all subsequent payments shall be made regularly, at such intervals as may be determined by the Board.

5. That the Presbyteries be enjoined by the General Assembly, to exercise increased care in recommending students, in the first instance, to the Board of Education for aid; and, also, in the renewing of such applications from year to year; also, that the several Presbyteries, having under their care Candidates aided by the Board, be earnestly requested to endeavor, through the Standing Committee of the Presbytery on Education, to assist such students as may desire it, by securing for them proper remunerative missionary or parochial employment during vacations.

In concluding this Report, your Committee beg leave to add, that they are gratified that the Board of Education and the faculties and officers of the several Seminaries have done so well, with their limited means; for, while the demands upon them have shown no diminution whatever, there has been a very marked falling off in their receipts. In view of these facts, your Committee recommend, that the General Assembly urge the great necessity for a most liberal and steady support of the Board of Education by all the churches within our bounds. Your Committee are firmly of the belief that, as the Presbyterian Church increases in numbers in our land, the demand for a thoroughly educated ministry within its bounds will also steadily increase, and that this demand can best be met through the encouragement and practical aid rendered by our Board of Education.

The Assembly adjourned until 7½ o'clock P.M.

The Committee appointed by the last Assembly, to examine into the Trust Funds of the Boards of the Church, presented their Report, which was adopted, and is as follows :

The Committee respectfully report, that they have performed the duties assigned them, and have carefully examined and endeavored to ascertain the present value and worth of all the investments of the Trust Funds in possession of the Boards, which are as follows :

1. *Board of Publication.*—Trust Funds held by them, $63,000 ; all of which is invested in good securities, consisting of Bonds and Mortgages, and United States Government Bonds, interest and dividends paid promptly.

2. *Trustees of the Presbyterian House.*—Trust Funds held by the Board, $84,058 ; all of which is invested in Stocks, Bonds, Bonds and Mortgages. Of this amount, City of Pittsburgh, $3100, has defaulted in the interest, on which, by order of the court, the interest will soon be paid ; also Delaware and Hudson Canal Company stock, $8200 ; from which no income is derived ; which is a donation, and was accompanied at the time when donated with the request that it be retained. The value affixed to it was the market value at the time of the donation. The value of said stock at the present date is $3040. Your Committee find one Bond and Mortgage for $3200 ; the present appraised value of the property is $2500. The attention of the Board has been called to it.

The balance of the investments, $69,558. is in Stocks, Bonds, Bonds and Mortgages, are well invested, interest and dividends promptly paid.

3. *Presbyterian Board of Relief.*—The trust funds of this Board amount to $41,000, all invested in good Bonds and Mortgages, with interest paid at maturity.

4. *Trustees of the General Assembly of the Presbyterian Church.*—The trust funds amount to $251,888.53. Of this amount, $4000, Bonds of the Des Moines and Fort Dodge Railroad, donated, and $1000, Bonds of Union Pacific Railroad, also donated, amounting to $5000, no income is derived. The balance, $246,888.53, is invested in Stocks, Bonds, Bonds and Mortgages ; interest and dividends promptly paid. One Mortgage of $10,000, your Committee recommended 25 per cent of this amount be called in, and the Mortgage reduced to $7500. The present appraised value of the property on which the loan is made amounts to $8500 ; interest on the same paid up promptly.

5. *Presbyterian Board of Education.*—The trust funds of this Board amount to $41,950, all of which is well invested in Philadelphia, Pittsburgh, and United States Bonds, and dividends paid promptly.

6. *Presbyterian Board of Foreign Missions.*—The amount of trust funds on hand, 1st of May, 1878, was $60,560 ; of this amount, from which no income is derived, are $3000 City of Elizabeth Bonds, which were donated, and held for investment. The balance, $55,560, is invested in Stocks, Bonds, Bonds and Mortgages, on which interest and dividends are paid promptly ; except the interest on one Mortgage of $5000, which has not been paid since November, 1877 ; the party, obligated to pay, has been out of business, but has

recently obtained a position, which he says will enable him to pay up soon. The security is said to be perfectly good. The Board also holds, as a special trust, $10,000 Pittsburgh, Cincinnati and St. Louis 7 per cent Mortgage Bonds, also $2000 Kansas Pacific first Mortgage Bonds.

7. *Board of Home Missions of the Presbyterian Church.*—The trust funds of the Board amount to $149,670, all of which are invested in good securities, consisting of Stocks, Bonds, and Bonds and Morgtages; interest and dividends promptly paid.

The Board also holds, as a special trust, Township Railroad Bonds —Urbana, Ill., $12,500; Mahomet, $12,500; amounting to $25,000. These Township Railroad Bonds were bequeathed for the general work of the Board, were made payable October 1st, 1877; payment was refused, and suit was commenced in the United States Court for the Northern District of Illinois.

8. *Presbyterian Board of Church Erection.*—Trust funds of the Board, $212,033.66, invested in Stocks, Bonds, and Bonds and Mortgages. Of these investments made, we find one Mortgage of $2000 on which interest is paid promptly, but the value uncertain; one Mortgage of $6000, interest not paid, and of doubtful value. Since this Report was made up, your Committee have received the following statement in reference to this loan: "This Mortgage is in process of settlement, the funds to pay the same being now in the hands of the Church Erection Fund." One Mortgage of $3000, of doubtful character, interest paid promptly; one Mortgage of $12,000, very doubtful, and under foreclosure; one Mortgage of $11,000, insufficient security, present appraised value $9000, interest paid up at maturity; one Mortgage of $5268, insufficient security, present appraised value $5000, no Bond, interest paid up. We also find real estate owned by the Board $3628.37, value uncertain. Your Committee have called the attention of the officers of the Board to these investments. The balance of the funds, $169,083.32, is invested in Stocks, United States Government Bonds, and Bonds and Mortgages, interest and dividends paid promptly on the same. Such of the investments of this Board, as your Committee have felt compelled to consider unsatisfactory, were none of them made recently, and the present management, in the judgment of your Committee, is all that can be desired.

We submit the following schedule of the investments of trust funds of the several Boards:

Recapitulation of the Investments of the Eight Boards:

Bonds and Mortgages, ...	$357,506 53	
Stocks, Notes, Iron, City, and Railroad Bonds, ...	390,220 37	
U. S. Government Bonds, ...	193,433 32	
		$941,160 22

Your Committee, in ascertaining the present value of Bonds and Mortgages held by the various Boards, have had careful examinations made of the property upon which loans have been made, by persons who have every means of finding out the true value of the same, and have confidence that their judgment in the matter is correct. The appraised value of the property upon which loans have

been made, in every instance except those referred to, exceeds the amount of the loans. Interest on all loans excepting those already mentioned is promptly paid. Taxes and insurance also promptly paid up, and interest and dividends on Stocks and Bonds are promptly collected and paid over to the Treasurers of the several Boards.

Most of the investments bring 6 and 7 per cent interest, and dividends some as high as 8 per cent, some as low as 4 per cent; the latter are United States Government Bonds.

A portion of the investments of Stocks and Bonds are worth considerably more now than when bought, and but few are of less value now than when purchased.

In conclusion, your Committee are pleased to find that, notwithstanding the great depreciation in the value of real estate during the last six or seven years, the Bonds and Mortgages, as well as the other securities in which the trust funds of the several Boards have been invested, except in the case of some of the Mortgages of the Board of Church Erection, are in so satisfactory a condition.

A special vote of thanks was presented to this Committee, for the ability and fidelity with which they have discharged the important duty confided to them.

The Standing Committee on Foreign Missions presented their Report, which was accepted.

The Assembly were then addressed by the Rev. David Irving, D.D., one of the Secretaries of the Board, and by others.

The Report was adopted, and is as follows:

The Standing Committee on Foreign Missions beg leave respectfully to present the following Report:

The Forty-second Annual Report of the Board of Foreign Missions has been placed in the hands of the Committee, and also the manuscript volume of the Minutes of its meetings, for the year ending April 30th, 1879.

The financial condition of the Board, as presented in the careful exhibit of the Treasurer, is of such interest that we deem it necessary to invite the attention of the Assembly to it as a matter of first importance.

The total receipts of the Board from all sources have been,	$427,631 54
Total expenditures,	442,834 86
Showing a deficiency of	$15,203 32
Which added to the deficiency, existing at the beginning of the year of	47,329 36
Shows the present indebtedness of the Board to be	$62,532 68

Digitized by Google

As compared with the receipts of last year, those of the present year are less by $36,201.76, a decrease which at first sight seems discouraging. But, when we remember that among the receipts of last year was a gift of $50,000 received from Mrs. John C. Green, we shall see that the receipts from ordinary sources were not less, but greater, than those of last year by $13,798.24.

Stated more particularly, the increase is as follows :

Increase in receipts from Woman's Boards, . .	$12,262 61
Increase in receipts from legacies, ...	7,439 60
Total increase, ...	$19,702 21
While on the other hand there has been a decrease, in receipts from churches and miscellaneous sources, of	5,903 97
Leaving the net decrease, as stated above, . . .	$13,798 24

Notwithstanding this increase, the debt incurred during the two past years is, as before stated, $62,532.68.

Your Committee regard with much concern the fact brought out by this financial exhibit of the Board, that, notwithstanding the aggregate expenses of the last year, as compared with those of the preceding year, were lessened by more than $25,000, still the debt of $47,329.36, of the former year is increased by $15,303.32 ; making the sum total of the indebtedness of the Board, April 30th of the current year, $62,532.58.

And this concern is increased by the fact, that this narrowing of operations occurred upon great missionary fields, presenting even enlarging opportunities for work, and therefore demanding increasing effort, and greater supplies of money. This, we fear, forebodes disaster. It is bad enough to lessen effort upon a stationary field, but when the field is ever widening ; when the successes of to-day furnish occasions for bolder movements, and grander triumphs to-morrow ; to weaken the forces, and to withhold the needed supplies, is not only to miss the opportunity for rapid advance and certain conquest, but it may be to imperil the vantage ground already gained.

Of the two dilemmas, debt or decreasing effort upon a growing field, your Committee are at a loss to determine which may be reasonably considered the worst.

It is mentioned, however, in the Report as a source of relief, that the Board will in all probability, before the expiration of the year, come into possession of the legacy bequeathed by the late Mrs. Lapsley, of New Albany, Ind., and that by means of this bequest all indebtedness can be removed. Your Committee hesitate, before recommending such a disposition of so large a portion of this gift.

The inquiries are suggested whether, in thus appropriating the money, the wishes of the donor will be fulfilled ; whether such use of a bequest, when not expressly provided for in the device, will not have a depressing influence on those who may have gifts in store for the work of Foreign Missions ; and whether it would not be more honorable, as well as more judicious, should the Church,

Digitized by Google

which within two years has come short of its obligations to the work to the extent above mentioned, arrange for the payment of the debt in some other way than by absorbing so large a portion of this legacy. The Committee believe, that not only should this be done, but that the churches should, in Christian faithfulness to the high duty imposed upon them, furnish a sufficient income for the currrent expenses of the several missions, leaving the legacy to be devoted in its entirety to the extension of the work. That is to say—we would forbear to use this legacy in the liquidation of the debt already incurred; we would decline to expend it, in the yearly support of the work already undertaken. To meet these two demands the churches should, as in honor bound, furnish the means, and that within the present year. And occasion should be taken to plant new enterprises, or at least to enlarge the bounds and increase the efficiency of the present missions, with the proceeds of this generous legacy.

Your Committee would not burden this Report, with any extended remarks upon the best methods of raising the money needed to pay the debt, and to furnish the support necessary for the various fields during the present year, but the question under consideration at this point is of such vital importance, that we venture to say that, if this General Assembly will, by all the means at their command, impress upon the numerous churches under their authority the solemn obligation of settling in full the debt already incurred, and then fasten upon the attention of their ministry and membership one short but potent rule, to wit: From this time forth, "current income for current expenses," the present financial embarrassments would be met, the already occupied fields would be handsomely sustained throughout the year, and the legacy thus left intact for the projection of new enterprises.

The Annual Report has placed before your Committee a careful and detailed account of all the missionary fields under the care of the Board. The Committee are satisfied that the Board has been active up to the limit of its resources, and that the blessing of God has rested upon the consecrated labors of the missionaries in the respective regions assigned to their care.

It will doubtless prove a convenience to the Assembly to have a bird's eye view of the mission fields occupied by the Board.

MISSIONS AMONG THE INDIANS.

Among the unfortunate aborigines of this country, the Board sustains active missions among seven different tribes, occupying central points in the territory of each tribe with convenient out stations attached.

We have the Seneca Mission; the Lake Superior Chippewa Mission; Omaha Chippewa, Dakota Chippewa, Creek Chippewa, Seminole Chippewa, and Nez Perces Chippewa.

MEXICO.

Mexico City, Merida, Monterey, Zacatecas, and San Luis Potosi. Under the efficient labors of the efficient missionary staff, our

Digitized by Google

Church in that neighbor country already numbers, in the Southern Mission 3010 members, and in the Northern Mission 586; total 3596. We have here a most encouraging field for missionary enterprise.

SOUTH AMERICA.

Missions in the United States of Columbia—Bogota. In Brazil, nine central points are occupied. In Chili, four important cities.

MISSIONS IN WESTERN AFRICA.

Liberia Mission.—Eight points are occupied, with Monrovia, the capital, as a centre.

Gaboon and Corisco Mission.—Four general stations, with outlying points, are held by our indomitable band of missionaries upon that dangerous coast. And we are glad to add, that new interest has been aroused in that long-dreaded region, by the welcome presence in our midst of that venerable man, who is in some sense the father, and in every sense the hero, of Presbyterian Missions in Africa, Dr. Albert Bushnell. We mention, with great pleasure, the diligence with which Dr. Bushnell and Rev. Mr. De Heer have embraced opportunities of bringing the wants of their Mission before the churches in this country. The very effective visits of Dr. Bushnell to our various Theological Seminaries, the supervision of the same gentleman of the printing, by the American Bible Society, of a part of the Scriptures in one of the African dialects, Mpongwe, and of some smaller books in the same language. A grammar of this language, by Rev. William Walker, and a vocabulary of the Benga, chiefly prepared by Mrs. De Heer, will soon be printed.

MISSIONS IN SYRIA.

Beirut, Abeih, Sidon, Tripoli, Zaleh.—Concerning these Missions your Committee will not do more than to say that, in this land of a profoundly historical interest to every one of us, there are 29 missionaries, 12 male and 17 female; native pastors 3; teachers 112; licensed preachers 15; other helpers 10. Total force 140. Churches 12; communicants 716. Preaching places 66; Sunday-schools 45; pupils in Sunday-schools 1895. It is not needful to say more, for the distinguished missionary, who occupies your Moderator's chair, has, in a very laborious and singularly successful campaign through the churches in the east and west, afforded more information, and has aroused more enthusiasm in the great field of Syria, than has been known before; and it is but right to add, that the Assembly will have an opportunity of hearing him to-night, in the popular meeting to be held, in advocacy of the great cause of Foreign Missions. He is fortunate in his field, and the field is very fortunate in him. In Persia, four important points are occupied, and thirty missionaries of both sexes are engaged in a most interesting and hopeful work.

In India, through the indefatigable zeal of our foreign missionaries, our Church has a whole Synod, with five Presbyteries, which reported to the Assembly of last year 41 ministers, 38 churches, and 621 communicants. And in China, the work has assumed even

Digitized by Google

larger proportions, the Synod of China comprising 6 Presbyteries, with 47 ministers, 33 churches, and 1977 communicants, 442 of whom were added to the churches in a single year.

In Siam, the capital has been occupied by our missionaries for 37 years, and another important station for 18 years; and at these two points and their out-stations 24 laborers are at present carrying on the work.

Among the Laos, our missionaries are winning success in the midst of persecutions; their roll of communicants has increased in the last year 50 per cent, and in three years 600 per cent.

Among that intensely interesting people, the Japanese, 24 laborers are toiling with fidelity and vigor, and also with marked encouragement. There are 11 organized churches, and 27 preaching stations. The work of translating the Scriptures is progressing rapidly, and will soon be completed.

The Chinese in California have not been neglected by our Board. Great interest has been taken in their evangelization; a church of 75 members (all Chinese) has been gathered in San Francisco, and smaller churches in Oakland, Sacramento, and San José.

Finally, the Board has received and distributed during the year special donations for mission work in Papal Europe, amounting to $3893.48.

A convenient summary may be given. In all the fields occupied by this Board there are 122 American Missionaries; 72 native ordained ministers; 115 native licentiates; total, 309. Lay, Americans: 9 male, 138 female; total, 197; native, 519; total, 716 Lay Missionaries and workers. Grand total of force on the field, 1025.

To the Board there have been contributed, as already stated, from all sources, irrespective of Mrs. Lapsley's legacy, not yet realized, $427,631.54.

To this fund 2926 churches contributed in the year under consideration, as against 2810 churches in the year preceding (1878), a gain of 116 contributing churches. And yet we have, notwithstanding all our needs, and all our inducements, and all our obligations, 2353 non-contributing churches. Your Committee would only have to express deep regret over this very great failure in a matter of privilege and of duty, and yet, in the very same sentence, our gratitude should be expressed for the small but certain increase in the number of contributing churches.

The gross sum received by the Board, adding thereto the debt named, is $442,834.86; and it has been expended very nearly in the following proportions: Missions in India, 21 per cent; Missions in China, 15½ per cent; Missions in Siam and Laos, 5 per cent; Missions to Chinese in United States, 3 per cent; Missions in Japan, 4½ per cent; Missions in Syria, 10 per cent; Missions in Persia, 10¾ per cent; Missions in Africa, 3¾ per cent; Missions in South America, 10½ per cent; Missions in Mexico, 7¼ per cent; Missions to American Indians, 2¾ per cent; Missions in Papal Europe, ¾ per cent; printing, periodicals, etc., 1¼ per cent; cost of administration, 4½ per cent.

In this division of the amount expended, the Board has attempted to deal justly, and, in the judgment of your Committee, has acted wisely and fairly throughout.

Our glimpse-like view of the operations of the Board will be complete, after its kind, when it is added, that twenty-eight new missionaries have been placed upon the field, nine ordained missionaries, one physician, ten male, fifteen female, and fifteen missionaries temporarily in this country have been returned—ten male and five female.

WOMAN'S BOARDS.

There are now seven Woman's Boards, auxiliary to the Board of Foreign Missions, whose combined labors in behalf of the spiritually destitute women in heathen lands have been faithful, self-denying, and very fruitful.

There is an important fact to be noted here, from which this great movement among Presbyterian Christian women springs, and which justifies the immense labor and sacrifice that has characterized the movement, to wit : the absolute inaccessibility of women in heathen lands to the male missionary. All genuine religious enterprises are born of some immense need, to the relief of which the enterprise is directed. The hour this peculiar need among heathen women was truly realized by Christian women, the movement of "Woman's work for woman" was born. The dreadful condition of heathen women, seen more fully as the courageous female missionary advanced into the seclusion of their homes, has fired the love and quickened the energies of sympathetic Christian women, and perfected the organizations which have been the wonder of these last few years; and this peculiar need it is that sustains the courage and zeal of our Christian women in their consecrated labors.

The success of these various Boards during the past year may be seen by the following exhibit :

Devout gratitude to the great Head of the Church must be awakened in all hearts, when the magnitude of this work is thus exhibited. Let the loyalty which has heretofore characterized these Boards to the General Board of our Church be freely accorded, and such auxiliary societies hold themselves close to the one great work, and untold good will be accomplished. And, in this connection, we would especially warn our brethren against either practically or expressly concluding, that the noble zeal of our Christian women, or the great work accomplished by them, affords an excuse for the slightest diminution in our Church contributions through the stated

collections enjoined by the General Assembly. Rather let systematic effort be made to swell all the channels of contribution, and to awaken in the men, the women, and the children of the church an increased devotion to this grand Cause.

PUBLICATIONS.

The publications of the Board are *The Foreign Missionary*, and a section of the *Record*. *The Foreign Missionary* is the only periodical published exclusively by the Board. Of this there are printed 6900, costing the Board, above receipts from subscriptions, $2,833.06. This is not such a showing of interest in the foreign work as our Church of 5269 church organizations, and a membership of 567,855, ought to make. It gives one copy and a quarter of the Foreign Missionary Magazine to each church, or one magazine to 82 church members. What is the result of this small circulation? First, an expense above receipts of $2,833.06 in publishing. Second, lack of interest in our churches, and loss of funds. Your Committee, from personal examination through a number of years, find that the leading articles are carefully prepared, excellent in tone, and full of information; mainly of use, however, to the clergy and to heads of families. But it might well be suggested to the Board to expend more time, and money if necessary, in the effort to give the latter half of the Magazine a somewhat more popular form adapted to general reading, adding a department of illustrations, preparing short pieces for children. And your Committee would earnestly recommend, that suitable advertisements be inserted, as an altogether proper means of assisting to pay the cost of publication.

CONCERT OF PRAYER.

The question may be asked, if the Monthly Concert of Prayer for Missions holds the same place in the regards of God's people as it did when it was looked upon as being a cheap means for stimulating the interest of the Church in this work. Without claiming for the idea of concert in prayer any greater value than that accorded to it in God's word, it will be admitted that its observance has in numberless instances accomplished blessed results. But, should it have so eventuated, that this plan can no longer be carried out in its integrity, it is evident that, in case the monthly meeting for prayer is observed, the object sought will be obtained. Believing that an instrumentality, which in the history of our Church has been so signally blessed, may be yet made a means of blessing to the whole world, your Committee call the attention of ministers and elders to the paramount importance, of making more efficient the monthly meeting of prayer for missions where it is observed, and of reviving it where it has fallen into disuse.

MANAGEMENT OF THE BOARD.

It is a matter of great satisfaction to your Committee that they are unanimously agreed in endorsing the management of the Board

Digitized by Google

as in every way satisfactory. From the Minutes of the Board, the printed Report, the Treasurer's exhibit, the testimony of the Auditing Committee, and the general facts within the reach of the Committee, they are satisfied that the business is conducted upon strictly business principles; that the knowledge of the field to be cultivated is wide and thorough; that the sympathy of the Board and its Secretaries with the work, and the missionaries engaged in the work, is sincere and Christian; that the administration of affairs is able and judicious; and that the Church has every reason to content itself with the work that is being done and the men who are doing it.

The Secretaries and Treasurer of the Board have in the last year donated to the Cause one fourth of the salaries to which they are entitled, thus very materially assisting the good work in these days of heavy financial pressure. The entire cost of the administration is only 4¼ per cent of the sum expended, a tax upon the sum handled so small as to appear really remarkable. Not one word of complaint has reached the ears of your Committee, and they are justified in saying that this great Cause of Foreign Missions is in safe and judicious hands.

In conclusion, your Committee would recommend,

First, That the Minutes of the Board, which have been carefully examined, be signed by the Moderator as approved.

Second, That the following persons, whose term of service expires at this meeting of the Assembly, be reappointed to serve as members of the Board for the three years ensuing:

William Adams, D.D., Llewellyn D. Bevan, D.D., Hon. William E. Dodge, Hooper C. Van Vorst, and George S. Coe.

Your Committee would also offer the following Resolutions to the Assembly for consideration and adoption:

1. The Assembly would earnestly enjoin upon the churches the duty of increasing their offerings during the present year, so as to liquidate the debt already contracted, and to provide a current income sufficient to meet the annual expenses of the work.

2. That this great duty may be undertaken and thoroughly accomplished, the Synods and Presbyteries are enjoined to make this subject of the debt, and the necessary current income, a matter of special consideration at their next fall meetings, to the end that the churches be properly instructed and encouraged in the undertaking.

3. That the Board be invited to send, not only its Secretaries, but its members, so far as practicable, to visit the Synods at their next annual meetings, for the purpose of arousing these bodies to a proper sense of the urgency of the case; and, by all proper means, to fasten the attention of the churches upon the present special requirements of this great Cause.

4. That the Assembly will guard and cherish "Woman's work for Woman," as an agency peculiarly adapted to the work for which these Societies were originally organized, and in which the Christian women of our churches are so specially and deeply interested.

5. That the Assembly will, through its churches, make an earnest effort to increase the circulation of our Missionary publications, as a safe means of furnishing full and healthy information, to the awakened spirit of inquiry, on the all-important subject of Foreign Missions.

Digitized by Google

6. That the Assembly recognize the importance of training the children of the Church to an intelligent interest in the great work of Foreign Missions, and that we recommend that all our Sunday-schools be urged to take regular contributions for this Cause.

7. That, in view of the disheartening influences of a contraction of the work, it is recommended that the Board shall endeavor to send out new laborers, at least so far as shall be necessary to hold the ground already occupied.

The Assembly adjourned until 3 o'clock P.M.
Closed with prayer.

WEDNESDAY, May 21st, 3 o'clock P.M.

The Assembly met, and was opened with prayer.

A memorial respecting the sessions of Judicatories with closed doors in judicial cases was presented, and referred to the Committee on the Polity of the Church.

The Committee on Bills and Overtures reported

Overture No. 1.—" What is the proper course to be pursued with church members who abstain from the Lord's table because they are conscientiously constrained to believe that they are strangers to Divine grace; but who, in other respects, conduct themselves in accordance with the rules of strict morality, and bring no reproach on the Christian name?"

The Committee recommended the following answer:

In the absence of any specific provision in the Book of Discipline covering such cases as those contemplated in the Overture, the Assembly deem it inexpedient to do more, than call the attention of their Special Committee on the Revision of the Form of Government and Book of Discipline to the defect; and to reaffirm the deliverance of the Assembly of 1878 on the same subject.

The report was adopted.

The Committee on Elections reported the following names, which were added to the roll:

Minister—Rev. John G. Reid, of the Presbytery of Colorado, and *Elder*—James Harvey McKee, of the Presbytery of Otsego.

The Committee, to whom was referred the subject of preparing a " Hymnal" for the use of Sabbath-schools, presented a report, which was adopted, and is as follows:

Resolved, 2d, That inasmuch as the Committee are reliably informed, that the Board of Publication now has under consideration the matter of preparing a Sabbath-school hymn and tune book, it is deemed unnecessary to make to the Board any further suggestions on this subject.

2d. Among the papers submitted to us are two Overtures, one from the Presbytery of New York, and one from the Presbytery of Lehigh, requesting the Assembly to take into consideration a plan for consolidating existing Synods, making them representative bodies of the Presbyteries, and enlarging their powers by making their decisions final in all cases of reference and appeal, excepting such as affect the doctrines or Constitution of the Church. These Overtures have received consideration from this Committee; but, inasmuch as they appear to belong properly to the Committee on the Polity of the Church, we return them to the Assembly, with the recommendation that they be referred to that Committee.

3d. In view of the usual divergence of the Overtures submitted to us, and of the still greater difference of opinions expressed at first by members of this Committee, on the subject of Reduced Representation, we are surprised and gratified to find that, by mutual concessions, we are able to report the following result of our deliberations, reached by the vote of a very large majority:

We recommend that the following Overture be adopted by the Assembly, and transmitted to the Presbyteries for their approval: "Shall Chap. XII. Sec. 2 of the Form of Government be amended, by substituting the words "Forty-eight" for the words "Twenty-four," wherever they occur in said section? So that the section would read, "The General Assembly shall consist of an equal delegation of bishops and elders from each Presbytery, in the following proportions, viz.: Each Presbytery consisting of not more than forty-eight ministers shall send one minister and one elder; and each Presbytery consisting of more than forty-eight ministers, shall send two ministers and two elders; and in the like proportion for every

forty-eight ministers in any Presbytery; and these delegates, so appointed, shall be styled Commissioners to the General Assembly."

The recommendation concerning the Overtures from the Presbyteries of New York and Lehigh was adopted.

After a protracted discussion of the remainder of the Report, it was moved that the question of Reduced Representation be indefinitely postponed.

Pending the discussion of this motion,

The Assembly adjourned until 7½ o'clock P.M.
Closed with prayer.

WEDNESDAY. May 21st, 7½ o'clock P.M.

The following paper was presented, and adopted by a rising vote:

Whereas, The Rev. Francis L. Patton, D.D., LL.D., the Moderator of the last Assembly, and Professor of Didactic and Polemic Theology in the Seminary of the North-West, was elected to the chair which he now fills by the Directors of said Seminary, acting as a Committee of the General Assembly, which election was confirmed by the Assembly of 1872: and

Whereas, This Assembly has learned that the Synod of the Presbyterian Church in England, the highest judicatory of that body, has called the Rev. Dr. Patton to a similar position within its bounds, and has urged the acceptance of the same upon him;

Therefore, recognizing the importance of the field now occupied by Dr. Patton, and with a hearty recognition of his distinguished services in the past, and with faith in the promise of the future,

Be it *Resolved*, That, commending him in the decision of the solemn choice now resting upon him to the divine guidance, this General Assembly hereby expresses its earnest desire—if consistent with the highest interests of the Church of Christ—that Dr. Patton may remain with us, giving to this Church as heretofore the benefit of his services in the instruction of those who are in training for the ministry of Christ; and that the friends of the Seminary of the North-West may be incited, by this invitation from a sister church abroad, to increase their interest in, and enlarge their beneficence toward, this Institution.

The unfinished business was resumed, viz., the motion to postpone indefinitely the consideration of the Report of the Committee on Reduced Representation.

Pending this discussion, the Assembly proceeded to the order of the day. The Standing Committee on Freedmen presented their report, which was accepted, and it was

Resolved, That so much of the Report as relates to the transfer of the work of the Committee to the Board of Home Missions be deferred for the present, and subsequently considered in connection with the Report of the Standing Committee of Home Missions on the same subject.

Rev. James Allison, D.D., Treasurer of the Committee, and others, then addressed the Assembly in relation to the work of the Committee.

The report was then adopted, except so much of it as has reference to the proposition for a transfer of the work of the Committee of Missions for Freedmen to the Board of Home Missions.

The Standing Committee on Church Erection beg leave to present the following Report:

The Minutes of the Board, submitted to your Committee, are full and clear, and show fidelity to their trust on the part of all the members and officers of the Board.

The Annual Report, referred by the General Assembly to your Committee, has been carefully considered by us, and we express the hope that it may be as carefully considered, not only by the members of the Assembly, but by all our ministers and people.

What the thumb is to the hand, that the Board of Church Erection is to our other great agencies in home evangelization. It completes their grasp. It brings their results into permanent possession. The plan and development of Christ's Church involves the formation of particular congregations. And the congregation demands the sanctuary, in order to its conservation, its influence upon the world, and its growth in faith, love, hope, and good works, as well as in numbers.

But the particular congregation is usually, at first, weak and poor. It needs the sympathy and assistance of other and stronger congregations. To give expression to that sympathy, and a wise direction to that assistance, is the object of the Assembly's Board of Church Erection.

Two hundred and forty feeble congregations have applied for aid during the past year. More than five hundred congregations of this class, in our States and Territories, are to-day waiting for the help which will encourage them to arise and build. And each year a multitude of young churches are organized which require assistance in securing houses of worship.

The wants of Presbyterian Christians who go to the great West press upon the Church with increasing weight. In all of the vast States and Territories between the Mississippi River and the Pacific Ocean—these regions whose names are so musical to our ears, and which by their natural wealth and inviting climate attract growing armies of immigrants—there are little clusters of men, women, and children, to whom the Bible is the only book more dear than the Confession of Faith of the Presbyterian Church. Their first desire, after they find rest in their own humble homes, is to secure houses in which they may hear the blessed Gospel, present their prayers and praises to the God of their fathers, and enjoy the grace which comes to believers through the sacraments of our Lord Jesus Christ. They can rarely build log churches as their ancestors did in the "wood country," for even logs are too costly for their means. The pine lumber of the north must often be transported hundreds of miles before churches on the prairies can have houses in which to worship God. The iron and glass of the Alleghany slopes must find their way to the Rocky Mountains and the Sierra Nevada, in order that little congregations gathering there may be able to sit down with great delight in the shelter of God's sanctuary. And then congregations are frequently almost as powerless to build churches for themselves without aid as the sheep of Colorado would be to construct folds for their own use, if they were needed.

They must have help or be scattered and lost.

But the older States are as yet but partially furnished with houses

Digitized by Google

of worship. Their increasing population requires new sanctuaries in almost every quarter. Even in our great cities there is a constant demand for church buildings, which the people who need them are not able to secure without assistance. In some of our older States, and especially in New England, there is a continued influx of Presbyterians from Scotland and the Canadian Dominion, immigrants who are only rich in faith and self-denial, and who need our help in their work of church erection. If we have a new West each year, we also have a renewed East to provide for.

Your Committee are anxious that the claims of the more thickly peopled parts of our country shall not be forgotten. In crowded England more churches have been built within the last twenty-five years, than had been erected during the two hundred years preceding. Yet the societies which assist in this work are continually asking for more money. The same is true in Scotland, the mother land of our American Presbyterianism.

Our Board of Church Erection dare not overlook the wants of weak congregations in the older States, which, compared with countries like Great Britain, are still thinly settled, and poorly furnished with church edifices. That the Board and its officers have not neglected this part of the field, is evident from the fact that during the past year they have aided in building eleven churches in New Jersey, eight in New York, seven in Ohio, and seventeen in Pennsylvania, not to speak of what they have done for other States between the Atlantic and the great Lakes.

In all, they have given assistance to one hundred and seventy-five feeble congregations, in thirty-eight States and Territories of the Union. The average grant has been more than five hundred dollars to each church. In the great majority, if not all, of these cases, the congregations would have been unable to build without aid.

Your Committee are glad to call attention to the statement, made in the Annual Report, that one hundred and sixteen more churches have given to the Cause during this year than last, and that there has been a slight increase in the entire amount of moneys contributed.

They would also make grateful mention of the fact, that the Board of Church Erection once more report a surplus in their treasury at the close of their financial year. It must, however, be recollected that during the chief part of each year the treasury is almost empty. The surplus only represents the comparatively large offerings which are made in March and April, and which cannot be anticipated by grants, or relied upon with assurance beforehand. The Board and its officers cannot require of the congregations which they assist freedom from church debt as a condition of help, if they set the bad example of running into debt, even for the sake of such suffering congregations.

It is evident that, instead of being "rich and increased in goods, having need of nothing," the Cause of Church Erection in fact languishes for want of sufficient means.

If we leave out of view the donations made by two men whose hearts God has enlarged, we find that our churches have contributed to this work at the rate of less than seven cents from each communi-

cant. More than half of our congregations, many of them wealthy and prosperous, have given nothing at all.

Your Committee have been able to discover no good reason for this state of things. The presence of hard times does not justify it. Our people have not been so poor as seriously to suffer from the loss of the pittance which they have cast, or might have cast, into this department of the Lord's treasury.

Nor can it be charged that the funds of the Church, actually entrusted to the Board, have been either hoarded or wasted. If the rules under which they and their officers are required to operate sometimes appear to be unduly stringent, the fault, if there be any fault, is not theirs, and should never be laid at their door.

On the other hand, they have not been rash, or too profuse, in their distribution of the charity of the Church. They seem to your Committee to have acted with singular prudence, justice, and wise frugality, mingled with wise generosity.

In this connection it seems proper to state, that the economy, with which the Board has endeavored to conduct its operations, has been in no slight degree aided through the voluntary relinquishment, by their venerable Corresponding Secretary, of one thousand dollars of his well-earned annual salary.

Your Committee would gladly make further recognition of the sacrifices, as well as the services, of this faithful steward in the Lord's House, if they were permitted to do so. But his best reward is in heaven, rather than in any honor from the Church, which somewhat selfishly, perhaps, prays that many years more may pass by before he shall go to receive his higher recompense.

In searching for the causes of the lack of deeper interest in the work of Church Erection, your Committee have observed that this Cause does not appeal so directly and forcibly to the imagination, as do some others of our Benevolent Agencies. It does not come home so tenderly to personal sympathy. It bears upon the reason and conscience rather than upon the emotions.

When cities are in flames, or scourged by pestilence, millions of hearts are stirred by sweet impulses of charity. A lost home appears to be a greater misfortune, than it is to be compelled to wait for a future home.

And so when they who as yet remain without houses of worship ask for help, we too often fail to hear their faint and distant call. We forget that we should be "as dear children imitators of God," who hears even the young ravens when they cry, and who pleads with us by the memory of Him who had no place where to lay his head, to prove our brotherhood to his poor and feeble ones, by assisting them in their painful efforts to gather under the home-roofs of Christian churches.

But the great cause of lack of interest in this work seems to your Committee to be, either ignorance on the part of our people of the necessities of weak congregations, or a want of the spirit of consecration; which means simply possession by the spirit of penuriousness.

To remove lingering ignorance, your Committee would urge that the work of Church Erection be faithfully and urgently brought before our congregations by pastors and efficient Presbyterial commit-

tees. The chief business of committees on church building is not to consider and endorse applications for all, but to stir Christians up to giving more freely to this great object. It is not so much to ask for money as to furnish it.

In as far as the scanty offerings of the churches may be due to the working of that most mean and treacherous of all anti-christs, penuriousness, the only hope of the removal of the cause is in such an outpouring of the Holy Ghost, in answer to prayer, as will produce the evidence of renewed hearts in opened pocket-books. "This kind of devil goeth not out save by prayer and fasting."

Your Committee would respectfully recommend, that no additional encouragement be given, by the General Assembly, to the growing practice of presenting special cases of supposed or real necessity to any of our churches.

An army which is bidden to forage at will through the country, instead of being provided for through a good commissariat, will be poorly fed, and its efficiency will suffer. Some soldiers will get too much, and others not enough.

If what is given in response to these special appeals were supplemental to regular and liberal contributions to the General Fund, no harm could follow. But usually it is in a great measure subtracted from that fund, and the larger interests of the Church throughout the country suffer in consequence.

We would repeat the commendations of former Committees on special features in the work of the Board of Church Erection, especially noticing the building plans and specifications which are furnished by the Board, and the system by which houses of worship, which are built with the aid of this charity, are kept fully insured. Not a dollar of the hundreds of thousands granted or loaned by the Board has ever been lost by fire.

It would be well if Presbyteries would urge, upon all congregations within their bounds, the duty of insuring their houses of worship.

In conclusion, your Committee would offer the following Resolutions:

Resolved, 1. That, in view of what has been accomplished, though with limited means, in the work of Church Erection during the past year, we thank God and take courage.

Resolved, 2. That, recognizing the growing demand for more houses of worship in our country, and the wisdom and efficiency of the Board of Church Erection and its officers, the General Assembly commend these, their agents, to the confidence, and the Cause of church building to the prayers, the active sympathy, the generosity, and the justice, of all churches and Christians under their care.

Resolved, 3. That, *Ministers*, William J. Tucker, D.D., Marvin R. Vincent, D.D., Samuel M. Hamilton, David Magie, D.D., and C. Cuthbert Hall, together with *Elders*, Richard S. T. Cissel, M.D., Hezekiah King, Albert N. Brown, and Stephen H. Thayer, Esq., be nominated to serve in place of the members of the Board of Church Erection, whose term of office has expired by legal limitation or by resignation.

The Standing Committee on Education presented their Report, which was accepted.

The Secretary of the Board, Rev. Daniel W. Poor, D.D., addressed the Assembly.

Adjourned until 3 o'clock P.M.
Closed with prayer.

FRIDAY, May 23d, 3 o'clock P.M.

The Assembly met, and was opened with prayer.

A paper on the Suppression of Polygamy was presented, and referred to the Standing Committee on Bills and Overtures.

The Committees on Bills and Overtures reported

Overture No. 2.—From the Presbytery of Philadelphia, asking the Assembly to name a day in each month for united prayer throughout our churches for the conversion of the world; and, furthermore, that it be recommended that, on the first Sabbath of each month, one of the services, in whole or in part, be devoted to the consideration of this subject.

The Committee recommended the following action:

The attention of pastors and church sessions is called to the great importance of maintaining regular services, with specific reference to the spread of the gospel throughout the world. This General Assembly would express their earnest desire, that the "Monthly Concert of Prayer for Missions" be more generally observed by their churches, and they recommend that, in every congregation, the first devotional meeting of each month be given up to the consideration of the work of the Lord throughout the world, and to prayer for the world's conversion.

Overture No. 3.—From the Presbytery of Rochester, asking the Assembly to take efficient measures to secure greater accuracy hereafter in the tables of figures contained in the printed Minutes.

The Committee recommended the following action:

Appreciating the value of perfectly accurate Statistical Reports in the Annual Minutes of the General Assembly, this Assembly would urge upon the Stated Clerks of Presbyteries the importance of exercising great care in the preparation of their Reports, and of strict compliance with the instructions of the Assembly in filling the blanks forwarded for the use of the General Assembly. And the Assembly would also request the Stated Clerk of the General Assembly, to cause the Statistical Reports of the Presbyteries to be verified, so that inaccuracies arising from mistakes in computation may hereafter be prevented.

Overture No. 4.—From the Presbytery of Pittsburgh, asking the Assembly to recommend a reduction of the "salaries paid by our Boards and Committees for carrying on their work."

The Committee are of the opinion that the recommendation should not be made.

Digitized by Google

Overture No. 5.—From the Presbytery of Council Bluffs, asking whether a minister of the Gospel, once suspended, but afterwards restored, may demand that the records in his case be closed to inspection, or tanscript, when required by subsequent judicial proceedings by his own Presbytery.

The Committee recommended the following answer:

The records of our church courts are public and not private documents, and therefore no one who has been under discipline can "demand" that any thing pertaining to his case shall be "closed to inspection or transcript." Yet a wise Christian charity would suggest that, when the end of discipline in the restoration of an offender has been reached, no further publicity, if possible, should be given to the matter.

Overture No. 6.—From the Synod of Baltimore, suggesting that the size of the Annual Minutes of the General Assembly be reduced, by excluding from them the Reports of the several Boards and Standing Committees of the Assembly.

The Committee recommended that no action be taken.

Overture No. 7.—From the Presbytery of Cedar Rapids, asking for the insertion of new additional columns in the Statistical Reports of Presbyteries, setting forth the amounts contributed to Home and Foreign Missions, respectively, by the Woman's Missionary Societies.

The Committee find, after conference with the Stated Clerk of the Assembly, that the proposed change would be impracticable, and for this reason, and also because the contributions to the Home and Foreign Boards by the Woman's Missionary Societies are reported in the periodicals of the Church, they recommend that no action be taken.

Overture No. 8.—The Committee also recommended the adoption of the following preamble and resolutions, referred to them by the Assembly:

Whereas, By a recent decision of the Supreme Court of the United States, the sin of polygamy has been declared to be a criminal offence against the Constitution and the laws of our country, and under it prosecution and conviction have followed,

Resolved, 1. That this Assembly hereby records its grateful acknowledgment to God, that the legal status of this affront to our Christian civilization, and this menace to our social order, has been finally determined, and so determined as to declare the laws and the policy of our country, in respect to this crime, to be in accord with the conscientious convictions of all patriotic and Christian men.

Resolved, 2. That this Assembly earnestly invokes the continued and persistent efforts of all executive officials for the maintenance and the execution of this law, and hereby also appeals to the patriotic Christian men and women of our land, to use their united influence in support of that public sentiment, now formulated into legal enactment, which has exposed the pretence of this monstrous

practice to be a religious observance, and which justly holds it to companionship with other vices which are the contempt and abhorrence of mankind.

Resolved, 3. That these resolutions be transmitted to the Assemblies now in session at Louisville and Memphis, with a request for concurrent action.

Resolved, 4. That these resolutions be transmitted, as an official expression from this body, to His Excellency the President of the United States.

Overture No. 9.—From the Board of Church Erection, asking that, in view of the importance of establishing schools and building chapels in Utah, New Mexico, and Alaska, the "plan governing the Board" may be amended, so that the "Supplementary Fund" may be made available for the building of chapels as well as of churches, and also for authority to effect such a change in the character of the said Board as shall enable them to engage in the work of chapel building.

And

Overture No. 10.—From the Presbytery of Colorado, referring to the same subject, and making substantially the same request.

The Committee recommended that the request be granted, and that the Board of Church Erection have leave to effect the changes in their character which are necessary to enable them to engage in the work to which the foregoing Overtures refer.

The recommendations of the Committee were severally adopted.

The consideration of the Report of the Special Committee, appointed by the last Assembly, on the organization of Missionary Presbyteries and Synods was resumed, and Rev. Elijah R. Craven, D.D., addressed the Assembly, and, after some discussion, the Report was referred to the following Committee:

Rev. Henry Darling, D.D., Rev. Francis L. Patton, D.D., LL.D., Rev. Henry H. Jessup, D.D., Rev. Edwin F. Hatfield, D.D., Rev. Albert Bushnell, D.D., Hon. Charles D. Drake, LL.D., and Hon. Chauncey N. Olds.

The Report of this Committee was made the second order of the day for Monday next.

The consideration of the Report of the Committee on the Reduction of Representation was resumed, when, after an extended discussion, the Assembly refused, 203 to 241, to adopt the Report.

Adjourned until to-morrow at 9 o'clock A.M.

Closed with prayer.

The Judicial Committee reported

Judicial Case, No. 1.—A Protest and Complaint of John Wynne Martin against an act of the Synod of Philadelphia, at their late meeting in Germantown, Pa., involving no judicial proceedings, and too trivial to call for judicial interposition. The Committee recommended that the case be dismissed.

Approved.

Judicial Case, No. 2.—A Protest and Complaint of John Wynne Martin against the Synod of Philadelphia, at the same meeting, in the matter of the Hermon Church. The complainant having informed the Committee, by letter, that he is providentially prevented from being present at the sessions of this Assembly to prosecute his complaint, the Committee recommended that, in accordance with his request, the consideration of the case be referred to the next Assembly.

Approved.

Judicial Case, No. 3.—An Appeal of John F. Severance from, and Complaint of, a decision of the Synod of Cleveland, at their last meeting at St. Clairsville, Ohio. As the matter involved was adjudicated more than two years ago, and the complainant suffered his right of appeal to be lost by default, and cannot now reclaim it; and as he also failed to appear and prosecute his case, as required by Chap. VII., Sec. 3, Art. 11, of the Book of Discipline, for which failure he has made no apology and given no reasons, the Committee recommended that the case be dismissed.

Approved.

A Resolution concerning voting at the election of a pastor was presented, and referred to the Standing Committee on the Polity of the Church.

The Standing Committee on Benevolence presented their Report, which was accepted and placed on the Docket.

The consideration of the unfinished part of the Report of the Standing Committee on Home Missions was resumed, and continued until nearly the hour for adjournment, when the Assembly, by a vote of 109 to 314, refused to adopt this part of the Report.

The Report of the Standing Committee having been amended, was then adopted, and is as follows :

The Standing Committee on Home Missions beg leave to make the following Report :

Having carefully examined the Seventy-seventh Annual Report of the Board of Home Missions, and considered sundry papers presented, and heard statements from parties personally interested, we submit the accompanying thoughts and suggestions.

First. The magnitude of the work.

Three quarters of a century have passed since the separate organization of this work by our Presbyterian Church, almost a decade since reunion ; but the wisdom, zeal, energy, and Christ-loving power of the mighty Church are now more eager and intense than ever before.

Time does not diminish, but enlarges, this work, and at the close of the century the Church will have more Home Mission work to do than to-day.

In the beginning of this period of three quarters of a century, a small band of men—smaller than is now needed in a single Presbytery—was commissioned ; to-day more than 1200 are marshaled for battle. Then, a few churches contributed a few hundred dollars to "the experiment ;" now, we proudly read, "Churches contributing 3592 ; amount given, $175,172 ; besides $10,711 from our Sabbath-schools, $20,119 from the ever faithful and never wearied women ; and this enlarged by legacies given, when love is tested, $47,212 more, and filled up from other sources till we have the princely sum of $276.175." And besides all this, so great and so grand, adding the available receipts of the Sustentation Board, whose funds now pass through the Home Mission Board, we have the regal sum of $337,458. And beyond this, when our Board says we have spent $26,451 more than all the churches have made available, we are compelled to measure this work by numerals surprising now, incredible when the work began. These 1200 missionaries have given the past year 928 years of labor, organized 136 churches, added to these churches 10,872 members, and built 91 new churches, costing $239,250.

Let your eye range the field of operations. Begin with New England, and passing on, by sections of States—Middle, Southern, and Western—in each, work is found for this Board ; on, past the great rivers of the West ; on, widening your gaze from the extreme northern boundary till it sweeps to the Gulf on the south ; on, towards the slope of the mountains, seeing New Mexico, Arizona, and the whole broad field belong to this Board's operations ; go on, till you climb the summit and look off towards the Pacific—the whole land is the working place of our Board. Nor can you rest here ; far away to the north stretches Alaska, ready for men, and want-

Digitized by Google

ing churches, which must be furnished by this agency of our Church. Nor is this all. The missionaries on the field, who can measure its size and know its wants, tell us our Church is doing only a tithe of what is ready to be done. Our Board, hearing the cry come from so many Macedonias for help, and knowing, from a knowledge which examination would confirm, and objections and cavils cannot disturb, that four times as many more could be employed, and four times as much territory as is now tilled could be wisely cultivated, and four times ten thousand communicants could be added to our churches, if the Church would quadruple its present gifts, and this increase on the present territory of our country; and, if we are to have more, and not stop till the whole "boundless continent is ours," and as this increase of area comes to our country, the field of the Home Mission Board must grow larger, including it all, we have a domain vast in extent, without limit in its resources.

Second. Growing out of this increase of work to be done, comes to the Church the responsibility of its performance. The Master has spread out the field and placed the grand Presbyterian Church in it, causing her to see and know its needs and value. And, when we know that all things are possible to him that believeth, we cannot help the belief that such a Church, with its knowledge, prestige, zeal, love, and the available power of the Spirit's presence and aid, is equal to the work of Home Missions in this mighty area, we acknowledge the responsibility, we accept the trust, and, buckling the girdle tighter, we will run faster, work better, and consecrate the Church and its money to the work of Home Missions in this broad land.

We are not slow to accept this trust, to undertake this work, when we note the mighty increase of our Church.

Taking the statistics of the last year, we find added to our communion 53,000 members, giving us an aggregate membership of more than half a million, contributing, to the different claims of the Church, nearly nine millions of dollars.

Cannot such a church, so prosperous, do all the needed work? She can. Will not the trust be discharged? As we remember the commission, as we feel love constraining, as we think of the reward, the answer comes from the whole Church, In Christ's name, with the Spirit's guidance and God's help, this trust shall be discharged; the talent shall not be laid up in a napkin, but used and held ready, with all its increase, for acceptance by our Lord.

Encouragements.—The Report of our Board gives abundant room for encouragement. 1. In the actual increase in the number of churches founded by our missionaries, and the number of members added to them. 2. In the growing favor with which these servants of the Master are received in every quarter. No State is closed against them, every Territory is accessible, and we note an eager desire, and hear an importunate plea, for the light-bearer to come with the lamp of life. New Mexico, Arizona, Utah, Dakota, are calling for the preacher of the Word commissioned by our Board.

Our Board speaks of discouragement in this wise: "The past year has been one of hardship to our contributors, and also to the missionaries. The long-continued financial distress in the country has

Digitized by Google

led to widespread discouragement. A large number of our ablest contributors have found it impossible to contribute as largely as in former years. Many churches that had become self supporting have been compelled to ask for aid, and others that were aspiring to self-support have had to seek more help than the year before. The income of the Board has not permitted the granting of these petitions by about twenty-five per cent." This is the discouragement, but contrast with this another feature, and let gladness come, and hope rest on the future :

"Near the end of the fiscal year, when we were in danger of being overwhelmed with debt, the churches rallied to our relief. Many that had contributed nothing to our Board, the year before, sent us generous collections. Many took up extra collections in our behalf. The Presbyterial Home Mission Committees gave prompt and gratuitous and valuable assistance in the emergency, and the Board received $17,336 more than the year before.

"More churches contributing, more help given, and more money received, though it falls far short of what could be wisely expended, takes away the pall from the darkness, if it does not change the whole into light.

At the last General Assembly a Resolution prevailed, "that it is hereby recommended to the Board of Home Missions that they make careful inquiry whether it be feasible to reduce the current expenses of the Board, and answer to the next General Assembly." Whatever action the Board may take, and what reduction they may deem wise in recommending, we know not, but your Committee are glad to report to this Assembly that our honored Secretaries, in a spirit of the truest loyalty to this body, and ready to share in necessary reductions, have voluntarily relinquished one fifth of their salaries for the past year, and have taken measures to reduce rent for the year to come.

Your Committee commend this action of the Secretaries to your notice, giving, as it does, a guarantee that any reasonable reform will at any time be cheerfully made, confirming the opinion, which has been strengthening year by year, that wisdom, efficiency, integrity, and a willingness to serve the Assembly characterized these officers.

An Overture has been in our hands from the Presbytery of San José, asking that such changes be made in the Rules of the Board, as would allow money to be paid to the Presbytery instead of the Missionary. This has been carefully considered.

Your Committee consider such a change as radical, if not revolutionary, and in the absence of any reasons for such change we see no plea for departing from the present plan, working so harmoniously and efficiently.

Freedmen.—In accordance with the action of the General Assembly of 1874, looking towards the merging of the Freedman's Committee in the Board of Home Missions, an enactment was made in the following words : "The Committee on Freedmen shall continue as at present located and constituted for the period of five years, during which period its affairs shall be conducted with the view to the final merging of the Committee with the Board of Home Missions ; and, as soon as possible, the churches under the care of the

Digitized by Google

Committee for Freedmen shall be transmitted to the Board of Home Missions."

In accordance with this order, early last year, the Freedmen's Committee turned over, to the Board of Home Missions, all their missionaries engaged exclusively in preaching, and the churches under their care; but action taken by the Assembly of 1878 (Minutes, page 81) rendered it impossible for the Board to discharge the trust, which had been accepted at the beginning of the year; whereupon the whole work pertaining to the Freedmen was recommitted to its Committee.

Your Committee, in view of the action of the Assembly of last year, have no recommendations to make further than that the action of the Board of Home Missions, in recommitting the Freedmen Churches to the Committee for Freedmen, be approved, and content themselves with the historical statements herewith made.

Sustentation.—At the last General Assembly, radical changes were made in the working of what is called the Sustentation Scheme. Under the old plan which had been denominated "stringent," one year ago there were 69 pastors and a balance of $44,879.50. The new and more liberal plan was placed in working order about July or August.

During this ten months' trial, the new plan closes the year with 137 pastors, and a decrease of the balance of last year by more than $10,000.

Your Committee, while confiding fully in the discretion of the Board, and recognizing the order of the Assembly as binding, seeing that the result of the new plan must of necessity ere long leave this fund without a balance, urge the Board to exercise such discretion as shall delay that result as long as possible.

Two Overtures have been placed in our hands, one from the Presbytery of Dayton, and one from the Presbytery of Palmyra, asking for a change in the administration of this fund of Sustentation; but considering that, under the workings of the present plan and rules now in operation, this fund will be exhausted within two or three years, we cannot think it wise to recommend any change.

Woman's Work.—A considerable portion of the Annual Report of the Board is occupied with the consideration of Woman's Work, but none too much space, and none too much praise, are given to the noble work accomplished, and the promise given for continued effort. With the history, telling how this work in its relation to woman originated, we need not meddle.

The comparative merits of the Home and Foreign work we need not attempt to determine. Woman loves her own sex, and she is willing to work for her sister, whether on the foreign shore or in the home field, because redemption has been purchased for both, and her work cannot be done, or her responsibility ended, nor her heart-throbbings stilled, till the dark mind of the women on the heathen shore is enlightened, and the careless or neglected one in her own land is made alive, by the grace which brings salvation.

There is no conflict. The true woman who does the most for Foreign Missions will do the most, and do it quickly, for Home Missions; and the Christ-loving woman, who is most intense in her

Digitized by Google

work for the Home Board, will sympathize most warmly with, and open her hand widest for, the Foreign work.

Yet we plead for the Home work, remembering the Resolutions of the Assembly of 1876 (Minutes, page 31), also of 1877 (Minutes, page 512); and knowing that the Assembly of 1879, loving other Boards so much, will not lessen their affections for this.

We call the attention of the Assembly to the fact that, according to their advice, "a Woman's Executive Committee of Home Missions of the Presbyterian Church" has been formed, having its office and treasurer in New York.

Already this organization has borne abundant fruit; and we ask for it, on the part of the women of our Synods, Presbyteries, and churches, a hearty co-operation, and for its plans a careful trial. We may urge, in accordance with resolutions of former Assemblies, Synodical Committees of women, also Presbyterial, and the organization in every church of a missionary society to gather information and collect contributions. If in such organization it seems best to have only one society for Foreign and Home Mission work, dividing the contributions as may be agreed, so let it be, only do not forget your old neighbors now on the frontier, and your child gone from the old place of worship, who will have no one to preach to them the Word of Life, except for your thought and your benefactions.

We ask that the General Assembly request the Presbyteries and Synods, to embody in their Annual Narratives what has been done by women for Home Missions; and that this information be embodied in the Narrative of this body.

An examination of the Report shows a new feature in the work of our Board. The Board tell us that, with the progress of the country, the rapid increase of railway construction, and the flow of population, they have been brought face to face with "exceptional population" in Southern Colorado, New Mexico, Arizona, Utah, and Alaska—population of another religion than ours, speaking a strange language. Church organization could not be commended among such a people. It must be a work of laying foundations, of patience, a work in the homes, in the streets, and in the fields. Schools must be opened free—absolutely free—in which prayer and praise shall be heard. This work has been highly prosperous. In Utah four years ago there were two churches and two ministers; not a school, not a single teacher; now 10 ministers, 8 churches, 11 schools, 15 teachers, 800 day and 900 Sunday-school scholars, and 55 teachers. In New Mexico now, 14 schools and 18 teachers. In Alaska, 2 schools and 2 teachers.

These schools need places, houses, and conveniences, for which our churches must furnish the means. So the appeal comes from the East, West, North, and South, from every quarter; an appeal growing more earnest every year, and louder at every call. Let the Assembly hear it, and answer. Let every Synod listen, and send back a response. Let each Presbytery hear, and not withhold something to cheer, help, and save. Let every Christain hear, and for the love he bears to his Master answer, giving in that answer the meaning of the precept, "whatsoever thy hand findeth to do, do it with thy might."

Your Committee give expression to full confidence in the management of the Board, and continued faith in its officers. And, while there may seem to be what has been called discrimination, this in every case has been found to be only apparent. The weakest and strongest are treated alike. The poorest and the richest Presbytery receive equal consideration at the hands of the Board. Our plea to the Presbyteries and churches is—work in accordance with the plans of the Board. If your applications seem to be neglected, remember there are more than 1200 applications similar to your own to be considered; and, waiting a reasonable time, renew your application. If your especial case does not receive due consideration, gather new facts, plead new arguments, and, on the word of the Board of Home Missions, you shall be heard.

We cannot pass the noble, self-sacrificing band of toilers in the field without commendation. The Church does not forget you. Work on. Call for help, and the call shall be answered.

We have spoken of a debt with which this year is closed, but we must feel that our Board has not been rash or unwise in making it; for more churches have contributed, and a larger aggregate amount has been given this last year than ever before.

In view of the revival of business already promising so much, and the prosperity so full of ability sure to come in the near future, the hope is expressed that the number of our churches contributing to this Board the coming year will be larger than the last year, that every church will be true to its relation to this blessed work, and that all the money the Board can wisely use will be freely given. Then the whole land can be possessed, and every household hear the gospel preached.

An Overture is considered from the Presbytery of Erie, asking the General Assembly to consider the matter of the appointment of Synodical Missionaries.

Your Committee can see no valid objection to the appointment of Synodical Missionaries, and would leave it with each Synod to do as they may seem best—recommending in the case of such appointment that the name, salary, and means of obtaining such salary be forwarded to the Committee of Home Missions of the Assembly.

The term of service of the following members of the Board expires with this Assembly, viz.:

Ministers—Rev. John Hall, D.D., Rev. William M. Paxton, D.D., Rev. William J. Tucker, D.D.

Laymen—George W. Lane, George R. Lockwood.

We recommend that they be re-elected.

The report of the Standing Committee on Freedmen was then adopted, and is as follows:

The Committee, to whom was referred the Annual Report of the Presbyterian Committee of Missions for Freedmen for the year ending March 31st, 1879, would respectfully report: That the work has been carried on with economy, fidelity, and vigor; and that a gratifying measure of success has been obtained. Although the collec-

Digitized by Google

tions in many departments of church work have been diminished during the past year, on account of the depressed condition of the country financially, the sum received by this Committee from all sources has been *in advance* of the previous year.

It is worthy of special notice, that the churches and schools of the Freedmen themselves, in the midst of their deep poverty, abounded in liberality, giving one fourth as much as was received from all other churches and Sabbath-schools.

God has also put it into the hearts of a number of persons, to whom this Cause is peculiarly dear, to give liberally for some of its special wants.

The importance of this work has been seen and felt across the water, and has awakened such a spirit of beneficence, that the Students' Missionary Association of the United Presbyterian Church in Scotland has gathered, and forwarded to the Treasury here, the very liberal sum of $6,120.17—a sum donated for the specific purpose of aiding students to become missionaries to Africa. To these warm-hearted and generous young men of Scotland this General Assembly returns its hearty thanks, and invokes upon them and their work heaven's best blessing. When it is considered, that only one third of our churches remembered this important Cause in their benefactions, it is natural to ask, What might not have been done had all our 5330 churches given what they could? Can it be that the members of the 3554 churches, who have contributed nothing during the past year, have no interest in the wonderful work among the Freedmen? It is rather to be feared, that they have not been informed concerning its just and pressing claims. For it has ever been true, that they who have known the most of these claims have been deeply stirred to sympathy, prayer, and benefactions. One hundred and forty missionaries have labored assiduously during the year, manifesting great self-denial and liberality.

It should not be overlooked, that this Committee is carrying on an evangelical work of great value. Under its general control there are 39 schools, in which there are 80 teachers and 4184 pupils. In these schools, as in the churches, the true principle of self-reliance is taught. In two of them the pupils have contributed, towards their own support, $6567. In all these schools, the Bible and catechism are daily taught, and thus are the young people nurtured in that which tends to their highest mental and spiritual development.

In four of them, from which statistics have been received, there are 337 professors of religion, among whom 51 are studying for the gospel ministry. The education received is, in many cases, put into immediate practical use. No less than 145 of these pupils having taught, in other schools, part of the year, the large number of 7513 pupils.

The record given in regard to these pupil teachers is, that "in the main they are young men of excellent character and sterling worth, representing the best of their people."

To the unspeakable importance of this educational work among the Freedmen, the General Assembly would urgently call the attention of the Church. In supporting these well-tried schools, supply-

ing their wants and rendering them more and more efficient, and in founding new ones where needed, we can exert the most powerful influence upon the millions of this people, who, by reason of their past circumstances and present surroundings, have the highest claim upon our sympathy and aid. Eighty-eight per cent of the colored children are growing up in absolute ignorance, whilst only twelve in each one hundred are, for a few months in a year, attending school. Let the Church be told that nearly one million and a half of the colored children of our land are utterly destitute of educational privileges; and let her consider well what this means—that it points to beggary and crime for the generation to come. The Presbyterian Church must not, dare not, neglect the imperative duty of caring for these ignorant multitudes. The Papal Church has seen the influence she may gain here, is already entering vigorously upon this field with men and money, and is meeting with success in alluring many to her fold.

We earnestly beseech our ministers and elders to recommend this Cause to their churches, and to endeavor to awaken their members to a deep and increasing interest in it—an interest that shall show itself by liberal gifts to institutions carried on by our own brethren, who delight to inculcate the grand system of scriptural truth dear to us all, and through which institutions we can do much to save a people "at our very doors, and who are to exercise a power in this land—a power, civil, social, and moral, for good or for evil, of which we have but little conception."

In regard to the question, Shall the Committee on Freedmen continue as at present located and constituted, or shall it be merged into the Board of Home Missions, your Committee unanimously and emphatically hold to the opinion that it is inexpedient, unwise, and positively hurtful to all the parties concerned to disturb the present arrangement, and they beg leave to submit the following:

It is true that the General Assembly in 1874 looked forward to a modification of the plan of work. But it is equally true that, after four years' more experience, and after a very careful and thorough examination of all that had been done by the Freedmen's Committee, and of the condition of its institutions, and after pondering well upon the probable results of such a change, it is equally true that the General Assembly of 1878 did, with a unanimous and enthusiastic vote, not only refuse to disturb the Committee, but heartily and earnestly commend its work to the prayers, increased contributions, and generous support of the churches.

The reasons which governed the last Assembly are as cogent now as then. Some of them are here given:

1. To transfer the work would be an experiment, and one attended with such consequences that the trial of it would be hazardous. It is conceded on every hand that the Committee is meeting with success. It is best to let well enough alone.

2. There is no room for greater economy of administration. The work is carried on at a nominal expense. There is but one salaried officer, the Secretary, who annually receives but $2218.75, with a clerk at a salary of $443.75. The Treasurer gives his labor to the Committee from love to the Cause.

3. A transfer of the work would discourage and dishearten our

colored brethren on the field. In 1878, the Synod of Atlantic (colored) addressed a memorial to the General Assembly, declaring "the pressing necessity of a special agency to have charge of the educational work, and asking for the continuance of the Freedmen's Committee." And in December last (1878) the same Synod, having had their memorial granted, adopted, with but two dissenting votes, this language: "We heartily approve of the disposition which the General Assembly has made of the work among the Freedmen."

4. It is to be feared that a transfer of the funds might produce litigation concerning legacies that have already been received, and especially endanger other bequests known to exist.

5. The change of administration proposed would largely cut off the income of the Freedmen's Cause, inasmuch as it would detract from the interest attached to a special work, and would make that work a mere appendage to one already vast and complicated in its proportions.

6. The educational work pertaining to Freedmen is too important to be thrust into a corner. It stands by itself, and in order to be made a success it should receive the watchful care and the individual attention of a separate organization. Such exclusive and efficient attention it is now receiving at the hands of the Committee on Freedmen. The record of what that Committee have done was spread out fully before the last Assembly, and was so encouraging, so entirely satisfactory, that the unanimous decision of that body was that this Committee, having the confidence of all familiar with its work, and growing daily in favor, should not be disturbed.

We reiterate the words of the last Assembly: "We cannot afford to shake confidence by changes which are not demanded by any interests in the Church." And we may add, we cannot afford to tamper continually with the machinery of the Church. We can not afford to slacken for a moment our efforts for the good of these colored people. Their comfort in things of earth, their knowledge of things divine, and the eternal salvation of their priceless souls, largely depend upon faithful, prompt, and zealous efforts in educating them. To this work let us stir up our own hearts and arouse all our people.

Your Committee recommend the election of the following persons to constitute the Committee of Missions for Freedmen:

Ministers—Elliot E. Swift, D.D., Samuel J. Wilson, D.D., LL.D., James Allison, D.D., John Gillespie, Samuel J. Fisher, and Charles L. Thompson, D.D.

Laymen—James B. Lyon, Robert C. Totten, John C. McCombs, Robert S. Davis, William C. Aughinbaugh, and Charles W. Hubbard.

It is recommended that the Minutes of the Committee, which have been examined and found correctly kept, be signed as approved, by the Moderator of the Assembly.

The Report of the Standing Committee on Education was taken from the Docket, adopted, and is as follows:

The Standing Committee on Education respectfully report as follows:

Digitized by Google

The Committee have carefully considered the Report of the Board of Education to this General Assembly, and find in it many facts and suggestions, all of which deserve the attention of this body and of the Church at large, and some of which we desire to emphasize.

From this Report it appears, that the Board has accepted during the past year 426 candidates, 10 less than in the preceding year; theological students, 224; under-graduates, 204. Of these 45 are preparing to preach to our immigrant population, and 76 to labor among the colored people. Appropriations have been discontinued in fourteen cases for several reasons; in six cases on account of unsatisfactory reports, which affords gratifying evidence of the determination of the Board to exercise careful scrutiny of the fitness of Candidates. Of these Candidates, those studying theology have been in 16 different Theological Seminaries. Those in their collegiate course were distributed in 42 Colleges; and the academic students, whose cases are exceptional, have been in 12 institutions. The whole number of Presbyteries represented by the Candidates is 108.

The Board report a marked advance in the average standing of the students, and within the past year in point of scholarship. This has probably resulted, at least in part, from the adoption, by the Board, early in the year, of a resolution directing the Secretary to inform the Candidates, that the Report of "Low" in scholarship could not be accepted as satisfactory. In general, the reports from the Colleges and Seminaries have been highly gratifying.

Your Committee would call the special attention of the Assembly to the encouraging fact, stated in the Report of the Board, that of the young men recently graduated from our Seminaries a very large majority are already provided with fields of labor, and a larger proportion than usual have offered themselves to our Boards of Home and Foreign Missions.

The financial condition of the Board is less satisfactory than we could have wished. The debt at the beginning of the year was $9866.00. This debt has been reduced $687,92, leaving the present amount $9561.64. The Board did not venture to borrow money to pay the appropriations expected by the students, and consequently the last quarterly appropriation to the Candidates was withheld. This threw unexpected burdens upon the guardians and Professors of the Institutions in which the young men were studying, who were naturally anxious to retain the students who were thus embarrassed in their several Institutions.

The whole amount of receipts from the churches within the year has been only $38,454.30—less than seven cents per member. To this amount were added, from legacies and other sources, upwards of $10,700; leaving still to the Board the necessity of borrowing $11,000 in order to cancel the former debt, and furnish the third appropriation to the Candidates under its care. Thus the present debt nearly equals that of last year, notwithstanding the withholding from the Candidates of one quarter of the amounts which they hoped to receive. The number of churches, that have contributed to the funds of the Board within the year, is considerably less than half of the whole number of our churches.

We only add to this brief review of the Report our hearty com-

mendation of the manner in which the Board and the Secretary have performed the duties assigned to them. The Secretary has visited five Theological Seminaries, nine Colleges, and two Academies, besides presenting the Cause before several ecclesiastical bodies and many congregations; and we have reason to believe that these special efforts beyond the regular duties of his office have been productive of substantial benefits.

The term of service of the following members of the Board expires at the present time: *Ministers*—Villeroy D. Reed, D.D., Frank L. Robbins, and Walter Q. Scott. *Elders*—James F. Gayley, M.D., Charles E. Morris, Esq., and Joseph Harvey. Two of these members have requested to be excused from serving on the Board in future. We recommend the election of the following gentlemen to fill the vacancies, and to serve for the next three years: *Ministers*—John Dewitt, D.D., John H. Munro, Edward B. Hodge. *Elders*—James F. Gayley, M.D., Henry Matthews, Esq., Joseph Harvey.

The Board have reported the removal by death of three of their members, viz.: the Rev. Beriah B. Hotchkin, D.D., Elder Morris Patterson, and Charles E. Morris. The places of the former two have been filled by the election of Rev. Richard H. Allen, D.D., and Elder William Few Smith, of Camden, and the term of office of the last would have expired at this time, as already mentioned. Rev. Walter Q. Scott and Elder Rudolph S. Walton have tendered their resignations as members of the Board. The term of service of the former would have expired at the present time, as above noticed, and the place of the other has been filled by the election of Mr. Horace W. Pitkin. The Board recommend the members thus chosen to the General Assembly for their approval.

Before concluding this Report, your Committee desire to submit several suggestions and recommendations for the consideration of the General Assembly.

First. We recommend that the General Assembly direct the Board of Education to require the Candidates hereafter received under their care to pursue their collegiate studies, except in very extraordinary cases, in Institutions that sympathize with the doctrinal teachings of our Church. It is believed that some of our young ministers have been lost to the Church, through influences that have been brought to bear on their minds in Institutions, where the faith of our Church is not accepted by the instructors.

Second. Your Committee are relieved of the necessity of recommending any action of the Assembly, in relation to the matter of extending aid to young men who receive assistance from scholarships in our Theological Seminaries, and also in regard to the designation of appropriations by the Board, in future as "Scholarships." We are happy to know that suitable action on both these points has been already taken, in the adoption of the special Report submitted to the Assembly touching this subject.

Third. Your Committee have also been satisfactorily anticipated by the Report of the Standing Committee, regarding the injunction on the Presbyteries to exercise increased care in recommending students, in the first instance, to the Board of Education for aid, and also in the renewing of such applications from year to year.

Fourth. We desire to emphasize this recommendation, as one of

prime importance to this Cause, both in respect to the success and the credit of the entire educational work. The lack of due carefulness, in relation to this matter in times past, has, in our judgment, inflicted most serious injury upon the interests of the educational enterprise, by impairing the confidence of our churches in the wisdom of its management and the benefits resulting from it.

Fifth. We recommend that donors to the Treasury of the Board be permitted to designate, if they choose, the general direction to be given to their contributions; for example, that they may be applied for the aid of colored young men, or of students preparing to labor among our immigrant population. We are disposed to believe, that such permission would encourage some persons to make liberal donations to this Cause, who would otherwise withhold their contributions altogether. And we do not see, that it would be likely so to divert funds from one channel into another as to harm the general Cause.

Sixth. We submit a few thoughts in regard to the oft-repeated question, "Are there not too many ministers already?" The cause of the apparent excess of ministers should be considered. It is not denied that we have many unemployed ministers, while it is denied that we have too many well qualified and available ministers. The reasons for the fact which we admit are such as the following: Many ministers of course are laid aside from work by ill-health and the infirmities of age. Of these, a large number have done excellent service. Again, there was formerly an undue urgency brought to bear upon our young men, to induce them to prepare for the ministry, without sufficient regard to their fitness by nature and grace for the work; and hence we see to-day a very considerable number of men in the sacred office, who should never have entered it. We trust that more discrimination is exercised by the Church, at the present time, in relation to this subject. Further, many ministers have been unsettled either on account of inadequate support, or of restlessness in the churches. Many ministers work on satisfactorily, until their families begin to grow up, and they become unable to live on their salaries, which are not increased in proportion to the increased expenses of living. And for this reason alone, some worthy laborers feel obliged to abandon their calling, and seek some other means of livelihood. This accounts also, in part, for the lamentable fact that a large proportion of the Candidates for eligible vacancies are known to be already settled pastors, or stated supplies. Then many churches, in this day of changes, wish to obtain new ministers, to help them pay their debts, or to satisfy the young people, or to remove difficulties that have grown up among them. And hence the minister must go. Sometimes the fault is his. Often it is not. But however this may be, after a few trials of removal and supposed ill-treatment, many ministers grow weary, and seek some other employment. Lastly, there is no door out of the ministry in our Church; and, consequently, every minister, who for any reason ceases to perform the functions of his office, is still retained on our rolls; and, since this subject has received special attention, every such man, if apparently capable of service, is made use of as an argument by those who maintain that we have too many ministers.

Digitized by Google

Now what shall we say in respect to these facts? We say, first, notwithstanding the large number of unemployed ministers in our Church, we have still 308 more churches than ministers; and a large proportion of these churches are set down as vacant. There are in all 957 vacant churches. It is true, that some of these are unable to do much for the support of ministers, but they ought, in some way, to be provided for, where they have more than a merely nominal existence. Secondly, there are vast fields at home and abroad, that must be occupied for the performance of missionary work and the gathering of churches. And, if we have not ministers already, as we have not, who can or will enter these fields, we must raise up others who can and will do the work. We cannot go backward, we cannot stand still. We must go forward, or prove cowardly and unfaithful. Thirdly, our churches that are now supplied with ministers will soon, in the course of providence, be vacant, and the men must be trained to fill these pulpits in unbroken succession. But if we neglect this work, what is to become of our existing churches in the great future? Fourthly, every profession, in order to have an adequate supply of capable men, must of necessity have a great many more nominal members than are needed; because there will always be many who, for one reason or another, cannot successfully perform the duties of the profession. Is it strange that this should be true of the ministry, as well as of the medical and legal professions? We say, therefore, that if we have too many nominal ministers for the demand, it by no means follows that we have too many available and capable ministers. Lastly, it is, in our judgment, the duty of the Church to remove some of the chief causes for the evil which has been spoken of, the existence of so many unemployed ministers, by greater care in the introduction of men into the sacred office, by more adequate provision for the support of those who desire to labor in the vineyard, and by devising some method of relief for those who have by mistake entered the ministry, many of whom would be gladly released from their responsibilities.

The question then is, shall we discourage and chill the hearts of all our young men, who feel that they are called by the providence and spirit of God to preach the gospel? and shall we make a backward movement in our great work, because we have now nearly 4901 ministers and only 5209 churches? or shall we listen to the voice of the Great Head of the Church, and consequently go forward?

Seventh. But a few words must be added in reply to the question. Cannot an adequate ministry be better provided, without the systematic aid of the Church as a body than with it? Is it wise to maintain a Board of Education, for the training of indigent young men who desire to preach the gospel? Does not this system encourage inefficient and unworthy young men to enter the ministry? And does it not impair the self-respect of those who are assisted by it, so as to disqualify them for the ministerial office?

In reply to these questions, we submit the following very brief remarks:

1. The arguments urged against the training of ministers by the Church will, for the most part, apply, with still greater force, against all the public provisions of the State for the education of officers for our national army.

Digitized by Google

2. The young men, aided by our Board of Education, are no more charity students than are those who avail themselves of scholarships in our Colleges and Theological Seminaries, or those that attend our public schools and State Universities. And we are glad that the Assembly has distinctly recognized this fact, by naming the regular appropriations of the Board "Scholarships."

3. Many of our pious young men of first-rate promise are found in circumstances that forbid their educating themselves, without an amount of effort and self-denial, that ought not to be asked of them, and which cannot be expected of more than a very few Candidates for the ministry. And with all the aid they receive, and all they can well do for themselves, they are obliged to practice the closest economy to get along in their course from year to year. It is doubtful whether any considerable number of those Candidates who are not aided would be willing to practice equal self-denial, as the condition of their entrance upon the sacred office.

4. As a matter of fact, one third of all our working ministers have been educated by the help of the Board of Education. If all such men were stricken from our ministry to-day, the vacancies would astonish the Church and the world.

5. One fourth, if not one third, of our Home and Foreign Missionaries have been educated, partly at least, by the assistance of our Board or of other Boards; and the proportion of such missionaries is annually increasing. What would become of our Home and Foreign Missionary work, if the systematic provisions of the Church for the education of needy young men were withdrawn? These are the men who are usually the most ready to say to our Missionary Boards, "Here we are, send us."

6. While one third of our ministers have been aided in their education by the Board, not more than one fourth of our unemployed ministers come from the same class. Those men, who have been accustomed to hardships in their early years, usually persevere, if possible, in their work even unto the end, whatever trials may befall them.

7. Notwithstanding all want of carefulness in admitting those Candidates for the ministry who receive aid, a much larger proportion of this class justify the hopes of the Church, than of those who are not dependent upon the Board for the means of their education.

How, then, does it appear that young men of real spirit and character would not receive the help of the Board, or that only those who educate themselves, or receive assistance from friends, cherish proper self-respect, or become fitted for high-minded and manly devotion to the work of preaching Christ to the perishing? Facts are better than theories; and the providence and Spirit of God summon the Church to renewed and united earnestness in the support and furtherance of this Cause. We believe that the educational enterprise is obtaining a new hold upon the hearts of our people. But it is a sad commentary upon our zeal in this work, that more than one half of our churches gave not a single cent to our Board of Education, and that the annual donations of the churches to this great object are smaller than their contributions to the Mileage and Contingent fund of this General Assembly. Let new endeavors be inaugurated at once by this General Assembly, and by our Presbyteries, to

secure, if possible, a liberal contribution to this Cause, from every church in our connection. The time has come when we shall dishonor ourselves before the world, if we refuse to respond more liberally to the calls of our Board, for the means of aiding our self-denying Candidates for the Christian ministry.

In conclusion, your Committee recommend the adoption of the following Resolutions:

Resolved, 1. That the Board of Education is entitled to the increased confidence and support of all our churches, as a wisely and efficiently administered agency for conducting our educational work.

Resolved, 2. That it be enjoined on all our Presbyteries, to take efficient measures to obtain the contributions of all their churches for this object.

Resolved, 3. That in the present critical period in the history of this work, all our churches be urged to come up to the help of this Cause, with new zeal and earnestness, in hearty response to the unusual call of the Great Head of the Church for laborers in his harvest.

The Report of the Standing Committee on Correspondence was made the second order for Monday next.

The Reports of the Committees on Synodical Records were made the third order for the afternoon of Monday next.

MONDAY, May 26th, 9 o'clock A.M.

The Assembly met, and spent the first half hour in devotional exercises.

The minutes of Saturday's session were read and approved.

The Standing Committee on Publication reported, recommending that the General Assembly approve the Report of the Trustees of the "Presbyterian House," and nominating the following persons Trustees for the next two years, viz.: Samuel C. Perkins, Esq., Rev. Thomas J. Shepherd, D.D., Rev. William T. Eva, D.D., Mr. John C. Farr, and Rev. Thomas L. Janeway, D.D.

Their Report was adopted.

The Mileage Committee presented the following Report, which was adopted:

The Mileage Committee have endeavored to discharge the du-

ties devolved upon them by this General Assembly to the best of their ability. They have held daily sessions of several hours. These have been rendered necessary from the fact, that many Presbyteries delayed reporting to the Committee until a very late day, or until they were assured their mileage and entertainment expenses would be paid.

This is not strange, perhaps, when we take into consideration that our *rules* do not *compel* Presbyteries to pay into the Mileage Fund in order to have a representation in the General Assembly.

Five Presbyteries did not pay into *either* fund last year.

This year we have fourteen Presbyteries, representing fifty thousand communicants and an apportionment of $4009.18, who have not paid a single dollar to either fund—Bellefontaine, Boston, Chillicothe, Huntingdon, Nassau, New Albany, Newton, Niagara, Saginaw, St. Clairsville, Transylvania, West Jersey, and Westminster.

We have also sixteen Presbyteries, some of them amongst the most able in our denomination, who have paid into the Mileage Fund only $1681.20, leaving unpaid $2348.78; and into the Entertainment Fund only $252.44, leaving unpaid $1345.54. These facts are significant, and we commend them to the serious attention of the Assembly. What of the future? What far-off Presbytery will send a Commissioner to the next General Assembly, unless they are able to furnish the funds, for his expenses?

What Mileage Committee in the future will dare to assure a Commissioner from any Presbytery, who may pay in their apportionment to the Mileage and Entertainment Fund, that *their* bills shall be paid?

There are thirty-one Presbyteries represented on the floor of this Assembly, with an apportionment for Mileage and Entertainment amounting to the sum of $2809.38, whose bills for mileage amount to the sum of $9143.50.

These facts may surprise some members of this Assembly; but should the next General Assembly meet in San Francisco, how then would the twelve Commissioners from the grand Presbytery of New York, who always pay into the Mileage and Entertainment Funds, be able to attend an Assembly *there*, without drawing from their private funds in addition to their apportionment?

Would any of the Commissioners on the floor of this Assembly, from Presbyteries who have not contributed a dollar to either fund this year, be able to attend an Assembly at Kansas City or Topeka, without adding to their present apportionment from their private funds?

We meet this year far from the centre of the circle—a most delightful place for the Assembly to meet in; but western members have large mileage bills.

This subject rises in importance when we consider that it affects the unity of this great denomination; and we believe it will affect its missionary work in the far West, and on the Pacific coast.

What shall be done to meet this condition of things? Reduce representation? All our Presbyteries are ready for reduction, *provided* the plan does not reduce their *own* representation. What then shall we do? There is one thing that *might* be done, which

Digitized by Google

would restore confidence and give *less* hard work to the next Mileage Committee, and also rejoice the hearts, we believe, of many Christians; and that is, at the next meeting of each Presbytery represented in this Assembly, let them pass a Resolution, that the apportionment for Mileage and Entertainment for the next General Assembly *shall be paid;* and *publish the Resolution.* If the Presbyteries who voted *not* to pay this year had not published *their* proceedings, we feel sure we should have a less number to report as refusing to pay in their apportionment to both funds.

It has been particularly noticeable, that some Presbyteries who *voted not* to pay to either fund, *sent* Commissioners who voted *against* the Resolution not to pay.

The Committee would respectfully urge upon this Assembly such action as will restore confidence, and secure from each Presbytery its full apportionment to each fund. The Committee are fully satisfied that if all the Presbyteries pay in next year, such a surplus will be left in the Treasury of the Church that the succeeding Assembly can reduce the mileage to four cents *per capita.*

The Committee would respectfully report that, since the meeting of the last Assembly, one new Presbytery has been organized, viz.: Idaho, making our present number one hundred and seventy-nine.

In conclusion, your Committee would take the liberty to express to the Assembly their conviction that the method now in use for providing for the Mileage and Entertainment Fund is as nearly perfect as any that can be devised, and based on the Christian duty that the strong should assist in bearing the burdens of the weak; and, as a matter of not only Christian duty, but of wise forethought, and economical investment for large future returns, commends itself to the favor of every Christian heart, and compliance in the future by every Presbytery. To this end we respectfully suggest that every pastor should more fully explain to his congregation the bearing and merits of this plan.

The following Memorial was presented and unanimously adopted:

To the United States Senate and House of Representatives:

The General Assembly of the Presbyterian Church of the United States of America (representing over five thousand churches, and over half a million of communicants), in session at Saratoga Springs, N. Y., respectfully ask you to provide for the appointment of a Commission of Inquiry, of five or more competent persons, whose duty it shall be, first, to inquire and take testimony as to the results of the traffic in alcoholic liquors, in connection with crime, pauperism, the public health, and the moral, social, and intellectual well being of the people; second, concerning license and prohibitory legislation in the several States of the Union; and, third, to recommend what additional legislation, if any, would be beneficial on the pat of Congress to suppress, in the sphere of national authority, the traffic in alcoholic liquors as beverages.

The Standing Committee on Theological Seminaries presented their Report, which was adopted, and is as follows:

The Committee on Theological Seminaries beg leave respectfully to report:

We regret that the Institutions, from which we most need information, are the least disposed to give the figures absolutely necessary to enable the Assembly to understand their condition and usefulness. The Blackburn University speaks of "a band of young men studying for the ministry."

The German Theological School of Newark, N. J., says, "We shall send forth a class of graduates."

Certificates have been given to 161 young men who have completed their regular course of study.

The whole number of Professors is 53, besides Lecturers and other Teachers.

The property of these Institutions, so far as reported, is valued at $4,415,177.15.

The Rev. Benjamin B. Warfield has been elected Professor of New Testament Literature and Exegesis in the Western Seminary.

The election of the Rev. James Eells, D.D., to a chair in Lane, will be submitted to the next Assembly, should he decide to accept the appointment.

The changes at Princeton, consequent upon the death of Dr. Charles Hodge, have been the election of Dr. A. Alexander Hodge to the Charles Hodge Professorship of Didactic and Polemic Theology, and the Directors also ordered that henceforth Dr. C. Wistar Hodge be entitled "Professor of New Testament Literature and Exegesis."

The munificence of James Lenox, Esq., has given a new and elegant building for the library at Princeton. Mr. Rhoberts, the librarian, has put it into such admirable condition that its treasures are made easily accessible to the student, and his system is the admiration of all who use the library.

In the Union Seminary in New York, Professor Briggs has so thoroughly classified and arranged the invaluable library that, without trouble, any book or pamphlet may be produced at a moment's notice; and his system embraces the best ideas of European and American libraries, up to the present time.

These libraries are worth the careful attention of those who are engaged in the arrangement of libraries in other Seminaries, that the advantages, obtained by wide observation and large experience, may be made available at once by all our Seminaries.

The completion of the new building at Lane Seminary will be a great addition to the facilities of that Institution.

The Committee observe, with the highest gratification, the evident purpose of the Seminaries to demand and secure a higher and better standard of scholarship. The means to accomplish this important result are various; and are largely in the hands of the Directors and Professors of the Seminaries. Those means are to be employed with consistent firmness and intelligent discrimination. The endowment of schools of Theology by the Church affords gratuitous instruction to those who are seeking the gospel ministry; and all students enjoying the benevolent provisions are beneficiaries, whether aided by Scholarships, by the Board of Education, or not at all; they are provided with instruction at the expense of the Church, and are truly responsible to the Church for the right use of their privileges. It is, therefore, the duty of the Directors and

Professors of every Theological Seminary to take care that no young man is permitted to misuse the advantages thus furnished after he has given proof that he is not endowed with talents, disposition, and grace, to become a useful minister. To this end it is wisely ordered, in some Seminaries, perhaps in all, that a faithful record be kept of the relative standing of each department and his promise of each student. Scholarships are denied in Union Seminary to those who do not attain to the rank of 75 in a maximum of 100. The Board of Education has wisely determined to withhold appropriations from students marked "Low" in these reports. The higher the standard required, the better will it be for the Church. The benefits of a Seminary should not be continued to any young man who, by dulness, or aversion to the work, or laziness, or worldiness of life and deportment, shows that he has neither heart nor mind for the high calling of the Christian ministry.

But scholarship is not the sole qualification for the ministry. In all ages of the Church, in the present as truly as in any other, it has pleased God to use the weak to confound the mighty, and to call men of humble talents and holy zeal to works of great usefulness. Schools are open to them, and they are to be trained with care and encouragement for such work as God has for them to do. Ardent piety, glowing zeal, familiarity with the Holy Scriptures, and a gift for public speaking, make many men more successful in preaching the gospel, in certain departments of the field, than other men of far greater scholastic attainments. Herein is the opportunity for the exercise of sound judgment in giving aid to those who, with gifts and graces for usefulness, earnestly desire the office of a bishop, and in withholding it from others who have not the desire, are not apt to teach, and who have failed by want of ability or industry to maintain a respectable standing in their classes.

Pastors are often tempted to yield too ready encouragement to young men who come to them for direction toward the ministry. Presbyteries, too, fail to be rigid in examination, and firm in the expression of their unfavorable judgment, of Candidates. But the instructors, at whose feet the student sits from day to day, and before whom the student often makes exhibition of his powers to write, and to speak, should be able and willing to give such counsel as will turn him back, or aside, if he is found wanting in the elements essential to usefulness.

There is no excess of duly qualified ministers of the Lord, and there never will be. A system of free education may be forced to the production of so many nominal ministers, that a surplus of inefficient and useless laborers is found around the vineyard. "All the Presbyteries in the world cannot make a man a minister whom the Lord has not made one." And as the Church has made no provision by which the mistake of the Presbytery may be remedied, it is of vital and solemn necessity that in every stage of preparation, especially in the Seminary, the highest wisdom and prudence be exercised to deter young men from thrusting themselves uncalled into the sacred office.

The cry for more men is as loud and piercing. The Board of Foreign Missions has only 122 ordained men in the whole world. All the Seminaries of the Church have sent forth only 161 graduates

during the past year. Nearly 100 ministers have died. New churches are born in a day. Fathers and mothers may be entreated to consecrate their sons to this holy service. Our men of wealth may be called on to endow the Seminaries, the Scholarships, the Libraries of theology. Whatever zeal is expended in the multiplication of suitable men, we shall not overtake, much less shall we overrun, the wants of a world lying in sin, and waiting for the manifestation of the sons of God.

We rejoice to say that the missionary spirit is burning in the hearts of our young men on the threshold of the ministry. Eight students in the last graduating class of Union Seminary devoted themselves to the foreign field. In the Western Seminary, no less than twenty-three out of a class of twenty-nine offered themselves to the mission work in our own and other lands. The number is not mentioned in other Seminaries.

That church is a living church whose sons, in a time of intense worldliness and self-seeking, so freely consecrate themselves living sacrifices, holy and acceptable, unto God.

All the Seminaries make such report as indicates spiritual life, vigor, devotion to study, and a general deportment that adorns the gospel, and becomes young men training for the field.

The Assembly have two Seminaries under their care whose special mission is to give instruction to students for the ministry in the German language among our large German population.

The separate instruction in German Theological Seminaries seems for the present indispensable. One effect, however, of the arrangement is the multiplication of Theological Seminaries, which is eminently undesirable, and appears to have reached its proper limit. We confidently trust that the time is not remote, when the training of teachers to speak in foreign languages to American people will not be necessary. And if our German Seminaries are to be eventually merged in the older Institutions of the Church, such care should be taken of the titles to property as will not cause embarrassment in the future.

The Biddle University and the Lincoln University are both doing a great work, in the education of young men of color for the ministry. Both call earnestly for more funds, to increase their facilities for the support of teachers and students; and they are commended with confidence to the large liberality of the Church.

We are pleased to know that, in some of the Seminaries, valuable Courses of Lectures have been given to the students by men of learning and eminence, not in theological or strictly scholastic studies, but on themes of great importance bearing directly upon the proper qualification of young men for the ministry.

Your Committee would call attention to the importance of thorough instruction in the Form of Government and the Book of Discipline, as well as in the Confession of Faith and Cathechisms. There is a great deficiency, in the ministry, of knowledge that is readily available as to the law and order of their own Church. These rules are so few that they might be easily mastered and laid up in the memory, greatly to the advantage of the minister in the administration of the affairs of his own church, and in taking part in ecclesiastical courts. Presbyteries ought to exercise great care in

the examination of Candidates, to see that they are thoroughly versed in the law as well as the doctrine of the Church they are to serve.

The voice of God has called, from their chairs of instruction to the light and glory of perfect vision, three Professors of Theology during the past year. The Rev Henry Smith, D.D., LL.D., Professor of Sacred Rhetoric and Pastoral Theology in Lane Seminary, was removed by death, January 14th, 1879, aged seventy-three. A man of great personal worth, large attainments, and highly esteemed and beloved by his brethren.

The Rev. Samuel M. Henderson, Professor of Homiletics and Biblical Exegesis in Biddle University, had but very recently entered upon his labors, in this important Seminary for the instruction of colored youth, when he was taken away by death. April 2d, 1879, aged thirty-nine years. Well qualified for his work, and devoted to the young men in his charge, he is greatly lamented by the Institution and the Church.

The Rev. Charles Hodge, D.D., LL.D., the most illustrious theologian of our Church, whose talents and learning were only excelled by his childlike faith and humble piety, whose gentleness and greatness were blended in such harmony as to win alike our veneration and love, was permitted, June 19th, 1878, to enter into rest, at the age of fourscore. While mourning the loss of one so justly honored and loved, the Church may well thank God that his useful life was extended, until he was able to complete and publish his works in systematic theology, by which his name and his usefulness will be made perpetual in the Church.

The Alumni of Princeton Seminary have erected, in the Seminary chapel, marble tablets in memory of the six Professors who have departed this life since the foundation of the Seminary.

The whole aspect of our system of theological training department is that of promise and encouragement. Our widely extended church has Seminaries enough to meet our wants for many years to come. They are so distributed as to give all desirable advantages to the sons of the Church in every section of the country.

These chairs of instruction are filled by able, godly, and fit men. The fact that ninety-six ministers of our beloved Church, and three of them Professors in our Seminaries, have been removed by death within this one year past, reminds us all to be faithful in our work, and to pray more earnestly that the broken ranks may be filled, and the ripening harvest field furnished with reapers who, when they too are called, may come bringing their sheaves with them.

The following Resolution was presented and adopted :

Resolved, That the Theological Department of Lincoln University should be strengthened, by the full endowment of the chair of Hebrew and Sacred Literature, and by the partial endowment of the chair of Sacred Geography and Hebrew Archæology, for both of which efforts are now making by the Trustees.

The Report of the Special Committee on Missionary Presbyteries and Synods was made the order for 3 o'clock this P.M.

Resolved, That when we adjourn this P.M., it be to meet in business session at 7½ o'clock this evening.

The Standing Committee on the Polity of the Church reported

Overture No. 1.—From the Synod of Wisconsin, requesting that the church at Monticello be transferred from the Presbytery of Wisconsin River, in connection with that Synod, to the Presbytery of Freeport, of the Synod of Illinois, North, and assigning reasons for the change.

As all the parties agree to the change, the Committee reported, recommending that the prayer of the memorials be granted.

Overture No. 2.—Being a protest to the General Assembly from the Presbytery of Troy.

The Committee recommended that this protest, so far as it refers to the subject of mileage, be read to the Assembly.

Overtures Nos. 3 and 4.—Fom the Presbytery of Philadelphia, asking that statistics of mission chapels be introduced into the statistical report of Presbyteries of the General Assembly; also resolutions on the same subject, referred to them by the General Assembly.

They recommended the following action:

1. That the statistical columns in the Appendix shall be so aranged that, when in connection with churches there are Mission Chapels having stated ministers, the names of both church and chapel, bracketed together, shall be placed after the name of the pastor of the church, with the statistics following, either combined, or distinguished, as the session of the Church may elect.

2. The name of the chapel minister shall appear in its proper place in the roll, according to date of ordination, and after it the letters Ch. M. (Chapel Minister), together with the names of the chapel and of the church with which it is connected, referring to the statistics in their proper place.

Overtures Nos. 5 and 6.—On demission of the ministry from the Presbyteries of Newark and Portsmouth. They recommended that these Overtures be referred to the Committee on the Revision of our Form of Government and Book of Discipline, and that the subject be commended to their favorable attention.

Overture No. 7.—From the Presbytery of Philadelphia, in reference to the case of Rev. James Smith.

As the Rev. James Smith, at the time of the reconstruction of our Synods and Presbyteries, resided in the territory covered by the Presbytery of Wisconsin River, he should have united with that Presbytery. Having failed to do so, and the Presbytery of Philadelphia having informed the Presbytery of Wisconsin River of his status at the time of the reconstruction, the latter Presbytery should communicate with him as to his duty, ascertain why he failed to report to them, and enroll him as one of their members.

Overture No. 8.—From the session of the first Presbyterian Church of Knoxville, Iowa, requesting the General Assembly's interpretation of Chap. 4, Sec. 9, and Chap. 5, Secs. 9 and 10, of the Book of Discipline in the following particulars:

1st. Is the first citation regularly issued by a session or other court of the Church the commencement of judicial process involving the right of membership?

2d. If the accused person, before a committee regularly appointed by the Judicatory for private interview, confess guilt and wilful persistence in sin, and, afterward appearing before the Judicatory upon the first citation, again confesses guilt and wilful persistence in sin, may the Judicatory proceed to pass their sentence without a further process of trial?

The Committee recommended the following reply:

1. Inasmuch as the meaning of the first question is not plain to the Committee, they are unable to give it a definite answer.

2. To the second question they would reply in the affirmative.

Overture No. 9.—From Rev. Luther Dodd, a member of the Presbytery of Fort Dodge, asking the General Assembly to reply to the following questions:

1. Does the approval of the Minutes of a lower court, as those of a Presbytery by a Synod, not necessarily carry with it an approval of any and every judicial decision recorded in those Minutes?

2. Is it competent for a Synod, having approved the records of a Presbytery, to remand a case recorded in those records for new trial, on grounds reflecting censure on the Presbytery?

3. Or would it be proper for a Synod, in a case where they approve the Minutes of Presbytery, to require a new trial on any other grounds than alleged New Testimony?

The Committee recommended the following reply: The constituted right of appeal, "either from a part of the proceedings of a Judicatory, or from a definitive sentence," and the right of complaint "respecting a decision by an inferior Judicatory," "either before its rising, or within ten days thereafter," cannot be in any way affected by the approval of the Minutes of the Judicatory, against the action of which the appeal or complaint may be taken.

Overture No. 10.—From the Presbytery of Elizabeth, asking, "What is the duty of the session in regard to a church member who has united with another denomination, without having previously given any notice to the session of such purpose?"

The Committee recommended that this inquiry be answered by referring to the action of the General Assembly (N. S.) of 1839, as found in Moore's Digest, p. 169; and also to the action of the General Assembly of 1828, with reference to ministers who withdraw from the Presbytery and unite with another denomination, as found on the same page of the Digest.

Overtures Nos. 11 and 12.—From Rev. Edward B. Wright, D.D., of Austin, Texas, and endorsed as approved by the Stated Clerk of the General Assembly, requesting the dissolution of the

Presbytery of New Orleans, and that its church and ministers be connected with the Presbytery of Austin. Also,

A request, signed by three members of the Presbytery of New Orleans, asking that its name be changed from New Orleans to Orleans, and that the Presbytery be not dissolved.

The Committee recommended that the whole subject be referred to the Synod of Tennessee, with which this Presbytery is connected, and that the Synod be instructed to consider it at their next meeting.

The recommendations of the Committee were severally adopted.

The Committee also reported,

Overtures Nos. 13 and 14.—An Overture from the Presbytery of New York, praying the Assembly to take action looking towards the reorganization of the Synods of the Church, their reduction in number, and the enlargement of their powers. Also an Overture from the Presbytery of Lehigh on the same subject.

The Committee recommended the following reply to these Overtures:

As the object sought to be secured by such action involves so wide a departure from the practice of the Church, it is not wise to press it upon the consideration of this Assembly.

In order, however, that the attention of the Church may be directed to this subject, a committee of seven ministers and elders shall be appointed, to report to the next General Assembly, on the propriety of the proposed changes; and, if approved, a plan by which they may best be accomplished.

The recommendation was adopted, and the following Committee was accordingly appointed:

Rev. Henry Darling, D.D., Rev. Erskine N. White, D.D., Rev. Robert M. Patterson, Rev. Willis G. Craig. D.D., Hon. John Hill, Hon. Jacob S. Farrand, and Samuel J. Thompson, Esq.

Overture No. 15.—From the Presbytery of Genesee Valley, asking, in connection with the action of the Synods of Harrisburg and Western New York, both these bodies assenting thereto, that the boundary line between said Synods be so changed, as to transfer the territory embraced in the townships of Bradford, Otto, and Eldred, McKean County, Pa., from the Presbytery of Wellsboro, to the Presbytery of Genesee Valley, with a view to accommodate the Bradford churches and the adjacent oil country.

The Committee recommended that the request be granted, and that the change here proposed in the boundary line between the Synods of Harrisburg and Western New York be made.

Overtures Nos. 16 and 17.—No. 16 is signed by Rev. Martin L. Ross, of the Presbytery of Northumberland, and others, requesting the General Assembly to pass the following or a similar Resolution:

Digitized by Google

Resolved, That the General Assembly recommend to its constituent Presbyteries, that in all cases of accusation against a minister, or ruling elder, the Presbytery consider carefully at the opening of the case the question of the propriety of exercising its constitutional right to sit with closed doors, admitting, besides the witnesses and parties necessarily present, only such persons as they may deem necessary to give a proper publicity to the proceedings. Also,

Overture No. 17.—Being a Resolution on the same subject introduced to the General Assembly and referred to this Committee.

The Committee, in hearty sympathy with the object designed to be attained by both of these papers, recommended, in view of the fact that the General Assembly has appointed a Committee to revise our Book of Discipline, that no action be at present taken on this subject, but that it be referred to that Committee.

Overture No. 18.—Being a Memorial to the General Assembly, signed by a number of its ministers and elders, asking an answer to the following questions: Whether, under the constitution of the Presbyterian Church, a Presbytery has the power to dissolve a Presbyterian Church, regularly constituted with a session, communicants and trustees, supporting the preaching of the gospel, no formal charges made against the church, and yet acting against the wishes of the session and congregation, or rather while they are protesting against such action.

The Committee recommended the following reply:

1. A Presbytery, in the exercise of the powers given it, by Section 8, Chapter 10, of our Form of Government, must be its own judge as to the causes that are sufficient to justify it in dissolving any church in its connection. See Digest, p. 172.

2. If any wrong is done to a church by such a Presbyterial act, its remedy is to be found in an appeal to a higher Judicatory.

The above recommendations of the Committee on the Polity of the Church were severally adopted.

Overture No. 22 of the last Assembly (Minutes of 1878, p. 70), referred to this Assembly, was reported by the Committee on the Polity of the Church, and recommitted.

The Standing Committee on Correspondence presented their Report, which was adopted, and is as follows:

The Standing Committee on Correspondence submit their report as follows:

I. We have had put into our hands communications from the following Delegates appointed by previous Assemblies, to bear to other Bodies the fraternal salutations of this Church, viz.: The Rev. Alfred Nevin, D.D. LL.D., Delegate to the General Assembly of the Presbyterian Church in Canada; the Rev. John D. Jones, Delegate to the General Assembly of the Cumberland Presbyterian Church; the Rev. William Irvin, D.D., Delegate to the General

Synod of the Reformed Church in America; the Rev. Loyal Y. Graham, Delegate to the General Assembly of the Church of Scotland. These brethren report a very cordial reception, and the most earnest interest, on the part of the Bodies to which they were accredited, in the growth and extended usefulness of this Church; and the hope was expressed that we and they may abound yet more fully in the advancing of God's work.

The Delegate to the General Assembly of the Cumberland Presbyterian Church states that not only "were the salutations from this Church received in the same fraternal spirit in which they were given, even his plea for organic union between the mother and daughter now separated met with a hearty response." Your Committee recommend that the Reports of these Delegates be accepted, and their fidelity in the duties to which they were appointed be approved.

II. Your Committee, having carefully considered the subject referred to them by this Assembly, of continuing the interchange of Delegates with other branches of the Presbyterian family, recommend the adoption of the Preamble and Resolution, presented to the last Assembly and referred by that body to this, which is as follows:

Whereas, The different branches of the Presbyterian Church throughout the world are now associated with each other in the General Presbyterian Alliance; and

Whereas, At the Triennial Council of the Alliance, Delegates from all these Churches are present on a footing of perfect equality, and in the enjoyment of the most unreserved fellowship; and

Whereas, Under such circumstances, there seems to be little necessity for retaining the custom of appointing Delegates to visit the supreme Judicatories of other Presbyterian Churches, a custom involving a not inconsiderable outlay of time, money, and labor; therefore,

Resolved, That the Assembly, with the most cordial esteem for the brethren of the other Presbyterian Churches, will in future decline to appoint any such Delegates, and content themselves with the appointment of Commissioners to the General Councils of the Alliance.

III. The Committee received a communication from the Clerks of the first Council of the Presbyterian Alliance which met in Edinburgh, Scotland, in 1877; also from the Committee of Arrangements at Philadelphia; asking that steps be taken by this General Assembly for appointing forty delegates (the number to which this body is entitled) to represent this body in the Second General Council.

The Committee recommend that eight persons—four ministers, and four elders—be now appointed, who shall be a Committee with power to nominate and appoint thirty-two others, who, with themselves, shall be Commissioners to represent this body in the Second General Council of the Presbyterian Alliance, to be held in the city of Philadelphia, on Tuesday, September 21st, 1880, their action being subject to the approval of the Assembly of 1880.

The Committee recommend the following persons to constitute this Committee:

Ministers—Rev. William P. Breed, D.D., Rev. Charles A. Dickey, D.D., Rev. Samuel I. Prime, D.D., Rev. Samuel J. Niccolls, D.D.

Digitized by Google

Elders—George Junkin, Esq., William E. Tenbrook, Esq., of Philadelphia, Hon. William E. Dodge, of New York, Hon. Chauncey N. Olds, of Columbus, Ohio.

The Committee recommend the appointment of the following Delegates to the following Corresponding Bodies, viz. :

To the General Synod of the Evangelical Lutheran Church in the United States of America.—The Rev. Sylvester F. Scovel, of the Presbytery of Pittsburgh ; appointed last year ; the appointment re-affirmed.

To the General Council of the Methodist Episcopal Church.—The Rev. John Jones, D.D. ; of the Presbytery of Louisville, *Principal ;* Rev. George C. Heckman, of the Presbytery of New Albany, *Alternate.*

To the National Council of the Congregational Churches of the United States of America.—The Rev. Peter Stryker, D.D., of the Presbytery of Albany, *Principal ;* Rev. J. Munroe Gibson, D.D., of the Presbytery of St. Louis, *Alternate.*

To the General Council of the Reformed Episcopal Church.—The Rev. William K. Hall, of the Presbytery of North River, *Principal ;* Rev. La Fayette Marks, D.D., of the Presbytery of New Castle ; *Alternate.*

The Stated Clerk of the Assembly reported the answers to the Overture on Reduced Representations sent down to the Presbyteries by the last Assembly as follows :

The Report was approved.

The following Resolution was adopted:

Whereas, in Judicial Case, No. 4, as reported by the Judicial Committee of 1878, and referred, by consent of parties, to this Assembly, being an appeal of Mrs. Anna B. Harris from a decision of the Synod of Missouri, no steps have been taken by the appellant to prosecute the appeal before this Assembly; therefore,

Resolved, That the case be dismissed.

The Standing Committee on Publication reported, in regard to the following Resolution referred to them, viz.:

Resolved, That this General Assembly appoint a Committee, consisting of two ministers and one elder, to prepare a list of Prayer-Meeting Topics for the year 1880, to be used in concert by as many churches as desire it: recommending, that it is inexpedient for the Assembly to appoint such a Committee, and that wherever it is called for, Presbyteries may take such action as it appears to them desirable in respect to these Topics.

The recommendation was adopted.

The following Resolutions were adopted:

Deeply impressed with the fundamental importance of inculcating reverence for God's day and God's word, and desirous of seeing all the children and youth within the bounds of our Church engaged in the systematic study of the Bible and of the Catechism; therefore,

Resolved, That we do heartily approve the work of the General Superintendent of Sabbath-schools in this direction, and earnestly commend the same to the general sympathy and liberal support of all our churches.

Resolved, That a day of special prayer for Sabbath-schools be designated and set apart, in which such religious exercises shall be appointed by the pastors and sessions of the churches, as shall be best calculated to promote increased efficiency in the Sabbath-schools, and secure in greater measure the Divine blessing on the work.

It was also *Resolved*, That we reaffirm the recommendation of the General Assembly of last year, in relation to the observance of a special Sabbath in the interest of Sabbath-schools, with the change of the day from the third Sabbath of June to the second Sabbath of May.

It was also *Resolved*, That the various Boards of the Church be authorized, when not conflicting with their Charter of Incorporation, to fill vacancies, occurring in their number, between the times of the meeting of the General Assembly; but persons so appointed shall be understood as remaining in office only until the meeting of the next Assembly.

The following Resolution, concerning the Waldensian Church and its representative in the Assembly, was adopted :

Resolved, That the Assembly have had peculiar pleasure, in receiving a representative of the ancient and venerable church of the Vaudois, in the person of the Rev. Sr. Turino ; that his communications have been heard with deep interest ; that he and his work are affectionately commended to the sympathies of our people, and that he is requested to convey to the Waldenses of Italy the cordial Christian salutations of the Presbyterian Church in the United States of America.

Resolved, That the Stated Clerk be requested, when the Minutes of this Assembly are published, to transmit a copy of the same, with this Resolution, to the President of the Synod of the Vaudois.

The Assembly adopted the following Resolution, with reference to the ministrations of the Gospel to army officers and soldiers :

Resolved, That a Committee of five (three ministers and two elders) be appointed, whose duty it shall be, to consider what means can be devised to reach, with the instructions of God's word, the officers and men of the United States Army ; and to incite Christian members of Congress to efforts to secure the adoption of a law, that will afford to the army religious privileges, more constant and liberal than those granted by the law that now governs the appointment and distribution of Chaplains ; and that said Committee be directed to report to the next Assembly.

The following Committee was appointed, in accordance with the above Resolution : Rev. Byron Sunderland, D.D., Rev. Joseph T. Smith, D.D., Rev. Richard H. Allen, D.D., Hon. Charles D. Drake, LL.D., and Mr. John P. Ammidon.

It was made the first order of the day for this afternoon, to hear the Report of the Committee on Nominating a Place of Meeting for the next Assembly.

Adjourned until 2½ o'clock P.M.
Closed with prayer.

MONDAY, May 26th, 2½ o'clock P.M.

The Assembly met, and was opened with prayer.

The Committee appointed to nominate a Place for the Meeting of the next General Assembly presented their Report, which, having been amended, was adopted as follows :

Your Committee recommend that the next General Assembly meet at MADISON, Wis., and that Rev. John E. Wright, Rev. John W. Sterling, LL.D., Rev. Henry A. Winter, and Elder James E. Moseley be a Committee to make suitable arrangements for the meeting of the Assembly, with power to add to their number.

The following Preamble and Resolution were unanimously adopted :

Whereas, We learn that the First Presbyterian church of Saratoga Springs has a debt upon it of $12,000, and, in consequence of a late financial revulsion in the village, is greatly embarrassed and needs help; and,

Whereas, The church edifice is much larger than the society itself needs, and was built to accommodate strangers, and the church extends its hospitality every season to visitors; therefore,

Resolved, That we most cordially recommend the First Presbyterian church of Saratoga Springs to the sympathy, prayers, and generous financial aid of all our churches and people.

The Committee, to whom was referred the Report of the Special Committee on Missionary Presbyteries and Synods appointed by the last General Assembly, presented their Report, recommending the adoption of the following Rules, in reference to the formation of Synods and Presbyteries in Foreign Missionary fields:

I. In regions occupied by the Presbyterian Board of Foreign Missions, *only*:

1. In such regions, Presbyteries, and eventually Synods, may be organized, at discretion, if not already organized; under whose care, the native churches in the missions shall be placed.

2. Each Presbytery shall consist of all the ministers, foreign and native, not less than five in number, and a ruling elder from each church within its bounds.

3. Such Synods shall regularly send to the General Assembly certified copies of their minutes; and such Presbyteries, narratives of the state of religion, and statistical reports.

II. In regions occupied by the Board, and by the missions of other Presbyterian denominations:

1. In such regions, missionary churches, Presbyteries, and Synods, holding the same faith and order, should be encouraged to enter into organic relations with each other, for joint work in the common field.

2. For purposes of representation, however, the ordained ministers, foreign and native, connected with the Board of Foreign Missions, if sufficient in number, shall, with an elder from each of their churches, be regarded as a distinct Presbytery, entitled to appoint Commissioners to the General Assembly.

3. In all organizations, constituted on this plan, it is understood that no allowance is to be given to any departure from the Confession of Faith of the Presbyterian churches of Great Britain and America.

The Report was adopted.

The Standing Committee on the Narrative of the State of Religion within the bounds of the Church, for the past year, presented their Report, which was adopted, and ordered to be printed in the Appendix to the Minutes of this Assembly.

The Report of the Committee on Benevolence was taken from the Docket, and, having been amended, was adopted, and is as follows:

Your Committee have had put in their hands several Overtures—two from individuals, one from the Synod of Illinois Central,

and another from the Synod of New Jersey, all of which have been duly considered, and the important suggestions contained in them embodied as far as practicable in this Report.

The Committee on Benevolence are, with great regret, again constrained to report, on the part of the Synods, entire neglect of the recommendation of the Assembly of 1877. That recommendation was, "That the member appointed by each of the Synods, as the Committee on Benevolence, be required to send up annually a statistical report of the benevolent work of the Presbyteries embraced in the Synod he represents, to the Stated Clerk of the General Assembly, to be by the Assembly put into the hands of the Committee on Benevolence, as the basis on which their Report will be made." Last year, but three reports were sent; this year, only two from the whole 38 Synods, one of them from the Synod of Tennessee, the other from the Synod of New Jersey—a model report for its thoroughness and completeness, showing the results of organized, patient, persistent effort. It is rich in its suggestions of the best modes of securing systematic benevolent activity in all the churches at large—suggestions well thought out and practical, the subject of which, as has already been intimated, is included in this Report.

Correspondence has been had with the Stated Clerks of all the Synods, by a member of the Synod of New Jersey, with the following showing: Number of Synods, 38; not heard from, 9—viz.: Florida, India, Columbia, Indiana North, Indiana South, Kansas, Pittsburgh, Illinois South, and Texas.

In six Synods there are no Committees, and nothing special is done: Iowa North, Pacific, Nebraska, Colorado, Albany, and Atlantic.

In six other Synods there are no Committees, but the work is done with some good degree of efficiency by permanent committees of the Boards: the Synods of Kentucky, Illinois North, Philadelphia, Geneva (which had an efficient committee but abandoned), Illinois Central (in which the whole work is done by a permanent clerk, a salaried officer), Iowa South, by an officer appointed at each session:—In ten Synods the work is done by committees operating with some efficiency: Harrisburg, New York, Toledo, Cleveland, Central New York, Wisconsin, Columbus, Michigan, Minnesota, and New Jersey:—In seven Synods committees are appointed, but apparently are doing little or nothing: Erie, Western New York, Long Island, Missouri, Tennessee, Baltimore, Cincinnati.

In the list of 38 Synods, New York stands first, giving $6.68 for each church member. Baltimore stands next; $4.30 for each member; then Columbus, $3.74; New Jersey, $3.12; Philadelphia, $3.11. In the whole Church at large the amount is $2.14 for each member; and of the whole $8,281,956, raised by the churches of the General Assembly, less than one seventh goes to benevolent objects, while the Moravian Church, it is said, spends more for foreign missions than for the support of home churches, which would be the result if the Presbyterian Church gave but half of what is raised for her benevolent objects.

This is the showing. The anxious question is, What will the Assembly do? That something must be done, some plan adopted at

once and adhered to, and measures be taken to see that it is carried out, is perfectly evident. This matter lies at the foundation of all our Boards of Benevolence, and is vital. The question, so much agitated, of reduction of representation, is as nothing compared with this deeper question of conscientious systematic giving. This is a question like that of supplies to an army in the field, at the front, a necessity, imperative and absolute. Every Board in our Church has received less from the churches in 1876–77 than in 1875–76, and less in 1877–78 than in 1876–77. We are retreating, therefore, along the whole line; and there is not near as much said on the subject of systematic beneficence now as there was years ago. It is not now agitated, and consequently progress is not made. This object is one that must be constantly pressed, for there is ever and persistently against it the tide of human selfishness, which ever flows and never ebbs.

The history of the acts and doings of the General Assembly on this subject is instructive and worthy of review, as showing how this matter has pressed on the conscience of the Church, and how deep is the interest which she feels and has felt in it.

In 1871 the Committee of Benevolence and Finance was called into existence, in order to systematize and develop the liberality of our Church. It sent in its first Annual Report in 1873, and was discontinued in 1874. This Committee, we think, did much good in stimulating liberality, and in giving prominence to new and better ideas of consecration and self-sacrifice as a law of Christ's Kingdom. And the Assembly, in the reports of the Standing Committees of 1873 and 1874, paid a merited tribute to its value, and showed the sincerity of its conviction, by creating another agency to take its place. There were several features in this Committee that made it obnoxious to many. Its "Central Treasury" feature was very objectionable; its apportionment of funds to the several Boards seemed to rest on no clear and well-defined principle, and was unsatisfactory; and it was considered by many as needlessly complicating the machinery of the Church.

This was immediately followed, in 1874, by a Standing Committee on "the Benevolent Work of the Church," to use the words of the Assembly, "to meet a permanent want of the Church." Its purposes and ends are stated in the Minutes of 1875, page 531. But this new agency continued still to carry the obnoxious feature of an apportionment to the several Boards; and there was in it the inevitable tendency to grow into a power, superseding the dignity and importance of the General Assembly itself.

This is a brief and summary view of the efforts of the Church, in the past nine years, to realize her felt convictions of the importance and necessity of some plan, that will maintain continued and necessary agitation of this subject, and will secure concerted and effective action throughout the whole Church respecting it.

The lesson, we think, then, thus far is plain. It is this; the Church wants, and will have, no new agency in addition to those which she has already, to collect and disburse funds, and to instruct her Boards as to the amount and the manner of their appropriations.

In reply, then, to the important question, What can the Assembly

do to advance the cause of systematic beneficence in all our churches, and meet at once the necessity that is upon us, and that cannot be delayed?—no course seems to be left but to create a Permanent Committee on Systematic Beneficence, not the old "Committee of Benevolence and Finance," not the "Committee of the Synods,"—the Church has abandoned these, and evidently will have none of them; but a new Committee, whose aim shall be simply organization and instruction.

This Committee should see that each Synod and each Presbytery has a Committee of Benevolence. Its endeavor should be, to secure such attention to the subject by these Committees, that the matter of Systematic Beneficence and church work will be kept constantly before ministers and churches, until these three points are attained:

1. Each church has a proper scriptural plan.
2. Each church contributes to every Board.
3. Proper and fresh information on the general work of the Presbyterian Church is constantly presented to church courts and individual churches.

When these ends are secured, then all is done that can be done, and the responsibility will fall where it belongs, on the pastor and sessions, their prayers and their example, under the constant pressure of the great and solemn thought of stewardship.

In conclusion, your Committee unanimously offer the following Resolutions:

Resolved, That the General Assembly appoint a Permanent Committee on Systematic Beneficence (a Committee of Organization and Instruction), whose duties shall be those specified in this Report; who shall make their Report annually to the General Assembly.

Resolved, This Committee shall consist of five members, three ministers and two elders.

Resolved, That the Moderator of this Assembly and the representatives of the Boards on this floor be a Committee, to nominate the members of said Committee for the approval of the Assembly.

Resolved, That, in view of the fact that so many of our churches fail to contribute to all the Boards of our Church, in the judgment of this Assembly, the members of all our congregations have a right to an opportunity to contribute at least once a year to each of the Boards, as required by the highest authority of the Church, and the sessions of the churches have no right to withhold that opportunity.

Resolved, That it is the duty of each minister in charge to give information, set forth the privilege of giving, and urge the claims of each Board in connection with the annual collection.

In accordance with the recommendations of the Report, the following were appointed a Permanent Committee on Systematic Beneficence: Rev. Isaac Williams Cochran, of the Presbytery of Morris and Orange; Rev. William P. Breed, D.D., of the Presbytery of Philadelphia; Rev. Hiram C. Hayden, D.D., of the Presbytery of Cleveland; Aaron B. Belknap, Esq., of the Presbytery of New York; and David Robinson, Esq., of the Presbytery of Pittsburgh.

Albany, Atlantic, Central New York, Cincinnati, Cleveland, Baltimore, Columbia, Columbus, Erie, Geneva, Harrisburg, Illinois Central, Illinois North, Illinois South, Indiana North, Indiana South, Iowa North, Iowa South, Kansas, Kentucky, Long Island, Michigan, Minnesota, Missouri, Nebraska, New-Jersey, New-York, Pacific, Philadelphia, Pittsburgh, Tennessee, Toledo, Western New York, and Wisconsin.
The Reports were severally adopted.

It was *Resolved*, That this General Assembly hereby gives expression to its desire for the revival of the "General Assembly Journal," as heretofore published by Mr. John H. Dey, of New York.

The Standing Committee on Bills and Overtures reported

Overture No. 10.—From the Presbytery of Troy, asking for the appointment of a Committee of fifteen business men, none of whom shall be members of the Boards ; whose duty it shall be, to consider thoroughly the cost of administration of all the Boards, and report to the next General Assembly.
Also,
Overture No. 11.—From the Synod of Albany, approving of the Overture from the Presbytery of Troy.
The Committee recommended the following answer :
The Assembly deem it unnecessary to take the action proposed, because they believe that the Boards are now managed with a degree of economy and efficiency which should commend them to the fullest confidence of all our churches.

Overtures Nos. 12 *and* 13.—From the Presbyteries of Chillicothe and Union, proposing that the General Assembly take constitutional steps toward the amending of the Confession of Faith, by the omission of the sentence which covers the matter of the marriage of a deceased wife's sister.

The Committee recommended the following Resolution:

Resolved, That, in the judgment of the Assembly, it is not advisable at this time to take any action on this much disputed subject.

Overture No. 14.—A Resolution in regard to the Theatre and the Opera referred to the Committee by the Assembly. In reporting this Resolution for adoption, your Committee think it wise to invite the attention of our churches to those grounds of Christian principles, so easily overlooked, on which the Assembly based their disapprobation of these forms of entertainment. They recommend that the following minute be recorded with the intent that the pastors, at their discretion, may read it from their pulpits:

The General Assembly affectionately request all the churches and church-members under their care to weigh and make application of the following principles and considerations:

1. Christian piety does not consist in any merely outward proprieties, but chiefly in those renewed and positive affections and principles which attend the life of Christ in the souls of his people.

2. Yet, inasmuch as it is impossible for the Church to look directly, as God alone can, upon the affections and principles by which her members are controlled; and, inasmuch as a sense of common infirmity prompts all good men to judge charitably each other's characters, it comes to pass, that the mere external propriety which avoids gross sin possesses with men a Christian currency and acceptableness, which it can by no means have with Christ, who died for us, that we might live unto him.

3. Since Christians are of necessity intimately associated with those who are not Christians, and since, especially, in matters that are not covered by specific divine law, men's views of what is externally proper are so largely affected by the views and practices of the community about them, it further comes to pass, that neither the Bible, nor the Church, nor the thoughtful consciences of Christians, but worldly usage is allowed to define those limits of external propriety to which a Christian may reputably go.

4. It is in this way, that many forms of dangerous worldly indulgence come to be included as allowable elements of Christian living. No one would claim, that the divine development of the life of Christ in the new heart of a Christian would, of itself, lead to entertainments, whose prevailing influence over those who partake of them, and, signally, over many of those who provide them, is like that which the theatre and the opera are known to exert. Surely no Christian will maintain, that his devotion to Christ *binds* him to use and encourage these forms of entertainment. At most, he defends them, and by the plea, that they are not so wrong that, to love them, resort to them, and uphold them, disproves piety.

The Assembly raise their affectionate warning against that whole principle of living, which sets aside the sacred and inspiring responsibilities of a life wholly Christ's, in the interest of any gratifications, which are at the same time gratuitous and of harmful tendency. It is true indeed, that men can find, or can make, temptations in forms of action, which are of indispensable use; and that fact in no way forbids a Christian to share in such necessary acts. Thus the avarice of some men and the gluttony of others do not

forbid Christians to use food or money. But when a form of action is uncommanded and entirely voluntary, being chosen only for the pleasure which it gives, it can claim no allowance from a loyal Christian conscience, unless it commend itself to the most enlightened and enlarged Christian love for Christ, for holiness, and for the souls of men.

In view of this simple, fundamental, and far-reaching principle, so frequently explained in the New Testament, the Assembly now appeal to all the pastors, sessions, and church-members under their care, that they discourage, in all earnest and consistent ways, the resort of Christians and their families to the Theatre and to the Opera.

It would be easy to enumerate with these many other forms of public and social amusement which, on account of their known practical tendency, are equally precluded by the same principle. But no list of such unwholesome gratifications could possibly be made complete. The Assembly, therefore, are not to be thought to be endorsing any worldly usage of which they now omit to speak; but they consider, that there are special reasons for calling attention to those two forms of recreation which have been named. They are very prevalent, and very seductive; they are notably unfriendly to personal spirituality, to the safe training of children and youth, to the just and predominant interest of the Church's members in the Church's own meetings for simple and unartistic prayer and praise, and to a healthy taste for the direct and spiritual exercises of public worship. In addition to this, they are publicly partaken of in the presence of a multitude, and, therefore, they exert such a power of misleading example, as hardly belongs to any other form of worldliness. And, finally, they are very commonly excused by abstract pleas, which overlook entirely their known and settled practical tendency. For these reasons, the Assembly count it their duty to utter in regard to them a tender but explicit warning. The prayerful and considerate attention of pastors and people is accordingly called to the following Resolution:

Resolved, That, in view of the increased attendance of church, members at the Theatre and Opera, the Assembly bear earnest and solemn testimony against this practice as inconsistent with Christian duty, since it not only gives countenance and support to an institution, justly described by a former Assembly as a school of immorality, but is in itself spiritually hurtful, and tends to obliterate the line, which should always be plainly visible between the followers of Christ and the world.

Overture No. 15.—A Memorial, touching concert of Christian action in behalf of Sabbath observance;

Also,

Overture No. 16.—Being a communication from the General Assembly of the Presbyterian Church in the United States, through their Committee, on the same subject.

The Committee recommended the adoption of the following Minute and Resolutions:

The Assembly regard with very great sympathy the present extensive revival of interest in the maintenance of our Christian and

American Sabbath, and cordially respond to the invitation to Christian co-operation in this great cause, which they have received from their sister Assembly. To this end, they invite, to the following Resolutions, the attention of all the Synods, Presbyteries, and churches under their care:

Resolved, 1. That, in view of the manifest and indispensable importance of the Sabbath institution, to the highest welfare of our own modern nation and people in all their relations, the authoritative announcement of the Sabbath law in the Ancient Pentateuch is, in itself, one of the most obvious and unanswerable proofs, that the Bible and our religion are from God.

Resolved, 2. That, in view both of this divine law and of its evident enduring necessity, the Assembly enjoin on ministers, parents, teachers, employers, and on all Christians under their care, that they practice and teach, as abiding moral duty, the scrupulous observance of the Christian day of rest and worship.

Resolved, 3. That the Assembly address to the young, especially, a warning against that error, which of late has grown so bold and prevalent, by which the moral and abiding substance of indispensable Sabbath duty is speciously confounded with circumstances of Jewish ceremonial, to the destruction, in many minds, of all sense of Christian obligation to keep the Fourth Commandment.

Resolved, 4. That, in direct opposition to this grave error, the sympathy of this Assembly and of our churches is pledged to every wise endeavor, to maintain in our land the unceremonial but reasonable, divine, and lasting authority of our religious rest-day.

Resolved, 5. That, while carefully denying to civil law all right to impose, or to meddle with, religious duty, the Assembly uphold the necessity of such legislation as guards the people's day of rest and religion; and heartily commend all earnest and prudent efforts put forth in any community for making such legislation effective.

Overture No. 17.—Being a Resolution referred to the Committee by the Assembly, the adoption of which they recommend:

Resolved, That the General Assembly, believing that the practice, on the part of church-members, of reading secular papers on the Sabbath-day is alarmingly on the increase; and believing, also, that it is a grievous injury to the personal piety of the readers, and a serious obstacle to the cause of Christ in every community, would deprecate this practice, and would urge upon all who love the Lord Jesus Christ, and desire the spread of his kingdom in the world, to refrain from this practice, and to do all in their power to discountenance it.

The recommendations of the Committee on Bills and Overtures were severally adopted.

They also reported, with a recommendation,

Overture No. 18.—From the Synod of Baltimore, asking the Assembly "expressly to rescind or reaffirm the deliverance of the Assembly of 1855," declaring that the Roman Catholic Church "has essentially apostatized from the religion of our Lord and Saviour Jesus Christ, and, therefore, cannot be recognized as a Christian

Church ;" and also asking it to reverse the action of the Assembly of 1875, touching the validity of Roman Catholic Baptism.

The Assembly met and spent the first half hour in devotional exercises.

The reading of the minutes of yesterday's sessions was deferred until the close of this morning's session.

The Standing Committee on Leave of Absence presented their Report, which was approved, and is as follows :

The Committee on Leave of Absence beg leave to report, that they have met from time to time, during the sessions of the Assembly, and sought carefully to weigh the different requests which were presented. They have endeavored to be governed in their decisions by the principle, that both the Presbyteries and the General Assembly expect the Commissioners to remain until the close of the sessions, unless some real necessity for absence shall exist. To decide, in every case, whether the reasons given were such as to constitute a real necessity, has not been found an easy matter. The unfinished business, being the consideration of the Report of the Committee on Bills and Overtures in respect to the Overture from the Presbytery of Baltimore, was resumed.

A substitute for the Report was adopted, which is as follows:
Resolved, That this Assembly, in full accordance with the words of our Confession of Faith respecting the Church of Rome and its so-called spiritual Head, do now reaffirm the deliverance, upon this subject, of the Assembly of 1835, as applying to that Roman hierarchy headed by the Pope, falsely claiming to be the Church; which, opposed absolutely and irreconcilably to the doctrines of Holy Scripture, is corrupting and degrading a large part of Christ's Church over which it has usurped supreme control.

The Standing Committee on the Polity of the Church reported

Overture No. 22, of the last General Assembly, asking the transfer of the Church of New Plymouth from the Presbytery of Chillicothe, Synod of Cincinnati, to the Presbytery of Athens, Synod of Columbus (see Minutes, page 70).

The Committee, having been assured that all parties agree to this transfer, recommended that it be made.

Overture No. 19.—A Resolution referred to them by the General Assembly:
Resolved, That it is the judgment of the General Assembly, that all members of the Church in full communion have the right to vote, in the election of Pastor in the congregation with which they are connected.

The Committee recommended that the Resolution be affirmed,

subject to the conditions mentioned in Section 4, Chapter XV., of the Form of Government.

The recommendations of the Committee were adopted.

The Judicial Committee reported

Judicial Case, No. 4.—A Complaint by Nathaniel West, Thomas H. Skinner, J. P. E. Kumler, and L. H. Long, of certain action taken by the Presbytery of Cincinnati, at their meetings, December 7th and 23d, 1878.

Also, *Judicial Case, No.* 5.—A Complaint by Nathaniel West, of action taken by the Presbytery of Cincinnati, at their meetings, April 9th and 10th, 1879.

In respect to these two Complaints, the Committee recommended that, as the reasons presented, by one of the Complainants, for himself and the others, for direct Complaints to the Assembly, are deemed insufficient, and as the constitutional jurisdiction of the Synod over its lower judicatories is to be carefully guarded and sacredly respected; therefore, these complaints be referred to the Synod of Cincinnati, to which they should have been taken, according to the provisions of the Book of Discipline, Chapter VII., Section 3, Article 6.

The Rev. Nathaniel West, D.D., presented a paper setting forth the reasons of the Complainants for making direct complaint from the Presbytery of Cincinnati to this Assembly, which was read.

After which, the Report of the Judicial Committee was adopted.

The following Resolution was presented and adopted:

Resolved, That this General Assembly earnestly desire to call renewed attention to the continued and partially successful efforts of the Roman Catholic Church, to obtain sectarian control of our Public Schools, and of an unquestionably sectarian legislative patronage, one such as to demand the serious and sleepless attention and watchfulness of every true lover of his country; which sectarian efforts should be uncompromisingly and perseveringly opposed by all lawful means.

Resolutions with reference to the indebtedness of the Board of Foreign Missions were adopted, and are as follows:

Resolved, That, having heard, with the greatest regret, that our Board of Foreign Missions enters upon its new financial year with a debt of nearly $63,000, which not only greatly embarrasses its work, but may prevent any enlargement of its work, the Assembly earnestly exhort all their churches so to increase their contributions to this Cause, as not only to meet the present indebtedness of the Board, but to enable it to enlarge its operations. And the better to secure this end, the Assembly direct the Secretaries of the Board of Foreign Missions, to inform the various Synods of the Church the pro rata of increase in their contributions, that will be necessary to secure these ends.

Resolved, That, in view of the openings of Providence, the Assembly are of the opinion, that the churches should, during the current year, raise not less than $500,000 for the Board of Foreign Missions.

A Resolution, respecting the Mileage and Entertainment apportionment, was adopted, and is as follows:

Resolved, That this Assembly ask, of all the Presbyteries and churches, the ready payment of the apportionments made for Mileage and Entertainment; and on the following grounds:

1. The General Assembly, whenever it meets, is the equal organ of all the churches.

2. The burdens of expense in attending the Assembly, if borne by the Commissioners, will be very unequal, not only on account of differences in distance, but of differences in financial ability. No representatives of the Church more need the influences of the Assembly or are more needed in it, than those who represent parts of the Church, where the Presbyteries and their means are apt to be small, and the means of the pastors still smaller. Apportionment equalizes their burdens as no other method can.

3. What the churches so contribute to the general cause they more than get back, in the diffused and permanent results of instruction and inspiring accounts of church work, and of the friendly and spiritual intercourse of widely separated brethren. A large and well-supported Assembly is the Church's heart, as has been demonstrated to all comers in this enthusiastic session at Saratoga; and will be demonstrated again at Madison, Wis.

The Assembly will not believe that the same Christian citizens who sustain, by immensely larger contributions in taxes, the civil legislatures and courts of the States and of the nation, will decline this voluntary testimony to the sacred value of the Church, whose interests are those of Christ, and whose yearly services to property, to home, to society, and to the country, and, above all, to the souls of men, infinitely outmeasure their pecuniary cost.

The Assembly beg the churches and Presbyteries to believe that, in this much debated matter, they act with the most considerate wisdom at command, and ask such friendly co-operation on every side as, at the least, shall fairly test the method now in use.

A Resolution, respecting the *Catholic Presbyterian*, was adopted, and is as follows:

The Assembly look with approval upon the publication of the monthly journal known as the *Catholic Presbyterian*. They regard it as an important contribution to the ends contemplated by the formation of "The Presbyterian Alliance." As a channel of communication between the different members of the great Presbyterian family; as a bond of union among those who are of "like precious faith;" and as an avenue for the timely discussion of topics interesting to the Presbyteries, they hope that it will have a wide circulation; and commend it accordingly to the support of the churches under their care.

The Stated Clerk was empowered to cast, in the name of the Assembly, a ballot for the election of Trustees of the Presbyterian

The Stated Clerk was authorized to publish the Minutes of this Assembly, with the customary Appendix, in the usual form.

The Treasurer was authorized to pay the usual bills and salaries.

The several Standing Committees, having no further business to submit, were severally discharged.

A Resolution of Thanks was adopted, and is as follows:

Resolved, That the General Assembly express their gratification, that the embarrassing question of hospitality at their annual meetings has been happily solved, by the generous welcome which we have received at Saratoga; and also their unanimous conviction, that a moderate payment for entertainment is a matter of simple justice, and in no respect diminishes our obligation to those who receive us as their guests. The thanks of the Assembly are therefore heartily tendered:

1st. To the proprietors of hotels, and to the families who have given us the comforts of home at a merely nominal price.

2d. To the Rev. Dr. Stryker, Chairman, and the other members of the Committee of Arrangements, for the complete preparations they have made for this meeting.

3d. To Joseph Angier, agent of D. & H. Canal Co., to the Railroad Committee, for their indefatigable labors, and to the Railroad and Steamboat Companies, for liberal reductions.

4th. To the First Church of Saratoga, for the use of their sanctuary; and to the Supervisors, for the use of rooms in the Town Hall.

5th. To the Moderator, for the dignity, the impartiality, and the efficiency with which he has presided over our deliberations.

6th. To the Clerks, for their arduous and efficient labors.

7th. To the public press, for their excellent reports, and especially to the *Daily Saratogian*, for the full records of Committees, reports, and addresses in this Assembly.

8th. To Professor Wm. Dowd and the Committee of Arrangements, for the elegant reception at Temple Grove Seminary, Saturday evening last.

9th. To the Postmaster, for a post-office in the church.

10th. To the proprietor of the Excelsior Springs, for water furnished for the Assembly; to the other proprietors of the Springs

and places of public resort; and to all who have contributed to our health and enjoyment of this delightful meeting of the Assembly.

It was *Resolved*, That, if any Commissioner of this Assembly send his name and address to the Stated Clerk, he be authorized to forward him a copy of the printed Minutes.

The Committee on the Functions of the Board of Education was continued, to report to the next Assembly.

The Rev. Samuel I. Prime, D.D., was appointed to address a letter of salutation to the church at Beirut, in reply to theirs, communicated through the Moderator of this Assembly.

The calling of the roll was dispensed with.

The minutes of yesterday and of this day's sessions were read and approved.

After the offering of solemn praise and thanksgiving, the business of the Assembly having been completed, and the vote taken for the dissolution of the Assembly, the Moderator declared the Assembly dissolved, and required another General Assembly, chosen in the same manner, to meet in the First Presbyterian Church of MADISON, WIS., on the third Thursday of May, 1880.

Closed with prayer and the apostolic benediction.

APPENDIX.

I. Annual Narrative

OF THE

STATE OF RELIGION

WITHIN THE BOUNDS OF THE

PRESBYTERIAN CHURCH

IN THE

UNITED STATES OF AMERICA,

MAY, 1879.

YOUR Committee have examined the Narratives, sent up to the General Assembly by the Presbyteries, and find much for which to be thankful, and some things also to lament. The state of religion during this last year has not been remarkably good, nor, on the other hand, has it been remarkably bad. It is probable that the balance falls on the side of the good.

SPIRITUAL CONDITION OF THE CHURCHES.

While a few of the Presbyteries report large and general ingatherings, over which they are rejoicing, the great majority say that no special awakening of sinners has occurred within their bounds. The year has not been one of general revival. No "sound from heaven as of a rushing mighty wind" has filled all the Church; nor have great multitudes of sinners been inquiring, "Men and brethren! what shall we do?" Yet the Lord has not forsaken his covenant people, and, therefore, the Church has grown in size, and, we judge, in grace, also, during this quiet year. A very general increase in the attendance upon and interest in the services of the Sabbath are reported. The prayer-meetings held during the week have been well sustained. The week of prayer in January was observed, and was blessed to the conversion of sinners and the edification of Christians; and many of the Narratives suggest, that the people of God are humbling themselves on account of their sins, and are waiting upon him for his blessing. Though there has been much of worldliness, and of indifference to vital godliness, the spiritual condition of the Church seems to be no worse than it was a year ago, though we cannot conclude that it is much better.

CHURCH WORK AND AGENCIES.

The influence of actual and imaginary hard times has been felt, in most departments of church work, and has wrought both good and evil. It has

led to a wise and to a foolish economy. The churches have been more careful to avoid debts. They have been paying old debts, which had long thrown their black shadows on pulpit and pew. They have built new churches, while materials and labor were cheap, and have paid for them, dedicating a church, and not a mortgage, to the Lord. A considerable number of the Narratives, however, mention a foolish economy. Pastors with small salaries have been harrassed and depressed by reduction of salary, and in many cases have been compelled to seek another field of labor. Thus vacant churches, stated supplies, and unemployed ministers, have increased to the injury of the Church, and the cause of Christ.

The contributions to the Boards from all sources were somewhat larger this last year than they were the year before. But this increase was not equal to the increased work, which the Boards felt compelled to undertake. The demand created, by the providence of God, has been bigger than the spring of Christian benevolence was able to supply. There are, however, three facts suggestive of larger contributions in the future: The number of churches contributing has been enlarged. There is more attention given to the subject of Christian giving, and many of the Presbyteries have been making special effort to develop the benevolence of the churches under their care. More than the usual number of boxes of clothing and other necessaries seem to have been sent to Home Missionaries and disabled ministers' families; and in our cities greater and more intelligent efforts have been made to relieve and elevate the poor and the degraded classes. We are led to believe that the Church has shown, during this last year, as much of the spirit of Him who went about doing good, as it has shown in former years.

The work committed to our Boards has been well done, and the results are encouraging. The truth has been published and disseminated; unsheltered congregations have been helped in erecting houses of worship; sick and aged ministers and their widows and orphans in their deep poverty have been relieved; educated young men have been shown the way into the Presbyterian pulpit. The colored man has been invited to become the freedman of the Lord. The gospel has been preached throughout destitute regions of our own land by Home Missionaries, and to some of the uncounted millions of heathendom. The Foreign Missionary has declared the glad tidings. In spite of great hindrances in the Home Mission field in our West, and in the Foreign Mission field, the Narratives from Western Presbyteries, and from Presbyteries in foreign lands, are, on the whole, cheerful and hopeful. We may well rejoice in the sowing and reaping which have been done by our beloved Church, though we regret that no more has been done.

The Sabbath-school department of our Church work is reported to be in a most prosperous condition. An enlarged attendance, greater interest in Bible study, more attention to the Shorter Catechism, the better organization of the department, the formation of normal classes for the training of teachers, the decay of the nursery notion of the functions of the school, and the growth of the more correct notion that the school is for all, older as well as younger, are among the signs of prosperity. The mission schools in our large towns and cities are doing a great and good work.

Missionary Societies and Bands are said to be increasing in number, and in the amount of their benevolent contributions, and are doing much to disseminate missionary information in the homes of our people, and to develop the spirit of Christian giving. It is with profound gratitude, that we notice the work which our Christian women are doing for the education of our people in benevolence. Few of the Narratives report concerning the observance of the Monthly Concert for missions. The Temperance cause, though injured somewhat in many quarters by injudicious men and methods of working, has gained strength, and has been taken more to the heart of our Christian people. A better public sentiment has been created, better laws in some communities have been secured, existing laws concerning the liquor traffic have been enforced, corrupt magistrates have been deposed

from office, weak ones have been strengthened, and on the whole there has been a steady and, we judge, permanent advance.

Evils and hindrances to the advancement of the kingdom of Christ are mentioned by most of the Narratives. Among these are vacant churches, the system of stated supplies, short pastorates, worldliness of professing Christians, rationalism, rampant infidelity, stolid indifference on the part of sinners to the offer of the gospel, a general increase of Sabbath desecration in which Christians also are involved, and other common sins and crimes. There are many adversaries, but if God be for us who can be against us? The truth has destroyed many evils and overcome many hindrances, and it will continue to do this in the future. The retrospect awakens praise, and the prospect hope.

Your Committee would say, in conclusion, that few of the Presbyteries have complied with the requirement of the last General Assembly concerning the kind of Narratives to be sent up from the Presbyteries, and they are therefore unable to give statistics, or to report with that accuracy which is desirable. We are called upon to mourn the loss of an unusually large number of our fathers and brethren during the last year. Ninety-seven of our ministers have been called from the church militant to the church triumphant. The names of these, our honored and sainted dead, will be found below.

Henry P. Wilber,	"	" "

John F. Williamson,	"	La Fayette College.
George P. Wilson,	"	Washington and Jefferson College.
Luther D. Wishard,	"	College of New-Jersey.
William G. Woodbridge,	"	" "

Of these, Mr. C. Lowell Cooder came with a regular dismission from the Seminary of the Northwest, at Chicago; Messrs. Harvey W. Flinn and William G. Woodbridge, from the Seminary at Columbia, S. C.; Messrs. Clearfield Park, Harry V. Rice, and Luther D. Wishard, from Union Seminary, New York; and Mr. George P. Wilson, from Allegheny Seminary.

The whole number of students in attendance this session has been 116. The punctuality and diligence of the students has, on the whole, been commendable, and their conduct generally exemplary. There is a growing disposition to use the Library for consultation and for reading collateral to the course, which the accomplished Librarian, the Rev. William H. Rhoberts, has been at great pains to foster and encourage. The completion of the new Library edifice, which, together with two additional residences for Professors, is a fresh gift of the considerate and princely munificence of James Lenox, Esq., leaves nothing to be desired in the way of ample and elegant accommodations for this purpose.

Mr. Henry W. Smith accepted the position of Instructor in Elocution, which was tendered to him last year, and has been giving instruction throughout the session to the several classes, to the entire satisfaction of the Professors and of the students.

The L. P. Stone Lectureship was filled, during the past year, by its first incumbent, the Rev. Richard S. Storrs, D.D., LL.D., whose brilliant and able course of eight lectures on "Bernard of Clairvaux," originally delivered here to large and enthusiastic audiences, has attracted wide attention. The Lecturer engaged for the next year is the Rev. William M. Taylor, D.D., of New-York City, whose subject will be *Miracles*.

Since its last Annual Report was presented to the General Assembly, this Seminary has been bereaved of its venerable Senior Professor, Rev. Charles Hodge, D.D., LL.D., who last spring completed his fifty-sixth year of eminent service in his Professorship in apparently comfortable health, having continued to meet his classes, and perform his accustomed duties, without interruption to the very close of the session. It was hoped that, with the provision made for his partial relief in the burdens of his office, he might still bless the Seminary by his presence, his counsels, and his instructions for years to come. He was, however, called away to his rest and his reward, June 19th, 1878. The entire work of instruction in theology has, consequently, during the past session been under the charge of his Associate Professor, Rev. A. Alexander Hodge, D.D. The exegesis of the New Testament epistles, formerly conducted by Dr. Hodge, Sr., falls naturally and appropriately within the New Testament department, and has accordingly been assigned to Rev. Caspar Wistar Hodge, D.D.

The Directors unanimously elected Rev. Archibald Alexander Hodge, D.D., Charles Hodge Professor of Didactic and Polemic Theology. They also ordered that henceforth Rev. C. Wistar Hodge, D.D., be entitled Professor of New Testament Literature and Exegesis.

The following thirty-one students from the graduating class have received certificates of their graduation, viz.:

Joseph K. Alexander,	James Morrison Barkley,
William Addison Alexander,	John H. Bright,
William F. Anderson,	Zephaniah B. Campbell,

Philip Dexter Stoops,	Amherst College.
Joseph Brown Turner,	Washington and Jefferson College.
Andrew William Verner,	Franklin College.
Eugene Shaw Willard,	
John Merrill Kyle,	Wooster University.
William A. Williams,	Franklin College.
Samuel Byers Fleming,	Princeton College.
Samuel Albert Martin,	La Fayette College.

Of these, John M. Kyle and William A. Williams were admitted to the Middle Class, and Samuel B. Fleming and Samuel A. Martin were admitted to the Senior Class.

Of the above the following were received on letters of dismissal from other Institutions: Raymond Green McClelland, from Oberlin College; Ohio; and John M. Kyle, from Princeton Theological Seminary.

Three have been, at their own request, dismissed to other Theological Seminaries, as follows: John C. Irwin, to the Seminary of the Northwest; William D. Swan, to Union Theological Seminary; John R. Wilson, to Princeton Theological Seminary.

The whole number in attendance on the Seminary during the past year has been 83, as follows:

Resident Graduates, 2; Senior Class, 29; Middle Class, 21; Junior Class, 31: Total, 83.

The health of the students has been good, and their attendance on the class-room and chapel exercises has been excellent.

The state of religious feeling has been healthful. The Faculty, in their Report to the Board of Directors, make special mention of the interest shown by the students during the past year in the missionary work of the Church. In response to an appeal made by the Board of Home Missions, seventeen (17) men of the senior class offered themselves to go as missionaries to Arizona, New Mexico, Montana, Alaska, and other destitute regions of our country. In addition to these, six (6) others have offered themselves, from the same class, to go abroad as Foreign Missionaries to China, India, Mexico, and South America. Of these, two, Mr. Ewing and Mr. Wakefield, have already been formally appointed by our Board of Foreign Missions, and

expect, if the Lord will, to go to India this fall. Thus, of a class of twenty-nine (29), twenty-three (23) have formally signified their readiness to give themselves personally to the work of the world's evangelization, and that, in the case of several at least, with what are termed "good calls" in their hands to more comfortable fields nearer home. And we have reason to believe that, if the Church would authorize our Boards of Missions to encourage further applications, yet others from this same class would be ready to devote their lives to missionary service.

The following twenty-eight (28) students, having completed the prescribed course of study and having fulfilled the requirements of the Institution, have received diplomas:

Adolphus F. Alexander,
Reuben Beaver,
Joseph Newton Boyd,
George Davison Buchanan,
Milton Etsil Caldwell,
Melancthon E. Chapin,
Frederic S. Crawford,
Nathaniel P. Crouse,
Alexander H. Donaldson,
J. C. Rhea Ewing,
James Samuel Fleming,
Luigi M. de Jesi,
C. Delano Jeffries,
George W. Lyons,
Samuel Albert Martin,
John Norris McCoy,
James M. McJunkin,
James Vincent Milligan,
John Henry Pollock,
Joseph Hughes Ralston,
Edgar Sutton Robinson,
Jacob Ruble,
Charles B. Wakefield,
Isaac N. Waterman,
Johnston Duffield White,
Calvin Dill Wilson,
Maurice Brown Wilson,
Samuel Graham Wilson.

On the 17th of April, 1879, the Board, by a unanimous vote, elected Rev. Benjamin B. Warfield Professor of New Testament Literature and Exegesis. Mr. Warfield has performed the duties of this chair as Instructor, during the past year, to the eminent satisfaction of all concerned.

It is our duty to report that the Rev. Samuel M. Henderson, an esteemed brother, but recently elected to membership in the Board, was called to his reward on the second day of April, 1879. He was in the fortieth year of his age. The Rev. Charles L. Thompson, D.D., pastor of the third Presbyterian Church, Pittsburgh, Pa., has been elected to fill the place made vacant by the death of Mr. Henderson. Thomas McKenan, M.D., having declined a re-election on account of the pressure of professional duties, Mr. John Davis, an elder in the Second Presbyterian Church of Pittsburgh, has been elected to fill the vacancy.

Mr. James Laughlin, Sr., having declined a re-election as second Vice-President of the Board, on account of failing health, the Hon. Robert McKnight was chosen in his place.

TRUSTEES.

Two changes have occurred in the Board of Trustees during the year, occasioned by the resignation of Rev. Oscar A. Hills, D.D., removed to Allegheny City, Pa., and by the decease of Rev. Benjamin Graves. Mr. Graves was a member of the original Board, as constituted in 1828; and remained in the service till his death, a period of more than fifty years. He was the only survivor of the original Board. The vacancies were filled by the election of Rev. William E. Moore, D.D., of Columbus, Ohio, and Thornton Mills Hinkle, Esq., of Cincinnati, Ohio. The Board is now constituted as follows:

Rev. GEORGE M. MAXWELL, D.D., *President.*
JAMES TAYLOR, M.D., } *Vice-Presidents.*

FACULTY.

The providential event of the year has been the death of Rev. HENRY SMITH, D.D., LL.D., Professor of Sacred Rhetoric and Pastoral Theology, which occurred on the fourteenth day of January, 1879. Dr. Smith had been connected with the Seminary, with one brief interval, from 1855 to the time of his decease. In addition to the work of his own department, he had at times given instruction in Church History, and in Systematic Theology.

The vacancy thus occasioned has just been filled, so far as the choice of the Board can determine it, by the election of Rev. JAMES EELLS, D.D., pastor of the Presbyterian Church of Oakland, California, and Professor of Apologetics, Sacred Rhetoric, and Pastoral Theology in the San Francisco Theological Seminary. It is designed to introduce some additional elements into the department, especially in the line of missions and church work generally; and it is hoped that Dr. Eells will accept the position. As the appointment has just been made, and as time will be requisite on his part to a proper consideration of the subject, the matter cannot properly be presented to the General Assembly of 1879, for their approval. The corps of instruction for the year has been as follows:

Rev. HENRY SMITH, D.D., LL.D., Professor of Sacred Rhetoric and Pastoral Theology.

Rev. LLEWELLYN J. EVANS, D.D., Professor of New Testament Greek and Exegesis.
Rev. EDWARD D. MORRIS, D.D., Professor of Systematic Theology, and Librarian.
Rev. ZEPHANIAH M. HUMPHREY, D.D., Professor of Ecclesiastical History and Church Polity.
Rev. HENRY P. SMITH, A.M., Professor of Hebrew.
Rev. HENRY A. NELSON, D.D., Special Lecturer in Pastoral Theology.
Prof. HARLAN P. TOWNSEND, Instructor in Elocution and Vocal Culture.

STUDENTS.

The following students, eleven in number, having completed the full course of instruction, have just been graduated, and are already engaged in the service of the Master. Two of them have offered themselves to our Board of Foreign Missions, for service in lands yet unevangelized:

William B. Bloys,	Salem, Ill.,	Blackburn University.
Salathiel S. De Garmo,	Bonn, O.,	Marietta College.
John N. Ervin,	Greenfield, O.,	Wooster University.
James G. Galbreath,	Sharon, O.,	Marietta College.
Clarence E. Hills,	Crawfordsville, Ind.,	Wabash College.

The following students, nine in number, have been admitted to the Junior Class, viz.:

John F. Baird,	Charlestown, Ind.,	Hanover College.
John B. Cameron,	Marshall, Mich.,	Marietta College.
Joseph J. Gilchrist,	Greenfield, Ind.,	Hanover College.

Ernest M. McMillen,	Ravenswood, W. Va.,	Marietta College.
William A. Smith,	Roberts, Ill.,	Wabash College.
Edward A. Snook,	Keysville, Md.,	Otterbein University.
Harley J. Steward,	Oskaloosa, Iowa,	Marietta College.

Five additional students have been admitted to the Middle Class, viz.:

Robert McCoy Coulter,	New-Athens, O.,	Franklin College.
Andrew D. Goldsmith,	Cincinnati, O.,	
Rev. D. N. Howe,	Cherry Grove, O.,	Otterbein University.
Rev. James Mitchell,	Hays City, Kan.,	Westminster College.
John L. Taylor,	New-Washington, Ind.,	Wabash College.

As also two who have been pursuing special studies, viz.:

Rev. William A. Smith,	Cincinnati, O.,	Brown University.
Rev. W. T. Maxwell,	" "	

The whole number in attendance has been *thirty*, representing twelve colleges and eleven States. This is a noticeable increase on the attendance of the previous year, though below the average for the past decade.

NEW BUILDING.

The most marked indication of progress during the year is the laying of the foundations of a new edifice, designed for general uses in the Seminary.

Digitized by Google

It will contain a chapel, a sufficient number of recitation rooms, a hall for the literary and religious societies, a museum, and a gymnasium. It is hoped that wings may in future be added to this structure, as dormitories for our students. For all general purposes, it will be adequate to the needs of the Seminary for generations to come. This great addition to the comfort of both students and teachers, and to the general capacity of the Institution to do its appointed work, has been secured through the beneficence chiefly of Trustees of the Institution and a few other generous friends. The entire cost will be about $20,000. The structure will be ready for dedication and use in the autumn, when the semi-centennial of the Seminary will occur.

The excess of expenses above income is *partly* because a part of the salaries had belonged to the last year; *partly* because a considerable sum, due for ground rents and interest, that is well secured, has not been received; *partly* because, within the year, five new houses have been built, with permanent funds, yielding no income for about six months, during the time of their erection; and *partly* from the fact that there has been some depreciation in some of the investments in the rate of interest.

During the year a legacy of $2500 has been received from the estate of Rev. Elias Riggs Fairchild, D.D., of Morristown, N. J., given to found a permanent scholarship.

V. UNION SEMINARY, NEW-YORK.

The administration of Union Theological Seminary is by a single Board of Directors, half of whom are Ministers and half Laymen. It has no distinct Board of Trustees. By the terms of its Charter, all pecuniary trusts are vested in the Directors.

At the time of the reunion of the two branches of the Presbyterian Church (1870), the Directors of this Seminary, with a view to as much uniformity in the relations of the several Theological Seminaries as their own Charter and Constitution would allow, volunteered to give to the General Assembly a power of veto on the appointment of its Professors, and to make an Annual Report to the Assembly.

Accordingly they report as follows:

The Board of Directors, as at present organized, is composed of the following gentlemen:

Charles Butler, LL.D., *President.*

A Course of Lectures on "The Relation of the Bible to the Sciences," on the "Morse Foundation," was delivered by Rev. Dr. Chadbourne, President of Williams College; and the ensuing Course, on the "Ely Foundation," will be delivered next year by Rev. Richard S. Storrs, D.D., LL.D., of Brooklyn, N.Y.

Valuable Lectures were also delivered by Hon. Theodore W. Dwight, on "The Relations of the Civil Law to Ecclesiastical Affairs;" and by Drs. Willard Parker, Senior and Junior, on "Hygiene." The number of students in actual attendance during the last year was 120.

None of these are pursuing a special course; all, the regular course prescribed by the Board of Directors. No others are entitled to receive diplomas. The Senior Class just graduated consisted of 43 members. One of these left the Seminary just before the final examinations, so that his name does not appear with his classmates. Three others, because of ill-health or other causes, were not candidates for diplomas, two of them expecting to join the next class and complete the course. To the remainder, 39 in number, diplomas were awarded, testifying that they had honorably completed the full three years of theological study. Their names are as follows:

Justin E. Abbott,
Herbert M. Andrews,
Anson G. F. Atterbury,
William A. Barr,
Charles R. Brown,
Edwin Brown,
John B. Calvert,
William N. Chambers,
Robert B. Clark,
Charles K. Clearwater,
John H. Clewell,
Junius J. Cowles,
Edward L. Curtis,
Allan D. Draper,
Hollis B. Frissell,
James L. Goodknight,
Hiram P. Hamilton,
Harry H. Henry,
James M. Hubbert,
Aaron Burtis Hunter,
Frederick Johnston,
Louis H. Jordan,
Junius H. Judson,
Luther M. Kumler,
Warren H. Landon,
Robert T. Liston,
Leonard W. Lott,
George W. Martin,
William J. McKittrick,
Cornelius W. Morrow,
Samuel B. Neilson,
Arthur Newman,
Isaac Heyer Polhemus,
William A. Powell,

James M. Simonton,
Samuel F. Taylor,

Regret was expressed, by the Standing Committee of the last General Assembly on Theological Seminaries, that no "financial statement" from the Directors of this Seminary was contained in their Report. Any information on this subject of public interest, consistent with the terms of their trust, the Directors will be happy at all times to furnish; but they cannot conform to the schedule sent down by the Assembly, inasmuch as their mode of keeping accounts does not correspond with its several items, some of which are indeed unintelligible. What are we to understand, *e. g.*, by "Professional" [Professorial?] Funds? by "Sustentation Funds"? and by "Contingent Funds"? Our accounts and trusts, administered by the best financial ability in this city, recognize different distinctions.

The six chairs of the Teaching Faculty are all amply endowed and supported by securities to the amount of $493,875.

The Scholarship Fund amounts to $69,639.03, of which nearly $20,000 is at present unproductive. The income of these scholarships is appropriated by vote of the Faculty. By order of the Board of Directors, no one is entitled to the benefit of a scholarship whose scholarly grade falls below a specified percentage.

Neither is such income allowed to any who receive aid from the Board of Education.

Digitized by Google

In addition to the Funds above named, the Seminary has a "Lectureship" and a "Fellowship" Fund of about $20,000 each; also, a Building and a general Endowment Fund—making an aggregate value of about $900,000, exclusive of real estate occupied by the Seminary or held for future occupancy.

A great proportion of our students possess or acquire the means of self-support. Believing that the primary and paramount object of a Theological Seminary is preparatory study, the Directors and Faculty would at the same time repeat their former testimony to the good effects upon those students who are employed, chiefly on the Sabbath, in those forms of Christian work which in various ways aid, instead of hinder, their preparation for the ministry. Setting aside the analogies of other professions, Law and Medicine, as to such practical experiences, we should be guilty of great injustice to the Founders of this Seminary and to the actual facts, if we omitted to repeat this testimony as bearing on the religious character of the students.

The Library of the Seminary now contains 35,470 volumes and 36,722 pamphlets. By the indefatigable exertions of the Librarian, Prof. Briggs, all these have been classified and catalogued, in accordance with a systematic plan. Much has been done, during the last year, by way of exchanging duplicate volumes with other Seminaries.

The Henry B. Smith Memorial Reference Library, consisting of such works as are most frequently consulted, and which are not allowed to be taken from the room, has proved eminently useful. Important additions have been made to the Biblical and Christian Museum, chiefly through the kind offices of Prof. Piper, of Berlin, and the American Missionaries in Syria.

Negotiations are in progress for the employment of an Assistant Teacher in Biblical Philology, the next year. The past academic year has been marked by special prosperity. The tone of intellectual and religious life has been perceptibly elevated. Health has been enjoyed by teachers and students. All the classes have been distinguished by industry, punctuality, manliness, and devotion.

The missionary spirit, both foreign and domestic, has been developed to an unusual degree. No less than eight, from the class just graduated, expect during this and the ensuing year to go on foreign missions. It is a fact of no little interest, at a time when so much is said as to an excess of ministers, that, of the graduating class, very few, if any, are without appointments and engagements in their appropriate work.

All which is respectfully submitted,

By order of the Board of Directors,

J., and William S. Porter, from Princeton Seminary, to the Senior Class; Messrs. George Knox, from Union Seminary New-York, James H. Sammis, from Lane Seminary, William H. Pumphrey, from Illinois Wesleyan University, and Samuel E. Taylor, a former student here, who had left on account of ill-health and soon returned, to the Middle Class. The remainder constitute the Junior Class.

The Senior Class embraces nineteen. Of these, Mr. Harry H. Henry, about the middle of the term, felt constrained to return to Union Seminary, New-York. Near the close of the term, Mr. William S. Porter was obliged, by sickness in his family, to leave, and, not attending the final examinations, could not, therefore, receive the certificate of graduation.

The remaining seventeen, having sustained, for the most part, a highly creditable examination, in the presence of a Committee of the Board, were awarded the usual certificate. And nearly if not quite all these graduates—besides the larger part of the Middle Class for the summer—have been invited to promising fields of labor.

The Graduates are:

Robert M. L. Braden,	" Iowa;	Henry Cullen,	" Canada;
James B. Currens,	" Illinois;	John Currer,	" Illinois;

VIII. BLACKBURN UNIVERSITY.

BLACKBURN UNIVERSITY, founded by the bequest of Rev. Gideon Blackburn, D.D., as a Theological School, is permitted by the breadth of Dr. Blackburn's plan, and by its corresponding character, to furnish, in addition to, and in preparation for, its Theological Course, all the ordinary preparatory and collegiate course.

Hence it occurs that this Institution has all the complete curriculum of the best Colleges. The Theological Course is complete, covering the entire ground of the usual course in our Theological Seminaries. An interim in the Institution, with a change of the Faculty, interrupted the Theological Classes for two years; but, with a happy increase again of students in all departments, we have also a band of young men studying for the ministry, who will be numbered in regular Theological Classes, some of them from this year. It is not, however, the policy of the Institution to hasten young men into the ministry; and we shall not, therefore, hasten to number these young men in Theological Classes until well prepared.

Rev. Edwin L. Hurd, D.D., was formally inducted into the Professorship of Theology, with religious services, in connection with the last Annual Commencement.

In the same connection, it was made a rule of the Institution that the symbols of the Presbyterian Church—the Confession of Faith and the Catechisms—should form a part of the regular instruction, and that students for the ministry should, during their undergraduate course, be required to become familiar with these standards of our Church.

There has been a new and happy development of the religious life in Blackburn University, during the current year, evinced by a vigorous sustaining of the young men's prayer-meetings and of the Society of Religious Inquiry, also by religious and benevolent work, on the part of the students—the whole a happy and prosperous year, we are grateful to report.

In finances this institution has met with some losses by the depreciation of property diminishing the value of some of its securities, and by bank and other failures; but not to such an extent, we are happy to say, as to seriously impair the permanent funds.

On the other hand, the donation, by a friend of the Institution, of three thousand five hundred dollars, during the past year, voluntarily and unexpectedly given, and the pledge of other smaller donations, has nearly or quite made up the losses sustained.

It is the determined policy of this Institution that the expenses shall not run beyond the income.

The property of Blackburn University, including buildings, unsold lands, stocks, moneys loaned on real estate, library apparatus, etc., should be stated, at cash value at present low prices, at one hundred and sixty-five thousand dollars ($165,000).

A current method of estimating such property would place it much higher.

Eighty thousand dollars ($80,000) of this amount should be stated as interest-bearing funds, and seventy-five thousand ($75,000) as buildings and grounds.

With prayer to Almighty God for his blessing upon the General Assembly, and bespeaking the interest and prayers of the Assembly for this important educational interest, the property of our Church in the midst of an important field, we submit this our Annual Report.

By order of the Prudential Committee,

E.L. HURD, *Chairman.*

Cartinville, Ill., May 12th, 1879.

Elijah Bigelow,	

The Board of Directors and Trustees are the same as reported last year, except Judge James D. Thornton, who has been elected in the place of Hon. Henry H. Haight, ex-Governor of the State, whose decease we have to record ; and, while we submit to the will of our Heavenly Father, we are constrained to say that we deeply mourn his loss. He was a distinguished ruling Elder in our Church, a decided Christian gentleman, an able, wise counsellor, a willing worker, a true friend to our cause. Judge Thornton is eminently worthy to be his successor, and is elected in his place as our attorney. You will learn our financial condition from the Treasurer's Report, herewith submitted.

The FACULTY are :

Rev. WILLIAM A. SCOTT, D.D., LL.D., Professor of Mental and Moral Science and Systematic Theology.

Rev. GEORGE BURROWES, D.D., Professor of Hebrew and Greek Exegesis and Special Introduction.

Rev. WILLIAM ALEXANDER, D.D., Professor of Biblical and Ecclesiastical History, Church Government, and General Introduction.

Rev. JAMES EELLS, D.D., Professor of Apologetics, Sacred Rhetoric, and Pastoral Theology.

The exercises of this term opened the first Thursday of September, 1878, and closed the last Thursday of April, 1879.

All the Professors have faithfully discharged the duties of their respective chairs. The anniversary exercises were held in St. John's Presbyterian Church, this evening, April 24th, 1879. The Annual Address was delivered by one of our pioneer ministers, Rev. Sylvester Woodbridge, D.D. The exercises were attended by a large assembly, and were of a deeply interesting character.

Our Students this term have been :

John McKenzie, born in Nova Scotia, educated at Dalhousie and Kings College.

Middle Class.

Joseph Hemphill, born in Ireland, a graduate of Magee College, Ireland.

David Gamble, born in Ireland, educated, University Mound College, this city.

James Thompson, born in Denmark, and came to us from the Pacific Theological Seminary of Oakland (Congregational).

Senior Class.

John B. Warren, born in South-Carolina, where he pursued his studies before coming to this State.

Robert Ballagh, born in Ireland, a graduate of Wooster University, and two years in Union Seminary, New-York City.

Adolph Geyer, a minister of the Lutheran Church, connected with the Synod of Buffalo, N. Y., and educated at Hermansburg, Germany; for some time attended the lectures on theology, but for the want of a knowledge of our language retired.

The usual certificates were granted to John B. Warren and Robert Ballagh, as having satisfactorily completed the course of studies in the Seminary. This is the eighth anniversary of the Seminary. It was inaugurated in 1871, and is regularly incorporated by the laws of this State. It was begun under a deep conviction, that such an Institution was an absolute necessity in our branch of the Church of Christ for this great Pacific coast. It was begun in faith and with prayer, and without any means in hand, except hope and zeal for the cause of our Great Redeemer. We were disappointed in not receiving the aid we had good reasons to expect, by reverses and calamities which need not be given in detail. Still four Professors were found willing to undertake the work, without any certainty or even promise of a salary, and out of love to the cause of Christ and zeal for Biblical instruction to those who were called to preach the Gospel. Three of these four are still our Professors; one of the four, Rev. Daniel W. Poor, D.D., resigned, and the Rev. Dr. Eells was elected to the chair, which he still fills.

We have had thirty-two students, and most of them who have graduated with us are occupying fields of labor on our coast, and with much acceptance and every promise of success in their work. Considering the feebleness and recent organization of our churches, and the feebleness of our beginning, our success has been quite equal to our expectations. As a School of the Prophets we are "a little one among the thousands of our Israel," and yet we cannot forbear expressing our fervent gratitude for what has been done. The Blessed Head of the Church has been gracious to us. Our Professors have been spared to us in health, and have labored with fervent zeal for the cause. We have a Seminary Building, commodious and furnished and well situated, with a good library, and other property and subscriptions, as you will see in the Treasurer's Report; and we are not one dollar in debt. We believe a strong conviction prevails among all our churches on this coast, that the Seminary is a vital necessity amongst us. The voluntary contributions of our congregations, for the support of our students the past year, has been $1037.09, besides some contributions of clothing.

Only a few volumes have been added to our library. As in former Reports, so now, we deeply regret to say, that we have not been able to remunerate our Professors for their valuable services, as they need and richly deserve. We are making an effort to meet their wants, but we do not know what success we may meet with. Whether there are more Seminaries east of the

Digitized by Google

Valley of the Mississippi than are needed, it is not for us to say; but we are constrained to suggest to the friends of a thoroughly educated ministry,—

First. That it is conceded that, for the most part, a successful ministry must be educated in the field of their labors, as a general rule. This is history, and this is the plan of our missionary work among the heathen.

Second. The Seminaries of the East, of which all our Professors are orthodox and filial alumni, are established, and in no danger of failure. Once they were as feeble as we are, but now they are out of the wilderness and in the land of promise, and growing in wealth. If they had not been fostered in their infancy, would they now be great and powerful? If we had never begun on this coast, could we ever expect a Theological Seminary? Nor did we begin too soon. All the other leading denominations began as soon, and some of them sooner than we did, to provide for an educated ministry.

Third. Looking forward to the next century, and our responsibilities and relations to it, because of our geographical and commercial position, we do not believe there is any strategic point, within the jurisdiction of the Presbyterian Church, where a Theological Seminary is of so much importance as this city. Our church needs a thoroughly and completely equipped Seminary at the Golden Gate. And as we do not believe, that those who labored and gave their time and talents and their money to found our blessed Schools of the Prophets in the East have ever regretted, or will ever repent, what they did, though these Institutions were once small and feeble, as we are now, so we hope and pray that our brethren in the East, seeking to give to the Lord where there may be the greatest return of riches to Zion, will turn their hearts towards us in the day of our necessity. Having made so good a beginning, and our churches rapidly multiplying and in need of properly qualified preachers, we do earnestly hope that you will give us your sympathy and prayers, and that our appeal for help will meet with a generous response. Will not the friends of a learned and godly ministry in the old States help us in our time of need, as the older Seminaries were aided when they were feeble as we are now? The newness and feebleness of our churches on this Pacific Slope render them unable to give us all the aid we imperatively need at present.

All of which is respectfully submitted,

By order of the Board of Directors,

W. A. SCOTT, *President.*

R. J. TRUMBULL, *Secretary.*

POSTSCRIPT.—From the Report of the Treasurer, it appears we have no invested principal. Our subscriptions deemed good are not paid, but the subscribers pay interest on them. Such interest as we can collect, and donations, with the rent of property in Oakland, are our only resources; our city lots are unimproved, and at present yield nothing. As our Professors have consented to labor for what we can give them, we have no debts. The total for salaries for the past year for all the Professors, you see, is $1906.

X. THE GERMAN THEOLOGICAL SCHOOL OF NEWARK, N. J.

Annual Report of the Directors.

With the end of the present Academical year, "The German Theological School of Newark, N. J.," may be considered as having attained its fully organized form. During our first five years, the tentative period culminated in the purchase of the Bloomfield property, and in the enlargement of our plans. Our second period of five years ends in six fully formed classes, a Faculty of four Professors, the graduation of four classes, an extended acquaintance of the whole Church with our object, and the preservation of our financial life during a period of depression quite extraordinary, if not unparalleled, in severity and duration.

The Board of Directors believe that our Institution has been striking root. Although it still needs protection and cultivation, they do not believe that the Presbyterian Church will now permit this good work to decline or fail. Our Church is beginning to see that, as an educated denomination, we have a mission to the Germans in America, and that that mission is to bring their religious life wisely and healthily into contact with that Puritan spirituality, which, in a broad way, they are meeting for the first time in this land.

The Directors present only a brief statement of the tenth year of our history.

1. *Further Information.*—The Catalogue, published each year during the Third Term, contains all the general statements necessary for the information of the Church, and may be considered as supplementing the information contained in this Report. Besides the ideal Plan of Instruction, it contains the statement of the "Actual Course" for the year, showing the detailed subjects treated under each department, the number of hours given each week to each study, and the instructor.

During the last three years, the Academic graduates have made addresses at the end of their preparatory course; but this year, at the approaching Anniversary, we shall have the satisfaction of sending forth again a class of graduates from our Theological Department.

2. *The Students.*—The number of students during the year has been thirty-two, eighteen of whom have been in the Theological Department and fourteen in the Academic. Two of the students, however, in the Academic Department, after careful trial have been declined, leaving twelve in that department, and thirty in all.

3. *The Faculty.*—Rev. Henry Weber, an alumnus of our first class, who for two years has been instructor, has been appointed Associate Professor of Hebrew in the Theological Department. He continues as he has done to give instruction in the Academic Studies. There has been no advance in his salary. It is a satisfaction to be able to appoint to this honorable position one of the first five students at the origin of our Institution.

Harry E. Richards, M.D., an alumnus of Princeton College and of the College of Physicians and Surgeons in New-York, and who had been acting as assistant to Professor Mayer at the Stevens Institute of Technology at Hoboken, N.J., has been appointed Professor of Mathematics and of Natural Science in the Academic Department. Professor Richards has magnanimously given his services during the year without compensation—a most providential gift, when we were without means of supplying this important branch of instruction.

4. *Current Income and Expense.*—The Directors and the Presbytery have reason for gratitude to God that the financial plan for the current year has been successful. We could have wished, that our loan due to the Endowment Fund had been further decreased, and that our plans for permanent endowment had matured as we desired. Still we take satisfaction, that we have been able to preserve the life of the Institution during the full period of ten years, and that in all respects but that of finance we have been making, during all this time, a constant and healthy growth.

Digitized by Google

The area of conviction, as to the need of our Institution, outside the Synod of New-Jersey has decidedly enlarged. The area of support has also enlarged. The prospect is that, in the future, the amount required from churches *within* the Synod of New-Jersey will gradually decrease, and the amount received from sources *without* will gradually increase.

The total amount of expense during the year has been $10,407.97. The total receipts have been $11,054.15. The balance in the Treasury is $646.18, which is applied to the reduction of the loan. The amount received from churches and persons in the Synod of New-Jersey has been $5,406.17. The amount received from sources outside the Synod of New-Jersey has been $4602.70.

We have never received, during any single year, so large an amount for current expense only. So far as the *possibility* of securing funds for our current support is concerned, we have reason to think that we have passed the crisis. With a moderate advance of commercial prosperity, and the continued enlargement of our area of support, we need have no fear of failure. This success, however, is at a waste of time and of strength on the part of our Professors.

The Directors consider that the Institution has been conducted, during the past year, with due regard to economy. A larger number of churches and of individuals than during any previous year have taken students to educate. The average yearly expense of educating a student is decreasing. We have only to hold perseveringly on our way, until our first two Professorships shall be endowed, and then it will be an easy matter to obtain the remaining support.

As a conserver of pure doctrine, of spiritual piety, and of a healthy religious freedom, as an educator in all the formative principles of vital thought and character, our Church should see that the Puritan standards of divine truth and of human liberty are properly interpreted to the Teutonic mind. We rejoice in the conviction that our strong Church is beginning to accept intelligently this as one part of her mission in this land.

The above Abstract of the Annual Report of the Directors to the Presbytery of Newark was directed, by the Presbytery of Newark, to be transmitted as the Report of the Institution to the General Assembly about to convene in Saratoga, N.Y.

STUDENTS.

Number of students in attendance upon all departments, twenty-five (25), of whom one died.

The range of study has embraced, in the Theological Department, Theology, Church History, Hebrew, and Hebrew Exegesis of a portion of the Pentateuch, with lectures on the same; New Testament Greek and Exegesis, together with essays in both German and English on the different subjects of study. In the Academic Department, Greek, Latin, German and English; History, Geography, Mathematics; German and English Composition.

The thoroughness of the instruction, and the faithfulness and intelligence of the pupils, as evinced in the final examinations, were in the highest degree gratifying.

The number of students in attendance has been much larger than in previous years, and still greater accessions are expected the next year. It will consequently be necessary to enlarge our accommodation for students in the Seminary Building. To meet this expense we need immediate assistance from the Church.

The only permanent resources of the Institution are derived from what is known as the Endowment and Building Fund. This Fund, as will be seen above, amounts nominally to nearly $39,000 in the form of interest-bearing notes. Of this amount about $20,000 still remains unpaid, of which a large part will probably never be collected. The regular income of the Seminary is very limited, and we therefore are greatly in need of the aid of the Church at large.

In every other respect the Institution is prosperous and successful.

Annual Report of the Faculty.

The Faculty of Biddle University respectfully present to the General Assembly their Annual Report for the year ending April, 1879.

The University is regularly incorporated under the laws of the State of North-Carolina, with the following

FACULTY OF THEOLOGY.

Rev. STEPHEN MATTOON, D.D., Professor of Theology, Church History, and Church Government.
Rev. JOHN W. SCOTT, D.D., LL.D., Acting Professor of Homiletics and Biblical Exegesis.
Rev. ROBERT M. HALL, A.M., Professor of Moral Philosophy.
Rev. SAMUEL J. BEATTY, A.M., Teacher of Hebrew.

These Professors all give instruction in the other departments of the University.

Near the close of the last year, Rev. John H. Shedd, D.D., who for several years had very satisfactorily filled the Professorship of Homiletics and Biblical Exegesis, resigned in order to return to mission work in Persia. Rev. SAMUEL M. HENDERSON was chosen to succeed him, and entered upon his work, at the beginning of the present session, with zeal and promise of great usefulness. Failing health obliged him to leave his work in February last, and he has since been called from earthly service to the rewards of Heaven. The death of one so well fitted, by natural and acquired gifts and by the grace of God, for eminent usefulness is a great loss to the Institution and the Church. We were able to secure the valuable services of Rev. Dr. J. W. Scott for the remnant of the year, so that there was but a slight interruption in the routine of instruction by the removal of Mr. Henderson.

Since our last Annual Report, the following persons have been admitted to the Theological Department:

Benjamin Garnett,	Carthage, Mo.,
Isaac M. Miller,	Winnsboro, S. C.,
Benjamin F. Miller,	Fishing Creek, S. C.,
John Murray,	Mebansville, N. C.,
Adolphus Waugh,	Salem, N. C.

The following persons have completed their course since the last Report, viz.: Peter G. Lowry, O. Black Moore, Benjamin F. Russell, William M. Viney, and A. P. White. They are all engaged in ministerial work among their people.

The University was established by the Assembly, through its Freedmen's Committee, with the object of educating teachers and preachers for the colored people, and it will be in place to give here a summary of the work of the Institution. All its departments are closely allied, and Christian Bible teaching is made prominent in them all. We have enrolled, during the year, 154 students, of whom more than 90 are church members, and about 30 have the ministry in view.

The students have generally been attentive to their duties, and, considering their antecedents, very successful in their studies. The religious interest has been good. We have had the manifest presence of the Holy Spirit, resulting in the quickening and growth, in knowledge and grace, of believers.

and the conversion of others. Many of those preparing for the ministry have engaged in evangelistic work, in the region around the Institution. As the result of this work, by Professors and students since the foundation of this school, more than 30 churches have been organized, some of which have now ordained pastors trained here.

Nothing has been added to the Endowment Funds during the year, and nearly the entire support of the Institution is borne by the Committee on Freedmen, whose receipts are inadequate to carry forward the general work among the Freedmen, and to supply the urgent needs of the work here.

We have received valuable additions to our library, by the kindness of several friends, and it now contains more than 2000 volumes. We have also received from friends in Scotland £1258 sterling, realizing $6120.17, for the foundation of a Fund, the interest to be appropriated to aid students preparing for mission work in Africa. This sum was collected by the Theological students of the United Presbyterian Church of Scotland, during last summer's vacation. This generous gift ought to stimulate its friends in this country, to contribute the funds so urgently needed to properly equip this Institution, for the great work for which God has opened a wide door, both in this country and Africa.

We have from the first made missions prominent in our teaching and efforts. Several of our students have Africa in view as the field of future labor; and this fund so opportunely provided will bring this needy field more prominently before us. In conclusion, we desire to urge upon the attention of the Assembly the importance of this Institution, so well situated and adapted, if properly fostered, to the work of elevating and evangelizing the colored people of this country and of Africa. It needs largely increased facilities by additions to its buildings, by an increase of instructors, and by an adequate endowment of all its departments.

In behalf of the Faculty,

J. MATTOON, *President.*

OFFICE OF THE BOARD.

Abstract of the Ninth Annual Report.

Of more than 1200 Missionaries who have been engaged in their work during a part or the whole of the past twelve months, nearly all have been permitted to prosecute their labors with comfort and great success. But some, who had long served the church under our fostering care, have passed to their reward.

The names of the latter are :

Andrew J. McMillan, who died April 2d, 1878 ; Rufus K. M. Baynum, June 25th, 1878 ; John D. Caldwell, October 15th, 1878 ; Aaron Williams, D. D., December 31st, 1878 ; William R. Sibbet, January 8th, 1879 ; Horace C. Atwater, February 7th, 1879 ; Albertus Vandewater, February 28th, 1879 ; William B. Brown, February 26th, 1879 ; George H. Hammer, March 8th, 1879 ; Silas W. Black, March 24th, 1879.

THE YEAR'S WORK.

There have been 1202 men in commission during the last year, laboring in the following States and Territories, viz. :

Alaska, 2 ; Arizona, 4 ; California, 35 ; Colorado, 24 ; Dakota, 5 ; Delaware, 5 ; District of Columbia, 2 ; Florida, 2 ; Georgia, 5 ; Idaho, 2 Illinois, 89 ; Indiana, 42 ; Indian Territory, 3 ; Iowa, 109 ; Kansas, 116 ; Ken-

tucky, 25; Louisiana, 1; Maryland, 19; Massachusetts, 2; Michigan, 42; Minnesota, 48; Missouri, 70; Montana, 5; Nebraska, 49; New-Jersey, 38; New-Mexico, 10; New-York, 93; Nevada, 2; North-Carolina, 18; Ohio, 77; Oregon, 12; Pennsylvania, 113; South-Carolina, 4: Tennessee, 20; Texas, 23; Utah, 8; Virginia, 4; West-Virginia, 17; Washington Territory, 9; Wisconsin, 45; Wyoming, 3.

They have preached the gospel at stated intervals in not less than 3500 places. They have organized 264 Sabbath-schools, and have under their care a total of 111,881 Sabbath-school children.

Many revivals of religion have been enjoyed. The Missionaries report the organization of 136 churches; 10,872 were added to their churches, 4693 by letter and 6179 on profession of faith.

Financially, the past year has been one of hardship to our contributors, and also to the Missionaries. The long continued financial distress in the country has led to widespread discouragement. A large number of our ablest contributors have found it impossible to contribute as largely as in former years. Many churches, that had become self-supporting, have been again constrained to make application for missionary aid; and many, that were aspiring to self-support, have been compelled to ask for more help than the year before. The income of the Board has not been sufficient to enable us to grant all that was called for, by about 25 per cent. Hence we were compelled to cut down the appropriations to that extent.

Near the end of the fiscal year, when the churches came to realize that we were in danger of being overwhelmed with debt, they rallied for our relief. Many, that had contributed nothing to our Board the year before, sent us generous collections; many took up extra collections in our behalf, of which a large number were missionary churches, and scarcely any showed a stronger desire to relieve our Treasury than the churches that were receiving aid from it. And, though we close the year with a debt of considerable magnitude, our receipts are $17,866 more than last year.

SUSTENTATION.

Important changes were made by the last General Assembly in the original plans of Sustentation. Several of its more stringent features were obliterated or modified, so that the advantages of the scheme have been brought within the reach of many churches, that could not avail themselves of its privileges before; so that, while there were but 69 pastors on that basis last year, we have 137 this year.

Under the previous regulations, it was impossible to disburse, according to the rules, the amounts received for Sustentation, and at the close of our fiscal year, two years ago, we had a balance on hand in the Treasury amounting to $37,342.55, and one year ago of $44,879.50. We close this year with a balance on hand of $34,480.20.

This large amount may surprise the Assembly, since the Board heartily encouraged the Home Mission churches to form the Pastorate, and put themselves in a condition to draw from the full Treasury of Sustentation, and to relieve the Home Mission Treasury, constantly and greatly overdrawn.

But, when it is remembered that the new regulations did not get fairly before the churches till July or August, and could not be acted on except in a few cases before the Fall meetings of Presbyteries, that there has already been a large increase of claims on the Sustentation Fund presented since that time, and that the average appropriations for these cases must be about $250 each, it will readily be seen, that the rate of expenditure at the present time far exceeds the rate of income; for every one hundred cases consumes about $25,000 a year, and at the end of another year the amount will be greatly reduced or entirely exhausted.

The Board, therefore, thought it wise to refuse to place any Missionaries, already under commission of the Home Mission Department, under the care

Digitized by Google

of the Sustentation Department before their present commissions expire; and, as the minimum amount of $900 is still so much in excess of the average grants under the Home Missionary Department, it was thought wise to make that amount the maximum salary in all cases. By such an arrangement, the pastor of a congregation in a rural district has an advantage over those in cities or large towns; but the number of the latter is so small that it was not thought best to make them an exception to a general rule.

THE FREEDMEN.

It probably devolves on us to suggest that the time has now come, according to an act of the General Assembly of 1874, for the Freedmen's Committee to be "merged" in the Board of Home Missions. That Assembly enacted the following concerning the Freedmen:

"The Committee on Freedmen shall continue, as at present located and constituted, for the period of five years, during which period its affairs shall be conducted with the view to the final merging of the Committee with the Board of Home Missions, and as soon as possible the churches, under the care of the Committee for Freedmen, shall be transferred to the Board of Home Missions."

In accordance with the latter part of the above enactment, the first of January, 1878, the Freedmen's Committee turned over to the Board of Home Missions all their Missionaries that were engaged exclusively in the work of preaching the gospel, and all the churches under their care.

The Board cheerfully accepted the trust, and supposed that at the end of the year 1879 the "final merging of the Committee with the Board of Home Missions" would take place, in accordance with the other portion of the enactment. But, when it became apparent that the Committee were opposed to such a course, and had secured action in the General Assembly of 1878, looking to its perpetuity, it was clear that such a divided interest in behalf of the Freedmen could hardly fail to work disastrously to their welfare.

Hence, after the Board had administered the affairs for the Freedmen for six months, in accordance with a plan carefully elaborated and adopted by previous Assemblies, the Missionaries were paid, and ceased to have any further connection with it.

WOMAN'S WORK.

The work of Christian women in behalf of Home Missions dates as far back as the beginning of Home Missions in this country. For the last few years it has been developing itself in the direction of larger endeavors and a more thorough organization.

Hence, a convention of Presbyterian women was held, during the meeting of the General Assembly, at Pittsburgh, with a view to carry out the recommendations of the General Assemblies of 1875 and 1876, in regard to some more complete organization for Home Missions. The result of that meeting was the adoption of a Resolution to appoint a Committee of twelve women, representing various parts of the country, to confer with the "Ladies' Board of Missions in New-York," as to their willingness to devote themselves exclusively to Home Missions, thereby becoming the Woman's Home Missionary Society of the Presbyterian Church. In case the "Ladies' Board" declined the proposal of the Committee, it was empowered to call another meeting, at such time and place as might be selected, for the purpose of completing an organization independent of it.

The conference took place in New-York, July 11th, and the Ladies' Board decided to make no change in their organization. Then the Committee appealed to the Board of Home Missions for counsel on the subject of a new organization as the basis of future action, and, in accordance with the sug-

gestion of the Board, called a convention of Synodical Committees to meet in New-York, December 12th, 1878.

This meeting resulted in the organization of the Woman's Executive Committee of Home Missions of the Presbyterian Church. The plans of this Committee are already before the Church. It meets the wishes of many of our friends among the women of our churches, and has the hearty approval of the Board. For it seems to fill a gap or meet a want not filled or met by other organizations. Without interfering with any other form of organization into which others have entered, it begins to find scope for zeal and labor that lacked full play before, and hopes to bring into exercise the greatest possible amount of activity in the work of Home Missions.

Meanwhile the various other organizations, large or small, working exclusively for Home Missions, or for both Home and Foreign, have shown no lack of zeal in the work that they have had on hand. The results appear in the Treasurer's Report; perhaps they are also equally manifest in that new work which the Board has been constrained to undertake, namely:

THE DEPARTMENT OF SCHOOLS.

This work came to our hands unsought. In the progress of the country, the process of railway construction, and the flow of population into the distant Territories of the West, we were brought face to face with "exceptional populations" in Southern Colorado, New-Mexico, Arizona, Utah, and Alaska.

In all the older settlements in Southern Colorado, New-Mexico, and Arizona, the people, almost without exception, are devoted to the Papal religion, and speak a foreign language; in Utah, they are Mormons, almost without exception. In Alaska, the whites, previous to our purchase of the Territory, were Russians by birth, and devoted to the Greek Church; while in all these Territories were many thrifty Indian tribes, scarcely less pagan than the inhabitants of Central Africa. Alaska is larger than all the States east of the Mississippi, and north of North-Carolina and Tennessee. The conditions of its climate are much like Northern Scotland, which has supported a hardy, intelligent, and virtuous people for centuries. To this new and distant Territory public attention is turning more and more, on account of opportunities likely to occur for the prosecution of various profitable industries. But it is already inhabited by a native population, estimated variously from 25,000 to 70,000.

When we began the work we saw that we must begin as Foreign Missionaries do on foreign shores--by the establishment of schools in connection with preaching the gospel, both of which are necessary to prepare the way for the organization of churches. From the Arkansas in Southern Colorado, sweeping round southward and westward to the banks of the Gila, on the borders of Southern California, there were no Presbyterians and no Protestants with which to organize a church of Christ. The Papal Church was all the church that the people knew. In Utah, there were no Presbyterians or Protestants, except a few who gathered about the large towns for purposes of trade. The Mormon Church they knew, and despised every other. In Alaska, there were no Presbyterians and no Protestants; the people spoke the Russian Language, and the only church they knew was the Greek Church.

Four years ago our Presbytery in Utah had only two ministers and two churches, one at Salt Lake City and one at Corinne. There were no teachers and no schools. Now there are 10 ministers, 8 churches, 11 schools, 15 teachers, and 800 day scholars, and 900 Sunday-School scholars, with 55 teachers.

In New-Mexico, we have had during the last year 14 schools—11 among the Mexicans and 3 in the Pueblos, and have employed 18 teachers. In Alaska, we have had 2 schools and 2 teachers.

Digitized by Google

During the last year, then, we have had 27 schools, in which 35 teachers have been employed; in some one teacher, in some two or three teachers. But there has been no school which has not been under the eye of a Missionary. At every point where we have had a school, Missionaries have had regular preaching services; and connected with their labors we have now 16 churches duly organized; all small indeed, like flickering lights, which, we trust, will yet glow more brightly, and gradually dissipate the surrounding darkness.

IMMIGRATION.

The immigration into large portions of the West is unparalleled. It is difficult to obtain accurate statistics; but there seems to be no doubt that greater multitudes than ever before are quietly passing from the crowded East into the great unsettled regions of the West. It is claimed that 50,000 settled in Dakota Territory last year, an equal or greater number in Nebraska, and at least 125,000 in Kansas. Iowa, Texas, and other States and Territories shared in the movement perhaps in equal proportions.

Two or three forces concur to produce this result:

1. The marvellous extension of the railway system in the West, in the few years previous to the late financial depression. When the crash came, many men lost at once their business, their property, their homes, and all employment. The great cities in the East held out no hope. Gathering together their little savings, rapidly wasting away, or the last fragment of their fortunes, they fled to the West to make new homes for themselves and their children.

2. Many of the enterprising sons of the prosperous men at the East take their portion, leave the homes of their childhood, and seek new homes and larger fortunes at the West.

3. The steady attraction of the mineral wealth in all the new Territories of the Rocky Mountain Districts, made more and more powerful by the increased facilities of access, furnished by new and extended lines of railway.

4. The growth of a new mining town on the mountain side creates a call for the products of the earth, and hence there springs up a new and vigorous agricultural interest in all the surrounding valleys and plains. The gold mines were the first great attraction to California; but it reports as products for the last year not only 85,000,000 in gold and silver, but 22,500,000 centals of wheat, and more than 41,000,000 lbs. of wool. Colorado has developed various industries besides mining, large and prosperous towns have grown up during the last fifteen years, and its mining interests were never larger or more remunerative than at the present time. Railroads are bringing all the well-known but undeveloped mining districts in New-Mexico, Arizona, Utah, Montana, Dakota, and Idaho nearer and nearer to us; and placing all their fertile valleys and rich pasture lands within our reach.

5. The Indians, too, that have contested the advance of civilization every step of the way from the Atlantic coast, are mostly disposed to peace, and remain quietly on their reservations. All these things allow and invite immigration.

THE DUTY OF THE CHURCH?

To send the Missionary with the emigrants to their new homes; to preach the gospel to the people; to plant churches, and with them all the institutions of religion and civil order, and make great and prosperous States where now are wide uncultivated wastes—is now, as it has been from the first, our great duty.

This is what the Missionaries have done farther East for half a century or more. They have kept abreast of the advancing wave of population. They have had to contend with lawlessness, Sabbath breaking, profanity, drunkenness, and gambling; but they have prevailed over them by the word of the Lord. Where old ties had been loosened, and customary restraints thrown

off, where the church and its privileges, and the preaching of the gospel had not been enjoyed, they found the people rapidly degenerating. They went among them, arresting their attention, stirring their intellects, rousing their consciences, and warming their hearts with the great and sublime doctrines of our faith. Infidels and unbelievers, the profligate and the profane, were brought to Christ in great multitudes. The face of society was changed in many a place; nearly all the churches in Western New-York, Western Pennsylvania, and in all the States farther West, have been planted by Home Missionaries; and nearly every Presbytery, that has been organized within their bounds during the last fifty years, has been composed almost exclusively of Home Missionaries.

What the Central West and the farther West have become, in a religious sense, is the result of Home Missionary labor. The same results will follow the same causes. If we send Missionaries with this great advancing tide, we may rest assured that our labor will not be lost. The experiment of fifty years has proved a success. We have but to pursue the same course the fathers pursued, and we shall see great and prosperous cities, and numerous and flourishing churches, in places now without inhabitant, and large Presbyteries where we now only see them in their feebleness. New-Mexico, Utah, Montana, Idaho, Dakota, and Washington Territories shall yet become as Ohio and Michigan, and Indiana and Illinois.

But to relax our efforts now, in the midst of this mighty migration, would be attended with great peril. The dangers that existed when the fathers were young exist now, and still greater dangers. The fathers had not to think of New-Mexico, three times as large as Ohio, containing 125,000 Spanish-speaking Papists and Indians; or of Utah, more than twice as large as Ohio, with 130,000 Mormons; or of the Chinese—a hundred thousand on the Pacific coast—who, whether they are to be dreaded or not, seem to have inspired four or five times their number of white men with terror on account of their presence. All these are new dangers that did not confront our fathers. They are for us to meet. But the question for us to answer is this:

Is the Church able to carry forward the growing work of Home Missions? Is it able to hold its own against all opposing forces, and meet the expense involved in the evangelization of all the people in all the fast-filling States and Territories of our wide domain?

There are encouraging and most hopeful aspects. The advance of our contributions over last year's receipts, and the very large increase during the last of the year, show returning hopefulness and vigor. We may have to educate a new generation in the work of *giving*, to take the places of the dead, and of those who have lost their fortunes; and it may be necessary to recall the churches to consider what they had learned long ago about missionary work, and refresh their memories with the fundamental and most familiar truths of the Scriptures concerning the kingdom of God on earth. But with returning prosperity, and the number of communicants increasing by tens of thousands every year, it is not conceivable that the Church is either unable or unwilling to meet the demands of this great work if it be properly placed before them.

REDUCING EXPENSES.

The Committee on Bills and Overtures of the last General Assembly reported an Overture "from the Presbytery of Monmouth, requesting the Assembly to take measures for reducing the expenses of administration in all the Boards of the Church." The Committee recommended, and the Assembly ordered, "that it be judged inexpedient to take any action in the direction proposed."

At a later day in the sessions, hwever, the Assembly saw fit to single out this Board, and resolved "that it is hereby recommended to the Board of

Digitized by Google

Home Missions that they make careful inquiry whether it be feasible to reduce the current expenses of the Board, and report the answer to the next General Assembly."

What special reason the General Assembly had for calling the attention of this Board to the subject, after the Committee on Bills and Overtures had already considered a similar proposition concerning all the Boards, and had reported against it, we have no means of knowing. But we are glad of an opportunity to make a special and unusually detailed report to the Assembly, to the churches, and to the whole world.

First. The people of God in the Presbyterian Church have furnished buildings for all its Boards, except the Board of Home Missions, and that of Church Erection. This Board has paid to the Board of Foreign Missions the last year:

For rent, $1000; for janitor, $182; total, $1182.

We are happy to say that our rent will be reduced, for the year to come, to $800.

Second. Printing and distribution of the Annual Report of last year, and deficiency on the publication of the Monthly Record, both of which are ordered by the Assembly, $3,239.82.

Letters, circulars, blanks, $405.80. Postage and revenue stamps, $742.89; fuel and expense of rooms, $155.48; stationery, $183.70; interest on borrowed money, $225.12; expenses in will cases, $333.67.

Third. Secretaries' and Treasurer's Department.

In view of the reduction of the salaries of Missionaries, made necessary by our inadequate income, the Corresponding Secretaries have turned back into the Treasury several thousands of dollars since the "hard times" began, and have remitted $1000 each during the present year. The account for the services of the employés of the Board stands as follows:

Salaries of Corresponding Secretaries, $8000; salary of Treasurer, $3000; clerks' salaries, $2900; traveling expenses, $141.35.

We have Permanent Funds placed in our hands, made permanent by the donors, and over which we have no control, except for safe investment, that yielded us during the year past $12,356.15. If this amount be deducted from the total expenditure of the Board ($20,509.82), there is left to be provided for, by the contributions of the churches, legacies, and miscellaneous sources, the sum of $8153.67. This is less than $2\frac{8}{10}$ per cent of our receipts, and enables us to assure all contributors to our Treasury, that, of every dollar given by them, more than ninety-seven cents goes directly to the laborers in the Missionary field.

The Board takes this opportunity to assure the General Assembly and the churches that no pains have been or will be spared to reduce the current expenses of the Board to the lowest possible amount consistent with its greatest efficiency.

The Treasurer reports Receipts and Expenditures as follows:

OFFICE OF THE BOARD.

PRESBYTERIAN MISSION HOUSE, 23 Centre street, New-York, N. Y.

ABSTRACT OF THE FORTY-SECOND ANNUAL REPORT.

Finances.

The receipts of the Board from April 30th, 1878, to April 30th, 1879, were $427,631.54. Its expenditures, in the same period, were $442,834.86. This statement shows that a deficiency exists in the income of last year, as compared with the expenditures, of $15,203.32. To this must be added the debt at the end of the previous year of $47,329.26, making the whole indebtedness of the Board April 30th, 1879, $62,532.58.

The regret which this statement causes is increased by the fact that, at the beginning of the year now under review, the Board felt constrained to make considerable reductions in its expenses, both at home and abroad. Though some unexpected expenditures became necessary, particularly in the return of Missionaries, yet the aggregate expenses of the last year, as compared with those of the preceding year, were lessened by these reductions

Digitized by Google

over $25,000. This statement of reduced expenditure in a growing work is itself a cause of regret, only second to the actual indebtedness. And the only plea for either was that of necessity. But even this stern plea cannot be allowed to continue beyond the point already reached. The Board cannot carry this work forward under pecuniary conditions which involve annual indebtedness. Either its income must be increased, or its work must be contracted, so far as it depends on financial support. It is to be hoped that the period of deficits and retrenchments is at an end, and that, with the reviving prosperity of the country, the Church will enable the Board to go forward with vigor in its great work.

ACCESSIONS TO THE CHURCHES.

The reports have not been received from all the fields, but, so far as the statistics are known, they indicate a steady, and in some cases a rapid, growth in the membership of the churches. Syria has never before sent so encouraging a report. Persia realizes again the blessings of former and well known revival days. Siam reaps the abundant harvests for which many years of seed-sowing have been preparing. The growth of the Church in Mexico attracts unusual interest to that more recent but very promising field.

NORTH-AMERICAN INDIANS.

The condition of the Churches among the Indians may be summarily presented as follows:

Upon the political aspects of the Indian affairs of the country the Board forbears to enter. It cannot hesitate, however, to express its satisfaction at the defeat of the attempt to place the Indian Agencies under military control. There are now comparatively few tribes that require to be kept under the power of the army; most of them are peaceful. What they all chiefly need is peaceful treatment, and especially the influence of the gospel of peace. They should be placed under the protection of the law; they should own their land in severalty; they should have common schools for their children, supported for the present by the General Government; they should enjoy the benefits of missionary labor, under the charge of all evangelical denominations; and then they will eventually become qualified for the rights and duties of citizenship, and for the privileges of the Church of Christ. It is by no means labor in vain that is given to Indian evangelization, and thence will follow the best civilization.

MEXICO.

The report of the Southern Mexican Mission presents a cheering list of twenty-two churches, with about forty outstations in which scattered members reside, altogether numbering over 2300 members. Eleven native Mexican preachers of good promise were ordained during the year. The North-Mexican Mission is not so far advanced, but permanent foundations are being laid at Monterey, Zacatecas, and San Luis Potosi.

The membership of the churches in and around Zacatecas is at present as follows:

Zacatecas, 75; Jerez, 21; Fresnillo, 50; Cos, 75; Moral, 90.

SOUTH-AMERICA.

In most of the South-American Missions the work has advanced steadily but not rapidly. At Bogota, there has been little progress. In Chili, there has been an increase of force, in one new Missionary and his wife. They have opened a new station at Concepcion. The reports from Valparaiso are encouraging.

In Brazil, there has been no increase of force, and no new station has been opened; but the following statistics of the Brazilian Mission for the year show a healthy progress:

WESTERN AFRICA.

In West-Africa, the death of Rev. Darius L. Donnell, of the Liberia Mission, and a graduate of Lincoln University, has exerted a depressing influence, and it has confirmed the convictions of the Board that, in enduring the West Coast climate, the American-born African has no advantages over the Anglo Saxon. No white missionary of this Board has died in Africa for many years. The membership of the Liberia Churches is at present 354.

In the Gaboon and Corisco Mission there has been gratifying progress, notwithstanding the great reduction of the Missionary force.

At Corisco, a serious defection has been created by an ex-missionary supposed to be insane.

The number of communicants is 90 at Corisco, 101 at Baraka, and 164 at Benita.

Rev. Dr. Nasson, and his sister, Miss Bella Nasson, are making a good beginning on the Ogovie River, 175 miles from the sea.

SYRIA.

Of the Syrian Mission, the statistics of the year are as follows:

Twelve male and 17 female Missionaries; 3 native pastors; 112 teachers; 15 licensed preachers; 10 other helpers; 140 total force; 12 churches; 716 communicants; number received on profession, 115; 66 preaching places; 45 Sunday-Schools; 1895 pupils in Sunday-Schools.

This shows a larger increase than any previous year in the history of the mission.

The Syrian Mission has suffered a serious loss in the death of Rev. Frank A. Wood, of Abeih.

Aside from this, the health of the Missionaries is usually good, and all are cheered with the promise of their work. The chief cause of any depression which may be felt lies in the fact that the demands of the work are so far beyond the means supplied for its accomplishment. The last mission year has been signalized by the establishment of a British Protectorate over Syria and all Asiatic Turkey, and by a new departure, in the Syrian Protestant College, in the adoption of the English language as the common medium of instruction.

PERSIA.

The work in Persia is, year by year, becoming more consolidated and diffusive. Mohammedan and Jew are already feeling the influence of a pure Christianity, and are acknowledging by a public profession its divine power. The three stations—Tabriz, Oroomiah, and Teheran—continue to be centres of important operations. The death of Rev. David Scott was a heavy loss. The accessions to the churches are encouraging. Some of the churches are self-supporting. There are in the field 18 native pastors, 1221 communicants, 33 students for the ministry, and 1643 pupils in the different schools.

INDIA.

No great changes have taken place during the year in the three missions established in this country. Some of the churches have been strengthened. The membership is 890, and in the schools—day and boarding—7996 scholars are reported. The number of Zenanas open to missionary ladies is steadily increasing.

SIAM AND THE LAOS.

The interest of the people in the demands of Christianity is growing. Two new churches were organized the past year; two men were licensed to

preach the gospel, and two were taken under the care of the Presbytery as candidates for the ministry. The membership increased about 20 per cent. Religious toleration enjoyed in Siam has been extended to the Laos, and much is expected from this boon. The number of communicants, 164; pupils, 330.

CHINA.

The missions in China have experienced many changes—among them the death of Rev. Albert Whiting, who had volunteered as one of the distributors of the funds contributed for the relief of those suffering from famine.

The providential relief of abundant crops has arrested the great suffering of the people, and the self-denying spirit of missionaries, who died in the work of relief, is bringing forth fruit, in the more favorable reception everywhere given to the Gospel. The statistics of the Shantung and Peking Mission are incomplete, but so far as received, they are as follows:

Male missionaries, 11; female missionaries, 16; evangelists, 4; teachers, 7; schools, 3; pupils, 48; Sunday-School pupils, 60; chapels, 3; communicants (as far as reported), 588; communicants added, 114; contributions, $136.

A very encouraging work has been carried on by Dr. Nevius and Mr. Corbett in the rural districts of the interior of Shantung. As in other years, it has proved the most fruitful portion of the field.

The Ningpo Mission has suffered from an almost crippling reduction of the Missionary force; but the labor expended has brought forth good fruits. Special mention should be made of the mission press at Shanghai. It has never been managed more efficiently, or with greater results, than during the past year, under the care of Mr. Holt. The brief and modest report which he has sent to the Board is as follows:

"The Report for the past year calls for very little detailed statement. The press has been employed up to its full capacity, the result of which appears in the statement, that it has issued 39,249,453 printed pages. Of these, more than 25,000,000 pages are the Scriptures, entire, or in portions, while the remainder is made up of tracts, commentaries, hymn-books, newspapers, etc. Our own mission has been supplied with books to the amount of $896.67, without any expense to the Board.

"The outlook for another year is encouraging. We have large orders in hand from the American and the British and Foreign Bible Societies; and some work may be expected from the Religious Tract Society, recently organized here, and from the committee in charge of the Text-book Series. I regard it as a part of the proper work of our Mission Press to encourage both of these undertakings by giving them the most liberal terms possible."

That the press, in addition to supplying the mission with all its Christian literature, has given to the general treasury about $8000 of surplus earnings during the year, is a matter of congratulation and rejoicing. It is the more gratifying from the fact that only job-work of the most elevated character is admitted.

The statistics of the Ningpo Missions are as follows:

Ordained missionaries, 7; female missionaries, 9; ordained native preachers, 11; evangelists, 17; teachers, 21; Bible women, 8; children baptized, 28; communicants, 734; communicants added, 69; churches, 14; out-stations, 27; schools, 18; pupils, 333; chapels, 34.

In and around Canton, the work of the year has been encouraging. The country round about is opening up far more rapidly than it can be occupied. The Canton Hospital has received back its former superintendent, Dr J. G. Kerr, and has entered once more upon a course of prosperity and usefulness.

Summary of Canton Missions.—Ordained missionaries, 3; unordained missionaries, 1; female missionaries (married and unmarried), 8; 11 native assistants; 7 Bible women; 1 training-school for men, with 16 pupils; 1 training-school for women, with 12 pupils; 1 boarding-school for girls, with

28 pupils; 4 day-schools for boys, with 114 pupils; 10 day-schools for girls, with 224 pupils; 2 organized churches, with 310 members; received during the year on examination 65 members; dismissed during the year to other churches, 5 members; suspended during the year, 6 members; died during the year, 5 members; contributed during the year, $150.50; 4 chapels for men in the city; 9 chapels for women in the city; 3 chapels for men in the country; 1 chapel for women in the country; 2 places for occasional meetings in the country.

JAPAN.

The returns enumerate 11 organized churches, and 27 preaching stations connected with churches. The following table gives statistics of the churches during the last year:

	Organized.	Received on Profession.	Whole Number.

In the picture presented by the work in Japan both light and shade appear. Skeptical and irreligious influences mark the course of many foreign residents, and find too ready a reception in the native mind, especially of the higher classes. On the other hand, the door of entrance has been partly opened. Progress has been made. The work of our Church has been greatly favored. New churches have been formed, in the last year, and all the churches have received new members. The schools are doing a good work. The native laborers seem to be earnest and devoted men, and their influence and efforts have given great satisfaction to the missionaries. Candidates are in preparation for the ministry. These things are precious evidences of the presence of the Holy Spirit. And the Word of God will soon be completely translated and printed. The Church may well be encouraged by the blessing of God, which has evidently rested on the work of this mission.

The work among the Chinese in California has advanced materially, notwithstanding the bitter political opposition which they and their missionary friends have encountered. The Chinese Church in Oakland has more than doubled.

The time seems near when, in all the chief cities and villages of California, there will either be a Chinese Church or a considerable Chinese element in our American Churches.

PAPAL EUROPE.

The Board has received and disbursed the following special donations during the year:

For the Waldensian Evangelical Society, Italy,	$2,518 48
" Central Protestant Society, France,	725 00
Evangelical Society, Spain,	150 00
" " Geneva,	250 00
" " Belgium,	250 00
	$3,893 48

The outlook in Papal Europe is full of hope for the Protestant cause. The Report of the French Society states that all France is open to evangelical effort. Though the churches are poor, they are laudably helping themselves while asking generous assistance from abroad. Of 200,000 francs raised by the Society during the year, 150,000 were contributed in France. The work and the wants of the Waldensians are being ably set forth among our churches by Sr. Turino, who, as the authorized representative of the Waldensian Synod, is collecting funds. The Board regrets its inability to do more than simply to disburse the special funds received as above.

ABSTRACT OF THE SIXTIETH ANNUAL REPORT.

Grateful to God for many mercies amid repeated bereavements, the Board of Education respectfully presents to the General Assembly the following, as its Sixtieth Annual Report:

During the past year it has pleased Almighty God to remove three of our members by death; viz., the Rev. Beriah B. Hotchkin, D.D., on the 13th of October, 1878; Elder Morris Patterson, on the 23d of October, 1878, and Charles E. Morris, on the 10th of February, 1879. These were men whom the Board could ill spare. Wise in council, and assiduous in the discharge of their duties, they have left behind them names to be cherished with affectionate gratitude, by the Church, for the abundance of their labors in its behalf. Their places have been supplied by the election of Rev. Richard H. Allen, D.D., in room of Dr. Hotchkin; Elder William Few Smith, of Camden, in the room of Mr. Patterson, and Henry Matthews, Esq., in that of Mr. Morris.

Two of our number have tendered their resignation as members of the Board, in consequence of the removal of their residence from the city, Rev.

Walter Q. Scott and Elder Randolph S. Walton. The intelligent co-operation of these brethren hitherto renders their resignation a matter of regret. In their places the Board has elected Rev. Edward B. Hodge, of Burlington, N. J., and Mr. Horace W. Pitkin.

The members thus chosen by the Board are recommended to the General Assembly for approval.

CANDIDATES AIDED.

The number of Candidates accepted during the past year is 426—less by 10 than that of the year previous. Of these, 107 come newly recommended. The theological students number 224; under-graduates in college, 175; academic, as exceptional cas s, 29. Of those fitting to preach to our immigrant population, there are 45, in all: Germans, 37; French, Italians, Welsh, and others, 8. Our colored students count, in all, 76. Thus it will be seen that, out of 426 students, 121, over one fourth, are destined for our colored or immigrant population, a fact that should be born in mind when the nature and bearings of the work of the Board are considered.

Of appropriations discontinued, 2 were on account of ill health, 6 on account of unsatisfactory reports, and 6 are otherwise provided for.

STANDING OF CANDIDATES.

Encouraged by the action of the last Assembly, empowering the Board "to withdraw aid from students who, after careful inquiry, are found defective in capacity, diligence, and especially in piety," the Board early in the year adopted the following Resolution:

"That the Secretary be directed to emphasize to the Candidates, under the care of our Board in the various Colleges and Seminaries, that the report of 'Low' in the scale of scholarship cannot be accepted as satisfactory, and that the case of students so graded be reported to the Board for action."

An examination of the Professors' Reports reveals a very gratifying advance in the average standing of students as to scholarship. Of those in the Theological Seminaries, 67 are reported "High;" 85 "Medium+;" 41 "Medium;" 20 "Medium—;" 5 "Low." Of the 174 in College, 68 are reported "High;" 52 "Medium+;" 31 "Medium;" 16 "Medium—," and 7 "Low." Of 28 in the Academic course, 6 are reported "High;" 13 "Medium+;" 7 "Medium;" 1 "Medium—," and 7 "Low." The remaning nine students have not been reported, because received too late for the Reports.

THE SECRETARY'S WORK.

The Secretary reports that he has presented the Cause of the Board before six ecclesiastical bodies, and fifteen congregations. He has also visited five Theological Seminaries, nine Colleges, and two Academies. In all cases he has been cordially received.

FINANCIAL CONDITION.

The Board began the year with a debt of $9866. After having paid but three quarterly appropriations, this debt has been reduced $687.92, and now stands at $9561.64. Contributions for the most part came in so tardily, and in such diminished quantities, early in the year, that the Board hesitated about borrowing funds to meet the payments as they became due. The students have, in consequence, been greatly embarrassed by delay of remittances. And their embarrassments have greatly perplexed, and in some instances severely burdened, the guardians and professors of the institutions where they have been studying. To obviate these evils, and, if

Digitized by Google

possible, to secure some reliable system in this important department of church work, the Board has adopted a plan regulating the contributions, which will be communicated to the churches in due time, and for which the Board asks the concurrence of pastors and sessions.

RETURN OF APPROPRIATIONS.

During the past year, four of those who have been aided by the Board, and are now in the ministry, have refunded the sums given them, with abundant expressions of gratitude for the timely assistance that they had received, without which they never could have entered on the duties of their calling. This fact suggests the inquiry whether, out of the large number whom the Board has aided, there may not be still others, who might be both able and willing to make a special contribution of gratitude this year towards freeing the Board from all embarrassments, and enabling it to meet all demands that may be made upon it.

OUR NEW GRADUATES IN DEMAND.

As the question is often put, whether more ministers are needed, the Secretary has taken pains to collect information from the different Seminaries, as to the destination of the members of their graduating classes, so far as ascertained. The answers received are of the most assuring kind. In one instance we are told that, "out of a class of 29, 23 are under appointment from the Home and Foreign Boards. In another case, out of a class of 11, 8 are already provided with fields of labor: one is a foreign missionary; one bound to Texas; four more will probably be on the list of the Home Board." It is added: "Our graduates get at work at once, and are not afraid to go where most wanted." In another case, out of 5, 4 have their course marked out, to labor on mission fields. In another case, out of 13, 4 have received eligible calls; three others are assured of such, if willing to accept them; others have the Home Mission field in view, and are waiting to know whether the Board will be able to send them out. In another instance, out of a class of 40, 8 go as Foreign Missionaries; five are already engaged in the neighboring churches; of the remainder, the majority have accepted calls in different parts of the country, a good proportion expecting to go as Home Missionaries to the West. From the Board of Home Missions we learn that there are calls, from our new settlements at the West, for ministers willing to go out, to an extent almost unprecedented. Ministers of the right sort, so far from being too numerous, are in great demand. Plainly the work of the Board is not done yet.

CONCLUSION.

With these statements, we submit the work of the year to the candid judgment of the Assembly. Increasing experience only reveals more clearly the necessity of this department of effort to the well-being and enlargement of the Church. If well managed, its benefits will be inestimable; if ill-managed, it must result in the deterioration of that sacred calling which it is appointed to further. What it needs is cordial appreciation, and conscientious co-operation, on the part of the whole Church, especially of the Presbyteries and Sessions. And this the Board earnestly solicits.

All of which is respectfully submitted.

D. W. POOR, *Cor. Secretary.*

Abstract of the Forty-first Annual Report of the Presbyterian Board of Publication.

In its financial aspects, the past year has been perhaps the most trying one in all our history. Business has been prostrated throughout the country, and all classes and conditions have been thereby affected. The relief, which it was last year hoped that this year would bring, failed to come. The state of money affairs affected the benevolence of churches and of individuals, as all the Boards of the Church have found to be the case. But it has more especially affected the Board of Publication, which, more than any other Board of our Church, is connected with both business and benevolent operations. Thus the past year has brought constant anxieties and many disappointments.

Nevertheless, considering all the circumstances of the times, the Board has no cause for discouragement, except such as it shares in common with all other business and benevolent institutions. While its sales, and the contributions received for its Missionary Fund, have fallen somewhat behind those of the preceding year, it has experienced no serious losses, and has done very much to spread far and wide the pure and precious truths of the gospel. It has added to its Catalogue many valuable and interesting books and tracts; its periodicals have extended in circulation and usefulness; and, by its Missionary Department, it has accomplished large and blessed results for the glory of God and the good of men.

The year now under review extends from April 1st, 1878, to April 1st, 1879. The work of the year is presented under the same convenient heads as in former years.

PUBLICATIONS ON TEMPERANCE.

The Board has made valuable additions to its Catalogue of English publications on Temperance. Among these the volumes "Old Portmanteau," "A Good Name," and "Six Reasons for Total Abstinence," may be mentioned. New editions of several other Temperance works have been issued during the year.

In accordance with the direction of the last General Assembly, the Board has also published seven tracts in the German language, one in Spanish, and one in English on this subject, which are admirably adapted for usefulness among the class for which they have been prepared.

PUBLICATIONS FOR THE FREEDMEN.

The Board has given much attention to the subject of the preparation and issue, in large type, of tracts on Popery for use among the Freedmen of the South, to guard them against the wiles of papal emissaries, who are believed to be making great efforts to seduce these simple-minded people from the truth. Six tracts have been prepared by able men, who have had great experience in the religious training of the colored people of the South, and have been issued by the Board. We trust that they will be widely circulated, and exert an extended influence in thwarting the plans of Romish priests, and in staying the progress of error. They are all specially noticed in the list of "New Publications."

PERIODICALS.

We are glad to be able again to report prosperity and advance in this important part of the work of the Board. Our Periodicals have met with a heartiness of approval that encourages the Board to take forward steps. They are very widely used in our own Sabbath-schools, and their circulation is now considerably larger than at any former period. This, with the diminished expense of material and manufacture, has put it in the power of the Board to make valuable improvements in the character and appearance of the papers, and also to furnish them at a greatly reduced price. An examination will show that they are worthy of the hearty and universal support of the Church, both because of their intrinsic excellency, and also because of their thoroughly Presbyterian character. The Board has, according to the recommendation of the last General Assembly (Minutes, page 31), "incorporated into its system of Lesson Papers and Question Books, in addition to the plan of Catechetical Instruction already adopted, brief expositions of the answers of the Shorter Cathechism in their consecutive order." If all our churches will heed and obey the affectionate exhortation of the same General Assembly in its Pastoral Letter on Sabbath-school Work (Minutes, page 96), "to introduce into the Sabbath-schools the Question Books and Lesson Papers published by our own Board of Publication, rather than to depend

upon help from sources less decided for the truth," there will be no lack of the means of instruction in our doctrinal system, as set forth in this time-honored form of sound words. It is greatly to be regretted that so many of our schools still use other publications which have no distinctive Presbyterian character, and even those which inculcate systems of doctrine at variance with our Presbyterian standards. We ask those who do not now use the Board's periodicals, to send for samples, and to give them a thorough and critical examination.

THE WESTMINSTER TEACHER.

With the beginning of the year 1879, *The Presbyterian at Work* was changed in form, contents, and title, and became *The Westminster Teacher*. It is now issued in octavo form, containing thirty-two neatly-printed pages, and is specifically a helper to the officers, teachers, and advanced pupils of our Sabbath-schools. It is enriched, from month to month, by contributions, from the pens of our ablest writers, on topics connected with Bible interpretation and Sabbath-school work. Its expositions of the current lessons of the International Series, for the present year, are prepared by the Rev. Joseph T. Duryea, D.D., on the Old Testament, and by the Rev. Herrick Johnson, D.D., on the New Testament. Mrs. G. R. Alden ("Pansy") furnishes "Hints for Teachers of the Little Ones." Other competent writers prepare, from month to month, Blackboard Illustrations, and brief yet full expositions of the answers given in the Shorter Catechism in consecutive order. The change of form and plan has met with unqualified approval, and has led to considerable additions to its subscription list. It is furnished at the very low price of 65 cents each for a single copy per annum, postpaid, or 55 cents each for six or more copies addressed to one person.

THE WESTMINSTER LESSON LEAF

has continued to increase in circulation. Its adaptation to the wants of our Sabbath-school scholars is proved by its popularity. Its brief and comprehensive exposition of the Shorter Catechism is a feature which specially commends it to all true-hearted Presbyterians. It is furnished at $7.50 per annum, for one hundred copies.

THE SABBATH-SCHOOL VISITOR

is a weekly illustrated paper; but subscribers are permitted to take it once a month, or twice, or thrice a month, or weekly, as they wish, at a uniform rate. It has been greatly improved both in the character of its matter and in the beauty of its appearance. Its engravings, paper, and press-work are all excellent. A great number of our best writers for the young are among its contributors. Although it has to compete with many rival papers, it retains its popularity, and meets a glad welcome alike in the mansions of the rich and the abodes of the poor.

Its subscription price was greatly reduced at the beginning of the current year. It is now furnished at the following terms per year, postage paid:

SINGLE SUBSCRIPTION.		SCHOOL SUBSCRIPTION.	
Once a month, . . .	25 cents.	To one address, at the rate of	
Twice a month, . .	40 "	$12 per 100 copies,	once a month.
Thrice a month, . .	55 "	24 " "	twice "

THE SUNBEAM,

the Board's paper for the little people of our homes, infant schools, and primary classes, still maintains its former popularity, as is evidenced by its constantly increasing subscription list. It gives the Sabbath school lessons, from week to week, in simple terms, and is taken by many schools as a "Primary Lesson-Leaf" for the infant School and younger classes. The Board has been able to improve the *Sunbeam* in its pictorial illustrations and general matter, making it brighter and clearer in appearance, and at the same time largely to reduce its price, which is for single subscriptions 30 cents, and for school subscriptions at the rate of $25 per hundred.

THE PRESBYTERIAN MONTHLY RECORD.

This organ of the Assembly's Boards and Committees continues to be published, in octavo pamphlet form, by the Board of Publication, but only as the publisher for the Assembly's Boards and Committees, the control of its pages resting entirely with the several organizations represented. The monthly circulation of the magazine has been between nine and ten thousand, including the copies sent gratuitously to each of the ministers of the Church. The loss incurred by its publication and distribution is shared by the Assembly's Boards, in the ratio of the space occupied by each.

II. DISTRIBUTION.

I. THE BOOKSTORE.

The general condition of business has had its usual effect on the commercial operations of the Board, yet its sales are nearly equal to those of the previous year.

With the view of increasing the business in the future, as well as of making the stock more useful, the entire list of 18mo and 32mo publications, covering about 450 volumes, has been reduced in price fully 30 per cent, no book now costing more than 60 cents, retail price; or to Sabbath-schools 45 cents. Many of these publications have as much reading matter in them as the ordinary $1.00 and $1.25 volumes; and, if made in the other size, would readily sell at those prices.

The publications of the Board now number about 2500 works, of which about 1500 are volumes of different sizes; the remainder are tracts and pamphlets. In addition to all these, it offers a large variety of the publications of other houses.

Sabbath-school libraries may here be selected with every assurance that nothing objectionable will be included in them. Should any book be purchased which, on closer examination, is found objectionable, it may be returned with a written statement of the objections, and either its price or another volume of the same price will be sent to the purchaser.

Sabbath-school workers may find in the bookstore a great variety of maps, charts, blackboards, minutes, records, class-books, librarian's books, and all other facilities needed for the proper and convenient working of a Sabbath-school.

An excellent assortment of Bibles and Testaments, commentaries and theological books, may always be found here; and, if any particular kind is not on hand, it will be promptly procured from the publisher or elsewhere, and furnished at the lowest practicable price.

It seems proper in this place to solicit the patronage and earnest co-operation of all who love the pure truth and desire its wide dissemination.

II. MISSIONARY WORK.

The Missionary Fund has, through the entire year, been in such need of funds as greatly to cramp and curtail the Missionary work. The contribu-

tions came slowly, and were limited in amount. One source of income, from which the Fund has in former years received important aid (viz.: legacies), has this year been almost entirely wanting. As compared with the vast field to be cultivated, with the loud and numerous calls made upon the Board, and with the precious encouragements providentially held out before it, the means at the command of the Board have been deplorably small.

The whole number of Missionaries in the field, for the whole or portions of the past year, has been 70, who have labored in 31 Synods and 72 Presbyteries, one being in Canada. These have distributed within the year by sale 68,160 volumes; while 27,535 volumes, and 4,637,626 pages of tracts, have been gratuitously distributed by them, and by the Missionary Committee acting through large numbers of unpaid and voluntary distributors. The commissioned missionaries have also visited 84,150 families, with much the larger part of whom they held religious conversations and prayer, accompanied in many places with the reading of the Holy Scriptures. They have also held large numbers of neighborhood prayer-meetings and other religious services as they had opportunity.

Grants of the Year.

The very straitened condition of the Missionary Fund, during the whole of the year past, has prevented the Board from giving away its publications to the needy with as free and liberal a hand as in former years. Very often it has felt compelled sadly to say no, to pressing applications for donations, when, had the condition of the Fund permitted, it would gladly have said yes.

It has endeavored to do as much in this way as it felt that it could do safely. The grants made by the Missionary Committee and the District Superintendents have been 685 in number. Some of these have been sent to China, India, Japan, Liberia, Turkey, Mexico, Brazil, and Canada, and to the Indians in our own land.

Of the 685 grants made, 344 have been bestowed on needy and mission Sabbath-schools in all parts of the land, but chiefly beyond the Mississippi River, several having gone to Utah, and one to Alaska; 296 have been sent to pastors, missionaries, and other uncommissioned helpers, who have aided the Board by distributing gratuitously in their several vicinities; and 45 have been given to needy ministers and churches, mainly in the frontier and thinly settled regions of the country.

Our Missionaries and Sabbath-Schools.

The work of our missionaries in visiting and encouraging Sabbath-schools, and in organizing new Sabbath-schools in destitute and neglected localities, grows in interest and importance from year to year. The missionaries are carefully instructed to do all they possibly can in this direction on their several fields, encouraging and aiding such schools as need aid, and supplying so far as they can those which are poor or feeble with the library books, lessons, catechisms, and periodicals published by the Board. In the course of the past year, they report that they have visited and encouraged 1533 schools, and have organized 90 new schools in destitute places. We have good reason to believe that, through these missionaries, between three and four thousand children have been brought to engage in the study of the Bible, under the hallowing influences of Sabbath instruction.

This branch of the Board's work was commenced about four years ago. Since that time its Book, Tract, and Sabbath-school Missionaries have visited and aided 6718 Sabbath-schools, and have organized 363 new schools in places before entirely destitute. Through their efforts between twelve and thirteen thousand children, before uncared for, have begun to receive instruction in the Word of God, and guidance in the way to eternal life.

III. THE SABBATH-SCHOOL WORK.

The Rev. James A. Worden, General Superintendent of Sabbath-school work, entered upon the duties of his office April 1st, 1878. Since that time he has labored with great assiduity and success, and has everywhere been received with warm cordiality by those interested in his department of labor.

Mr. Worden contributes the following as his report in regard to his work:

In endeavoring to carry out the clearly defined plan of the Board in relation to his office, the General Superintendent of Sabbath-school Work has received constant aid and encouragement from the Corresponding Secretary, the Rev. William E. Schenck, D.D. By writing, by personal counsel and influence, with steady toil, the Corresponding Secretary has advanced the cause of Sabbath-schools, and strengthened the new laborer in this important and difficult work. The Editorial Secretary, the Rev. J. W. Dulles, D.D., in his sphere, has also been most helpful.

During the past year, the Superintendent has visited and held Sabbath-school meetings, chiefly on the Sabbath, in more than sixty cities and villages in ten different States. He taught and addressed the large assemblies at Round Lake and Chautauqua. He presided over the Sabbath-school Assembly of the North-west, at Clear Lake, Iowa. At these meetings he held five Presbyterian Sabbath-school conferences of pastors and teachers. Free discussions were had on many important topics.

The last General Assembly, repeating the action of several former Assemblies, authorized a thorough collection of Sabbath-school statistics. An earnest endeavor has been made to carry out this recommendation. Statistical blanks were sent out gratuitously, and public attention was called to them through the denominational papers. During the past year we have succeeded in obtaining reports from 1300 schools.

The Superintendent has constantly, in public and in private, pressed the importance of the thorough indoctrination of our Sabbath-school pupils in the Catechisms of the Church. Revival of interest in this important part of our work is shown by the statistical reports received. The introduction into our Westminster Lesson helps of expositions, Scripture proofs, and illustrations of the answers in regular order, has caused a perceptible advance in catechetical instruction.

From the outset, the Superintendent has pressed upon the Church the necessity and importance of the more thorough preparation of Sabbath-school teachers. If ordinary mechanics need an apprenticeship to fit them for their trades; if the physician or the lawyer needs specific training to qualify him for his profession; if the secular teacher needs the Normal School ere he can effectually teach earthly science; how much more does the teacher of God's word, the expounder of God's law, the physician to minister to a mind diseased, need special training for his high calling? If the preacher needs the College and the Theological Seminary to prepare him to preach, does not the teacher need some preparatory school to prepare him to teach the Word divine?

Under the auspices of the Philadelphia and Philadelphia Central Presbyteries, the Superintendent began a Normal Class early in January, 1879. The meetings were held, every Monday evening, in the Assembly-Room of the building of the Board of Publication. This spacious hall is well suited for such a purpose. It was crowded with pastors, superintendents, and teachers at every meeting.

III. SUSTENTATION.

The receipts into the Treasury during the year, from all sources, including the balance of $13,477.58 from last year, were $198,063.12.

The entire expenditures of the year have been $179,523.63.

The balance in the Treasury at the end of the year, March 31st, 1879, is $18,539.49.

Digitized by Google

The aggregate of sales has been $145,825.89. This aggregate does not agree with the Treasurer's account, because it includes credit sales, while that account exhibits only cash received.

THE MISSIONARY FUND.

The publishing and bookselling department of the Board sustains itself wholly by its sales. All contributions to the Missionary Fund are used exclusively to carry forward the Board's Missionary and Sabbath-school work, in supporting the Book, Tract, and Sabbath-school missionaries, in paying for the books and tracts *given away*, and such other expenses as belong legitimately to this benevolent branch of the Board's work.

STATEMENT.

For this Missionary work there has been expended directly, *i.e.*, on the field:	
1. For compensation to Missionaries of the Board, engaged in the distribution, by means of personal efforts and solicitations, of a sound religious literature in accord with the views of our Church,	$24,984 68
2. For traveling and other expenses of Missionaries,	7,248 24
3. For freights on publications forwarded to Missionaries, and on grants by Committee,	1,258 48
The retail value of the books sold through this agency has been $28,414.13; while the Missionaries have at the same time been performing very large and purely benevolent services, in religious visitation from house to house, in holding religious meetings, and in organizing and visiting Sabbath-schools.	
4. For retail value of books given away by the Missionary Committee and its Missionaries,	6,520 16
5. Expenses of Sabbath-school work, including salary and traveling expenses of the Superintendent, printing and incidentals,	3,684 29
6. Balance against the Fund, April 1st, 1878,	5,117 39
Making a total of,	$48,763 24
In addition to which there has been paid:	
7. For salaries, share of Annual Report, postage, boxes, stationery, printing, incidental, and other expenses stated in Schedule No. 2, but not included above,	$4,608 10
8. Share of deficiency of *Monthly Record*, chargeable to Missionary Fund,	296 90
Total of expenditures,	$53,668 24
The contributions to the Missionary Fund for carrying forward its benevolent work amounted during the year to	$33,579 26
To these were added by the Board an allowance of $9288.11, for discounts on books and tracts sold and gratuitously distributed by the Missionary Department, and $2000 for the gratuitous distribution of periodicals,	11,288 11
Making a total of receipts, from all sources, for Missionary uses, of,	$44,867 37
Deducting these receipts from the expenditures, as above stated, there is left a balance against the Missionary Fund, April 1st, 1879, of	$8,800 87

THE ANNUAL COLLECTION.

The *first Sabbath in May* has often been designated by former General Assemblies as the most suitable time for the churches to take an annual collection for the Board's Missionary Fund. Except where some other preferred arrangement has been made for this Cause, every pastor and stated supply is earnestly requested, on that day, to present this important object to his congregation, and solicit their liberal aid.

All money given to the Board's Missionary Fund, whether by churches or individuals, or received from legacies, is wholly and carefully expended in carrying forward the Board's missionary or benevolent work.

The number of churches which contributed to the Missionary Fund during the year now under review is 1818.

ABSTRACT OF THE NINTH ANNUAL REPORT.

Another year of anxious labor in the work of Church Erection has closed; and, in presenting this, our Ninth Annual Report, to the General Assembly, and through them to the Church at large, we feel called upon to thank God for having preserved the life of all the members of the Board, and permitting them in harmony and unanimity to prosecute their great work.

The past year has been one of very great embarrassment to our feeble churches that have made the effort to secure houses of worship. The great difficulty, amounting, in many cases, to absolute impossibility to collect the money subscribed, has compelled the builders to borrow at a high rate of in-

Digitized by Google

terest, to enable them to meet their engagements with the workmen; and thus, by the accumulation of interest, their condition became more and more hopeless; and, had it not been for the assistance of this Board, in many instances the entire property must have been sacrificed; and even that sacrifice could not have satisfied all the legal claims, nor protected the character of the churches from the charge of dishonesty. It was well for such churches that the Board had the means, as well as the disposition, to aid them in their efforts to be honest, as well as to secure the building of God's house.

We commenced the year with a balance of $12,363 in our Treasury. Small as this surplus was—scarcely sufficient to supply an organ for some of our city churches—it enabled us to secure the erection of at least thirty church buildings, at the season when very little money comes in, but when the demands upon our Treasury are many and pressing. Had the Board been more lavish of the money entrusted to them, and involved themselves in debt, they might have shared the sympathy of many churches and individuals, from whom we have received no contributions. Indeed, this Cause of Church Erection has but little in it that appeals to the sympathy of Christians, but rather to their sober sense. While a large majority of our church members take no interest in it, there are some who do appreciate its importance, and show their appreciation by their generous and princely contributions. Two noble-hearted men, whose names we are not at liberty to mention, have, for several years, given fully one third of all that our entire Church—with a membership of nearly 600,000—has given to this Cause. While we thank God for having given us such men, we hope the Church at large will not attempt to roll over her responsibility, in this matter, upon the willing shoulders of any two of her members. Oh, that the time may come when not only Nehemiah, but all the people, shall "have a mind for the work" of building the Lord's house!

APPLICATIONS.

During the year under review, the Board has received 240 applications, formal and informal, calling for $129,500. Many of these, though strongly indorsed by Presbyteries, were in contravention of the rules laid down by the General Assembly for our guidance, and were, therefore, respectfully declined. Others, asking for large sums in aid of expensive buildings, have also been declined, as not coming within the design for which the Board was intended, namely: "to aid feeble churches in securing uncostly places of worship." The greater portion of our applications ask for small sums of two, three, four, or five hundred dollars, to secure the erection of plain structures, to cost from $1500 to $2000. To such applications the Board has, in most cases, been able to respond in full, and, so far as their means have permitted, with great cheerfulness. As, in former years, a number of these calls are from churches among the Freedmen, to whom we have given to the utmost limit of our rules and the extent of our means. Several others of our applications come from churches among the Indian tribes. Had a tithe of the money expended by our Government in military expeditions among these tribes been employed in the establishment of schools and churches, there would have been less occasion for these expensive and destructive expeditions. Our Government has no better or more reliable subjects than the christianized Indians. A church amongst them is to us a better defence than a dozen military forts.

The Board would respectfully, but earnestly, request the Presbyteries, or Committees of Presbyteries, in their endorsement of applications for aid, to keep within the rules laid down by the General Assembly for our guidance. We are frequently asked to give one half or two thirds of the cost of the proposed building, or to pay some old church debt, or to build upon a lot not held by the church in fee simple, etc., all of which (as we have repeatedly published) is expressly forbidden by the rules and charter under

Digitized by Google

which we act. More care exercised on this point would save the Board from much embarrassment, and the churches applying from much disappointment.

APPROPRIATIONS.

During the year appropriations have been made to 175 churches, amounting to $91,520. Adding to these the 58 churches on hand, but not completed at the end of last year, it will be seen, that the Board had under its consideration, during the year, the wants of 233 churches, amounting in the aggregate to $123,730. The average of our grants is about $523 to each church. These churches are found in thirty-eight different States and Territories, and under the care of eighty-six Presbyteries.

Appropriations made to ten churches, amounting to $4890, have been cut off, in consequence of their inability to fulfill the conditions within the prescribed time. To some of these the grant has been renewed, upon a second application. The inability of many to fulfill their promise of aid, sincerely given, has well nigh ruined a number of church enterprises. Several buildings were actually sold to satisfy the mechanics' claims, and others must have been sold had it not been for the assistance rendered by this Board. These happy deliverances have not only caused joy and gladness in many homes and hearts, but seem to have infused new life and vigor into these desponding churches, causing them to take fresh hold on the promises of God, and gird themselves for renewed conflict with the powers of darkness.

Hear what some of these faithful ministers and missionaries have written on this subject: "At our communion, yesterday, I mentioned, as one thing among others for which we should be thankful, the freedom of our church from debt, through the generous help of your Board. Every face seemed to light up with joy, and I know that every Christian's heart offered one grateful prayer of thanksgiving to Almighty God for his help in this respect. We are now to move forward. The men and the women are setting their hearts to the work. We have larger congregations than ever before, and yesterday we had a much larger number of communicants at the Lord's table than at any time since the church was organized. This is only one of the many like good things you have done. May God bless the Board of Church Erection as one of his agencies for good in the Church."

Another minister says: "Perhaps I should have sent the enclosed check to the Treasurer, but I wish to avail myself of this opportunity to express our thanks for the precious rays of light and hope which your letter brought to us in our darknesss and discouragement. We feel that to you, under God, we are indebted for our freedom as a church. Our people are more hopeful and courageous than ever before. There is now a good prospect of completing our building without debt. We are holding meetings, with large attendance and much serious interest, and we hope for a rich blessing."

From another: "We were all so much encouraged and touched by your kind words of sympathy and assurance. We have struggled along thus far, and now our little church is completed. Our note in bank for $496, on which we have been paying three per cent per month, will be due on the 5th. Your check will stop that heavy tax and clear off all debt. Will the Board accept our most sincere and heartfelt thanks? We will never forget this favor, and as the Lord shall prosper us, we hope annually to make a return. God bless the Board of Church Erection."

We quote from one more of many such letters before us: "You have no idea how your words of kindness brought life and hope to our drooping spirits. The church will at once be completed and paid for. It will arise and become the leading church in this city. All this valuable property will be saved to the people, who had given up in despair. Your Board never had a better opportunity of doing good, and I believe never did a wiser act. God will bless you, not only for what you have done, but the goodly spirit in which you did it. I feel just about as much interest in your Board as in

that of Home Missions. It is hard to tell which is the greater blessing to this country. You have done a noble work in our Synod during the last two years. The churches at S. C., and G. C., and P. C., and V., are to-day prosperous churches; but, without your aid and encouragement, would only have been (had they been at all) weak preaching stations. I hope and pray that the Lord may open the hearts and pockets of our people, that you may be able to go on in the future as you have gone in the past, and still more abundantly."

One hundred and eighty-two churches have received their appropriations during the year, amounting to $89,018, while $26,192 remains to be paid. The Board has not, in any instance, failed to meet its engagement where the conditions have been fulfilled. We are sometimes asked by those in great straits to suspend our rules and favor them with pre-payment; but this we cannot do, with fidelity to the trust committed to us, by the General Assembly, by whom these rules have been prescribed for our guidance.

RECEIPTS.

The falling off in our receipts, a year ago, was largely attributed to the commendable effort made to pay off church debts. One of the good effects expected from the removal of these debts was, a large increase in the contributions of these relieved churches to the different Boards, but in this we have been sadly disappointed. Either from exhaustion, or from the idea of having done a work of supererogation, the contributions from these churches have been diminished rather than increased.

Our gross receipts during the year, together with the balance from last year, amounting in all to $99,814.37, has constituted our working capital, which has enabled us to do a vast amount of good. Our church collections for the year amount to $66,287, which is a little more than the preceding year, and it comes from a much larger number of churches—116 having contributed this year that never gave before. May they have the grace of perseverance.

INSURANCE.

The security with which our work is conducted is such as to commend it to the confidence and support of all our churches. Indeed it is the only department of our church work whose benefactions have such security against loss. One of the conditions upon which our grants are made is the perpetual insurance of the Board's money; so that, in case of fire, it comes back to our Treasury, and may be either re-donated if the church decides to rebuild, and, if not thus needed, may go to assist other churches in building. We hold now 702 policies, protecting church property, to the amount of $552,642. Since the introduction of this system, although a number of our churches have been injured or totally destroyed by fire, we have not lost one dollar—the insurance companies having paid up in full for all the injury or loss sustained. In this way, far more has been recovered than the cost of insurance on all the houses that we have built. The only trouble has been, in getting the churches to send us the money with which to renew, when the policy of five years expires. We would kindly remind all, who have received aid on these conditions, of the moral as well as legal obligations involved in this agreement, which affects their own interest more than that of the Board. It is to be regretted that so much negligence prevails among our churches on this subject. From our note-book it appears, that during the last year thirty Presbyterian churches have been destroyed by fire, the cost of which amounts in the aggregate to $210,054. Amount of insurance on these buildings was only $3,454; total loss for want of insurance, $206,600.

DESIGNS, SPECIFICATIONS, AND PLANS.

We have made some advance in this department; but as we do not feel warranted in spending money, in this way, that was given for the direct work

Digitized by Google

of building, we cannot go further in this line than we have gone. The designs in the Report, with estimates of quantity and cost of material, will not assist much in building; but, corresponding with some of these designs, we have sets of mechanics' plans in detail on large sheets, with explanations—five or six sheets for each design—giving different segments of the building. These sets of plans can be sent by mail on the receipt of $5, but cannot be loaned with the promise of returning them. It is only by having a large number struck off at once that we can afford them at this price. An architect, to make these drawings, would necessarily charge five or ten times the amount. It is no matter of speculation with us, but may be a saving of many dollars to those who need them.

GENERAL REMARKS.

We have endeavored, by means of circulars sent to all the Presbyteries, to ascertain, with accuracy, the number of churches without a house of worship of their own. All have not responded to these circulars, but, judging from those received, we are convinced, that not less than 525 churches are destitute of sanctuaries. These are all without settled pastors, and many of them without the stated means of grace. We had hoped, from calculations previously made, that church erection had been slowly but steadily gaining upon church organization, but these later returns make us doubt whether the number of new buildings keeps pace with the number of new organizations. This is not owing to indifference on the part of these weak churches, but to their utter inability to raise the amount required to entitle them to the aid of the Board. Some of these churches, unfavorably located, are doomed to extinction, and perhaps should never have been organized; but most of them, if housed at an expense of from one to two thousand dollars, would soon grow to the point of self-support, and become contributing instead of absorbing churches. So long as they are left in their present homeless condition, they will remain paupers; and, like the barnacles on the keel of a ship, impede the progress of our beloved Church. As a Church, we are not wise in suffering so many feeble organizations to remain so long unsheltered as to became dwarfed in their growth, and despondent in their feelings, so that, like the heath of the desert, "they know not when good cometh."

The continued and ever increasing immigration to some of our Western States and Territories increases the demand for church building. The number of immigrants, during the last year, from the Eastern and Middle States, to the States and Territories west of the Mississippi, is estimated at over 600,000. Of these, somewhat over 200,000 have settled in Texas, 125,000 in Kansas, 100,000 in Nebraska, 100,000 in Dakota, and probably 50,000 or more in Minnesota. Among these thousands of immigrants are many hundreds of church members, for whom churches are greatly needed; and those who are not Christians need even more imperatively the means of grace. Missionaries must be sent to gather up these wandering sheep, and, if we would have their work to be effective and permanent, they must have folds, into which to gather the flocks, and keep them from the jaws of the devourer. We hold the belief that every church that is worth organizing should be sheltered, and every missionary, worthy of a commission from our Board of Home Missions, should be furnished with a suitable building in which to preach the gospel. One missionary, with such a building, will accomplish more for the Master, than two equally good men left to wander about, in search of some place in which to deliver his message to the few stragglers that he may pick up by the wayside.

The goodness of God to this Board in the past encourages us to gird up our loins for another year of labor, while we re-echo the Macedonian cry, that comes up to us so piteously from these homeless churches—"Brethren, come over and help us."

Respectfully submitted,

By order of the Board,

HENRY R. WILSON, *Secretary.*

ABSTRACT OF THE TWENTY-FOURTH ANNUAL REPORT.

Within the financial year, April 1878–79, twenty who were on the roll have died—fourteen ministers, eight widows, and one orphan. With four exceptions they had passed the age of seventy, and one had entered the seventy-second year.

Thirty-one, who had been aided in 1877–78, were not applicants for the year 1878–79—seventeen ministers, eleven widows, and three orphans—having been, in various ways, otherwise provided with the means of subsistence.

Nine ministers will not apply for the year 1879–80, three having resumed pastoral work, and a fourth having found remunerative employment.

There have been FIFTY-ONE NEW CASES, to wit: thirty-three ministers, sixteen widows, and two orphans. Four new cases were postponed for want of funds, and other new cases are about to be presented.

The whole number on the roll, for the past year, was FOUR HUNDRED AND TWENTY, viz., one hundred and sixty-three ministers, two hundred and thirty-five widows, and twenty-two orphans. This is an aggregate increase of *twenty-seven*, and is the largest amount ever reached. These were recommended by one hundred and twenty-four Presbyteries, in thirty-five Synods. It should be observed that the number, four hundred and twenty, with few exceptions, represents whole families—in all between seventeen hundred and two thousand individuals. The following statement shows that the aggregate of what has been done for the Cause, for the year, is $103,253.24:

I. FUNDS FOR CURRENT USE:

The collections from churches, gifts from individuals, etc., was, ... $64,376 46

Of which $12,327 were miscellaneous.

These funds are applied directly to the relief of the needy who are recommended.

II. CLOTHING, ETC., FROM LADIES' ASSOCIATIONS:

Fifty-nine boxes of clothing and other articles have been sent to ministers and widows, in value, ... 6,000

The Endowment Fund, of which only the interest is used, is as follows:

Held by the Board of Relief,	$46,432 00
Held by the Trustees of General Assembly,	129,227 22
Held by the Trustees of Presbyterian House,	37,500 00
	$213,159 22

The Treasurer's account shows a balance in his hands of $36.85. This should not be misunderstood to imply, that there is a surplus in the Treasury. On the contrary, the sum of $10,149.50 was wanting, to enable the Board to make appropriations to those whose recommendations were already filed. In addition, the sum of $4550 was required, to meet in regular order the cases of those whose recommendations were sure to come in at an early day. In fact there was a deficiency of $14,699.50; so that the work in the hands of the Board, for the year, could not be thoroughly completed.

The cutting down of the several amounts, recommended by Presbyteries, has been one of the saddest things connected with the administration of the affairs of the Board. It has been painful to the Board, and trying to the faith and patience of the receivers; but it was a stern necessity. The reduced amount has, sometimes, been accepted with silent submission; at others, with an imploring protest and petition; but, more frequently, with warm thanks for even a small supply.

The inadequate supply of funds has also caused, throughout the year, long delay, which often added bitterness to the sorrows of penury.

The Board would gladly make liberal grants, and send them promptly, at stated times, if its resources would permit. It cannot give what it has not received. Inability to make remittances is not a matter of choice. A deficiency in the supply was to be expected, amid the universal depression in business, and the reductions of incomes. One speaks of having lost one half of his estate; another gives the shrinkage of his income as the reason for making his yearly gift less; a mother in Israel, always a cheerful giver, sends only one fourth; and a tried friend of the Cause, whose heavy financial losses had led him to conclude that he could give nothing, passing the office one day, was conscience-smitten, and at once entered and handed over one fourth of his former yearly donation. They who have been accustomed to contribute are as warmly interested as ever. They have continued to sustain the Cause under great disadvantages, and with much self-denial. "In a great trial of affliction, the abundance of their joy and their deep poverty abounded unto the riches of their liberality." "The widow who cast into the Lord's treasury two mites," all the living that she had, cast in more than they who gave of their abundance. The lesser sum is no ground of discouragement, while donors bring their offerings with a cheerful and generous spirit.

It is a most gratifying fact that there have been quite a number of in-

Digitized by Google

stances in which both churches and individuals have increased the amount of their donations.

Among those who have been aided by the Board, there have been several cases of noble unselfishness truly admirable. Not only one, two, five, and ten dollars have been remitted as thank-offerings, but we have one example of a worthy veteran returning fifty dollars as a gift to his more needy brethren; and a widow, without resources, has directed the Board to withhold one half of her appropriation for the comfort of those who are in want, having resolved to practice more rigid economy to that end.

Notwithstanding the insufficiency to meet the increased demand, and the large number of delinquent churches, the strong hope is awakened that the day is not far distant when no communicant in the Presbyterian Church, who has divine grace in the heart, will fail to make a personal contribution to a Cause so vitally connected with the dignity of the Christian ministry, with the reputation of the Church before the conscience of the outside world, and with the honor of the Lord Jesus Christ, who has told us in his word that the ministry of reconciliation is one of his chief ascension gifts.

The ladies connected with several churches, have supplied fifty-nine boxes of clothing and other articles. Their diligence, fidelity, liberality, and zeal, enkindled by Christian love, are worthy of commendation; and to them are hereby tendered the sincere thanks of the Board. From their number we dare not make a selection, while each seems to deserve the honorable mention, "Many daughters have done virtuously, but thou excellest them all."

The Board cannot conclude without rendering devout thanks to God, that he has, beyond our expectations, prospered the labors of the year, and made this Relief Fund a blessing to so many families, whose distress and want would otherwise have been extreme.

Respectfully submitted,

GEORGE HALE, *Secretary.*

ABSTRACT OF THE NINTH ANNUAL REPORT.

Your Committee reported to the last General Assembly that, in accordance with the directions of the General Assembly of 1874, it had transferred eighty churches, twenty-seven ministers, and two catechists to the care of the Board of Home Missions, the transfer to take effect on and after January 1st, 1878. The last Assembly, however, directed a re-transfer of the same, and re-committed its entire work among the Freedmen to your Commit-

tee's care. No time was fixed by the Assembly when this direction should take effect; but the Board of Home Missions, in making the re-transfer, fixed upon July 1st, 1878, as the time, and generously agreed to pay, up to that date, the salaries of all the missionaries which had been under its care.

Of the few Freedmen's churches here reported as not having contributed during the year, some have scarcely more than a nominal existence; while all, or nearly all, are without any proper pastoral care. Nor would we forget, that not a few of the 3554 white churches reported as not contributing are in much the same condition.

The operations of the Committee have been conducted on a scale of rigid economy; and, though the salaries of the Secretary and his assistant were below the average ratio, at their own suggestion, they have been reduced fifteen per cent since the Assembly.

The interest elicited in Scotland, in behalf of this work, in 1875–6, has neither ceased nor lost its strength. This is manifested in the fact that the Students' Missionary Association of the United Presbyterian Church in Scotland has lately gathered and forwarded £1258 sterling to be invested for the benefit of Biddle University.

PERMANENT FUNDS.

There have been placed in the hands of your Committee, in the past few years, for permanent investment, as follows, viz.:

ENCOURAGEMENTS.

The unanimous and decided action of last year's Assembly, in regard to its work among the Freedmen, seems evidently to have impressed the Church with the belief, that its future is now to be considered as little subject to change, as is that of any of the established Boards of the Church. In evidence of this, there has been what is deemed quite an encouraging addition to the *number* of churches contributing to this Cause. While, heretofore, *bequests* have seldom been made to this work, *eight* have been made to it within the past year, in sums varying from $50 to $2000, amounting in all to $4,333.04. Indeed, it has been by these bequests that the work has been saved from closing the year with a debt.

The Synod of Atlantic, in 1877, was in a painfully unsettled condition as to the then present, and also as to the future, mode of conducting this work among its people. We are privileged now to report that this Synod, at its meeting in Columbia, South-Carolina, in December last, after a full discussion, and with but two dissenting names, passed as follows:

"We heartily approve of the disposition which the General Assembly has made of the work among the Freedmen; and we pray that the Church will amply support the Committee of Missions for Freedmen so that it can carry on and greatly enlarge this work."

MISSIONARIES.

These are preachers, catechists, and teachers; and in the work under care of the Committee the present year—including assistants in schools—the number is as follows:

Ordained ministers, of whom 34 are colored,			48	57
Licentiates,	9, all	"	9	
Catechists,	25, all	"		25
Teachers—males—of whom	20, are	"	22	58
" females, of whom	16, are	"	36	
	104			140

Most of these ministers have large fields to care for, including, in some cases, four, six, and seven churches. The catechists are very useful assistant missionaries, and have done a large amount of valuable Church and Sabbath-school work. The teachers are commissioned, not as mere educators, but as Christian missionaries.

As a rule your Committee employs as teachers only members of the Presbyterian Church; and, in general, they seem to realize that their mission is not educational merely, but *religious* as well, making prayer, praise, Scripture lessons, and catechetical instruction a constant accompaniment to the daily routine of school exercises. In this *missionary* spirit of our teachers, as we think, lies one grand power of our work. Indeed, our ministerial missionaries feel that parochial schools are essential to the best success in their labors.

These figures, as compared with those of last year, show an increase of 11 Sabbath-schools, 643 Sabbath-school scholars—70 on examination, and 320 to the whole number of communicants. A number of the churches have enjoyed considerable religious interest, adding to each from 15 to 48 members on profession of faith. The number of church buildings, and manses or homes, is about the same as when last reported.

In considering the comparisons made in the above paragraph, it should be remembered that, owing to transfer and re-transfer of 80 churches, the reports from the field, for the first quarter of the present year and last quarter of the preceding year, may not be considered as altogether complete, and hence, that the comparison may not be considered so entirely full and accurate as it otherwise would have been.

Your Committee seeks to train the churches and schools under its care to "help themselves," requiring that, as a rule, each church shall agree to pay a given amount in support of the minister by whom it is served, and that each minister shall look for this amount only to his people. It requires, also, that, so far as practicable, at least a small tuition fee shall be collected by the teachers from each pupil under their care. In both departments there has been encouraging success in this regard. The amount promised by the people on their ministers' salaries for the last year was about $4580, and the amount of tuition reported paid was $731.67. Besides this, the students in Biddle University have paid $3500, and those in Scotia Seminary $3,067.31, for self-support. The entire sum reported as given—not promised merely, but given—for self-support during the past year is $18,611.55, a larger sum, by $5,940.62, than was reported last year. It should be stated, however, that the figures for self-support by the students of Biddle University were not included in last year's Report.

SCHOOLS.

Our schools continue to be strictly parochial; and statistical reports from the field show that, besides the large amount of "good seed" sown in the hearts of the young by our missionary teachers, their work still tells encouragingly in the way of TRAINING INSTRUCTORS FOR THEIR OWN RACE. These schools may be grouped as follows:

I. *Chartered Institutions.*—Biddle University, Charlotte, N. C.; Wallingford Academy, Charleston, S. C.; Scotia Seminary, Concord, N. C.

II. *Normal Schools.*—Brainerd Institute, Chester, S. C.; Fairfield Institute, Winnsboro', S. C.; Bluffton Institute, Bluffton, S. C.

III. *Graded Schools.*—Medway, near Dorchester, Liberty Co., Ga.; Mount Tabor, Columbia, Tenn.; Greensboro', Greensboro', N. C.

Digitized by Google

IV. *Common Parochial.*

BIDDLE UNIVERSITY, Rev. S. MATTON, D.D., *President.*—Last year we were obliged to report that the President's house had been consumed by fire. We are pleased to be able to report now, that a new and much better house has been erected in its stead. It was completed in season to be occupied at the opening of the fall term, and is free from debt. To this end Professors and students of the University contributed. Others, also, deserve honorable mention for generous donations for the same purpose.

The other buildings are two houses for Professors, the University, 50 by 54 feet, and three stories high; a boarding hall, and two small dormitories. The estimated value of the grounds and buildings is $18,000.

For a time after its organization, a regular Classical Course was not attempted. But now, besides a Preparatory English Course of two grades, Higher and Lower, and an English Normal Department, covering a four years' course, it has also a Classical Department, requiring the same time, and a Theological Department, requiring a three years' course. Each of these departments, taking them in the order given above, report 68, 39, 40, and 8—in all, 155 students for the past year. This is 15 more than the number reported last year.

Of the 155 students reported for the past year, 95 are professors of religion, 28 studying for the gospel ministry—a number of whom think of going to Africa as missionaries, and 17 serve as catechists; 70 have taught part of the year, enrolling over 3000 pupils, and 54 of these, while teaching, have superintended Sabbath-schools, enrolling over 2400 scholars.

This Institution, established for the special purpose of training colored preachers, catechists, and teachers, as instructors of their own race, holds a place of the first importance in the work of our Church among the Freedmen. It is the only one of its kind, under care of our Church, in all the Southern States, and stands as her future College and Theological Seminary for all the Atlantic States south of Virginia; while its present importance is seen in the fact, that there are now in the Synod of Atlantic 124 colored churches, averaging 80 members each; while only 52 ministers—of whom 40 are colored—are now laboring among them as preachers and teachers, and new fields are everywhere "white already to harvest." This Institution is worthy the entire strength of the best men the Church can furnish, and is second to none in its claims upon the sympathy, prayers, and gifts of our people.

Besides its general, it has a special local importance, in the fact that the President and Professors, aided by the catechists of the University, have gathered, and constantly care for, quite a number of churches located in its vicinity.

Wants.—1st. *Scholarships*—of $100 each, for a single year, for a number of years in succession, or until the close of a student's course of study. 2d. *A General Aid Fund*—to assist students who can support themselves for but part of a single year. 3d. *Clothing.*—Boxes of substantial clothing for distribution among needy students are always in demand, and can always find grateful wearers. *Bed Clothing* of all kinds is also needed. 4th. *Buildings.*—With comfortable accommodations for but 62 students, and but 3 houses for 4 Professors, *more room* is a pressing necessity; $25,000, at least, are wanted to furnish the buildings urgently needed. 5th. *Endowment.*—As yet, the Institution has but $6000 endowment fund, and, save the proceeds of this, the members of the Faculty have to be supported just as other missionaries are, from the Treasury of your Committee. Hence, permanent endowment funds for the adequate support of its Professors are an imperative want of the University.

The students of the University have paid for self-support, during the past year, over $3500.

SCOTIA SEMINARY, Rev. LUKE DORLAND, *Superintendent.*—The Seminary

Digitized by Google

now reports 152 pupils, of whom 97 are professors of religion; 36 have taught part of the year, and the amount paid during the year, by its pupils, for self-support, is $3,067.31.

Some three years ago a neat and very convenient, but plain, main building was designed. The funds on hand, however, allowed of only the front part being erected. It is of brick, 75 by 42 feet, three stories above the basement, and cost about $12,000. The old Seminary building, the Home, the Library, and Storeroom are small but useful buildings. The entire property of the Seminary, including the grounds, and about $1500 endowment fund, is estimated at $16,500. The number of pupils enrolled during the past year is 42 more than was reported last year, and the completion of the main building, as designed, is now a pressing necessity.

Wants.—1st. *Scholarships*—of $45 each, and partial scholarships. The demand for these is constantly increasing with the increase of the number of pupils. As a rule, orphans and pupils from large families must be aided, or an education must be denied to some of the most promising and enterprising of their race. Tuition is free, and $45 will furnish boarding, fuel, and light for one pupil for the entire term (year) of eight months. "Patrons," says the superintendent, "have been a double blessing to their wards by their correspondence. Some of the most promising girls have been thus led to the Saviour." 2d. *Clothing.*—Boxes of good second-hand wearing apparel are always in demand, to be worn as sent, or cut and fitted by the pupils themselves. 3d. Eight thousand dollars to erect and complete the remaining part of the main building. The building is now insufficient; the number of pupils increases annually, and more room is greatly needed. 4th. *Endowment.*—This Institution should be permanently endowed. At present it has but $1500 for this purpose.

WALLINGFORD ACADEMY, Rev. WILLIAM, A. PATTON, *Principal.*—This Institution is located in Charleston, S. C. It reports as enrolled during the past year 261 pupils—41 more than were reported for the preceding year.

The ground upon which the Academy stands is a city lot, about 60 feet wide by about 200 feet long, extending entirely through from Meeting Street to Nassau Street. The main building fronts on Meeting street, one of the principal thoroughfares of the city, and is 70 feet in length by 40 feet in breadth, with a porch in front, and an addition in the rear for a recitation-room. The upper part is used for church purposes; the first floor, divided into four rooms, is occupied by the school. On the other end of the lot, fronting on Nassau Street, is the Teachers' Home, a house of moderate size, but conveniently arranged for its purpose. These buildings are comparatively new, and were erected at a cost of about $13,000, of which about $7800 was paid by the Freedmen's Bureau. There is no debt upon the property.

Wants.—In order to make this school more efficient, apparatus, maps, charts, globes, and the means of illustrating the more common facts and principles of natural science would be of great advantage.

BRAINERD INSTITUTE, Rev. SAMUEL LOOMIS, *Principal.*—This school reports 269 pupils—82 more than were reported last year—of whom 30 are professors of religion; 6 have in view the Gospel ministry, and 15 have taught during part of the year. The entire property of the Institute is now valued at $4150.

Brainerd Institute is in Chester, S. C., a town of about 2700 inhabitants, the whole county containing about 25,000, of whom 16,000 are colored. It has railroad connections at present with the North, South, and East, and prospectively with the West. The Institute is beautifully situated on two acres of ground, not far from the centre of the town, and near the different railroad depots. In this and the three adjacent counties there are not far from 40,000 colored persons.

Around the Institute are clustered the eight churches of Brainerd Mission,

with a membership of about 600, with Sabbath-schools, and openings where new churches may be organized, the whole region promising and inviting missionary ground, the colored people interested in the churches and schools, and the whites welcoming and sympathizing with the work.

Over an acre of ground belongs to the Institute, and including that upon which the church stands, a plot of about two acres is connected with it. The church is a neat frame, 24 by 50 feet. The main building of the Institute is a neat two-story frame 24 by 44 feet, and there are two plain cottages for the accommodation of students from the country. Five hundred dollars were expended last season in fitting up more completely the main building and the cottages for the accommodation of more students. Previously, the Principal, on account of lack of room, could not invite students from a distance. Now he reports "sixty-three pupils from the country"—thirty of them Presbyterians—and "all supporting themselves." But this increase of students was more than could be safely accommodated, while still others had to be refused admission. Overcrowding produced sickness. Just at this time a large and very suitable building was offered and leased, at a cost of but $100 per annum to your Committee. It will give comfortable accommodations to nearly fifty pupils. Two public school buildings are also connected with the Institute, to the extent of the Principal having oversight of their respective schools. And that the public school authorities of Chester have given him the oversight of the entire colored school work of the place, is in evidence of the high standing of both Brainerd Institute and its Principal.

FAIRFIELD INSTITUTE, Rev. WILLARD RICHARDSON, *Principal.*—This school reports 390 pupils enrolled—which is 50 more than the number reported last year—112 of them professors of religion, of whom 15 are studying for the gospel ministry. Twenty-two have taught part of the year.

While the Principal has also the oversight of five churches, in whose welfare he is deeply interested, seeing the great want of properly qualified colored *teachers* for the schools of the State, he makes the training of such a *specialty* in his Institute. Last year he reported 60 of its pupils as having become teachers, and 40 of them are still employed as such. Some 16 or 18 teachers trained in this school met the Chairman and Corresponding Secretary of your Committee, at Winnsboro,' in December last. They were an intelligent and energetic-looking company of workers, and, on personal inquiry of each, it was found that the custom of each was to open school with singing, reading of the Scriptures, and prayer.

The ground is a town lot in Winnsboro', of over one acre. On the front is a "Home," a neat two-story frame, containing six rooms. On the rear stands the church and school building, frame, 60 by 33 feet, divided into three rooms, one 33 by 42 feet, the others about 18 by 15 feet each. Besides these there is a small dilapidated frame, and a "barn," worth about $75 each. The entire property is valued at $3500.

Wants.—In view of the number of pupils in attendance, and the buildings described, it will readily be perceived that the great and *pressing* want of this institution is *more room.* A few girls can be accommodated in the small frame—old "negro quarters"—and for want of better, as many as twenty boys have been occupying such quarters as could be improvised for them in the "*barn.*" The Principal says: "I am sorry you could not furnish funds to buy the *desired lot*"—a very suitable one at low price—"and as I had to take it or give it up, I have become responsible for it. My hands and head are now full of teaching, day and night school and meetings, but I hope ere long to have leisure to make an effort for buildings." The special want in this regard is two very plain frame buildings, costing about $600 each. We need hardly add that aid for the erection of these buildings would be well bestowed and gratefully appreciated.

SUMMARY.

The five Institutions just referred to have each sent up statements for the past year, which, combined, give the following:

Whole number of students enrolled,	1,126
Number of these, professors of religion,	337
Number of these, in the Presbyterian Church,	169
Whole number studying for the gospel ministry,	51
Number of these that are Presbyterians,	45
Number who have acted as catechists,	27
Taught school part of the year,	145
Whole number of months taught by all, this year, over	347
Whole number of pupils in all their schools, about	7,513
Amount of pay received, in cash and board, by all, about	$9,187
Number who superintended Sabbath-schools while teaching,	77
Whole number of scholars in these Sabbath-schools,	4,043

In considering the figures of these tables, it should be remembered that those pertaining to students for the gospel ministry, catechists, and superintendents of Sabbath-schools, came from but four of the five Institutions named, as Scotia Seminary is for girls only.

These figures in nearly every instance are quite an increase over those of last year, and show that God is giving good success to our higher schools in the work for which they have been specially designed—the training of colored preachers, catechists, and teachers for their own race.

BLUFFTON INSTITUTE, Rev. J. DOUGLAS ROBERTSON, *Principal.*—This School, located at Bluffton, S. C., reports 171 pupils. But, for reasons entirely satisfactory to your Committee, it has—for the present at least—suspended its work at this point, the same to take effect from and after April 15th, 1879.

MEDWAY GRADED SCHOOL Rev. JAMES THOMAS HAMILTON WAITE, *Principal.*—This school is located in Liberty County, Ga., the first county settled in the State, the original settlers being pilgrims from New-England. This school reports, in its various grades, 165 pupils in attendance.

The Freedmen of this county—in mind, manners, and morals—are evidently superior to their race in general, a result of the influence of such men as Rev. Drs. C. C. Jones, I. S. K. Axon, and Rev. Messrs. Baker, Winn, and Way, and of the training given in district Sabbath-schools by former masters and mistresses—things of which these poor people still speak as pleasant memories.

(1.) The lands within a radius of five miles around the church have been mostly bought by the Freedmen, who, having built their cabins and provided their implements, are still struggling under many disadvantages to pay for their homes. (2.) The entire district—the 15th—is largely held by Presbyterian Freedmen, who, ever since emancipation, longed for a school. (3.) The Medway Colored Presbyterian Church is large, reporting 491 members, 15 ruling elders, and 13 deacons. (4.) The Freedmen of Liberty County are in power, as the governing majority. (5.) Georgia does not, and, probably, will not for many years, provide public schools for more than three months in the year.

The school has elevated the community in the eyes of the county, and has imparted light, joy, and self-respect in many a Freedman's cabin, where the Word of God, books, papers, and letters are now read. Even language has remarkably changed from negroism to propriety. Lawyers, ministers, merchants, and planters have spoken of the visible elevation of the district, and its singular difference from other districts.

Such a school in such a community, and receiving such testimonials, is surely well worthy of continuance, and of being carefully fostered.

GREENSBORO' GRADED SCHOOL, Rev. JAMES A. CHRESFIELD, *Superintendent.*—This school is located in the city of Greensboro,' N. C., and reports 179 pupils. This number is not so large as was reported last year, owing to certain difficulties which we trust will soon have passed away.

At the request of the city School Commissioners, and with the consent of your Committee, this school is, and has been for several years, the colored department of the Greensboro' Graded School, having our missionary as superintendent, with the privilege of selecting the teachers in accordance with the rules prevailing in our work, and of conducting religious exercises and giving religious instruction daily in the school. It is kept in the Colored Presbyterian Church, the city providing about one half of the teachers' salaries, and one-half of the necessary incidental expenses, thus giving our work there a more extensive influence, at little or no more cost to your Committee than if kept entirely apart from this connection with the city.

MOUNT TABOR GRADED SCHOOL, Rev. DANIEL GIBBS, *Superintendent.*—The building is a two-story frame, 35 feet wide by 60 feet long, containing a chapel, two school-rooms, and three rooms for the missionaries. One acre of ground belongs to the property. It is suitably located in the edge of Columbia, county seat of Maury, Tenn. This property is valued at $3000, and is free from debt. Tabor Church, with which the school has always been connected, was organized in 1866, and worships in the chapel of the building. The colored population of the place and vicinity is large. The school reports 120 pupils, and with the added help of Rev. D. Gibbs, who has lately been transferred to that field, gives promise of increased usefulness.

EDUCATIONAL AND CONTIGUOUS CHURCH WORK.

It will be noticed that in most cases each of our higher Institutions is a *centre*, about which are gathered a number of churches which have been organized, cared for, and, for the most part, are still being cared for, by the Professors and Principals, with the help of their catechists. This, it is true, makes the duties of these instructors more onerous than could otherwise be desired, but it has the special advantage (1) of being a means of keeping them deeply interested in *church* as well as school work; (2) of giving practical training to those who are being educated for the ministry, and this immediately under the eye of their instructors; and (3) of gathering within a given radius more churches, and giving them better care, than could reasonably be hoped for if educational and church work were kept entirely separate. The planting and fostering of *new* centres for this purpose, as well as the strengthening and building up of those already in existence, is exceedingly desirable.

CHRISTIAN EDUCATION

continues to be the great want of the Freedmen. As for the white man, so for the colored, the only basis of a liberty worth the having is "intelligence and virtue." The former may be gained through *schools*, the latter only through *Christian* schools and churches. Statistics deemed reliable give the entire colored school population in the United States as 1,620,978, and as not attending school, 1,440,608; the percentage of these non-attendants in the sixteen Southern States, as ranging from .78 in one State to .96 in each of two others; and the *average* non-attending colored school population of these as 88 per cent; only 12 in every 100 attending school at all, and these, necessarily, but for a very few months in the year!

We would not have the churches forget or be unmindful of the statements—gathered from various sources, with much care, and giving authorities—made in your Committee's report of last year, concerning the operations and influence of the Roman Catholic Church among the Freedmen:

Digitized by Google

That in 1866 the Propaganda at Rome voted $600,000 for this work; that in the following year there came to this country 66 priests, who immediately began operations among the Freedmen; that in 1870 it was estimated that not less than 150,000 colored children in this country were under the influence of Rome; that but about three years ago a Southern paper stated that new schools for colored children were to be immediately opened by this church—10 in Georgia, 15 in Alabama, 15 in Mississippi, and 20 in Louisiana—board and tuition free, to colored young men and women; that colored people, disappointed in their expectations as to educational advantages from public school authorities, in their eagerness to secure such advantages, did not hesitate to wait, by committee, on a Catholic bishop, to ascertain to what extent they might look to the Roman Catholic Church for assistance in the work of educating their children; and that the Boston Secretary of the American Missionary Association had recently stated that, in certain localities, having been obliged to discontinue their schools for lack of funds, the colored children *en masse* had gone into the neighboring Catholic schools, which were eagerly opened to receive them.

CONCLUSION.

In view, then, of the deep and widespread ignorance which still exists among these long enslaved, but now citizens of these United States; in view of the comparatively small amount of effort that has been put forth by the Protestant Church in their behalf, and yet of the great good which God has been pleased to accomplish thereby; in view of the extensive, devoted, and persistent efforts being put forth by the Roman Catholic Church to lead these millions captive at her will, and they so ready to embrace her alluring offers, and yet everywhere specially accessible to, and often even pleading for, the good offices of the Protestant Church; in view of the fact that while there are now, in the three Universities of our Church, eighteen Presbyterian students who are expected to complete a full course in theology by next spring, while, according to the present rate of giving, your Committee will have no funds to support them in fields "white already to harvest;" and in view of the grand possibilities that, by God's blessing, our Church may accomplish among this people here, and, through them, in the land of their forefathers, is it not high time that, with her work among them now re-established in the confidence of her members, our Church should awake to warmer sympathy, more earnest prayer, and a greatly increased liberality for enlightening, elevating, and saving a people who are at our very doors, and who are to exercise, whether we will it or no, a *power* in this land—a power civil, social, and moral, for good or for evil, of which we have but little conception? May God teach our Presbyterian Israel *what she ought to do* for such a people, in such condition, and at such a time as this.

Respectfully submitted,

By order of the Committee,

ELLIOT E. SWIFT, *Chairman.*

A. C. McCLELLAND, *Corresponding Secretary.*

V. Miscellaneous.

I. THE MILEAGE AND CONTINGENT FUNDS.

SPECIAL attention is called to the *Mileage and Contingent System* adopted by the General Assembly of 1870, and amended by the General Assemblies of 1875 and 1877. As amended, it is as follows:

"The Committee to whom it was referred to consider and report a uniform system of Mileage, whereby full provision may be made for the traveling expenses of the Commissioners to our General Assemblies, and to meet the contingent expenses of each Assembly, respectfully report:

"It is affirmed, *Form of Government*, Chap. xxii., Section 3, that, 'in order, as far as possible, to procure a respectable and full Delegation to all our judicatories, it is proper that the expenses of ministers and elders, in their attendance on these judicatories, be defrayed by the bodies which they respectively represent.'

"The principle is thus established, that provision should be made for the payment of the traveling expenses of Commissioners to the General Assembly. This provision should be made by the Presbyteries. As far as possible, the feebler Presbyteries should be aided in this matter by the stronger. It appears just and reasonable, and so has been found, by experience, that the estimated contingent expenses of each Assembly, and the traveling expenses of the Commissioners in coming to and returning from the Assembly, should be fully met by the apportionment of the whole amount among the several Presbyteries, according to the number of their communicants respectively.

"It is, therefore, recommended,

"1. That the Standing Committee on Mileage, annually appointed, be instructed to present an estimate of the probable amount that will be needed by the next General Assembly, in order to meet their contingent expenses and the traveling expenses of their Commissioners, with a statement of the *per capita* rate, based on the number of communicants, that will be needed to secure the amount.

"2. That the Presbyteries, at their Stated Meeting next following the adjournment of the General Assembly, apportion the amount required of their churches, as they deem best.

"3. That the churches be instructed to pay over their respective apportionments at the Stated Meeting of their Presbyteries next preceding the meeting of the General Assembly,—the whole amount due from the Presbytery to be forwarded to the Assembly by their Commissioners.

"4. That, as early as the fourth day of the sessions of the Assembly, the apportionment of each Presbytery be paid in full, and a bill of the necessary traveling expenses of its Commissioners be presented to the Standing Committee on Mileage.—N.B. It is understood that Commissioners, both in coming to and returning from the Assembly, will avail themselves of any commutation of fares that may be offered in season; and that in other cases they are to take, when practicable, the most economical route; no allowance to be made for extra accommodations on the way. Also, that no one will charge for return expenses unless he intends to go back to his field of labor; and that no one on a business tour, or excursion of pleasure, will make a convenience of the meeting of the Assembly and expect payment of his traveling expenses from the Mileage Fund. Also, that Commissioners, as soon after their arrival as practicable, are to report themselves to the Committee of Arrangements, and have their respective places of abode assigned them.

"5. That the Mileage Committee, after appropriating from the whole sum an amount sufficient to meet the estimated contingent expenses of the Assembly, be instructed to audit these bills and pay them, *pro rata* (if found in

Digitized by Google

accordance with the preceding regulations), as far as the funds will permit.

"6. That, in order to avail themselves of the proceeds of this fund, the Presbyteries must contribute their full proportion to it according to the *per capita* rate.

"7. That every minister, and every vacant church contributing to this fund, connected with the Presbyteries thus complying with the provisions of this plan, be entitled to a copy of the Annual Minutes of the General Assembly.

"8. That the Commissioners from Presbyteries in foreign lands receive their necessary traveling expenses, *pro rata*, from their place of residence in this country.

"The Committee further recommend, that the General Assembly enjoin upon the Committee of Arrangements for the respective meetings of the Assembly, the importance of making early announcements (not later, if practicable, than the first week of May) in respect to commutation of railroad and steamboat fares."

In accordance with this system, every Presbytery is requested to pay in full, to the Mileage Committee of the next General Assembly, a sum equal to *five cents* for every communicant under the care of their churches, as determined by their Statistical Report, herewith printed. This will entitle their Commissioners to a full share in the apportionments for necessary traveling expenses. It is expected that these expenses will be fully met, if the Presbyteries comply with the recommendations of the Assembly.

ENTERTAINMENT FUND.

In addition to the Mileage Fund, the Assembly of 1877 made provision for a "Supplemental Contingent Expense Fund," to "be used for the purpose of meeting the expense of entertaining such Commissioners as are not otherwise provided for." Each Presbytery is requested to contribute to this Fund a sum equal at least to *two cents* per church member, and to forward it, with the Mileage Fund, to the Treasurer of the Assembly. It is to be disbursed by the Committee of Arrangements, whose bills for entertainment the Treasurer is authorized to pay, after they have been approved by an Auditing Committee.

II. THE ANNUAL MINUTES.

The Minutes for 1879 will be supplied at *One Dollar* per copy, postage included. A copy will be sent, without charge, to the Stated Clerk of every Presbytery, and of every Synod; also (in the case of every Presbytery that has paid its full apportionment to the Mileage Fund of the Assembly), to every ordained Minister, and to the Session of each contributing *Vacant* Church, whose address is known; also to every ordained Missionary of the Foreign Presbyteries, through the Board of Foreign Missions.

III. SYNODICAL REPORTS.

A *Statistical Report* is to be forwarded, to the Assembly, by the Stated Clerk of every Synod; in which are to be stated the number and names of the Presbyteries within their bounds; the changes which may have been made in the number or arrangement of their Presbyteries; the names of the Stated Clerks of the Presbyteries; the place and hour of the next Annual Meeting; and the names of the Moderator and Stated Clerk of the Synod. A blank will be sent to the Stated Clerk of every Synod, near the close of the calendar year, which should be filled up, and forwarded, without delay, to the Stated Clerk of the Assembly.

IV. PRESBYTERIAL REPORTS.

It is required of every Presbytery to prepare and forward to the General Assembly:

1. A *Statistical Report*, according to the form exhibited on page 733, of the present Appendix; of which a printed blank will be furnished in due season, by order of the Assembly, to the Stated Clerk of every Presbytery. This Report should, if possible, embrace all the changes in the Presbytery previous to the first day of April.

2. *A Narrative of the State of Religion* within the bounds of the Presbytery, for the year ending April 1st. These Narratives should specify facts in regard to the particular churches, their state, trials, encouragements, and prospects; how many of them, and which, have enjoyed revivals of religion through the year; in which of them the Catechisms are taught, Sabbath-schools and Bible-classes organized, with the number of scholars and teachers. Also, the various arrangements of the Presbytery for Church extension; stating the number of their ministers, and the particular manner in which they are employed; the number of their churches, and how they are supplied; the number of new churches organized, and new houses of worship erected; what itinerant arrangements have been adopted for preaching the gospel; what and how much agency has been employed: together with all such other facts and suggestions as will show, from year to year, what has been accomplished, and what may need to be undertaken, to bring all the churches to a proper degree of effort to promote the kingdom of Christ. As the Narratives are not to be publicly read, less care may be given to their style, and more to the detail of particulars, such as will aid the Committee of the Assembly in preparing their Annual General Narrative of the State of the Church.

V. STATED CLERKS OF PRESBYTERIES.

In preparing the Statistical Report, let the following RULES be strictly observed:

(1.) Carefully copy the blank form and order of columns, etc., on page ☞ 733, if a blank has not been received.

(5.) Place after the name of every Church the abbreviations, P., for one that has a Pastor; P. E., for one that has a Pastor Elect; S. S., for one that has a Stated Supply; or V., for one that is Vacant.

(6.) If a church fail to report, let the "whole number" of communicants

be given as reported to the Synod, or to the last Assembly, with an asterisk (*) in the column of communicants, denoting the fact.

(7.) In the *additions* to the Church, distinguish between those on *examination* and those on *certificate;* in the *baptisms*, between the *adults* and the *infants;* and be careful to observe the order of the columns in which these particulars are recorded.

(8.) In the report of "*Funds*" contributed, observe the order of the columns, and the directions of the Assembly of 1871 (p. 589) as modified by the Assemblies of 1873 and 1874, as follows:

1. *Home Missions.* To include all moneys collected for the purpose, whether for the Board, or for any Home Missionary operation, including Mission Schools, carried on in connection with the Presbyterian Church. 2. *Foreign Missions.* To include all contributions for the spread of the gospel in foreign lands. 3. *Education.* To include all that is given for the education of Candidates for the Ministry, whether to the Board or otherwise; for Theological Seminaries, Presbyterian Colleges, Academies, and Parochial Schools. 4. *Publication Missionary Fund.* To include all moneys contributed to the Board for their Missionary work, and for Synodical and Presbyterial Depositaries. 5. *Church Erection.* To include all contributions for Church Erection, outside of the congregation, whether through the Board, or otherwise. 6. *Relief Fund.* To include all moneys contributed for the support of disabled Ministers, and to aid the families of deceased Ministers. 7. *Freedmen.* To include all moneys contributed to the evangelization and education of Freedmen, whether through the Board or otherwise. 8. *General Assembly.* To include all given for Assembly expenses. 9. *Sustentation.* Contributions to the Board of Home Missions for Pastoral Sustentation. 10. *Congregational.* To include all moneys contributed for the congregation, the salary of the minister, the support of the parish Sunday-schools, the relief of the poor of the congregation, building and repairing churches, liquidation of debts, and current expenses. 11. *Miscellaneous.* To include all other collections, for Bible and Tract Societies, etc., and for general benevolence.

Be sure to omit the fractions of the dollar, except in the General Assembly column.

(9.) The *names* of the Licentiates are to be recorded immediately after the list of Ministers, in the same column, with their Address in the next column; but of the Candidates—including all who are studying for the ministry under the care of the *Churches* of the Presbytery—the *number* only is to be given.

(10.) ☞ **ADD UP** ☜ every column of figures, and *Authenticate* the Report with your *signature.*

(11.) Annex a Statement, of the number of licensures, ordinations, installations, dissolutions of pastoral relations, organizations, reception and dissolution of Churches; also, any changes in the names of Churches; and the decease (with age, date, and place) of Ministers since the last Annual Report.

(12.) Avoid erasures or interlineations, **make names and numbers distinctly legible,** and punctuate properly.

(13.) Affix no extraneous matter, such as memoranda, explanations, or orders for the delivery of the printed Minutes of the Assembly; let these be given on a separate sheet; also, every Overture to the Assembly.

Revise your Report, and find out its defects. Put in the commas that are wanting; fill out the abbreviations; supply the *Christian* name of every minister (an *initial* letter is not a name); and see that every name and figure is perfectly legible.

☞ If any thing should prevent the forwarding of the Statistical Report in time for the meeting of the General Assembly, let it be sent, as soon as possible—*not later than June 1st*—by mail, to the Stated Clerk of the General Assembly, No. 149 West Thirty-fourth street, New-York City.
